INDEPENDENT AUDITORS' REPORT

To the Trustees, Plan Administrator, and Participating Employees of
Peak Dental Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Peak Dental Services 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Plan Benefits for the years then ended, and the related Notes to Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC ("Empower") and Fidelity Management Trust Company ("Fidelity") as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by Empower and Fidelity agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The Schedule of Assets (Held at End of Year) ("the Supplemental Schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplemental Schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplemental Schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplemental Schedule, we evaluated whether the Supplemental Schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the Supplemental Schedule, other than the information in the Supplemental Schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the Supplemental Schedule related to assets held by and certified to by Empower and Fidelity agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN AND BASIS OF PRESENTATION

Description of Plan

The following description of the Peak Dental Services ("the Company") 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all full-time employees of the Company who have completed two consecutive months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Basis of Presentation

The Plan presents its financial statements in accordance with accounting principles generally accepted in the United States ("GAAP") as outlined in the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC"). The ASC is the single source of authoritative accounting principles applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP.

Contributions

Each year, participants may defer a portion of their pretax compensation into the Plan, not to exceed certain Internal Revenue Code ("IRC") limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. In addition, effective January 1, 2025, participants who are ages 60-63 are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. According to the Plan agreement, the employer is matching according to safe harbor matching rules. As of December 31, 2025 and 2024, the safe harbor matching contribution was equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% of eligible compensation contributed to the Plan each plan year.

The Company may, at its discretion, contribute to the Plan an amount as a discretionary contribution as determined by the Company's trustees. Participants direct the investment of these discretionary contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. There were no other discretionary or profit-sharing employer contributions to the Plan during 2025 or 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of employer contributions and forfeitures and is reduced for withdrawals and benefit payments.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Participant Accounts (Continued)

Participant accounts are further credited or charged with an allocation of earnings or losses and any fees or expenses paid from the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Plan forfeitures may be used to reduce certain plan expenses that are incurred by, or are attributable to, a particular participant based on use of a particular plan service. Plan forfeitures may also be applied to reduce the contributions of the Company, including discretionary contributions. Forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated to participants, as a reduction of Company contributions, during the Plan years ended December 31, 2025 and 2024. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $18,361 and $24,375, respectively.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. With regard to non-elective profit sharing and discretionary matches, vesting in the Company's contributions plus earnings thereon is based on years of continuous service. A participant is not vested in the Company's contributions until three years of continuous service has been obtained. A participant is 100% vested in the Company's contributions after three years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or under certain circumstances, annual installments whether for life or for at least 15 years and thereafter for life. Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through lump-sum distribution. In general, if the participant's account balance, as defined in the Plan's agreement, is greater than $5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. However, regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in lump sum if the account balance is less than the involuntary cash-out amount.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Notes Receivable from Participants

A participant may borrow against their vested deferral (participant directed) account balances, including cumulative earnings thereon. The maximum amount that a participant may borrow is (a) $50,000, reduced by the excess, if any, of the highest outstanding balance of loans to the participant from all plans maintained by the Company or an affiliated entity during the one year period ending on the day before the date on which such loan is made over the outstanding balance of loans from the Plan on the date on which such loan is made or (b) 50% of the value of the participant's vested deferral (participant directed) account balance under the Plan, whichever is less. The minimum loan amount is $1,000. Each participant may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at reasonable rates which are commensurate with local prevailing rates as determined by the Plan's administrator at the time of the loan. As of December 31, 2025, the loans bear interest at 5.25 - 10.50%. Principal and interest are paid through direct payroll deductions. No loans may exceed five years of existence, unless determined the use of the loan is for the purpose of the Participant's principal residence.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's records are kept on the accrual basis of accounting. All significant assets, liabilities, income, and expenses are recorded when an event or obligation occurs rather than when cash is received or disbursed.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's administrator and the Company to make estimates that affect certain reported amounts of net assets available for plan benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Related fees are recorded as administrative fees and are expensed when they are incurred.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits. As of December 31, 2025 and 2024, excess contributions payable to the Plan were $-0- and $4,028, respectively.

Employer Contributions

As of December 31, 2025 and 2024, there were no employer contributions due to the Plan.

Employee Contributions

As of December 31, 2025 and 2024, there were no employee contributions due to the Plan.

Administrative Fees

The significant costs of administering the Plan are absorbed by the Company. Certain administrative fees of the Plan (primarily audit fees) are paid by the Company. The Plan permits the payment of plan expenses to be made from the Plan's assets. Administrative fees incurred as a direct result of a participant's activities under the Plan are deducted from the participant's account.

NOTE 3 – OPTIONAL PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTIES IN INTEREST

The Company has absorbed substantially all costs of the Plan such as accounting and administrative fees. Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan. Certain plan investments are shares of mutual fund and guaranteed investment accounts managed by parties related to Empower Trust Company, LLC ("Empower") (01/01/2024 – 10/18/2024) and Fidelity Management Trust Company ("Fidelity") (10/19/2024 – 12/31/2025).

Fidelity is the trustee as defined by the Plan as of December 31, 2025 and 2024. Empower served as trustee through October 18, 2024, the effective date of the trustee transition. These transactions qualify as party-in-interest. Party-in-interest transactions also include notes receivable from participants.

NOTE 5 – RISKS AND UNCERTAINTIES

Investment Risks

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 6 – FAIR VALUE MEASUREMENT

Investments are stated at fair value. FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENT (Continued)

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. These funds are quoted prices in active markets and are classified within Level 1 of the valuation hierarchy.

The following table presents by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	
Mutual funds	$ 16,211,250	$ -	$ -	**$ 16,211,250**
Total Investments, at fair value	$ 16,211,250	$ -	$ -	**$ 16,211,250**

The following table presents by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	
Mutual funds	$ 13,578,688	$ -	$ -	**$ 13,578,688**
Total Investments, at fair value	$ 13,578,688	$ -	$ -	**$ 13,578,688**

The Guaranteed Investment Contract of $295,518 and $354,329 as of December 31, 2025 and 2024, respectively, is reported at contract value and is excluded from the fair value hierarchy table above. See Note 9.

NOTE 7 – INCOME TAX STATUS

The Plan is designed upon a prototype plan document written by the trustee for its retirement plan customers. The prototype plan has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, and qualifies for exemption from income taxes based upon Section 401(a) of the IRC. The Plan's administrator has not requested a separate determination letter for the Plan; however, the Plan's administrator believes that the Plan is designed in accordance with the applicable requirements of the IRC. The Plan has been amended since the date of the prototype plan opinion letter. However, the Plan's administrator believes the Plan, as amended, remains in accordance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 8 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE, UNAUDITED

The financial data included in the accompanying financial statements as of and for the years ended December 31, 2025 and 2024 and Schedule of Assets (Held at End of Year) as of December 31, 2025, has been certified as complete and accurate by Fidelity, a qualified institution. The following certified information was obtained by management and agreed to or derived from information certified as complete and accurate and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest and dividends, interest on notes receivable from participants and net appreciation in fair value of investments.

NOTE 9 – GUARANTEED INVESTMENT CONTRACT

Lincoln Financial Group

On August 19, 2024, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln Financial Group totaling $295,518 and $354,329 as of December 31, 2025 and 2024, respectively, and maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

(Continued)

NOTE 9 – GUARANTEED INVESTMENT CONTRACT (continued)

The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. As of December 31, 2025, the crediting rate was 3.90%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value, as contract value is the relevant measure for this investment, it is excluded from the fair value hierarchy. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln Financial Group, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued and determined that there were no significant events that should be included in these notes through that date.
