INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Management of
Fallsway Equipment Co., Inc. 401(k) Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Fallsway Equipment Co., Inc. 401(k) Plan (f/k/a Fallsway Equipment Co., Inc. 401(k) Profit Sharing Plan & Trust) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

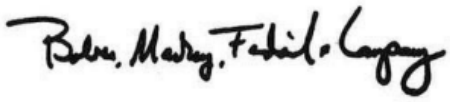

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Fallsway Equipment Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Fallsway Equipment Co., Inc. and Greyson Equipment Co., Ltd. (collectively the "Company" or "Plan Administrator") who have one month of service and who are not long-term part-time employees regularly scheduled to work less than 500 hours a year. Employees are eligible to make contributions after the completion of thirty days of service and receive Company contributions after the completion of 180 days of service. Effective October 17, 2025, the Fallsway Equipment Co., Inc. 401(k) Profit Sharing Plan and Trust changed its name to the Fallsway Equipment Co., Inc. 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may elect to contribute up to the maximum amount allowed by Internal Revenue Service ("IRS") regulations for the Plan Year. In addition, the Plan contains a catch-up option for participants who have attained age 50 before the end of the year permitting them to make additional elective deferral contributions up to amounts limited by the IRS. New employees are automatically enrolled in the Plan, unless they elect otherwise, at an automatic enrollment rate of 6%. Non-elective safe harbor contributions are made by the Company in an amount equal to 3% of a participant's compensation, for eligible participants. The Company may make discretionary non-elective contributions to participants that have completed one year of service and who are employed on the last day of the plan year. There were no discretionary non-elective contributions made in 2025.

Rollover contributions consist of amounts rolled over by participants from another qualified plan as defined by the Internal Revenue Code ("IRC").

Forfeitures

As forfeitures become available, the Company may, at its discretion, reduce the next Company matching or discretionary contribution payment due. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $15,061 respectively. There were forfeitures of $36,695 used to fund employer contributions or pay Plan expenses during the year ended December 31, 2025.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is increased or decreased, as appropriate, with (a) the participant's contribution, (b) the Company's contribution, and (c) investment earnings and losses. In addition, each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants hired prior to May 8, 2015 are immediately vested in all contributions plus actual earnings (losses) thereon. Participants hired subsequent to May 8, 2015 are vested immediately in their contributions and safe harbor contributions (which were effective prior to August 1, 2020 and reinstated effective January 1, 2023), plus actual earnings thereon but are vested based on the following table for Company matching and discretionary non-elective contributions:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The maximum number of notes available to any participant is one. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid over a period not to exceed five years, unless the loan is for the purchase of a participant's primary residence. The employee repays the loan and all related interest through payroll deductions.

Payment of Benefits

Upon termination of employment due to death, disability, retirement, or other separation from service, a participant may elect to receive the value of the vested portion of his or her account in accordance with the Plan's provisions. Participants may defer distributions as permitted by the Plan. Participants with vested account balances of $7,000 or less are subject to the Plan's automatic distribution provisions. Balances between $1,000 and $7,000 may be directly distributed to the participant, rolled over to an individual retirement account, or transferred to another qualified plan, as provided by the Plan. Balances of less than $1,000 are distributed as a lump sum. Participants may also withdraw amounts from their accounts under certain hardship conditions as defined by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Expenses not paid by the Company are reflected in the accompanying Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

In preparing the Plan's financial statements, the Plan Administrator is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of securities are reported on a trade date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

The Plan allows loans in accordance with the Plan document. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events through October 14, 2026, the date the financial statements were available to be issued.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL INFORMATION

The following is a summary of the certified information regarding the Plan included in the accompanying financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The Plan Administrator obtained certifications from Empower Trust Company, LLC, Empower Annuity Insurance Company of America, and Matrix Trust Company (collectively, the "Custodian"), stating that the information provided by each institution for the respective periods during which it served as custodian is complete and accurate.

	December 31, 2025	December 31, 2024
Cash	$ 22,703	$ -
Investments, at fair value	$ 14,882,024	$ 12,923,742
Fully benefit-responsive investment contract, at contract value	$ -	$ 671,283
Notes receivable from participants	N/A	$ 277,701
Dividend and interest income	$ 424,095	N/A
Net appreciation in fair value of investments	$ 1,248,657	N/A

NOTE 4 - INVESTMENTS

The Custodian of the Plan is responsible for holding the Plan's assets and executing transactions therein. The Plan's investments are participated-directed accounts invested in money market funds, mutual funds, common collective trust funds, and a fully-benefit responsive investment contract that are held by the Custodian. The contract was terminated during 2025 and was not held by the Plan as of December 31, 2025.

Fair Value Measurements

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability.

As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- *Money market and mutual funds:* Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S.
- *Common collective trust funds:* Valued at NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no notice.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methods used to value investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's mutual funds as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 356,268	$ -	$ -	$ 356,268
Mutual funds	9,338,523	-	-	9,338,523
Total assets in fair value hierarchy	$ 9,694,791	$ -	$ -	9,694,791
Common collective trust funds measured using NAV as a practical expedient (a)				5,187,233
Investments at fair value				$ 14,882,024

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,923,742	$ -	$ -	$ 12,923,742

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan adopted a non-standardized pre-approved plan document, which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the non-standardized pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since adopting the non-standardized pre-approved plan document; however, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Under the Income Taxes Topic of the FASB ASC, the Plan Administrator is required to identify potential uncertain tax positions taken, assess and quantify those positions and record reserves. As of December 31, 2025 and 2024, the Plan Administrator has identified no uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

During 2025 and 2024, a Plan investment was held by service providers that qualify as parties-in-interest under ERISA. The Plan changed custodians during 2025, and the investment held at December 31, 2024 was liquidated during the year ended December 31, 2025.

The Plan also holds notes receivable from participants, which are considered party-in-interest transactions under ERISA. Notes receivable from participants totaled $237,875 and $277,701 as of December 31, 2025 and 2024, respectively.

NOTE 7 - INVESTMENT CONTRACT

As of December 31, 2024, the Plan held a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America ("Empower Annuity"). Contributions were maintained in the insurer's general account and Empower Annuity was contractually obligated to repay principal and a specified interest rate guaranteed to the Plan. A rate of interest contractually guaranteed by Empower Annuity was credited to participant account balances. This crediting rate was based on a formula established by the contract issuer and was reviewed periodically for resetting.

The contract met the fully benefit-responsive investment contract criteria and, accordingly, was reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer. Management was not aware of any such events that were probable of occurring as of December 31, 2024.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to its scheduled maturity date.

During 2025, the Plan terminated its investment in the guaranteed investment contract. As a result, the Plan held no fully benefit-responsive investment contracts as of December 31, 2025.
