Independent Auditor's Report

Retirement Committee
Sauder Woodworking Co. Retirement and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sauder Woodworking Co. Retirement and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of Sauder Woodworking Co. Retirement and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored and administered by Sauder Woodworking Co. and is governed by the Plan Agreement. The Plan is a defined contribution plan covering substantially all employees of Sauder Woodworking Co., Sauder Manufacturing Co., Progressive Furniture, Inc., Studio RTA, Inc. dba Sauder Global Sourcing, BSG Int'l, LLC and Sauder B2C, LLC (collectively, the Company) who meet certain service criteria making them eligible to participate in the Plan. The Plan was established on January 1, 1968, as a defined contribution plan. The Plan was completely amended and restated on January 1, 1999, at which time, a 401(k) provision was added. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute up to 50% of pre-tax annual compensation, as defined in the Plan Agreement. Eligible employees are automatically enrolled in the Plan with an elective pre-tax deferral rate of 3% of compensation, increasing each year by 1%, until such elective deferral rate is 7% of compensation, through December 31, 2025, unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. Participants may increase or decrease their contribution amount at any time. Participants may also make Roth (after-tax) deferral contributions. Participants who meet certain age requirements are eligible to contribute additional catch-up contributions subject to certain dollar limits. In addition, participants may contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may contribute up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code (IRC).

Company discretionary matching contributions range between 2% to 3% of the participant's eligible compensation. In June 2023, the Board of Directors of the Plan Sponsor suspended Company discretionary matching contributions related to employees of Sauder Woodworking Co. and Sauder Global Sourcing. In February 2025, the Board of Directors of the Plan Sponsor reinstated Company discretionary matching contributions related to employees of Sauder Woodworking Co.

At the discretion of the Company's Board of Directors, the Company may make a discretionary profit sharing contribution up to 1% of the participant's eligible compensation, as well as a cash bonus that may be contributed partially, or in total, to the Plan at the option of the participant. Participants must be employed at the end of the plan year and have completed 1,000 hours of service to be eligible for the discretionary profit sharing contribution allocation. Contributions are subject to certain limitations. There were no discretionary profit sharing contributions made during 2025.

Funding policy: Participant contributions and the Company discretionary matching contributions are recognized when the participant contributions are withheld from the participant's earnings. The Company profit sharing contributions are recognized on an annual basis when declared by the Board of Directors.

Participants' accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Participant-directed accounts: Participants have the option to allocate their account balances among several investment options. All choices vary in types of investments, rates of return and investment risk. Participants may elect to have all or part of their account balances and future contributions invested in one fund, transferred to another fund, or in any combination. As provided in the Plan Agreement, the participant may change this election and/or elect to transfer any portion of the account balance from one fund to any other fund on a daily basis. All dividends, interest and other distributions received by any fund will be reinvested automatically in the same fund.

Vesting: Participants are immediately vested in their employee pre-tax and after-tax withholding accounts, rollover contributions, and Company discretionary matching contributions and any earnings thereon.

A participant's vested interest in the Company's discretionary profit sharing contributions, along with any earnings on those contributions, shall be determined in accordance with the following schedule:

Years of Vesting Service	Vesting
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum or in an annuity.

Forfeited accounts: Forfeitures of nonvested Company contributions are first allocated among the accounts of participants otherwise eligible to receive an allocation of Company contributions. Any forfeitures remaining are then used to reduce administrative expenses under the Plan, if any. For the year ended December 31, 2025, $44,256 was allocated to accounts of participants. There were $15,427 and $44,057 of unapplied forfeitures as of December 31, 2025 and 2024, respectively. Accumulated forfeitures will be used in 2026. In addition, during 2026, approximately $1,000 in forfeitures were restored to participants affected by the partial plan termination discussed in Note 8.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at varying rates from 4.25% to 9.50%, which are commensurate with local prevailing rates, as determined by the Company. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and all Company discretionary matching and profit sharing contributions are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement.

Administrative expenses: The Plan provides that administrative expenses of the Plan are to be paid by the Plan or by the Company, at the option of the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit payments: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	2025	2024
Investments, at fair value:		
Registered investment companies	$333,579,020	$328,104,203
Common collective trust fund	4,944,245	6,841,758
	$338,523,265	$334,945,961
Notes receivable from participants	$ 363,819	$ 505,628

Note 3. Information Certified by Fidelity Management Trust Company (Continued)

Fidelity Management Trust Company also certified to the completeness and accuracy of the following for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 32,159,172
Interest and dividends	$ 19,112,194
Interest income on notes receivable from participants	$ 33,522

Note 4. Fair Value Measurements

The Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered investment companies: Valued at quoted market prices which represent the net asset value (NAV) of the shares held by the Plan at year-end.

Note 4. Fair Value Measurements (Continued)

Common collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value on a recurring basis: The tables below present the Plan's assets measured at fair value at December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 333,579,020	$ -	$ -	$ 333,579,020
Total assets in the fair value hierarchy	$ 333,579,020	$ -	$ -	333,579,020
Investments measured at NAV (a)				4,944,245
Investments, at fair value				$ 338,523,265

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 328,104,203	$ -	$ -	$ 328,104,203
Total assets in the fair value hierarchy	$ 328,104,203	$ -	$ -	328,104,203
Investments measured at NAV (a)				6,841,758
Investments, at fair value				$ 334,945,961

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Note 4. Fair Value Measurements (Continued)

Investments measured using NAV per share practical expedient: The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the NAV per share (or its equivalent) as of December 31:

Investment	2025	2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 4,944,245	$ 6,841,758	$ -	Daily	12 months

Note 5. Tax Status

The Plan has adopted a nonstandardized preapproved plan sponsored by Fidelity. The nonstandardized preapproved plan provider has received an opinion letter from the Internal Revenue Service as to the nonstandardized preapproved plan's qualified status. The nonstandardized preapproved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the nonstandardized preapproved plan document provider received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan issues notes receivable from participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain plan investments are shares of registered investment companies and a common collective trust fund managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to the trustee and its affiliates amounted to $15,253 for the year ended December 31, 2025.

Note 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Partial Plan Termination

In 2025, the Company downsized its operations which resulted in a partial plan termination. This affected 35% of participants, 55% of whom have taken distributions from the plan of approximately $34,044,000 in the current year. Approximately $43,436,000 related to affected participants is included in net assets available for benefits as of December 31, 2025. All participants affected by the partial plan termination became fully vested in their accounts. All participants affected by the partial plan termination, who were not fully vested as of the date of their distribution, were subsequently corrected by reinstating forfeitures to ensure their fully vested account balances were or will be paid out.
