INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Carrus Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carrus Healthcare 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Carrus Healthcare 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of Carrus Healthcare and its affiliates (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan was established effective January 1, 2018 and most recently amended June 26, 2020. The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible to participate upon attaining age 21 and completing 250 hours of service within a three-month period; if that service requirement is not met in the initial three-month period, an employee becomes eligible upon completing 1,000 hours of service during an eligibility computation period. The same age and service requirements apply to employee deferrals and to employer matching, safe harbor, and profit-sharing contributions. An eligible employee enters the plan on the first day of the calendar month coinciding with or next following the date the eligibility requirements are met.

Contributions

Participants may elect to contribute, on a pre-tax and/or Roth basis, up to 100% of eligible compensation as defined in the Plan, not to exceed $23,500 for 2025 in accordance with Internal Revenue Service (IRS) regulations. Roth deferrals subject to federal income taxes in the year of deferral are also allowed. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2025, are eligible for an additional catch-up contribution of $7,500 in 2025. Participants may also roll over amounts representing distributions from other qualifying retirement plans and individual retirement accounts. Participants direct the investment of their contributions among the investment options offered under the Plan.

The Plan is a Safe Harbor Plan. The Company makes a safe harbor matching contribution equal to 100% of each participant's elective deferrals up to 3% of compensation, plus 50% of elective deferrals on the next 2% of compensation. Safe harbor matching contributions are fully vested when made. The Company's matching contributions during 2025 were $387,328.

In addition to the safe harbor matching contribution, the Company may make a discretionary matching contribution and, at its sole discretion, a profit-sharing contribution. No profit-sharing contributions were made to the Plan for the year ended December 31, 2025.

Vesting

Participants are immediately vested in their own contributions, including rollover contributions, plus actual earnings or losses thereon. Participants are also immediately (100%) vested in the Company's safe harbor matching contributions.

Note 1. Description of the Plan, continued

Vesting, continued

Vesting in the Company's profit-sharing contributions, plus actual earnings or losses thereon, is based on years of service: a participant vests 20% after two years of service, with an additional 20% for each year thereafter, becoming 100% vested after six years of service. Regardless of years of service, a participant becomes fully vested upon death, disability, or attainment of normal retirement age while employed.

Vesting in the Company's non-safe harbor contributions plus actual earnings or losses thereon is based on years of service. Participants vest 20% per year after two years of service and are 100% vested after six years of service.

Participant accounts

Under the Plan, each participant's account is credited with the participant's elective deferrals, the Company's contributions, and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan. Participants direct the investment of their accounts among the investment options available under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate on participant loans is set by the Plan Administrator at a fixed rate at the time of origination, based on a reasonable rate of return commensurate with prevailing market conditions. At December 31, 2025, outstanding loan interest rates ranged from 5.50% to 10.50%. Principal and interest are paid through payroll deductions.

Benefits paid to participants

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. On termination of service due to death, disability, retirement, or other termination of employment a participant may receive the vested account balance as a lump-sum distribution. If a terminated participant's vested account balance does not exceed $5,000, it is distributed without the participant's consent: balances of $1,000 or less are paid in a lump sum, and balances over $1,000 but not more than $5,000 are automatically rolled over to an individual retirement account established for the participant if the participant does not elect to receive the distribution or to roll it over to another eligible retirement plan. If the vested account balance exceeds $5,000, no distribution is made without the participant's consent; the participant may elect to receive a lump-sum distribution of all or a portion of the account, leave the balance in the Plan, or roll it over to another eligible retirement plan. Rollover contributions are disregarded in determining whether the balance exceeds the involuntary cash-out threshold. In addition, active participants may take in-service withdrawals, including hardship withdrawals and withdrawals after age 59½, as permitted under the Plan.

Note 1. Description of the Plan, continued

Forfeitures

Forfeitures of nonvested account balances are retained in the Plan and may be used to restore previously forfeited amounts to rehired participants, to reduce or be reallocated as Company contributions, or to pay reasonable Plan expenses. Forfeitures are disposed of no later than the end of the plan year following the plan year in which they occur. Unused forfeitures were $2,557 and $1,469 at December 31, 2025 and 2024, respectively.

Note 2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments consist of units in pooled separate accounts of John Hancock Life Insurance Company USA. These investments are reported at estimated fair value using the accumulation unit value (AUV) reported by the insurance company as a practical expedient, consistent with the net asset value (NAV) per unit of the underlying funds. The AUV is determined daily based on the net asset value of the underlying investments, adjusted for the separate account's dividends and contract-level charges. See Note 4 for further discussion of fair value measurements. Investments measured at fair value using the NAV (or its equivalent) practical expedient are not classified within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation, or depreciation, includes the Plan's gains and losses on investments purchased and sold as well as those held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative expenses

All significant expenses of maintaining the Plan are paid by the Company. Certain Plan expenses, such as fees related to the administration of notes receivable from participants or related to distributions from the Plan, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of significant accounting policies, continued

Payment of benefits

Benefit payments to participants are recorded when paid.

Subsequent events

The Plan Administrator has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Certified investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information provided to Plan management and certified as complete and accurate by John Hancock Life Insurance Company USA.

Note 4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification 820 (ASC 820) are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4. Fair value measurements, continued

Pooled separate accounts: Pooled separate accounts are valued at their "accumulation unit value" (AUV). The pooled separate accounts are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically beginning AUV is $10) and is then determined daily based on the net asset value (NAV) of shares of the underlying fund, the fund's dividends, and the contract's separate account charges. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The AUV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported AUV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2025	2024
Level 1	$ -	$ -
Level 2	-	-
Level 3	-	-
Total assets in fair value hierarchy	-	-
Investments measured at net asset value:		
Pooled separate accounts*	8,059,937	6,286,373
Total investments at fair value	$ 8,059,937	$ 6,286,373

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The NAV based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024.

December 31, 2025	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$ 8,059,937	N/A	Immediate	None	One day

December 31, 2024	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$ 6,286,373	N/A	Immediate	None	One day

Note 5. Related-party transactions and party-in-interest transactions

Plan assets are held under a group annuity contract issued by John Hancock Life Insurance Company USA. John Hancock, as recordkeeper, invests participant contributions as directed by participants and processes distributions.

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and the custodian of the Plan qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. However, no such employees receive compensation from the Plan. The Company and the Plan share in administrative expenses for the Plan.

Note 6. Tax status

Effective January 1, 2018, the Plan adopted a volume submitter profit sharing plan (the "Volume Submitter Plan") originated by the Plan's third party administrator. The IRS has issued an opinion letter in relation to the Volume Submitter Plan dated March 31, 2014, stating that the form of the Volume Submitter Plan was acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company believes the Plan and related trust are currently designed and being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100 percent vested in their employer contributions.

Note 8. Risks and uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Nonexempt transactions

The Department of Labor requires that participant contributions be remitted to the Plan as of the earliest date on which they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the amounts were withheld. This outer limit is not a safe harbor; amounts that could reasonably have been segregated earlier are delinquent if not remitted by that earlier date.

Note 9. Nonexempt transactions, continued

As reported on Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, certain participant contributions amounting to $134 were not remitted to the Plan within the time frame specified by the Department of Labor, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2025. The associated lost earnings and excise taxes were paid during 2026.
