Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Old National Bank Pooled Employer Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Old National Bank Pooled Employer Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, including the application of the liquidation basis for 2025.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Old National Bank Pooled Employer Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter— Basis of Accounting, Plan Termination and Plan of Liquidation

As discussed in Notes 1 and 2 to the financial statements, the Pooled Employer Plan Committee approved a plan of liquidation in 2025, and Plan management determined that liquidation is imminent. Accordingly, the Plan prepared its 2025 financial statements using the modified cash basis of accounting, incorporating liquidation-related measurement and disclosure considerations. The 2024 financial statements were prepared on an ongoing modified cash basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, including the application of the liquidation basis for 2025; and for determining that this basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Old National Bank Pooled Employer Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, including the application of the liquidation basis for 2025.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, including the application of the liquidation basis for 2025.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (in liquidation) and schedule of delinquent participant contributions for the year ended December 31, 2025 (in liquidation) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements using the modified cash basis of accounting, incorporating liquidation-related measurement and disclosure considerations. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Old National Bank Pooled Employer Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a Pooled Employer Plan (PEP) established by Old National Bank, the Pooled Plan Provider (PPP). The Plan was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) on January 1, 2021. The Plan is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under sections 401(a) and 501(a) of the Internal Revenue Code of 1986, as amended (IRC or Code). The Plan is intended to constitute a multiple employer plan, as described under Code sections 410(a), 411, 413, and 415. Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination and Plan of Liquidation

In October 2025, the Pooled Employer Plan Committee approved the termination of the Plan effective December 15, 2025, and management determined that liquidation was imminent. See Note 6 for additional information regarding the Plan termination and liquidation and Note 3 for the transfer of funds for certain Participating Employers related to the termination of the PEP.

Except as modified by the Plan termination, the following Plan provisions apply under the Plan.

Eligibility

Employees of a Participating Employer are eligible to participate if they satisfy the eligibility requirements specified in the Participating Employer’s adoption agreement. These requirements may be based on age, service, employee classification, or other applicable criteria. Eligible employees may make elective contributions and receive allocations of employer contributions as specified in the applicable adoption agreement and Plan provisions.

Contributions

Eligible participants may elect to contribute a percentage of eligible compensation, as defined by the Plan and the applicable Participating Employer’s adoption agreement, on a pre-tax or Roth basis. Participating Employers may elect safe harbor or non-safe harbor contribution provisions and applicable compensation definitions. Eligible participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of contributions among the investment options offered by the Plan. Contributions are subject to applicable Internal Revenue Service limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participating Employers may elect automatic enrollment and escalation features. If elected, the Participating Employer automatically withholds a specified percentage of an eligible employee's compensation, as provided in its adoption agreement, unless the employee affirmatively elects not to participate. Contributions for automatically enrolled participants are invested in the designated default fund until change by the participant.

Under their adoption agreements, Participating Employers may elect to make safe harbor, matching, nonelective, prevailing wage, qualified nonelective, or qualified matching contributions to the Plan. Participating Employers may also elect to make true-up matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Participating Employers' contributions (if applicable), and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Participating Employer contribution portion of their accounts, plus actual earnings thereon, is based on years of service, ranging from immediate vesting to six-year graded or cliff vesting, as elected by each Participating Employer. Notwithstanding the above, participants become fully vested in the Participating Employer contributions upon reaching normal retirement age, death, or total or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the PPP, which is the prime rate plus 1% on the second business day of the month in which the loan is requested. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in the participant's account in the form of a lump-sum distribution or installments, based on the Participating Employer's adoption agreement. The Plan allows in-service distributions if a participant reaches age 59½ and hardship distributions, subject to the Participating Employer's adoption agreement. As defined in the Participating Employer's adoption agreement, if the balance of a terminated participant's account is between $1 and $7,000, the PPP may authorize the benefit payment to be rolled into an individual retirement account in the participant's name without the participant's consent.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts can be used to pay administrative expenses and to reduce Participating Employer contributions. Forfeited nonvested accounts as of December 31, 2025 and 2024, totaled $13,594 and $18,090, respectively. There were $19,558 of forfeitures used to pay administrative expenses for the year ended December 31, 2025. There were $2,735 of forfeitures used to reduce Participating Employer contributions for the year ended December 31, 2025.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the modified cash basis of accounting, incorporating liquidation-related measurement and disclosure considerations, which differs from accounting principles generally accepted in the United States of America. As discussed in Note 1, the Pooled Employer Plan Committee decided to terminate the Plan effective December 15, 2025, and management determined that liquidation was imminent. Accordingly, the Plan applied liquidation-basis measurement and presentation principles within its modified-cash-basis financial reporting framework for the 2025 financial statements. The 2024 financial statements were prepared on an ongoing modified cash basis.

Under the liquidation principles applied for 2025, assets are stated at the estimated amounts expected to be collected upon settlement or disposition during the liquidation process, and liabilities are stated at their estimated settlement amounts. Investments are stated at fair value, which approximates the amounts the Plan expects to collect. As of December 31, 2025, the Plan had insignificant accrued liquidation costs or expected investment income through completion of the liquidation, based on reasonable estimates.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting, incorporating liquidation-related measurement and disclosure considerations, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. For 2025, these estimates include amounts expected to be collected or settled during the liquidation process. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Participating Employer contributions are recorded in the year in which the contributions are received by the Plan.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Reasonable expenses of the Plan, including trustee, legal, advisory, fiduciary, and service-provider expenses, are paid by the Plan unless otherwise paid by the PPP or the Participating Employers. Expenses paid by the PPP or the Participating Employers are excluded from these financial statements. Investment-related expenses are included in net appreciation in the fair value of investments.

Plan Transfers

Transfers in or out of the Plan are recognized when the cash for the transaction is received or disbursed.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

NOTE 3 TRANSFER OF FUNDS

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2025, transfers into the Plan from other qualified plans totaled $-0-, and transfers out totaled $34,701,815.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Charles Schwab Trust Bank, a qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments as of December 31, 2025 (in liquidation) and 2024 (ongoing), and investment income (loss) for the year ended December 31, 2025 (in liquidation), in the accompanying financial statements and ERISA-required supplemental schedule.

Old National Wealth Management, a qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of an investment asset held by one Participating Employer as of December 31, 2025 (in liquidation) and 2024 (ongoing), in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Money Market Funds – Valued at the closing net asset value (NAV) per share which equals cost which is based on an active market.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust Fund – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Real Estate – Valued based on independent appraisals of the property. All appraisals are based on the highest and best use of the property and take into account market data with regard to recent comparable sales. Adjustments are made for dissimilarities that typically provide a range of value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025 (In Liquidation)			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 994	$ -	$ -	$ 994
Mutual Funds	4,048,122	-	-	4,048,122

Total Investments at Fair Value	$ 4,049,116	$ 95,807	$ 50,000	$ 4,194,923

	2024 (Ongoing)			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 195,002	$ -	$ -	$ 195,002
Mutual Funds	37,939,158	-	-	37,939,158
Collective Investment Trust Fund	-	1,415,694	-	1,415,694
Other Asset	-	-	129,170	129,170
Total Investments at Fair Value	$ 38,134,160	$ 1,415,694	$ 129,170	$ 39,679,024

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Undeveloped Land for commercial use	$640,000	Sales Comparison Approach per appraisal	Identification of comparable properties, evaluation of properties in terms of areas of comparison with adjustments made for differences in property and sale characteristics	$0.29 - $4.27 per square foot	$3.52

NOTE 6 PLAN TERMINATION

In October 2025, the Pooled Employer Plan Committee approved the termination of the Plan effective December 15, 2025, and management determined that liquidation was imminent. The Plan administrator notified Participating Employers of the termination and their available distribution and plan spin-off options in accordance with the amended Plan provisions and completed the applicable termination notices.

During the liquidation period, participant account balances, adjusted for allocated investment income or loss and applicable administrative expenses through the date of distribution, will be distributed or transferred in accordance with the Plan document, the applicable Participating Employer's election, and participant elections, as applicable.

The Plan will continue investment and administrative activities necessary to complete the liquidation and settle its obligations. See Note 2 for information regarding the accounting treatment of estimated liquidation costs and investment income through completion of the liquidation.

As discussed in Note 3, plan transfers related to Participating Employer terminations and plan spin-offs totaled $34,701,815 during the year ended December 31, 2025. The remaining net assets are attributable to participant accounts associated with those Participating Employers that remained in the Plan as of December 31, 2025, and are in the process of transferring their respective plan assets out of the Plan.

Termination of the PEP does not terminate the separate business operations of the Participating Employers. Participating Employers remain responsible for fulfilling their obligations under the Plan until their respective plan assets are transferred out of the Plan.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis, incorporating liquidation-related measurement and disclosure considerations.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter from the IRS on the pre-approved plan dated July 13, 2021, indicating that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the opinion letter. However, the PPP believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management evaluates whether the Plan has taken an uncertain tax position that is more likely than not to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by a qualified institution of the Plan; therefore, the related investment transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants that are secured by the balances in the participants' accounts; these loans also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 NONEXEMPT TRANSACTIONS

During the year ended December 31, 2025, certain Participating Employers did not remit employee 401(k) deferral contributions and loan repayments to the Plan within the time frame prescribed by the Department of Labor. These late remittances constitute prohibited transactions under ERISA and the IRC. The PPP is in the process of correcting the delinquent contributions and loan repayments.
