REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Pension Administrative Committee and Participants of the
Domtar US Hourly 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Domtar US Hourly 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Domtar US Hourly 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan was established on August 4, 2001 pursuant to an agreement between Georgia-Pacific Corporation and Domtar Industries LLC (the "Company" and "Plan Sponsor") to purchase four paper mills. Accordingly, assets were transferred to the Plan from the Georgia-Pacific Corporation Hourly 401(k) Plan (the "Georgia-Pacific Plan") on behalf of participants previously covered by such plan. Any employee who was a participant in the Georgia-Pacific Plan as of August 3, 2001, was automatically eligible to be a participant in the Plan. The Plan document was amended and restated as of January 1, 2025.

Employees of the Company and affiliates who are on an hourly basis (including those employees who are covered under a collective bargaining agreement) are eligible to participate in the Plan as of their date of hire. Employees who are eligible to participate in the Domtar US Salaried 401(k) Plan are excluded from participation in the Plan.

As of December 31, 2012[1][2], participants of the Domtar US Hourly Pension Plan, the Nekoosa Papers Pension Plan, and the E.B. Eddy Paper, Inc. Hourly Employees' Pension Plan, Port Huron Mill were designated as "Grandfathered" if on that date: they were actively accruing benefits in the applicable defined benefit pension plan, had attained age 55 or a combination of years of age and service that together equal at least 70, and did not elect to waive their grandfathered status. All other employees, whether hired before, on, or since December 31, 2012[1][2], are considered "Non-Grandfathered."

Since January 1, 2013[3], Non-Grandfathered employees are automatically enrolled in the Plan at a 5% contribution rate (3% for Owensboro employees and 6% for non-union hourly), increasing 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of April 27, 2020, West Carrollton hourly employees are covered under the Plan. West Carrollton employees are Non-Grandfathered and are immediately eligible for contributions and are automatically enrolled in the Plan at a 5% contribution rate, increasing by 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of January 1, 2025, Atlas Paper Mills hourly employees are covered under the Plan. Atlas Paper Mills employees are Non-Grandfathered. Members previously enrolled in the Atlas Paper Mills, LLC 401(k) Plan are immediately eligible for contributions. New employees on and after January 1, 2025, join the plan after completing 3 months of service and attaining age 18 and are automatically enrolled in the Plan at a 3% contribution rate.

---

[1] December 31, 2013 for non-union hourly participants

[2] December 31, 2013 for participants represented by the Office and Professional Employees International Union ("OPEIU") and December 31, 2014 for participants represented by the International Association of Machinists and Aerospace Workers ("IAM") and the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada ("UAJ&AP&PI")

[3] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

As of January 1, 2025, Resolute FP US employees are covered under the Plan. Certain Resolute FP US employees are grandfathered, per the eligibility criteria as determined in the prior Resolute FP US Savings Plan. Resolute FP US employees are immediately eligible for contributions and are automatically enrolled in the Plan at a 3% contribution rate.

Asset Transfers In/Out

During 2025, transfers out to the Domtar US Salaried 401(k) Plan were $3,213,798 and transfers in were $219,675. These represent the transfer of participant account balances for participants whose status changed during the year.

Transfer Related to Plan Mergers

Effective January 1, 2025, the Company merged Resolute FP US Savings Plan and Atlas Paper Mills LLC 401(k) Plan into the Plan. The Transfers in from Plan Mergers of $165,886,935 is reflected on the Statement of Changes in Net Assets Available for Benefits.

Contributions

The Plan has a voluntary deferral 401(k) feature in which participants may elect to contribute from 1% to 60% (in 0.5% increments) of their eligible compensation, as defined in the Plan document, to their elective contribution account in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans.

Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch up and super catch up contributions in accordance with, and subject to, the limitations of the Internal Revenue Code (the “IRC”).

Grandfathered Employees

All eligible Grandfathered employees, other than non-union hourly employees, receive a matching Company contribution of 50% of the employee contribution, up to a maximum of 4% of eligible compensation (up to 5% of eligible compensation for Plymouth and Rothschild and up to 6% for Resolute FP US), for a total maximum matching contribution of 2% of eligible compensation (2.5% for Plymouth and Rothschild and 3% for Resolute FP US). Non-union hourly employees receive a matching Company contribution of 100% of the employee contribution, up to 2% of eligible compensation and of 50% of the employee contribution in excess of 2%, up to an additional 4% of eligible compensation, for a total maximum matching contribution of 4% of eligible compensation.

Non-Grandfathered Employees

Since January 1, 2013[1], all Non-Grandfathered employees, excluding Atlas Paper Mills hourly employees, receive from the Company an automatic contribution equal to 2.5% of eligible compensation if the combination of age and service, calculated as of the end of the year, is less than 40, 3.5% if between 40 and 50, 4.5% if between 50 and 60, 5.5% if between 60 and 70, and 6.5% if 70 or more. Non-Grandfathered Owensboro and non-union hourly employees receive an additional automatic contribution of 1% of eligible compensation for all brackets. West Carrollton employees who are at least age 50, with more than 15 years of service, receive an additional automatic contribution of 3%.

---

[1] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Since January 1, 2013[(1)], all eligible Non-Grandfathered employees, other than the Owensboro employees, receive a matching Company contribution of 100% of the employee contribution up to 3% of eligible compensation (2% for the non-union hourly) and 50% of the employee contribution in excess of 3% (2% for the non-union hourly), up to a maximum of 5% (6% for the non-union hourly), for a total matching contribution of 4%. Owensboro employees receive a matching Company contribution of 100% of the employee contribution, up to a maximum of 3% of eligible compensation, for a total matching contribution of 3%.

All Employees

Employees are permitted to request loans and hardship withdrawals from amounts in their before-tax and Roth employee accounts. Loans and hardship withdrawals are not permitted from matching contribution accounts or automatic contribution accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and losses and may be charged with an allocation of administrative expenses. Allocations of expenses are based on the account balances in each participant's account and the expense ratio applicable to the chosen fund(s). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee and matching Company contributions, if any, that are credited to a participant's account, are considered fully vested. The automatic Company contributions vest after three years of service or at age 65, whichever occurs first, unless they are deemed fully vested at the time they are granted. For West Carrollton employees, the additional automatic contributions gradually vest over three years of service.

Payment of Benefits

Upon termination of employment, death or disability, a lump sum in cash or a rollover distribution are permitted. If a participant's account balance is less than $7,000 upon termination of employment, and the participant does not elect to receive or rollover the balance of his or her account, it will be paid in cash if the amount does not exceed $1,000 or rolled over to an IRA if the amount exceeds $1,000 but not more than $7,000. If a participant reaches age 59.5, the Plan allows withdrawals of all or a portion of the account. Upon reaching age 73, participants will need to begin taking a portion of their balance out of the Plan each year.

Notes Receivable from Participants

Participants may borrow up to one half of their vested interest or $50,000, whichever is lower, with a minimum loan amount of $1,000. The loans are secured by the vested balance in the participant's account. Interest on the loan is set at one point above the prime rate effective the first day of the month of the loan. Interest rates on outstanding loans ranged from 3.25 % to 9.50 % at December 31, 2025 and 2024. Principal and interest is paid ratably primarily through payroll deductions. Loan repayment periods are no longer than five years for general purpose loans and no more than 15 years for primary residence loans. No more than one loan from the Plan and all other Company employee benefit plans may be outstanding at any one time. The participant is charged a loan initiation fee that is deducted from the loan proceeds at the time that funds are disbursed. In addition, an annual loan maintenance fee is deducted from the participant's account each year after the first year of the loan.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments. Participants direct the investment of their account into the various investment options offered by the Plan. Participants may change their investment elections on a daily basis.

The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("US GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Domtar US 401(k) Master Trust ("Master Trust") is based on the specific interest that it has in the underlying participant-directed investments. Refer to Note E - Fair Value Measurements for valuation details of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year. Net investment income (loss) is allocated to the Plan based on the Plan's interest in the net assets of the Master Trust.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C - INFORMATION CERTIFIED BY VANGUARD FIDUCIARY TRUST COMPANY

The Plan Administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certifications received from Vanguard Fiduciary Trust Company ("VFTC" or "Trustee") meet the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements are complete and accurate:

- Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Plan interest in the Master Trust investment income and interest income on notes receivable from participants included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Total investments, at fair value and total investment income in the Master Trust included in Note D.
- Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2024, included in-kind transfers that were recorded prior to the effective merger date. The Plan interest in Master Trust was reduced by $38,563,756 and notes receivable from participants was reduced by $2,359,598 from the certified amount as of December 31, 2024. The Transfers in from Plan Mergers on the Statements of Change in Net Assets Available for Benefits reflects the merger into the Plan effective January 1, 2025.

NOTE D - INTEREST IN THE MASTER TRUST

The Master Trust was established effective August 4, 2001, for the investment of assets of the Plan and other Company affiliated retirement plans. The assets of the Master Trust are held by the VFTC. Use of the Master Trust permits the commingling of assets for the participating plans. Although the assets are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the balances of participant accounts in each plan.

The following table presents the investments and any other assets or liabilities of the Master Trust as of December 31, 2025 and 2024:

	2025		2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
Registered investment companies	$ 211,589,367	$ 101,900,521	$ 142,415,489	$ 70,277,910
Collective trusts	1,551,869,543	705,021,163	1,112,652,349	514,522,013
Total investments, at fair value	$1,763,458,910	$ 806,921,684	$1,255,067,838	$ 584,799,923

The following are net appreciation in fair value of investments and interest and dividend income for the Master Trust for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 243,015,080
Interest and dividend income	11,842,273
Total investment income	$ 254,857,353

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the valuation hierarchy.

Collective trusts: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments consist of their share of investments in the Master Trust. Refer to Note D for details of the fair value of all assets within the Master Trust.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 211,589,367	$ -	$ -	$ 211,589,367
Total assets in fair value hierarchy	$ 211,589,367	$ -	$ -	211,589,367
Investments measured at NAV:				
Collective trusts				1,551,869,543
Total investments, at fair value				$1,763,458,910

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 142,415,489	$ -	$ -	$ 142,415,489
Total assets in fair value hierarchy	$ 142,415,489	$ -	$ -	142,415,489
Investments measured at NAV:				
Collective trusts				1,112,652,349
Total investments, at fair value				$1,255,067,838

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2025:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Collective trusts	$ 1,551,869,543	-	-	Immediate	None

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2024:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Collective trusts	$ 1,112,652,349	-	-	Immediate	None

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The majority of the Master Trust's investments are managed by an affiliate of VFTC. VFTC acts as trustee for all investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions.

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 17, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC and are exempt from federal income tax. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE I - SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events for the Plan through October 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, certain participants of the Paper Receipts 401(k) Plan were merged into the Plan. As a result of the merger, approximately $4,000,000 of assets were transferred into the Plan.

The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Pension Administrative Committee and Participants of the
Domtar US Hourly 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Domtar US Hourly 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Domtar US Hourly 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan was established on August 4, 2001 pursuant to an agreement between Georgia-Pacific Corporation and Domtar Industries LLC (the "Company" and "Plan Sponsor") to purchase four paper mills. Accordingly, assets were transferred to the Plan from the Georgia-Pacific Corporation Hourly 401(k) Plan (the "Georgia-Pacific Plan") on behalf of participants previously covered by such plan. Any employee who was a participant in the Georgia-Pacific Plan as of August 3, 2001, was automatically eligible to be a participant in the Plan. The Plan document was amended and restated as of January 1, 2025.

Employees of the Company and affiliates who are on an hourly basis (including those employees who are covered under a collective bargaining agreement) are eligible to participate in the Plan as of their date of hire. Employees who are eligible to participate in the Domtar US Salaried 401(k) Plan are excluded from participation in the Plan.

As of December 31, 2012[1][2], participants of the Domtar US Hourly Pension Plan, the Nekoosa Papers Pension Plan, and the E.B. Eddy Paper, Inc. Hourly Employees' Pension Plan, Port Huron Mill were designated as "Grandfathered" if on that date: they were actively accruing benefits in the applicable defined benefit pension plan, had attained age 55 or a combination of years of age and service that together equal at least 70, and did not elect to waive their grandfathered status. All other employees, whether hired before, on, or since December 31, 2012[1][2], are considered "Non-Grandfathered."

Since January 1, 2013[3], Non-Grandfathered employees are automatically enrolled in the Plan at a 5% contribution rate (3% for Owensboro employees and 6% for non-union hourly), increasing 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of April 27, 2020, West Carrollton hourly employees are covered under the Plan. West Carrollton employees are Non-Grandfathered and are immediately eligible for contributions and are automatically enrolled in the Plan at a 5% contribution rate, increasing by 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of January 1, 2025, Atlas Paper Mills hourly employees are covered under the Plan. Atlas Paper Mills employees are Non-Grandfathered. Members previously enrolled in the Atlas Paper Mills, LLC 401(k) Plan are immediately eligible for contributions. New employees on and after January 1, 2025, join the plan after completing 3 months of service and attaining age 18 and are automatically enrolled in the Plan at a 3% contribution rate.

---

[1] December 31, 2013 for non-union hourly participants

[2] December 31, 2013 for participants represented by the Office and Professional Employees International Union ("OPEIU") and December 31, 2014 for participants represented by the International Association of Machinists and Aerospace Workers ("IAM") and the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada ("UAJ&AP&PI")

[3] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

As of January 1, 2025, Resolute FP US employees are covered under the Plan. Certain Resolute FP US employees are grandfathered, per the eligibility criteria as determined in the prior Resolute FP US Savings Plan. Resolute FP US employees are immediately eligible for contributions and are automatically enrolled in the Plan at a 3% contribution rate.

Asset Transfers In/Out

During 2025, transfers out to the Domtar US Salaried 401(k) Plan were $3,213,798 and transfers in were $219,675. These represent the transfer of participant account balances for participants whose status changed during the year.

Transfer Related to Plan Mergers

Effective January 1, 2025, the Company merged Resolute FP US Savings Plan and Atlas Paper Mills LLC 401(k) Plan into the Plan. The Transfers in from Plan Mergers of $165,886,935 is reflected on the Statement of Changes in Net Assets Available for Benefits.

Contributions

The Plan has a voluntary deferral 401(k) feature in which participants may elect to contribute from 1% to 60% (in 0.5% increments) of their eligible compensation, as defined in the Plan document, to their elective contribution account in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans.

Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch up and super catch up contributions in accordance with, and subject to, the limitations of the Internal Revenue Code (the “IRC”).

Grandfathered Employees

All eligible Grandfathered employees, other than non-union hourly employees, receive a matching Company contribution of 50% of the employee contribution, up to a maximum of 4% of eligible compensation (up to 5% of eligible compensation for Plymouth and Rothschild and up to 6% for Resolute FP US), for a total maximum matching contribution of 2% of eligible compensation (2.5% for Plymouth and Rothschild and 3% for Resolute FP US). Non-union hourly employees receive a matching Company contribution of 100% of the employee contribution, up to 2% of eligible compensation and of 50% of the employee contribution in excess of 2%, up to an additional 4% of eligible compensation, for a total maximum matching contribution of 4% of eligible compensation.

Non-Grandfathered Employees

Since January 1, 2013[1], all Non-Grandfathered employees, excluding Atlas Paper Mills hourly employees, receive from the Company an automatic contribution equal to 2.5% of eligible compensation if the combination of age and service, calculated as of the end of the year, is less than 40, 3.5% if between 40 and 50, 4.5% if between 50 and 60, 5.5% if between 60 and 70, and 6.5% if 70 or more. Non-Grandfathered Owensboro and non-union hourly employees receive an additional automatic contribution of 1% of eligible compensation for all brackets. West Carrollton employees who are at least age 50, with more than 15 years of service, receive an additional automatic contribution of 3%.

---

[1] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Since January 1, 2013[(1)], all eligible Non-Grandfathered employees, other than the Owensboro employees, receive a matching Company contribution of 100% of the employee contribution up to 3% of eligible compensation (2% for the non-union hourly) and 50% of the employee contribution in excess of 3% (2% for the non-union hourly), up to a maximum of 5% (6% for the non-union hourly), for a total matching contribution of 4%. Owensboro employees receive a matching Company contribution of 100% of the employee contribution, up to a maximum of 3% of eligible compensation, for a total matching contribution of 3%.

All Employees

Employees are permitted to request loans and hardship withdrawals from amounts in their before-tax and Roth employee accounts. Loans and hardship withdrawals are not permitted from matching contribution accounts or automatic contribution accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and losses and may be charged with an allocation of administrative expenses. Allocations of expenses are based on the account balances in each participant's account and the expense ratio applicable to the chosen fund(s). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee and matching Company contributions, if any, that are credited to a participant's account, are considered fully vested. The automatic Company contributions vest after three years of service or at age 65, whichever occurs first, unless they are deemed fully vested at the time they are granted. For West Carrollton employees, the additional automatic contributions gradually vest over three years of service.

Payment of Benefits

Upon termination of employment, death or disability, a lump sum in cash or a rollover distribution are permitted. If a participant's account balance is less than $7,000 upon termination of employment, and the participant does not elect to receive or rollover the balance of his or her account, it will be paid in cash if the amount does not exceed $1,000 or rolled over to an IRA if the amount exceeds $1,000 but not more than $7,000. If a participant reaches age 59.5, the Plan allows withdrawals of all or a portion of the account. Upon reaching age 73, participants will need to begin taking a portion of their balance out of the Plan each year.

Notes Receivable from Participants

Participants may borrow up to one half of their vested interest or $50,000, whichever is lower, with a minimum loan amount of $1,000. The loans are secured by the vested balance in the participant's account. Interest on the loan is set at one point above the prime rate effective the first day of the month of the loan. Interest rates on outstanding loans ranged from 3.25 % to 9.50 % at December 31, 2025 and 2024. Principal and interest is paid ratably primarily through payroll deductions. Loan repayment periods are no longer than five years for general purpose loans and no more than 15 years for primary residence loans. No more than one loan from the Plan and all other Company employee benefit plans may be outstanding at any one time. The participant is charged a loan initiation fee that is deducted from the loan proceeds at the time that funds are disbursed. In addition, an annual loan maintenance fee is deducted from the participant's account each year after the first year of the loan.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments. Participants direct the investment of their account into the various investment options offered by the Plan. Participants may change their investment elections on a daily basis.

The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("US GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Domtar US 401(k) Master Trust ("Master Trust") is based on the specific interest that it has in the underlying participant-directed investments. Refer to Note E - Fair Value Measurements for valuation details of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year. Net investment income (loss) is allocated to the Plan based on the Plan's interest in the net assets of the Master Trust.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C - INFORMATION CERTIFIED BY VANGUARD FIDUCIARY TRUST COMPANY

The Plan Administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certifications received from Vanguard Fiduciary Trust Company ("VFTC" or "Trustee") meet the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements are complete and accurate:

- Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Plan interest in the Master Trust investment income and interest income on notes receivable from participants included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Total investments, at fair value and total investment income in the Master Trust included in Note D.
- Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2024, included in-kind transfers that were recorded prior to the effective merger date. The Plan interest in Master Trust was reduced by $38,563,756 and notes receivable from participants was reduced by $2,359,598 from the certified amount as of December 31, 2024. The Transfers in from Plan Mergers on the Statements of Change in Net Assets Available for Benefits reflects the merger into the Plan effective January 1, 2025.

NOTE D - INTEREST IN THE MASTER TRUST

The Master Trust was established effective August 4, 2001, for the investment of assets of the Plan and other Company affiliated retirement plans. The assets of the Master Trust are held by the VFTC. Use of the Master Trust permits the commingling of assets for the participating plans. Although the assets are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the balances of participant accounts in each plan.

The following table presents the investments and any other assets or liabilities of the Master Trust as of December 31, 2025 and 2024:

	2025		2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
Registered investment companies	$ 211,589,367	$ 101,900,521	$ 142,415,489	$ 70,277,910
Collective trusts	1,551,869,543	705,021,163	1,112,652,349	514,522,013
Total investments, at fair value	$1,763,458,910	$ 806,921,684	$1,255,067,838	$ 584,799,923

The following are net appreciation in fair value of investments and interest and dividend income for the Master Trust for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 243,015,080
Interest and dividend income	11,842,273
Total investment income	$ 254,857,353

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the valuation hierarchy.

Collective trusts: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments consist of their share of investments in the Master Trust. Refer to Note D for details of the fair value of all assets within the Master Trust.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 211,589,367	$ -	$ -	$ 211,589,367
Total assets in fair value hierarchy	$ 211,589,367	$ -	$ -	211,589,367
Investments measured at NAV:				
Collective trusts				1,551,869,543
Total investments, at fair value				$1,763,458,910

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 142,415,489	$ -	$ -	$ 142,415,489
Total assets in fair value hierarchy	$ 142,415,489	$ -	$ -	142,415,489
Investments measured at NAV:				
Collective trusts				1,112,652,349
Total investments, at fair value				$1,255,067,838

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2025:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Collective trusts	$ 1,551,869,543	-	-	Immediate	None

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2024:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Collective trusts	$ 1,112,652,349	-	-	Immediate	None

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The majority of the Master Trust's investments are managed by an affiliate of VFTC. VFTC acts as trustee for all investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions.

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 17, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC and are exempt from federal income tax. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE I - SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events for the Plan through October 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, certain participants of the Paper Receipts 401(k) Plan were merged into the Plan. As a result of the merger, approximately $4,000,000 of assets were transferred into the Plan.

The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Pension Administrative Committee and Participants of the
Domtar US Hourly 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Domtar US Hourly 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Domtar US Hourly 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan was established on August 4, 2001 pursuant to an agreement between Georgia-Pacific Corporation and Domtar Industries LLC (the "Company" and "Plan Sponsor") to purchase four paper mills. Accordingly, assets were transferred to the Plan from the Georgia-Pacific Corporation Hourly 401(k) Plan (the "Georgia-Pacific Plan") on behalf of participants previously covered by such plan. Any employee who was a participant in the Georgia-Pacific Plan as of August 3, 2001, was automatically eligible to be a participant in the Plan. The Plan document was amended and restated as of January 1, 2025.

Employees of the Company and affiliates who are on an hourly basis (including those employees who are covered under a collective bargaining agreement) are eligible to participate in the Plan as of their date of hire. Employees who are eligible to participate in the Domtar US Salaried 401(k) Plan are excluded from participation in the Plan.

As of December 31, 2012[1][2], participants of the Domtar US Hourly Pension Plan, the Nekoosa Papers Pension Plan, and the E.B. Eddy Paper, Inc. Hourly Employees' Pension Plan, Port Huron Mill were designated as "Grandfathered" if on that date: they were actively accruing benefits in the applicable defined benefit pension plan, had attained age 55 or a combination of years of age and service that together equal at least 70, and did not elect to waive their grandfathered status. All other employees, whether hired before, on, or since December 31, 2012[1][2], are considered "Non-Grandfathered."

Since January 1, 2013[3], Non-Grandfathered employees are automatically enrolled in the Plan at a 5% contribution rate (3% for Owensboro employees and 6% for non-union hourly), increasing 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of April 27, 2020, West Carrollton hourly employees are covered under the Plan. West Carrollton employees are Non-Grandfathered and are immediately eligible for contributions and are automatically enrolled in the Plan at a 5% contribution rate, increasing by 1% per year until it reaches 60%, unless the employee affirmatively elects otherwise.

As of January 1, 2025, Atlas Paper Mills hourly employees are covered under the Plan. Atlas Paper Mills employees are Non-Grandfathered. Members previously enrolled in the Atlas Paper Mills, LLC 401(k) Plan are immediately eligible for contributions. New employees on and after January 1, 2025, join the plan after completing 3 months of service and attaining age 18 and are automatically enrolled in the Plan at a 3% contribution rate.

---

[1] December 31, 2013 for non-union hourly participants

[2] December 31, 2013 for participants represented by the Office and Professional Employees International Union ("OPEIU") and December 31, 2014 for participants represented by the International Association of Machinists and Aerospace Workers ("IAM") and the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada ("UAJ&AP&PI")

[3] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

As of January 1, 2025, Resolute FP US employees are covered under the Plan. Certain Resolute FP US employees are grandfathered, per the eligibility criteria as determined in the prior Resolute FP US Savings Plan. Resolute FP US employees are immediately eligible for contributions and are automatically enrolled in the Plan at a 3% contribution rate.

Asset Transfers In/Out

During 2025, transfers out to the Domtar US Salaried 401(k) Plan were $3,213,798 and transfers in were $219,675. These represent the transfer of participant account balances for participants whose status changed during the year.

Transfer Related to Plan Mergers

Effective January 1, 2025, the Company merged Resolute FP US Savings Plan and Atlas Paper Mills LLC 401(k) Plan into the Plan. The Transfers in from Plan Mergers of $165,886,935 is reflected on the Statement of Changes in Net Assets Available for Benefits.

Contributions

The Plan has a voluntary deferral 401(k) feature in which participants may elect to contribute from 1% to 60% (in 0.5% increments) of their eligible compensation, as defined in the Plan document, to their elective contribution account in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans.

Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch up and super catch up contributions in accordance with, and subject to, the limitations of the Internal Revenue Code (the “IRC”).

Grandfathered Employees

All eligible Grandfathered employees, other than non-union hourly employees, receive a matching Company contribution of 50% of the employee contribution, up to a maximum of 4% of eligible compensation (up to 5% of eligible compensation for Plymouth and Rothschild and up to 6% for Resolute FP US), for a total maximum matching contribution of 2% of eligible compensation (2.5% for Plymouth and Rothschild and 3% for Resolute FP US). Non-union hourly employees receive a matching Company contribution of 100% of the employee contribution, up to 2% of eligible compensation and of 50% of the employee contribution in excess of 2%, up to an additional 4% of eligible compensation, for a total maximum matching contribution of 4% of eligible compensation.

Non-Grandfathered Employees

Since January 1, 2013[1], all Non-Grandfathered employees, excluding Atlas Paper Mills hourly employees, receive from the Company an automatic contribution equal to 2.5% of eligible compensation if the combination of age and service, calculated as of the end of the year, is less than 40, 3.5% if between 40 and 50, 4.5% if between 50 and 60, 5.5% if between 60 and 70, and 6.5% if 70 or more. Non-Grandfathered Owensboro and non-union hourly employees receive an additional automatic contribution of 1% of eligible compensation for all brackets. West Carrollton employees who are at least age 50, with more than 15 years of service, receive an additional automatic contribution of 3%.

---

[1] January 1, 2014 for non-union hourly participants and participants represented by the OPEIU union and January 1, 2015 for participants represented by the IAM and the UAJ&AP&PI unions

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Since January 1, 2013[(1)], all eligible Non-Grandfathered employees, other than the Owensboro employees, receive a matching Company contribution of 100% of the employee contribution up to 3% of eligible compensation (2% for the non-union hourly) and 50% of the employee contribution in excess of 3% (2% for the non-union hourly), up to a maximum of 5% (6% for the non-union hourly), for a total matching contribution of 4%. Owensboro employees receive a matching Company contribution of 100% of the employee contribution, up to a maximum of 3% of eligible compensation, for a total matching contribution of 3%.

All Employees

Employees are permitted to request loans and hardship withdrawals from amounts in their before-tax and Roth employee accounts. Loans and hardship withdrawals are not permitted from matching contribution accounts or automatic contribution accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and losses and may be charged with an allocation of administrative expenses. Allocations of expenses are based on the account balances in each participant's account and the expense ratio applicable to the chosen fund(s). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee and matching Company contributions, if any, that are credited to a participant's account, are considered fully vested. The automatic Company contributions vest after three years of service or at age 65, whichever occurs first, unless they are deemed fully vested at the time they are granted. For West Carrollton employees, the additional automatic contributions gradually vest over three years of service.

Payment of Benefits

Upon termination of employment, death or disability, a lump sum in cash or a rollover distribution are permitted. If a participant's account balance is less than $7,000 upon termination of employment, and the participant does not elect to receive or rollover the balance of his or her account, it will be paid in cash if the amount does not exceed $1,000 or rolled over to an IRA if the amount exceeds $1,000 but not more than $7,000. If a participant reaches age 59.5, the Plan allows withdrawals of all or a portion of the account. Upon reaching age 73, participants will need to begin taking a portion of their balance out of the Plan each year.

Notes Receivable from Participants

Participants may borrow up to one half of their vested interest or $50,000, whichever is lower, with a minimum loan amount of $1,000. The loans are secured by the vested balance in the participant's account. Interest on the loan is set at one point above the prime rate effective the first day of the month of the loan. Interest rates on outstanding loans ranged from 3.25 % to 9.50 % at December 31, 2025 and 2024. Principal and interest is paid ratably primarily through payroll deductions. Loan repayment periods are no longer than five years for general purpose loans and no more than 15 years for primary residence loans. No more than one loan from the Plan and all other Company employee benefit plans may be outstanding at any one time. The participant is charged a loan initiation fee that is deducted from the loan proceeds at the time that funds are disbursed. In addition, an annual loan maintenance fee is deducted from the participant's account each year after the first year of the loan.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments. Participants direct the investment of their account into the various investment options offered by the Plan. Participants may change their investment elections on a daily basis.

The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("US GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Domtar US 401(k) Master Trust ("Master Trust") is based on the specific interest that it has in the underlying participant-directed investments. Refer to Note E - Fair Value Measurements for valuation details of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year. Net investment income (loss) is allocated to the Plan based on the Plan's interest in the net assets of the Master Trust.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C - INFORMATION CERTIFIED BY VANGUARD FIDUCIARY TRUST COMPANY

The Plan Administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certifications received from Vanguard Fiduciary Trust Company ("VFTC" or "Trustee") meet the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements are complete and accurate:

- Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Plan interest in the Master Trust investment income and interest income on notes receivable from participants included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Total investments, at fair value and total investment income in the Master Trust included in Note D.
- Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan interest in the Master Trust and notes receivable from participants included in the Statements of Net Assets Available for Benefits as of December 31, 2024, included in-kind transfers that were recorded prior to the effective merger date. The Plan interest in Master Trust was reduced by $38,563,756 and notes receivable from participants was reduced by $2,359,598 from the certified amount as of December 31, 2024. The Transfers in from Plan Mergers on the Statements of Change in Net Assets Available for Benefits reflects the merger into the Plan effective January 1, 2025.

NOTE D - INTEREST IN THE MASTER TRUST

The Master Trust was established effective August 4, 2001, for the investment of assets of the Plan and other Company affiliated retirement plans. The assets of the Master Trust are held by the VFTC. Use of the Master Trust permits the commingling of assets for the participating plans. Although the assets are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the balances of participant accounts in each plan.

The following table presents the investments and any other assets or liabilities of the Master Trust as of December 31, 2025 and 2024:

	2025		2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
Registered investment companies	$ 211,589,367	$ 101,900,521	$ 142,415,489	$ 70,277,910
Collective trusts	1,551,869,543	705,021,163	1,112,652,349	514,522,013
Total investments, at fair value	$1,763,458,910	$ 806,921,684	$1,255,067,838	$ 584,799,923

The following are net appreciation in fair value of investments and interest and dividend income for the Master Trust for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 243,015,080
Interest and dividend income	11,842,273
Total investment income	$ 254,857,353

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the valuation hierarchy.

Collective trusts: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments consist of their share of investments in the Master Trust. Refer to Note D for details of the fair value of all assets within the Master Trust.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 211,589,367	$ -	$ -	$ 211,589,367
Total assets in fair value hierarchy	$ 211,589,367	$ -	$ -	211,589,367
Investments measured at NAV:				
Collective trusts				1,551,869,543
Total investments, at fair value				$1,763,458,910

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 142,415,489	$ -	$ -	$ 142,415,489
Total assets in fair value hierarchy	$ 142,415,489	$ -	$ -	142,415,489
Investments measured at NAV:				
Collective trusts				1,112,652,349
Total investments, at fair value				$1,255,067,838

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2025:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions
Collective trusts	$ 1,551,869,543	-	-	Immediate	None

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The table below presents additional information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV for the year ended December 31, 2024:

	Fair Value	Unfunded Commitments	Expected Liquidation Term	Redemption Terms	Redemption Restrictions

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The majority of the Master Trust's investments are managed by an affiliate of VFTC. VFTC acts as trustee for all investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions.

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 17, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC and are exempt from federal income tax. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE I - SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events for the Plan through October 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, certain participants of the Paper Receipts 401(k) Plan were merged into the Plan. As a result of the merger, approximately $4,000,000 of assets were transferred into the Plan.

The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
