ENTISYS SOLUTIONS, INC. 401(k) PLAN

FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Entisys Solutions, Inc. 401(k) Plan
Concord, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Entisys Solutions, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Entisys Solutions, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, which are qualified institutions, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Entisys Solutions, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Entisys Solutions, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Entisys Solutions, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Entisys Solutions, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENTISYS SOLUTIONS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of plan

General

Effective January 1, 1999, Entisys Solutions, Inc. (the "Company", “Plan Administrator”, and "Plan Sponsor") has adopted a non-standardized pre-approved defined contribution plan covering all eligible employees of the Company who are over the age of 18. The Plan was restated on September 1, 2021.

Subsequent to year-end, on July 30, 2026, the Plan was amended to incorporate certain mandatory and optional provisions of the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE 2.0”).

This description of the Entisys Solutions, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company has appointed the Chief Operating Officer as the Plan Trustee and the Manager of Human Resources to manage the operations and administration of the Plan. The Company has contracted with Empower Trust Company LLC and Empower Annuity Insurance Company of America (collectively referred to as “Empower”) to act as the Plan custodians, as well as the third-party administrator to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements.

Contributions

Each year, participants may elect to defer up to 100% of their pre-tax annual compensation as defined in the Plan Document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Effective January 1, 2025, pursuant to the SECURE 2.0 Act, participants who attain ages 60 through 63 during the calendar year are eligible to make increased catch-up contributions, subject to limitations under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan Document permits Roth 401(k) contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds, common/collective trust funds, pooled separate accounts, and stable value investment funds to its participants. The Company is allowed to make discretionary matching contributions as defined in the Plan Document and currently matches 100% of employee contributions up to $2,000 annually. The Company’s discretionary matching contribution, net of forfeitures, was $287,889 and $249,956 for the years ended December 31, 2025 and 2024, respectively. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant accounts

Each participant’s account is credited with the participant’s contributions and Company discretionary matching contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Note 1 - Description of plan (continued)

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions is based on years of continuous service. A participant is 100% vested upon the completion of six years of credited service.

Notes receivable from participants

A participant may only have one loan outstanding at any time. Participants may borrow from their accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate for loans outstanding as of December 31, 2025, ranged from 4.25% to 9.5%, which is commensurate with local prevailing rates as determined by the Plan Sponsor. Loan terms typically range up to five years or may exceed five years for the purchase of a primary residence. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Effective April 1, 2024, this limit was increased to $7,000.

Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Forfeited accounts

Forfeited non-vested accounts may first be used to pay Plan administrative expenses, and any remaining amount may be used to reduce future employer contributions under the Plan. The Plan did not use any forfeitures to reduce employer contributions for the year ended December 31, 2025. Forfeitures used to reduce employer contributions for the year ended December 31, 2024 was $55,220. Forfeited non-vested accounts were not significant to the financial statements at December 31, 2025 and 2024.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in stable value investment funds.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The stable value investment funds held by the Plan are not considered to be fully benefit-responsive (see Note 5). Accordingly, the statements of net assets available for benefits present the fair value of the investments, and the statements of net assets available for benefits are prepared on a fair value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Payment of benefits

Benefits are recorded when paid.

Note 2 - Summary of accounting policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Monthly and quarterly asset-based fees for plan administration and investment advisory fees, fees related to administration of notes receivable, and participant withdrawals are charged directly to the participants' accounts and amounted to $97,125 and $96,173 for the years ended December 31, 2025 and 2024, respectively. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment fund and are charged to participant accounts.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution.

The Plan's investments in mutual funds, common/collective trust funds, and pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,518,246 and $3,007,831 during 2025 and 2024, respectively.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value of the MassMutual Guaranteed Interest Account and Empower Investments Fixed Account, stable value investment funds, is estimated using the liquidation value provided by the trustee, determined in accordance with the terms of the underlying contracts. The fund invests primarily in investment-grade bonds, diversified across a range of fixed-income asset classes, including asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, and private equity.

No assets were noted at Level 2 for the years ended December 31, 2025 and 2024. There have been no changes in the methodologies used at December 31, 2025 and 2024.

There were no transfers into or out of Level 3 investments for the years ended December 31, 2025 and 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,745,382	$ -	$ -	$ 13,745,382
Common/collective trust funds measured at net asset value (NAV) *	-	-	-	$ 11,935,551
Pooled separate accounts measured at net asset value (NAV) *	-	-	-	2,943,008
Stable value investment funds	-	-	969,347	969,347
Investments at fair value	$ 13,745,382	$ -	$ 969,347	$ 29,593,288

Note 4 - Fair value measurements (continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,060,768	$ -	$ -	$ 12,060,768
Common/collective trust funds measured at net asset value (NAV) *	-	-	-	9,342,698
Pooled separate accounts measured at net asset value (NAV) *	-	-	-	2,542,755
Stable value investment funds	-	-	1,398,946	1,398,946
Investments at fair value	$ 12,060,768	$ -	$ 1,398,946	$ 25,345,167

*In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share:

Investments	Fair Value as of December 31, 2025	Fair Value as of December 31, 2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common/collective trust funds	$11,935,551	$ 9,342,698	n/a	Daily	1 Day
Pooled separate accounts	$ 2,943,008	$ 2,542,755	n/a	Daily	1 Day

For the year ended December 31, 2025 and 2024, the Plan's investments in common/collective trust funds and pooled separate accounts are valued at the NAV of units held. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The underlying securities are comprised of stocks, mutual funds, and a variety of separate accounts, several of which have observable Level 1 inputs.

Note 4 - Fair value measurements (continued)

The following table sets forth the purchases and sales of the Plan's Level 3 investment (stable value investment funds):

	Year Ended December 31,	
Stable value investment funds	2025	2024
Purchases	$ 277,033	$ 430,610
Sales	$ (706,260)	$ (171,287)

Note 5 - Stable value investment funds

MassMutual Guaranteed Interest Account and Empower Investments Fixed Account ("Stable Value Funds"), held by the plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Stable Value Funds are not considered to be fully benefit-responsive due to a provision in the Plan's investment contracts that prevents the immediate and full payout of the contract value for plan-initiated transactions. As a result, the funds are reported at aggregate fair value of $969,347 and $1,398,946 as of December 31, 2025, and 2024, respectively. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contracts, and prevailing market conditions. The interest crediting rate is reset quarterly.

Events that may limit the ability of the Plan to transact at contract value with the issuer are premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives.

The average yields earned by the fixed annuity fund are as follows:

	2025	2024
Average yields:		
Based on actual earnings	2.70% - 3.00%	2.66% - 3.00%
Based on interest rate credited to participants	2.70% - 3.00%	2.66% - 3.00%

Note 6 - Rollover contributions

During 2025, rollover contributions of $70,807 from other plans came from three active participants. During 2024, rollover contributions of $612,913 from other plans came from six active participants.

Note 7 - Related party transactions and party-in-interest transactions

Plan investments in mutual funds, common/collective trust funds, pooled separate accounts, and stable value investment funds were managed by Empower for the years ended December 31, 2025 and 2024. Empower is the custodian and the third-party administrator, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Refer to Note 2 for expenses of the Plan paid by the Plan Sponsor and the Plan participants to the various parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of parties-in-interest transactions under ERISA.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax status

The Internal Revenue Service has determined and informed Empower by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Committee and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Company is currently in the process of determining the full extent of errors described in Note 11. The Company does not expect these Plan compliance matters to affect the Plan’s tax-exempt status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks related to geopolitical tensions, economic instability, and changes in international trade policies, including the imposition of new tariffs, could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 11 - Plan compliance matters

During the years ended December 31, 2024, 2023 and 2022, it was discovered that the definition of eligible compensation was not consistently applied in calculating employee deferral and employer matching contributions for a few employees. During the year ended December 31, 2023, it was discovered that the vested portion of the Company's discretionary matching portion for a participant's distribution was incorrectly calculated. These matters remain unresolved as of the date of the financial statements, and management intends to complete the necessary corrections in accordance with applicable IRS and DOL requirements. Plan management is currently working with Empower to calculate the full extent of these errors. The impact of these errors will be recognized in the period the corrective action is funded by the Company.
