INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee and Participants of
403(b) Thrift Plan for Employees of VistAbility

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan for Employees of VistAbility (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule, that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of 403(b) Thrift Plan for Employees of VistAbility (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by VistAbility (the "Organization") on January 1, 2002, and was most recently amended effective March 2, 2026 (see Note 11). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). All full-time employees of the Organization are eligible to participate in the Plan upon employment. Certain classes of employees as defined by the Plan document are excluded from participating in the Plan. Participants may enter the Plan on the first day of each pay period following eligibility.

Plan Administration

The Organization is the administrator of the Plan. As administrator, the Organization has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Mutual of America Life Insurance Company ("Mutual of America") is the directed trustee and recordkeeper for the Plan for the years ended December 31, 2025 and 2024, and acts at the direction of the Plan's administrator.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026 and, accordingly, the Organization is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants (see Note 11).

Contributions

Eligible employees may defer a portion of their eligible compensation into the Plan on a before-tax basis pursuant to Code Section 403(b) up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits. Participants direct their investments into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Organization provides for a matching contribution equal to the lesser of 100% of an employee's deferral contributions or 2% of the participant's eligible compensation received during the Plan year. The Organization also provides a discretionary employer matching and or an employer base contribution. Employees must be 18 years of age and have fulfilled 1,000 hours of service to be eligible to receive an employer matching or base contribution. The Organization made an employer matching contribution of $139,554 to the Plan for the year ended December 31, 2025. No employer base contribution was made or approved for the year ended December 31, 2025.

1. Description of the Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, any employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions and rollovers, as well as all earnings on these contributions and rollovers, are fully vested when made or earned. Employer matching and base contributions, if any, as well as all earnings on these contributions, vest at 100% upon the completion of three years of vesting service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50% of the value of their vested account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may be repaid over a reasonable period of time which exceeds five years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates.

Mutual of America Group Annuity Loans

The amount borrowed plus a loan reserve (20% of the loan amount) is secured against the Interest Accumulation Account. The funds are not deducted from the participant's account balance. Loan proceeds come from Mutual of America's general assets. Principal repayments are applied to reduce the amount secured by the assets held in the Interest Accumulation Account, and the interest paid by the participant is retained by Mutual of America as compensation. The interest rate is variable and subject to change as of the beginning of each quarter.

As of December 31, 2025, the interest rates on the loans were 3.25% to 5.85% per annum. Principal and interest are paid twice a month through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable. As of December 31, 2025 and 2024, the balance of outstanding loans was $79,822 and $104,986, respectively.

Payment of Benefits

When participants leave the Organization, upon normal retirement age (65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, employer contributions, and the net earnings thereon as a qualified joint and survivor annuity. Participants may elect other forms of benefit payment including lump sum and various other annuity options.

The Plan allows for in-service withdrawals at age 59½ and for certain heavy financial need (hardship) as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan's administrator. Account values will be determined as of the day the distribution is made.

1. Description of the Plan, continued

Payment of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. In the event of a mandatory distribution greater than $5,000, for which the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan's administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan's administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in percentage increments into a series of pooled separate accounts, an insurance contract, and a money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures, if any, that occur during a Plan year will be used to reduce future employer contributions. As of December 31, 2025 and 2024, the forfeiture account amounted to $2,551 and $1,605, respectively. For the year ended December 31, 2025, no forfeitures were used.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year is reflected on the statement of changes in net assets available for benefits. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note receivable repayments and the Plan's administrator considers the participant note receivable to be in default, the note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. The Organization paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of auditing fees, and expenses related to the maintenance of the Plan's records.

Information Certified by the Trustee

Mutual of America has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, net realized and unrealized gains and losses on investments, and interest and dividend income, which were used to prepare the accompanying financial statements and supplemental schedule.

Payment of Benefits

Benefit payments are recorded when paid.

Reclassifications

Certain reclassifications have been made to the prior year's balances in order to conform to the presentation in the current period. Such reclassifications had no effect on total net assets available for benefits.

3. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mutual of America as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Investments, at fair value	$ 9,524,282	$ 8,379,439
Investments, at contract value	$ 2,461,524	$ 2,285,045
Participant notes - group annuity loans	$ 79,822	$ 104,986
Net appreciation in fair value of investments	$ 1,151,831	
Interest income	$ 70,703	

4. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money market fund: Valued based on redemption values on the last business day of the Plan year.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Insurance contract held in the general account of an insurance company: Valued using readily determinable redemption value and other observable inputs provided by the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Insurance contract	$ -	$ 2,461,524	$ -	$ 2,461,524
Money market fund	-	90,827	-	90,827
Total investments in the fair value hierarchy	$ -	$ 2,552,351	$ -	2,552,351
Pooled separate accounts - NAV				9,433,455
Total investments at fair value				$ 11,985,806

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Insurance contract	$ -	$ 2,285,045	$ -	$ 2,285,045
Money market fund	-	82,429	-	82,429
Total investments in the fair value hierarchy	$ -	$ 2,367,474	$ -	2,367,474
Pooled separate accounts - NAV				8,297,010
Total investments at fair value				$ 10,664,484

The Plan invests in pooled separate accounts, which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
December 31, 2025				
Pooled separate accounts	$ 9,433,455	N/A	Daily	30 Days
December 31, 2024				
Pooled separate accounts	$ 8,297,010	N/A	Daily	30 Days

5. Contract with an Insurance Entity – Not Fully Benefit-Responsive

As of December 31, 2025 and 2024, the Plan held an investment in the Mutual of America Interest Accumulation Fund, a guaranteed insurance contract maintained in the general account of Mutual of America, with balances of $2,461,524 and $2,285,045, respectively. The contract is not fully benefit-responsive and, accordingly, is reported at fair value. Mutual of America maintains the contributions in its general account, and the contract is credited with interest at rates determined by the insurer and charged for participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal balance and provide a specified guaranteed rate of interest to the Plan. Participants may generally direct the withdrawal or transfer of all or a portion of their account balance invested in the contract at contract value, subject to applicable transaction fees and contract provisions. Participant loan balances included in this fund totaled $79,822 and $104,986 as of December 31, 2025 and 2024, respectively.

The fair value of the contract is based on the contract's readily determinable redemption value and information provided by the insurance carrier. Because the investment does not have a quoted market price in an active market but is valued using observable inputs, including contract terms and redemption provisions provided by the issuer, the investment is classified within Level 2 of the fair value hierarchy.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Mutual of America, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan has adopted a pre-approved nonstandardized 403(b) plan document sponsored by Mutual of America. The plan document received a favorable IRS Opinion Letter dated March 17, 2017, indicating that the form of the plan meets the applicable requirements of Internal Revenue Code Section 403(b). The Plan is required to operate in conformity with the IRC to maintain its tax-favored status. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the accompanying financial statements.

8. Plan Termination

The Organization has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Organization reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan held an investment that represented 20% of the Plan's net assets as of December 31, 2025.

The Plan held an investment that represented 21% of the Plan's net assets as of December 31, 2024.

10. Financial Statements to Form 5500 Reconciliation

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024 to Form 5500:

	2025	2024
Per the financial statements	$ 12,071,150	$ 10,773,350

11. Subsequent Events

Effective January 1, 2026, under SECURE 2.0, catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior-year Federal Insurance Contributions Act wages exceed an applicable threshold; the Plan was amended to permit Roth contributions.

Effective March 2, 2026, the Plan was amendment and restatement to incorporate applicable legislative and regulatory changes and to maintain compliance with the IRC and related guidance. Management has evaluated the impact of the amendment and determined that it does not have a material effect on the Plan's net assets available for benefits or changes in net assets available for benefits as of December 31, 2025. The Plan also added automatic deferral contributions at 1% of eligible compensation for each payroll period, unless the participant opts out.

11. Subsequent Events, continued

In accordance with accounting standards affecting disclosures of subsequent events, the Organization evaluated subsequent events for recognition and disclosure through October 13, 2026, the date these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than disclosed above, since December 31, 2025 that would require recognition or disclosure in such financial statements.
