Independent Auditors' Report

To the Plan Administrator
The CNA Corporation Retirement Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The CNA Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The CNA Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of The CNA Corporation Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The CNA Corporation Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The CNA Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

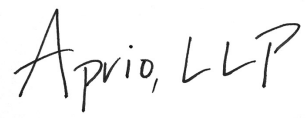

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of The CNA Corporation Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of The CNA Corporation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule referred to above.

1. Description of the Plan

The following description of the The CNA Corporation Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of The CNA Corporation (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Employer contributed matching contributions for all participants except those part time employees who normally work less than 20 hours per week. If a part-time employee completes 1,000 hours of service in an eligibility computation period, the employee shall become eligible to receive Employer matching contributions. The Employer matching contributions are based on the below table:

Year(s) of Service	Salary reduction contribution	Employer matching contribution
0-9	1.00%	1.6%
	2.00%	3.2%
	3.00%	4.8%
	4.00%	6.4%
	5.00%	8.0%
10-19	1.00%	2.3%
	2.00%	4.5%
	3.00%	6.8%
	4.00%	9.0%
20 or more	1.00%	3.3%
	2.00%	6.7%
	3.00%	10.0%

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer's matching contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the rates currently being charged by commercial lending institutions. Principal and interest are paid directly to the Plan by the participant.

Transfers between custodians: Participants are permitted to transfer funds from their Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF") accounts into their TIAA Traditional Annuity Accounts at any time. However, transfers out of the TIAA Traditional Non-Benefit Responsive Annuity Accounts into any TIAA or CREF account by an active participant can only be made through a Transfer Payout Annuity which provides for the transfer of funds in substantially equal installments over a period of ten years for Retirement Annuity ("RA"). Additionally, subject to the restrictions noted above, participants are able to transfer funds between Fidelity Management Trust Company ("Fidelity") and TIAA-CREF accounts.

Payment of benefits: Benefits are payable upon retirement at age 65, early retirement at age 55, disability, death or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum, installment and annuity payments. Effective April 1, 2025, the Plan was amended to also permit ad hoc or partial distributions. The balances of participants who choose a lifetime annuity income option are liquidated and used to purchase an annuity contract directly with TIAA.

Vesting: Participants are vested immediately in all contributions, plus actual earnings thereon.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Employer. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. Investment consulting fees are also charged to participants based on account balances.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Participant contributions and the related Employer matching contributions are recognized in the period the participant contribution is withheld from compensation.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 10, 2026, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, the trustee and insurance companies of the Plan.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the shares of the mutual funds and units of exchange trade funds under the self-directed brokerage account option is based on quoted net asset values on the last business day of the Plan year.

The unit values of the CREF variable annuities and the pooled separate account are reported based on quoted market values listed by NASDAQ on the last day of the Plan year.

The TIAA Traditional Non-Benefit Responsive Annuity Accounts are reported at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and interest credited to the contract less any withdrawals. Contract value is deemed to approximate fair value based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts. See further discussion in Note 5. In determining the reasonableness of the valuation methodology, the Plan administrator evaluated a variety of factors including existing contracts, economic conditions and TIAA's overall credit rating.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 328,536,381	$ -	$ -	$ 328,536,381

Total assets within the fair value hierarchy	$ 497,099,898	$ -	$ 88,285,719	$ 585,385,617

The table below presents changes in assets classified in Level 3 of the fair value hierarchy during the year ended December 31, 2025, attributed to the following:

	Level 3 Assets Non-benefit responsive insurance annuity accounts
Purchases	$ 9,704,872
Issuances	-
Transfers into Level 3	-
Transfers out of Level 3	-

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value 12/31/2025	Fair Value 12/31/2024	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA non-benefit responsive insurance annuity account (RA)	$ 88,294,604	$ 88,285,719	Discounted Cash Flow	Risk-adjusted discount rate applied	3.55%-6.50%

5. Insurance annuity contracts

The Plan participates in the TIAA Traditional Annuity, an investment contract with TIAA. The contract is segregated into non-benefit and fully benefit responsive categories. TIAA commingles the assets of the contract with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income, based on the rate schedule in effect at the time the premium is credited. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value. The contract has no maturity date and there is no market value adjustment upon discontinuance.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. A portion of the annuity contract is non-benefit responsive as it requires withdrawals in the form of a lifetime payout annuity or in periodic installments. The Retirement Annuity (RA) contracts require installments over a ten-year period. When a participant's accumulated balance in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a purchase of annuity contract in the Statement Changes in Net Assets Available for Benefits. In 2025, annuity contracts totaling $637,418 were purchased on behalf of Plan participants.

6. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

7. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax status

The Plan is a volume submitter plan of Fidelity Workplace Services LLC which received an opinion letter on August 7, 2017, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan loans

Participants may borrow directly from TIAA. Plan loans may be requested by a participant, and collateralized using a participant's TIAA Traditional Annuity account balance in an amount equal to 110% of the outstanding loan balance. A Plan loan is not treated as a distribution from the Plan and is not considered a Plan asset. Therefore, Plan loans are not reported on the Statements of Net Assets Available for Benefits. Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 45% of the participant's TIAA Traditional Annuity account balance in the Plan. Loans may be further limited by the funding vehicles.

As of December 31, 2025 and 2024, participant accounts in the TIAA Traditional Annuity account totaling approximately $16,500 and $15,700, respectively, served as collateral for outstanding Plan loan balances. At December 31, 2025, the interest rate of the Plan loan was 4.22%.

10. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Fidelity, TIAA and CREF, the trustee and insurance companies. Fidelity, TIAA and CREF are the trustee, insurance companies and recordkeepers as defined by the Plan. The Plan paid approximately $252,000 of recordkeeping, investment advisory, auditing and other administrative expenses to Fidelity, TIAA, CREF, the Plan's investment advisor and the Plan's auditor. These transactions qualify as exempt party-in-interest transactions.

The Plan has revenue sharing agreements with TIAA-CREF and Fidelity where the Plan receives an agreed amount from the service provider that can be used to pay for allowable Plan administration expenses. Any remaining revenue sharing balance, after expenses are paid, is allocated back to the participant accounts that generated the credit based on the respective account balances. The Plan received $326,951 and $150,000 from TIAA-CREF and Fidelity, respectively, for the year ended December 31, 2025. During 2025, $53,650 and $81,000 from TIAA and Fidelity, respectively, was used to pay investment advisory and auditing fees. A total of $249,700 and $75,000 of other income from TIAA and Fidelity, respectively, was allocated back to the participants for the year ended December 31, 2025. These transactions qualify as exempt party-in-interest transactions. The balance in the Fidelity account at December 31, 2025 and 2024 was $6,865 and $10,751, respectively. The balance in the TIAA-CREF account at December 31, 2025 and 2024 was $117,925 and $84,620, respectively.

11. Insufficient accounts recorded and supporting documents

The Plan is a collection of individual contracts with respect to which participants can engage in a range of investment actions without the consent or involvement of the Employer. Each Plan participant maintains his or her own personal contract relationship with the vendor, TIAA. Following adoption of new 403(b) regulations in July 2007 (which became effective for the year ended December 31, 2010), the Employer undertook action to obtain prior year Plan account records. TIAA provided historical plan-level reports, but only for the year ended December 31, 2009. Accordingly, the Plan is unable to provide sufficient accounting records and supporting documents related to annuity and custodial accounts issued to current and former employees prior to January 1, 2009.

12. Subsequent events

Effective January 1, 2026, the Plan was amended to add an Employer discretionary matching contribution.

The Plan was amended and restated effective July 1, 2026, to adopt a pre-approved 403(b) plan of Fidelity Workplace Services LLC, which received an opinion letter on November 29, 2024, in which the IRS stated that the form of the plan documents was acceptable under the applicable requirements of the IRC. Effective with the amendment and restatement, the Employer match was no longer a stated or fixed contribution. The Employer continues to provide a matching contribution based on groups defined by years of service as an Employer discretionary matching contribution. No other significant Plan provisions were affected by the amendment and restatement.

Effective August 12, 2026, the Plan discontinued salary deferral contributions to the TIAA-CREF platform. Beginning on that date, all future participant and Employer contributions are directed to investment options held through Fidelity. In connection with this transition, on August 12, 2026, certain investment balances held at TIAA-CREF were transferred to Fidelity. Approximately $29 million of Plan assets were transferred as part of this conversion.
