Report of Independent Auditors

Independent Auditor's Report

To the Plan Administrator of
Northrim Bank Savings Incentive Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Northrim Bank Savings Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northrim Bank Savings Incentive Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northrim Bank Savings Incentive Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northrim Bank Savings Incentive Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northrim Bank Savings Incentive Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northrim Bank Savings Incentive Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Northrim Bank Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – Northrim Bank (the Company) is a commercial bank that serves south-central Alaska, south-east Alaska, Fairbanks and Nome. The Company has established a defined contribution pension plan for the benefit of its employees, as well as the employees of its wholly-owned subsidiary, Residential Mortgage, LLC, who are not part of collective bargaining units, unless the applicable collective bargaining agreement provides for coverage under the Plan. The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company who are at least 18 years old become eligible to contribute to the Plan on their hire date. Employees become eligible to receive the mandatory employer matching contribution in the same manner. Northrim Bank employees are eligible for the service-based contributions at the date upon which they complete one year of service and attain the age of 18. The entry date for this portion of the Plan is on the January 1, April 1, July 1, or October 1 coincident with or following the date that the service requirements are met.

Contributions

Participant contributions – Each year, participants may contribute 1% to 100% of pretax annual compensation, as defined by the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals for Northrim Bank employees are automatically increased annually by 1%, up to a maximum auto-deferral of 6%.

Employer match and discretionary contributions – For Northrim Bank employees, the Company determines the amount of matching contributions the Company will make each year. For the year ended December 31, 2025, the Company matched 100% of Northrim Bank employee contributions, up to 6% of eligible compensation deferred to the Plan. The Company matches 100% of Residential Mortgage, LLC, employee contributions, up to 3.5% of eligible compensation deferred to the Plan. Additionally, the Company may make a discretionary contribution where employees are grouped based on years of service, with the individual employees within each group sharing in the discretionary contribution on a pro-rata basis. Participants who are Northrim Bank employees must be employed on the last day of the year to receive discretionary contributions from the Company, unless termination during the year was for retirement, disability, or death. For the year ended December 31, 2025, there were no discretionary contributions made.

Contributions are subject to regulatory limitations.

Investment options – Upon enrollment in the Plan, a participant may direct their contributions and all non-Northrim BanCorp, Inc., stock employer matching contributions to any of the investment options offered by the Plan. Of the matching and discretionary contributions made to Northrim Bank employees, 20% is made in Northrim BanCorp, Inc., common stock that can be transferred to any of the investment options offered by the Plan by participants at any time. Fund options offered to participants of the Plan are governed by an investment policy statement. This investment policy statement details the types of investments that are offered by the Plan, the process for selecting investments and investment managers, and the standards for ongoing monitoring and evaluation of the investments and investment managers by the Plan Advisory Committee (PAC). From time to time, fund options offered to participants of the Plan will be replaced when those funds no longer comply with the investment policy statement and, in the opinion of the PAC, the failure to comply cannot be corrected in a timely manner.

During 2018, the Northrim BanCorp, Inc., common stock held by participants was transferred into a unitized fund, which means participants do not own shares of Northrim BanCorp, Inc., but rather own an interest in the unitized fund. The fund consists of common stock and cash equivalents to meet the fund's daily cash needs. Unitizing the fund allows for daily trades. The value of a unit reflects the combined fair value of the Northrim BanCorp, Inc., common stock and cash held by the fund. The Plan owns the underlying assets of shares in common stock and the underlying cash.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and the earnings thereon. Participants hired before December 31, 2013, are 100% vested in the qualified required employer matching contributions, whereas the required matching contributions for employees hired after December 31, 2013, are subject to the vesting schedule below. Similarly, vesting of discretionary contributions for all participants is based upon the following schedule:

Years of Service	Percentage Vested
Less than 2 years	0%
2 years	33%
3 years	67%
4 years or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 10 years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2025, the rates of interest on outstanding loans ranged from 4.25% to 9.50% with various maturities through July 2035.

Participant withdrawals – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan may automatically distribute the value of any accounts with vested benefits of $1,000 or less as lump-sum distributions for terminated participants annually.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and will be used to reduce future Company contributions. As of December 31, 2025 and 2024, there were $91,883 and $51,374, respectively, of forfeited nonvested accounts. For the year ended December 31, 2025, Company matching contributions were reduced by $60,234 from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuations – The investments are stated at fair value. The Plan's trustee, Charles Schwab Trust Bank, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

Effective January 1st, 2026, Sallyport Commercial Finance, a wholly-owned subsidiary of Northrim Bank, adopted the Plan and its employees began contributing to the plan. The assets held under the prior plan were rolled over from their prior recordkeeper to the Plan effective April 30th, 2026.

Effective October 1st,2026, the Plan was transitioned to recordkeeper and trustee, Fidelity. Plan assets were valuated at 4 PM EST on September 30th, 2026 and assets were transferred in kind or wired to Fidelity on October 1st, 2026.

Subsequent events through October 14th, 2026, which is the date the financial statements were available to be issued.

Note 3 – Investments

Nonparticipant-directed investments – Northrim BanCorp, Inc., common stock contributed to the Plan by the employer is a nonparticipant-directed investment. The following information about the net assets and the significant components of the changes in net assets includes all Northrim BanCorp, Inc., stock contributed to the Plan by the employer:

	December 31,	
	2025	2024
Net assets		
Northrim BanCorp, Inc., common stock fund	$ 10,786,819	$ 8,879,441

	Year Ended December 31, 2025
Changes in net assets	
Net appreciation	$ 3,332,572
Contributions	388,367
Benefits paid to participants	(1,878,442)
Transfers from participant-directed investments	64,881
	$ 1,907,378

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock fund – Northrim BanCorp, Inc., common stock is held by participants in a unitized fund, which means participants do not own shares of Northrim BanCorp, Inc., but rather own an interest in the unitized fund. The fund consists of common stock and cash equivalents to meet the fund's daily cash needs. Unitizing the fund allows for daily trades. The value of a unit reflects the combined fair value of the Northrim BanCorp, Inc., common stock and cash held by the fund. The Plan owns the underlying assets of shares in common stock and the underlying cash.

Collective trust (or fund) – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses by level at fair value the fair value hierarchy of the Plan's investments as of December 31, 2025:

	Fair Value Measurement at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 95,923,006	$ -	$ -	$ 95,923,006

Total assets in the fair value hierarchy	$ 93,354,543	$ -	$ -	93,354,543
Investments measured at NAV practical expedient				6,436,077
Investments at fair value				$ 99,790,620

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

The Plan may invest in mutual funds, which include securities with contractual cash flows, which may include asset-backed securities, collateralized mortgage obligations, and commercial mortgage backed securities. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuer's changes in interest rates.

Note 7 – Information Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee, Charles Schwab Trust Bank.

	December 31,	
	2025	2024
Participant-directed investments at fair value	$ 103,179,579	$ 90,911,179
Fair value of Northrim BanCorp, Inc., common stock fund	10,786,819	8,879,441
Net appreciation in fair value of investments	13,280,185	10,247,644
Dividends	3,899,921	3,393,707
Interest	57,074	57,157

Additionally, the December 31, 2025, cost basis of Northrim BanCorp, Inc., common stock of $3,350,303 as reflected in the supplemental schedule, is certified as complete and accurate by the trustee, Charles Schwab Trust Bank.

Note 8 – Party-in-Interest Transactions

Plan assets invested in Northrim BanCorp, Inc., common stock qualify as party-in-interest transactions. Additionally, Northrim BanCorp currently holds a passive, minority position in Pacific Wealth Advisors, the parent company of the Plan's investment advisor, Pacific Portfolio Consulting, LLC. There were no fees paid to Pacific Portfolio Consulting, LLC, paid by the Plan for the year ended December 31, 2025.

Plan assets include $7,332 and $49,881 of noninterest-bearing cash held with Charles Schwab Trust Bank that qualifies as a party-in-interest transaction for 2025 and 2024 respectively. Administrative expenses paid by the Plan include $24,926 paid to Charles Schwab Trust Bank for the year ended December 31, 2025.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2025	2024
Net assets available for Plan benefits per the financial statements	$ 115,304,786	$ 101,443,534
Less benefits payable	(29,332)	(71,455)
Net assets available for Plan benefits per Form 5500	$ 115,275,454	$ 101,372,079

The following is a reconciliation of the change in net assets available for benefits between the financial statements and the Form 5500 for the year ended December 31:

	2025
Change in net assets per the financial statements	$ 13,861,252
Add prior year benefit payable	71,455
Subtract current year benefit payable	(29,332)
Net income per Form 5500	$ 13,903,375

At December 31, 2025, there were pending trades to acquire and dispose of shares of the collective trust fund and various mutual funds, which caused a difference between the Form 5500 and the financial statements. This difference does not impact net assets available for benefits.

Other differences between amounts reported in the Form 5500 and the financial statements are classification only and do not impact net assets available for benefits.
