Independent Auditor's Report

To the Board of Trustees
of the IBEW Local 1158 Annuity Plan

Opinion

We have audited the accompanying financial statements of IBEW Local 1158 Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of IBEW Local 1158 Annuity Plan as of December 31, 2025 and 2024, and the changes in its net assets available for plan benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local 1158 Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 1158 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Rosenberg Rich Baker Berman, P.A. is a licensed independent CPA firm that provides attest services to its clients, and RRBB Advisors, LLC, and its subsidiary entities provide tax and business consulting services to their clients. RRBB Advisors, LLC, and its subsidiary entities are not licensed CPA firms.

To the Board of Trustees
of the IBEW Local 1158 Annuity Plan

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local 1158 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 1158 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

To the Board of Trustees
of the IBEW Local 1158 Annuity Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan:

The following brief description of the IBEW Local 1158 Annuity Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan administered jointly by IBEW Local 1158 and the Passaic Valley Sewerage Commissioners (PVSC). It was established for the benefit of eligible IBEW Local 1158 employees as of January 1, 1999. The PVSC adopted the Plan on behalf of their employees effective January 1, 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

The Plan provides retirement benefits to employees whose employment is subject to a collective bargaining agreement with the IBEW Local 1158 Union and to other non-union employees who are employed by the PVSC. The Plan also provides retirement benefits to employees of IBEW Local 1158. IBEW Local 1158 represents a separate employer adopting the Plan.

Eligibility

A covered employee is eligible to participate in the Plan upon commencement of one hour of employment with an adopting employer and attaining age twenty one, provided that they are not a non-resident alien.

Contributions

The PVSC provides benefits to their union and non-union employees pursuant to a collective bargaining agreement. The PVSC contributed one dollar and forty cents ($1.40) per hour up to a maximum of fifty-six dollars ($56) per week in 2025 and one dollar and twenty-five cents ($1.25) per hour up to a maximum of fifty dollars ($50) per week in 2024.

For the years ended December 31, 2025 and 2024, contributions on behalf of PVSC covered employees totaled $1,477,000 and $1,340,588, respectively. No employee contributions are required.

The IBEW Local 1158 provides benefits to their employees based on a discretionary formula determined each year. The IBEW Local 1158 contributed $2.50 per hour up to a maximum of forty hours per week (a maximum contribution of $5,200 per year) for each covered employee in 2025 and 2024.

For the years ended December 31, 2025 and 2024, contributions on behalf of IBEW Local 1158 covered employees totaled $55,548 and $48,850, respectively. No employee contributions are allowed or required.

Retirement

Participants will be eligible to retire and receive distribution of benefits on the later of the participant's sixty-fifth birthday or the fifth anniversary of commencement in the Plan. If a participant works past their normal retirement date, distributions will not begin until the participant actually retires. Distributions can be received by employees in the IBEW 1158 Staff Plan at age 59 1/2 related to salary deferral contributions or from qualified nonelective or qualified matching contributions. Participants of the Passaic Valley Sewerage Commission are only allowed to receive distributions upon separation of employment.

Participant Accounts

For participants employed by PVSC all allocations made on a participant's behalf are credited to a separate bookkeeping account established in the name of the participant. At the end of each Plan year, allocations are made to participant accounts and interest is credited based on the net earnings experienced by the Trust Fund for the Plan year.

1. Description of Plan (continued):

Participant Accounts (continued)

IBEW Local 1158 participants may choose to invest contributions made on their behalf into 25 mutual funds of varying type and risk. The participants are allowed to change their choices or transfer between funds through automated systems.

Vesting and Forfeitures

All participants are immediately 100% vested in their individual participant accounts and no forfeitures occur. An eligible participant may receive their distribution upon normal retirement, termination of employment, disability, or death.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date (see Note 4, Fair Value Measurements). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Employer contributions receivable are accrued for contribution revenue earned but not collected by year-end.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events Evaluation Date

The Plan evaluated the events and transactions subsequent to the date of its Statements of Net Assets Available for Plan Benefits, in accordance with FASB ASC 855-10-50, “Subsequent Events” through October 13, 2026, which is the date the financial statements were available to be issued.

3. Investments:

During the years ended December 31, 2025 and 2024, the Plan's investments (including investments bought, sold, as well as held during the years) appreciated in fair value by $1,971,872 and $1,090,741, respectively.

4. Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

(1) Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(2) Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(3) Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price reported in the active market in which the individual security is traded based on information obtained from independent quotation services (Level 1).

Common collective trust: Valued at the net asset value (NAV) of units of a collective trust. Consists of pools of investments used by institutional investors to obtain equity and fixed income market exposures by investing in funds which are intended to mirror indices such as the Standard & Poor's 500® Index, Russell 2000® Index, or a custom benchmark index. They are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts (NAV).

Investment contract: Valued at the net asset value (NAV) of the underlying registered mutual funds selected under the variable annuity contract based on observable market inputs of the funds as published on recognized market exchanges (NAV).

Assets measured at fair value on a recurring basis are summarized below:

		Assets at Fair Value as of December 31, 2025		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 657,311	$ 657,311	$ -	$ -
Total assets in fair value hierarchy	$ 657,311	$ 657,311	$ -	$ -
Common Collective Trust*	12,712,982			
Investment Contract*	1,057,039			
Investments, at fair value	$ 14,427,332			

4. Fair Value Measurements (continued):

Assets measured at fair value on a recurring basis are summarized below (continued):

		Assets at Fair Value as of December 31, 2024		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 506,301	$ 506,301	$ -	$ -
Total assets in fair value hierarchy	$ 506,301	$ 506,301	$ -	$ -
Common Collective Trust*	10,084,950			
Investment Contract*	885,879			
Investments, at fair value	$ 11,477,130			

(*) Certain investments that are measured at fair value using the net asset value per share as a practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2025 and 2024:

		December 31, 2025		
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Investment Contract	$ 1,057,039	None	Daily	30 Days
Common Collective Trust	12,712,982	None	Daily	30 Days
Total	$ 13,770,021			

		December 31, 2024		
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Investment Contract	$ 885,879	None	Daily	30 Days
Common Collective Trust	10,084,950	None	Daily	30 Days
Total	$ 10,970,829			

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of levels 1, 2, or 3.

5. Stable Value Fund:

Effective during the Plan year ended December 31, 2025, the Plan holds a fully benefit-responsive guaranteed investment contract/stable value group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) (the Contract). The Contract is maintained in the general account of John Hancock Life Insurance Company (U.S.A.). The Contract does not have specific underlying assets assigned to the Plan. John Hancock Life Insurance Company (U.S.A.) is contractually obligated to credit interest and repay principal and accumulated interest in accordance with the terms of the Contract.

The Contract is designed to provide participants with preservation of principal and a stable rate of return. Contract value represents contributions made under the Contract, plus credited interest, less participant withdrawals, transfers, hardship withdrawals, plan distributions, and applicable administrative expenses. Contract value is the relevant measurement attribute for the portion of the Plan's net assets available for benefits attributable to the Contract because the Contract is fully benefit-responsive. Accordingly, the Contract is presented in the accompanying Statement of Net Assets Available for Benefits at contract value.

Participant-initiated withdrawals and transfers, including withdrawals for plan distributions, hardship withdrawals, and transfers to other Plan investment options, are paid at full contract value, subject to the terms of the Contract and the Plan. Transfers from the Contract to competing investment options are subject to a 90-day equity wash provision. Competing investment options generally include other stable value investments, money market funds, and most fixed income funds with a duration of three years or less.

The crediting rate is established by John Hancock Life Insurance Company (U.S.A.) and is generally reset on January 1 and July 1 of each year. The crediting rate is generally guaranteed for a six-month period and is subject to a minimum crediting rate of 1.0%. The crediting rate in effect at December 31, 2025 was 3.50%.

The guarantee of principal and interest under the Contract is backed solely by the assets of John Hancock Life Insurance Company (U.S.A.). If John Hancock Life Insurance Company (U.S.A.) were unable to meet its obligations under the Contract, there is no assurance that the guarantee of principal and interest would be honored.

Certain events may limit the ability of the Plan to transact at contract value with John Hancock Life Insurance Company (U.S.A.). Such events include, but are not limited to, premature termination of the Contract by the Plan, termination of the Plan, bankruptcy of the Plan sponsor, mergers, spin-offs, significant layoffs, plant closings, early retirement incentives, or other employer-initiated events. Management believes that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is not probable as of December 31, 2025.

Withdrawals initiated by the Plan sponsor may be paid immediately subject to a market value adjustment or, alternatively, may be paid at full contract value over a period of five years, in accordance with the terms of the Contract. In addition, certain events and circumstances may allow John Hancock Life Insurance Company (U.S.A.) to terminate the Contract and settle at an amount different from contract value, as provided in the Contract.

The fair value of the Contract approximated contract value by a trivial amount as of December 31, 2025. Because the Contract is fully benefit-responsive, the Contract is reported at contract value and is not included in the Plan's fair value hierarchy disclosures for investments measured at fair value.

6. Nonparticipant-Directed Investments:

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31,	
	2025	2024
Net Assets:		
Investments at fair value:		
Common Collective Trust	$ 12,712,982	$ 10,084,950
Stable Value Fund	42,524	-
Mutual Funds	657,311	506,301
Total investments at fair value	13,412,817	10,591,251

Liabilities	(26,250)	(24,250)
	$ 13,498,480	$ 10,669,660

	Years Ended December 31,	
	2025	2024
Changes in Net Assets:		
Contributions	$ 1,499,087	$ 1,340,588
Interest and Dividends	19,789	44,659
Net Appreciation	1,856,261	980,925

Administrative Expenses	(65,589)	(105,197)
Benefits Paid to Participants	(437,236)	(549,784)
	$ 2,828,820	$ 1,645,065

7. Plan Termination:

In the event of a termination or partial termination of the Plan, or in the event of complete discontinuance of contributions, each employee shall have a non-forfeitable right to the assets remaining after providing for the expenses of the Plan and for the payment of any accumulated share. Each participant shall receive that part of the total remaining assets in the same ratio as his or her accumulated share bears to the aggregate amount of the accumulated shares of all participants.

8. Parties-in-Interest:

The Plan's investments are held at VOYA and John Hancock, thus these entities are parties-in-interest. Also, certain other professionals, officers and employees of the Plan perform administrative functions and are compensated by the Plan. Such transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the IRS and ERISA rules on prohibited transactions.

9. Tax Status:

The Plan has been restated as of January 1, 2022 by adopting a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties:

Investment Risk: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentrations: As of December 31, 2025 and 2024, there were only two contributing employers. There exists the possibility that contributions could be reduced significantly due to changing circumstances and conditions, which would have a significant negative impact on the Fund.
