REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Participants and Plan Administrator
Canon Business Process Services Retirement and Investment Plan

Opinion

We have audited the financial statements of Canon Business Process Services Retirement and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN AND NATURE OF OPERATIONS

The following description of the Canon Business Process Services Retirement and Investment Plan (the "Plan") provides general information about the Plan's provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) savings plan sponsored and administered by Canon Business Process Services, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An employee is eligible to participate in the Plan and make employee contributions to the Plan immediately upon hire through voluntary payroll deductions. An employee who is classified as a temporary employee shall be eligible to participate in the Plan if they have attained age 21 and have been credited with at least three (3) consecutive eligibility computation periods beginning after December 31, 2020, with at least 500 but less than 1,000 hours in each computation period. An employee is eligible to receive employer safe harbor matching contributions and share in employer non-elective retirement contributions, if certain requirements are met. The Plan also provides that the Company may contribute amounts to eligible employees of the Plan from its annual profits at the discretion of the Board of Directors. One year of service eligibility is required to participate in the profit sharing component of the Plan. The Plan provides growth in savings through contributions and income from its investments.

Management of the Plan

Effective August 1, 2025, the Plan entered into a new recordkeeping and trust agreement with Empower Trust Company, LLC ("Empower"), under which Empower provides recordkeeping services and serves as the Plan's trustee. On or about August 1, 2025, plan assets totaling $144,738 were transferred directly from Vanguard Fiduciary Trust Company ("Vanguard") to Empower. Financial statements reflect activity under Vanguard for the period January 1, 2025 through July 31, 2025, and activity under Empower from August 1, 2025 through December 31, 2025. The Plan's sponsor has appointed a Policy Committee and an Administrative Committee to assist in carrying out the provisions of the Plan.

Contributions and Vesting

All participants, upon entry into the Plan, elect the type of investment fund or funds into which their contributions will be invested. Participants may amend elections daily. The participants may contribute to the Plan, on a pre-tax basis, or a Roth (after-tax basis) or both, with specified percentages from 1% to 50% of eligible compensation, as defined in the Plan document. In addition, the Plan will provide for an automatic annual 1% increase (or some other specified percentage) each year until it reaches the maximum contribution percentage specified by the participant as defined in the Plan document.

The Plan maintains a safe harbor design and eligible employees receive matching contributions of 100% on the first 3% of eligible compensation deferred, and 50% on the next 2% of eligible compensation deferred. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon.

A participant is also fully vested if employed at or after age 65, or upon disability, retirement or death as defined by the Plan.

Additionally, the Company may at its discretion, make a profit sharing contribution to employees' individual profit sharing accounts based on a specified percentage of employees' eligible compensation. Profit sharing contributions are invested in the various funds at the discretion of the participant. Such contributions amounted to $777 in 2025 and $933 in 2024, respectively, and were included in employer contribution receivable as of December 31, 2025 and 2024, respectively. Participants are not allowed to contribute to the profit sharing component of the Plan.

For profit sharing contributions, participants become vested in accordance with the following schedule:

Period of Service	Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 years or more	100%

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching and non-elective contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Participants are entitled to receive a distribution of their vested account balance in the Plan upon retirement, death, disability or separation from service. The Plan allows for early withdrawals from 401(k) accounts by participants provided the participant has attained age 59½ or the participant is able to prove financial hardship, as defined by the Plan. Participants may take qualified birth or adoption distributions of up to $5 of their vested account balance.

Forfeitures

A participant that terminates employment before becoming 100% vested forfeits the unvested portion of their account. Forfeited nonvested accounts totaled $75 and $113 at December 31, 2025 and 2024, respectively. Forfeited balances of terminated participant's nonvested accounts are used for various purposes, including to reduce future employer contributions or to pay plan expenses. In 2025, forfeited nonvested accounts of $156 was used to reduce the Company's contributions.

Notes Receivable From Participants

Participants may take a maximum of two loans at any time against their vested 401(k) account balance. The repayment period varies depending on the type of loan. General purpose loans must be repaid within a five-year period with longer repayment terms permitted for primary residence loans. The loans may not exceed the lesser of $50 or 50% of the participant's vested account balance less the highest outstanding loan balance in the last 12 months. The interest rate on any loan shall be equal to the prime rate as reported by Reuters on the first business day of the calendar month in which the participant requests a loan from the Plan plus 1%. Interest rates range from 4.25% to 9.5% for loans outstanding as of December 31, 2025, with maturities in varying amounts through 2048. Principal and interest are generally paid through bi-weekly or semi-monthly payroll deductions.

Termination of the Plan

The Company reserves the right, by action of its Board of Directors, to discontinue or amend the Plan in whole or in part, provided, however, that no amendment shall be made at any time pursuant to which the trust fund or any part thereof may be used for or diverted to purposes other than for the exclusive benefit of participants and their beneficiaries. Although the Company has not expressed any intent to do so, in the event the Plan is terminated, the participants would immediately become fully vested in all Company contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its accounting records and prepares the accompanying financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investments Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the

administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Standards

The Company evaluated all recently issued accounting pronouncements applicable to the Plan's financial statements. No new accounting pronouncement issued or effective has had, or is expected to have, a material impact on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Money Market Funds: Valued at the daily closing price as reported by the fund.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts: Valued at the daily closing price as reported by the administrator of the fund. These funds are required to publish their daily NAV and to transact at that price. The collective trusts held by the Plan are deemed to have a readily determinable fair value.

The collective trusts generally provide for daily redemptions by the Plan at reported NAV per unit, without restriction. For Vanguard collective trusts, advance notice is required for large transactions, as defined on a fund or trust-specific basis. For Vanguard Retirement Savings Trust III, Vanguard requires a written notice of at least 12 months prior to the withdrawal. The Plan is permitted to withdraw from the trust with 30 days' notice, but the amounts received may be less than the book value, depending on the investment contracts held by the trust. There are no unfunded commitments for the collective trusts as of December 31, 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,167	$ -	$ -	$ 31,167
Money market funds	75	-	-	75
Collective trusts	116,100	-	-	116,100
Total investments at fair value	$ 147,342	$ -	$ -	$ 147,342

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 38,419	$ -	$ -	$ 38,419
Money market funds	152	-	-	152
Collective trusts	109,943	-	-	109,943
Total investments at fair value	$ 148,514	$ -	$ -	$ 148,514

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

The Plan holds units of collective trusts and mutual funds managed by Vanguard, the former trustee of the Plan. Through July 31, 2025, Vanguard served as the trustee of the Plan, and funds managed by Vanguard qualified as party-in-interest transactions; however, they were exempt from the prohibited transactions rules under ERISA. Effective August 1, 2025, Vanguard ceased serving as the trustee of the Plan.

NEPC are investment consultants and fiduciaries to the Plan. Fees for services provided are paid by the Plan sponsor and are exempt from the prohibited transactions rules under ERISA.

Notes receivable from participants qualify as exempt party-in-interest transactions.

NOTE 5 - INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated September 16, 2015, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated events subsequent to December 31, 2025 through October 13, 2026, the date the financial statements were available to be issued.
