INDEPENDENT AUDITOR'S REPORT

To the Profit-Sharing Committee
General Beverage and General Beer Profit Sharing Plan
Madison, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of General Beverage and General Beer Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of General Beverage and General Beer Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of General Beverage and General Beer Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about General Beverage and General Beer Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of General Beverage and General Beer Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about General Beverage and General Beer Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- Description of plan and significant accounting policies

The following brief description of General Beverage and General Beer Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The participating employers have adopted, with subsequent amendments, the OneAmerica Financial Partners, Inc. (OneAmerica) Defined Contribution Pre-Approved Plan with the most recent restatement effective June 1, 2022. The Plan was originally adopted on June 28, 1965.

On January 1, 2025, Voya Retirement Insurance and Annuity Company (VRIA) acquired the OneAmerica Financial full-service retirement plan business. As part of the transaction, VRIA purchased OneAmerica Retirement Services LLC and OneAmerica Investment Advisory Services. As a result, effective December 8, 2025, the Plan changed its trustee and asset custodian from Matrix Trust Company (Matrix) to Voya Institutional Trust Company (Voya).

General

The Plan is a defined-contribution plan with elective deferral 401(k) features covering all full-time employees of the participating employers, all of which are part of a controlled group, (General Beverage Sales Co., General Beer Distributors Co., General Beverage Sales Co. Oshkosh, General Beverage Sales Co. Milwaukee, General Beer Distributors Co. Milwaukee, General Beer Northeast, Inc., General Beer Northwest, Inc., T&T Corporation, W-M Investments, LLC, Wisconsin Brewery, LLC, and Bela, LLC) – (herein collectively referred to as "the company" or "employer") who have no minimum service requirement, and all part-time employees of the company who have one year of service (1,000 hours). Effective January 1, 2025, employees must be age 18 or older to be eligible to participate in the Plan (21 prior to January 1, 2025). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Profit-Sharing Committee oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-0789974, and the Plan's number is 001.

Contributions

Each year, participants may contribute up to 60% percentage of pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by the Internal Revenue Code (IRC). Participants may also contribute rollover amounts representing distributions from other qualified defined-contribution or defined-benefit plans to a separate participant's rollover account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan contains an automatic enrollment provision in which all newly eligible employees will be enrolled in the Plan with a deferral totaling 3% of eligible compensation if they do not make a deferral election within 30 days of employment. The Plan also includes an automatic deferral rate increase of 1% per year, up to a maximum of 7% of compensation. Participants can elect to waive participation from the auto-enrollment or auto-escalation or elect an amount less or more than 3%.

NOTE A -- Description of plan and significant accounting policies (Continued)

Contributions (Continued)

The company may make a discretionary matching contribution. In 2025, the employer's discretionary matching contribution was 50% of the participant's contribution to the Plan, up to 3% of compensation, which totaled approximately $593,000. The company, as approved by the Board of Directors, also has the right to make discretionary profit-sharing contributions to be allocated to participants in accordance with the Plan agreement. In 2025, the company made discretionary profit-sharing contributions of 0.25% of eligible compensation, which totaled approximately $103,000. In order to receive a discretionary match and profit-sharing contribution, a participant must be employed on the last day of the Plan year and have worked 1,000 hours, died, or became disabled during the Plan year. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's discretionary contributions, (b) Plan earnings, (c) forfeitures of terminated participants' nonvested accounts and (d) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocation of employer contributions are based on participants' compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits the rollover of funds from other qualified plans to a participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service. Participants who attain retirement age, as defined, or terminate employment due to death or disability are 100% vested in their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. A maximum of one loan is allowed at a time, not to exceed two loans in a calendar year. The applicable rate of interest on new loans is the Wall Street Journal prime rate, unless for the purchase of a primary residence, then the rate is the 15-year mortgage rate. The loans are secured by the balance in the participant's account and currently bear interest at rates that range from 3.25% to 8.50%. Principal and interest is paid ratably through payroll deductions.

Benefits

On termination of service due to death, disability, retirement (age 65) or termination of employment, a participant may elect either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial lump-sum amount less than the entire vested account balance not to be less than $1,000, or installment distributions over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). A participant with an account valued at less than $7,000 shall receive a lump-sum distribution. The Plan permits in-service distributions upon reaching age 59 ½. In addition, hardship distributions are permitted if certain criteria are met.

NOTE A -- Description of plan and significant accounting policies (Continued)

Forfeited accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $32,000. These accounts will be reallocated as additional employer profit sharing contributions. In 2025, approximately $33,500 in forfeited non-vested accounts were reallocated.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Profit-Sharing Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought, sold, and held during the year.

Contributions

Contributions from the Plan participants, matching contributions from the employer, and profit sharing contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is based on the expected credit losses considering the Plan’s historical losses, existing economic conditions, and the financial stability of the employer.

Payments of benefits

Benefits are recorded when paid.

NOTE A -- Description of plan and significant accounting policies (Continued)

Administrative expenses

All administrative expenses are paid by the Plan. The administrative expenses consist of trustee and asset custodian fees and recordkeeping fees.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and adjustment to net appreciation/depreciation in fair value of investments. The plan distributed the 2025 excess contributions to the applicable participants in March 2026. The plan distributed the 2024 excess contributions to the applicable participants in in March 2025.

Subsequent events

The financial statements have not been updated for subsequent events occurring after October 14, 2026, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after that date.

NOTE B -- Information certified by the trustee and asset custodian

Certain information related to investments, cash surrender value of life insurance, cash, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, cash surrender value of life insurance, and cash held at December 31, 2025 and 2024, and interest, dividends, net appreciation, other income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix and Voya, the trustees and asset custodians of the Plan.

NOTE C -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

		Fair value measurements at reporting date using:		
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2025

Investments measured at net asset value [1]	10,838,760	0	0	0
Investments at fair value	$ 90,721,375	$ 79,882,615	$ 0	$ 0

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE C -- Fair value measurements (Continued)

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Money market funds. Valued based on quoted net asset values of the shares held by the Plan at year-end.

- Stable value collective trust fund. A stable fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

NOTE C -- Fair value measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
OneAmerica Stable Value Fund	$10,957,637	N/A	Daily	N/A

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
OneAmerica Stable Value Fund	$10,838,760	N/A	Daily	N/A

NOTE D -- Party-in-interest transactions

Matrix and Voya are the trustees and asset custodians of the Plan and OneAmerica Retirement Services, LLC (OARS) and VRIA are the Plan recordkeepers, and are therefore designated parties-in-interest. The Plan also invested in a OneAmerica collective trust fund during 2025.

Recordkeeping fees, investment fund fees, trustee/custodial service fees, and other administrative fees were paid by the Plan to OARS for services provided in 2025. OARS pays trustee/custodial service fees to Matrix, and paid the investment fund fees to Matrix, on the Plan's behalf. These party-in-interest transactions occur in the course of ordinary business and are exempt transactions. Amounts paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

OARS also provided a credit to the Plan based on participation in a collective investment fund during 2025. The revenue was credited (rebated) to the Plan as additional income and used to pay Plan administrative expenses. During 2025, approximately $48,500 received from OARS under this arrangement was used to pay Plan administrative expenses and is included in other income on the Statement of Changes in Net Assets Available for Benefits.

Fees were also paid by the Plan during the year for other professional services rendered by OneAmerica Investment Advisory Services, LLC. This transaction also qualifies as a party-in-interest transaction.

NOTE E -- Plan termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their allocated employer contributions.

NOTE F -- Tax status

The OneAmerica Financial Partners, Inc. Defined Contribution Pre-Approved Plan that the Plan has adopted effective June 1, 2022, obtained its latest opinion letter on August 19, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 104,516,949	$ 91,815,372
Employer contributions receivable	(695,876)	0
Employee contributions receivable	(49,285)	0
Accrued expenses	28,392	32,761
Excess contributions payable	4,950	17,211
Net assets available for benefits per the Form 5500	$ 103,805,130	$ 91,865,344

NOTE H -- Reconciliation of financial statements to Form 5500 (Continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Changes in net assets available for benefits per the financial statements	$ 12,701,577
Change in employer contributions receivable	(695,876)
Change in employee contributions receivable	(49,285)
Change in excess contributions payable	(12,261)
Change in accrued expenses	(4,369)
Net income per the Form 5500	$ 11,939,786

NOTE I -- Plan amendment

Effective January 1, 2025, the Plan was amended to lower the eligibility age requirement from age 21 to age 18 for all contribution types. All other eligibility service requirements remained unchanged.

NOTE J -- Excess contributions payable

The Plan failed the discrimination test for the year ended December 31, 2025. Excess contributions, adjusted for the appreciation in value of investments, amounting to $4,950 are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits and as a reduction of participant-directed contributions for the year and adjustment to net appreciation in fair value of investments. The Plan has reimbursed these excess contributions to its participants during March 2026. For purposes of the Form 5500, these excess contributions are not recorded until the year paid.

The Plan failed the discrimination test for the year ended December 31, 2024. Excess contributions, adjusted for the appreciation in value of investments, amounting to $17,211 are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits and as a reduction of participant-directed contributions for the year and adjustment to net appreciation in fair value of investments. The Plan has reimbursed these excess contributions to its participants during March 2025. For purposes of the Form 5500, these excess contributions are not recorded until the year paid.
