EDGES ELECTRICAL GROUP PROFIT SHARING PLAN

FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Edges Electrical Group Profit Sharing Plan

Opinion

We have audited the financial statements of Edges Electrical Group Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Edges Electrical Group Profit Sharing Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Edges Electrical Group Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Edges Electrical Group Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Edges Electrical Group Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Edges Electrical Group Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held At End of Year) as of December 31, 2025 and the Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EDGES ELECTRICAL GROUP PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of plan

The following description of Edges Electrical Group Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a pre-approved profit sharing plan that was established in 1970 by Chester C. Lehmann Co., Inc. dba Electrical Distributors Company ("ED") to provide benefits to eligible employees, as defined in the Plan document. Originally, the Plan was known as Chester C. Lehmann Co., Inc dba Electrical Distributors Co. Profit Sharing Plan.

Edges Electrical Group LLC ("Edges" or the "Plan Sponsor"), a California limited liability company, was formed on September 10, 2014 to combine the synergies of ED and Granite Electrical Supply, Inc. ("GES") and commenced operations effective January 1, 2015. On this date, all employees of ED and GES became employees of the new entity, Edges; and the Plan name was changed to Edges Electrical Group Profit Sharing Plan. All employees of Edges are allowed to participate in the Plan once they meet the eligibility requirements.

Administration

Edges has appointed Trustees to manage the operation and administration of the Plan and the Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance. All investments are non-participant directed investments.

Contributions

Participants are not allowed to contribute to the Plan. Rollovers are no longer permitted into the Plan. The Plan Sponsor is allowed to make discretionary contributions up to 100% of total eligible compensation of qualified plan participants not to exceed the amount currently allowable under the Internal Revenue Code and subject to the approval and discretion of the Board of Directors of the Plan Sponsor. Contributions are allocated to each participant in accordance with a Plan formula as follows: one point for each $200 of compensation and three hundred points for each year of service. Each participant's account is credited with an amount in the same proportion that each participant's total points bear to the total points of all participants.

Non-elective profit sharing contributions from the Plan Sponsor are recorded in the year in which participant compensation is earned. During each of the years ended December 31, 2025 and 2024, the Plan Sponsor made non-elective profit sharing contributions of $1,200,000 into the Plan.

Beginning January 1, 2023, in addition to any other non-elective contribution, for any Plan year that the Plan Sponsor is treating non-elective contributions as if such contributions were benefit accruals under a defined benefit plan for purposes of satisfying the nondiscrimination requirements of Internal Revenue Code Section 401(a)(4), the Plan Sponsor shall also contribute the minimum amount of gateway contribution. Any gateway contribution will be allocated without regard to any eligibility or allocation conditions otherwise applicable to employer contributions under the Plan. Gateway contributions will be allocated to each non-highly compensated participant in the amount necessary to provide an overall allocation rate equal to the lesser of 5% of compensation or one third of the highest allocation rate for any highly compensated employee for the Plan year, reduced by the amount of any other employer contributions. During the years ended December 31, 2025 and 2024, there were no such contributions made to the Plan.

Note 1 - Description of plan (continued)

Participant accounts

Each participant's account is credited with an allocation of the Plan Sponsor's contributions, Plan earnings or losses, and forfeitures of terminated participants' nonvested balances. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For any participants who made rollover contributions prior to the plan being amended to disallow such contributions, the rollover account is 100% vested at all times and is not subject to forfeiture for any reason. Vesting in the profit sharing contributions plus earnings thereon is based on years of continuous service. Participants are 20% vested for each year of qualified service beginning with the second year of qualified service. Participants are fully vested in the profit sharing contributions upon the completion of six years of qualified service.

Payment of benefits

Participants may elect to receive an in-service distribution if they have reached age 65. They will be limited to no more than one in-service distribution during a Plan Year.

If the value of a terminated participant's total vested account exceeds $100,000, distribution will not begin prior to age 60. Once the terminated participant reaches age 60, and prior to normal retirement age, the participant may elect to receive 10% of their vested account balance per year until age 65 with the remaining balance being fully distributed at that time. A terminated participant who has a terminal illness and whose total vested benefit exceeds $100,000, may request a single distribution each Plan year for five consecutive years with the remainder distributed in the sixth year. Participants who terminate employment after age 65 receive a distribution of their entire account balance, if they so elect, within a reasonable time following termination, as defined in the Plan document.

In the event of the death or disability of a participant before the participant's retirement date or other termination of employment, all amounts credited to such participant's account become fully vested. Upon the death or disability of the participant, the Plan Sponsor directs, in accordance with the provisions of the Plan document, the distribution of any remaining amounts credited to the account of the deceased or disabled participant to the deceased participant's beneficiary or the disabled participant, as the case may be.

If the value of a terminated participant's total vested account does not exceed $5,000, then the participant's vested benefit is paid to such participant in a single lump sum as soon as administratively feasible after termination of employment. If a mandatory distribution of balances greater than $1,000 is made without the participant's consent, the Plan Administrator directs that the distribution be made in a direct rollover to an Individual Retirement Account.

Note 1 - Description of plan (continued)

Forfeited accounts

Forfeited nonvested accounts are reallocated to participants in the same manner as profit sharing contributions. At December 31, 2025 and 2024, forfeited nonvested accounts were not significant to the financial statements.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these Plan financial statements. For the years ended December 31, 2025 and 2024, the Plan Sponsor incurred expenses of approximately $131,000 and $124,000, respectively, for administration of the Plan. Insurance expense or miscellaneous bank fees are charged directly to the participants' accounts. Such fees totaled $14,747 and $83 for the years ended December 31, 2025 and 2024, respectively. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of accounting policies (continued)

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through September 28, 2026, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investment in mutual funds, corporate bond funds, and money market funds are valued at the daily closing price as reported by these funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV), and to transact at that price and are deemed to be actively traded.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 for the years ended December 31, 2025 and 2024. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 3 - Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,501,703	$ -	$ -	$ 32,501,703
Corporate bond funds	8,358,462	-	-	8,358,462
Investments at fair value	$ 40,860,165	$ -	$ -	$ 40,860,165

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,756,632	$ -	$ -	$ 26,756,632
Corporate bond funds	9,321,569	-	-	9,321,569
Investments at fair value	$ 36,078,201	$ -	$ -	$ 36,078,201

Note 4 - Investment contract with insurance company

The Plan has a traditional annuity contract with Venerable Insurance and Annuity Company ("Venerable"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Venerable maintains the contributions in a general account and the contract is included in the financial statements at contract value, as reported to the Plan by Venerable. Contract value represents contributions made under the contract, plus earnings, less administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $325,865 and $316,374, respectively. The guaranteed investment contract does not permit Venerable to terminate the agreement prior to the scheduled maturity date of January 2039.

Note 4 - Investment contract with insurance company (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
- Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan,
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA,
- Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include:

- An uncured violation of the Plan's investment guidelines,
- A breach of material obligation under the contract,
- A material misrepresentation,
- A material amendment to the agreements without the consent of the issuer.

Note 5 - Related-party and party-in-interest transactions

During 2025, the Plan Sponsor contracted with Pacific Retirement Plans, Inc. ("PRP"), a third-party administrator, to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements. Beginning in 2026, the Plan Sponsor contracted with a new third-party administrator, Actuaries Unlimited ("AU"), to perform these functions. The Plan Sponsor also contracts with Stifel Nicolaus, Venerable, and Comerica Bank to maintain custody of certain Plan investments. Stifel Nicolaus also serves as the Plan's independent advisor. Refer to *Note 2 - Expenses* for expenses of the Plan paid by the Plan Sponsor to these parties-in-interest. All of these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Internal Revenue Service has determined and informed the Plan's third party administrator by letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks related to geopolitical tensions, economic instability, and changes in international trade policies, including evolving legal matters affecting tariffs, could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
