Report of Independent Auditors

The Plan Administrator of
Helix Electric Health and Welfare Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Helix Electric Health and Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the benefit obligations and net assets available for benefits of Helix Electric Health and Welfare Plan as of December 31, 2024 and 2023, and the changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Helix Electric Health and Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 3 to the financial statements, the Company restated its 2023 financial statements to correct for a misstatement. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Helix Electric Health and Welfare Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Helix Electric Health and Welfare Plan‘s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Helix Electric Health and Welfare Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

Helix Electric Health and Welfare Plan (the Plan) is a defined-benefit health and welfare plan covering substantially all full-time employees of Helix Electric, Inc. and Helix Electric, Inc. of Nevada, LLC (collectively, the Companies).

The following brief description of the Plan is provided for general information purposes only. Reference should be made to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan provides medical, life insurance, dental, and prescription benefits for eligible participants and, if elected, their dependents, upon meeting qualifying criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has a holiday pay benefit to eligible participants and started receiving contributions for holiday pay in January 2021.

Eligibility – All employees are eligible after completing 30 days of service in which 160 hours were worked, except for apprentices who are covered by other plans.

Contributions – The Companies contribute a fixed amount per hour worked by eligible participants. The fixed amount per hour is adjusted when necessary to ensure the Companies' contributions are sufficient to enable the Plan to provide basic benefits to eligible participants and to pay administrative expenses. Participants may, at their option, contribute specified amounts to the Plan through payroll deductions to upgrade their benefits, to extend benefits to eligible dependents, and to obtain post-employment benefits pursuant to the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Plan termination – In the event the Plan terminates, the net assets of the Plan are to be allocated as prescribed by ERISA and the Internal Revenue Code (IRC).

Note 2 – Significant Accounting Policies

Method of accounting – The Plan prepares its financial statements using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Money-market fund – The Plan's money-market fund is reported at estimated fair value, which approximates cost.

Restricted cash – The Plan holds restricted cash balances which are managed by the Plan's third-party claims administrators.

Use of estimates – The preparation of financial statements in conformity with the accrual basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Benefit obligations and claims incurred but not reported – Claim payments are recorded when paid by the third-party claims processor. Amounts recorded by and due to claims processors from the Plan at year end are recorded as claims payable in the accompanying statement of benefit obligations and net assets available for benefits. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims incurred but not reported in the accompanying statement of benefit obligations and net assets available for benefits. Claims incurred but not reported (IBNR) include all self-insured claims for dental and medical services reported for the year, through the time the financial statements are prepared, that were unpaid as of year-end. Claims incurred but not reported are $2,191,618 and $1,847,715 at December 31, 2024 and 2023, respectively.

Subsequent events – Subsequent events are events or transactions that occur after the statement of benefit obligations and net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of benefit obligations and net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of benefit obligations and net assets available for benefits but arose after the statement of benefit obligations and net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

Note 3 – Prior Period Adjustment – Correction of an Error

The accompanying financial statements for December 31, 2023, have been restated to correct an error related to the accrual of IBNR. At December 31, 2023, the Plan's IBNR was understated by $1,674,652 in total. The effect of this restatement was to decrease the Plan's net assets available for benefits over benefit obligations by $1,674,652, and to increase the Plan's IBNR liability by $1,674,652. The adjustment resulted in a decrease in the change in net assets available for benefits for the year ended December 31, 2023 of $1,674,652. A summary of the impact of the prior period adjustment is as follows as:

	As Previously Stated	Prior Period Adjustment	As Restated
Claims incurred but not reported and claims payable	$ 173,063	$ 1,674,652	$ 1,847,715
Excess of net assets available for benefits over benefit obligations	1,879,047	(1,674,652)	204,395

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology that include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money-market fund – The money-market fund is a public investment vehicle valued using $1 for the net asset value (NAV). The money-market account is classified within Level 1 of the valuation hierarchy.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose by level the fair value hierarchy of the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money-market fund	$ 3,546,982	$ -	$ -	$ 3,546,982
Total assets in the fair value hierarchy	$ 3,546,982	$ -	$ -	$ 3,546,982

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money-market fund	$ 284,205	$ -	$ -	$ 284,205
Total assets in the fair value hierarchy	$ 284,205	$ -	$ -	$ 284,205

Note 5 – Concentration

Investments are maintained in a money-market fund. The Plan has not experienced any losses in the account and believes it is not exposed to any significant credit risk on its money-market fund. Cash included in the statements of benefit obligations and net assets available for benefits is deposited with a federally insured commercial bank in the United States and at times cash balances may be in excess of federal insurance limits.

Note 6 – Contracts with Insurance Companies

The trust has contracts with insurance companies, whereby the insurance companies pay benefit claims submitted for eligible participants and their dependents under the terms of the policies. During the year ended December 31, 2024, the Plan incurred and paid $6,523,879 for insurance premiums.

Note 7 – Contracts with Parties-in-Interest

Administrative manager – The Plan has entered into an administrative contract with the Companies to provide services to collect contributions, transmit payments to the insurer, claims administration, pay other administrative expenses, and to maintain participant records.

Note 8 – Income Tax Status

The trust meets the requirements for qualification under Section 501(c)(9) of the IRC and under Section 23701(i) of the California Revenue and Taxation Code, and therefore, is considered a tax exempt organization. Despite being exempt from most taxes, the Plan is required to pay income taxes on unrelated-business income (UBI). Although the Plan does not conduct any unrelated-business activities, net investment income is considered UBI because the Plan qualifies as an exempt organization under IRC Section 501(c)(9). Accordingly, the Plan is required to pay income taxes on net investment income.

Section 501(c)(9) organizations may set aside income that would otherwise be taxable (i.e., investment income). Investment income set aside for the payment of life, sickness, accident, or other benefits and reasonable administration costs directly attributed to these payments is not taxable. The IRC limits the amount of investment income that can be set aside.

The Plan follows Financial Accounting Standards Board Accounting Standards Codification (ASC) 740-10, relating to accounting for uncertain tax positions. ASC 740-10 prescribes a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as derecognition, interest, penalties, and disclosures required. The Plan does not have any entity-level uncertain tax positions. The Plan files income tax returns in the United States federal jurisdiction and various state jurisdictions.
