REPORT

Independent Auditor's Report

To the Plan Administrator of Insurance Office of America, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of the Insurance Office of America, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation as of December 31, 2025 (liquidation basis), the statement of net assets available for benefits as of December 31, 2024 (ongoing basis), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation of Insurance Office of America, Inc. Employee Stock Ownership Plan as of December 31, 2025 (liquidation basis), the net assets available for benefits as of December 31, 2024 (ongoing basis), and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Insurance Office of America, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 7 to the financial statements, the Plan was converted to a profit sharing plan, frozen, and terminated effective at the end of the day on November 6, 2025, and management determined that the liquidation of the Plan became imminent as of that date. Accordingly, the Plan changed its basis of accounting from the going concern basis to the liquidation basis as of November 6, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether liquidation of the Plan is imminent and, if so, whether the liquidation basis of accounting has been appropriately applied.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Insurance Office of America, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- evaluate whether it is appropriate for management to use the liquidation basis of accounting and, if so, whether the liquidation basis of accounting has been appropriately applied.

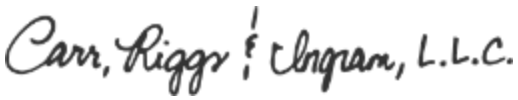

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 (liquidation basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Insurance Office of America, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan (ESOP) established effective January 1, 2003, as restated January 1, 2016. The Plan covers all employees of Insurance Office of America, Inc.; Eagle American Insurance Agency, LLC; IOA Group, LLC; IOA National, Inc.; IOA Properties, LLC; MatchUp Promotions, LLC; USA Telecom Insurance Services, LLC; SimplyIOA, LLC; and Payroll Office of America, LLC, (the Companies) who have completed 6 months of employment and are age 21 or older, except employees under a collective bargaining agreement, non-resident aliens, independent contractors, the Chief Financial Officer, Chief Operations Officer, and individuals who own any membership units of IOA Group, LLC, leased employees who do not constitute more than 20% of the non-highly compensated employees, contracted employees, and Board of Directors. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan's ESOP committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

As discussed in Note 7, the Plan was converted to a profit sharing plan, frozen, and terminated effective at the end of the day on November 6, 2025, and management determined that liquidation of the Plan became imminent as of that date.

Contributions

Each year, the Companies may make contributions, in the form of common stock or cash, to the Plan. Contributions for each year are never less than the amount required to enable the Plan to meet its current distribution requirements, as defined by the Plan. Employee contributions are not permitted. Participants who are not employed on the last working day of a Plan year are generally not eligible for an allocation of Companies contributions for such year.

Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with, on the last day of each plan year, an allocation of the Companies' common stock shares released from the unallocated account, as well as forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Companies as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated, as defined in the plan agreement, to each participant's account based on the ratio of the participant's account balance to all participants' account balances.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of lump sum cash payment. Distributions are made in cash or, if the participant elects, in the form of Companies common stock plus cash for any fractional share of common stock. The amount to be distributed is based upon the immediately preceding valuation date.

Forfeited accounts

Plan forfeitures are first used to pay plan expenses and any remaining forfeitures are allocated to each participant's account in the same manner in which the Companies contributions are allocated. At December 31, 2025 there were no forfeited nonvested accounts. During 2025, no amounts were applied to plan activities from forfeited nonvested accounts.

Put option

Under federal income tax regulations, the Companies stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Companies buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Companies can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants who are at least 55 years old and have participated in the Plan for at least 10 years (a Qualified Participant). During each of the first five years of eligible diversification, a Qualified Participant may withdraw up to 25% of the value of their investment in Companies common stock, less any shares previously diversified, and transfer the amount as a rollover into another qualified plan or as a cash withdrawal. In the sixth and subsequent years, the percentage amount that can be withdrawn increases to 50%. The election to diversify is made subsequent to year-end based upon the shares of Companies stock in the participant's account at year-end. For the year ended December 31, 2025, $0 was transferred from the Plan to another qualified contribution plan sponsored by the Companies.

2. Summary of Accounting Policies

Basis of Accounting

The Plan was converted to a profit sharing Plan, frozen, and terminated effective at the end of the day on November 6, 2025 pursuant to the Fifth Amendment to the plan document. Management determined that liquidation of the Plan became imminent as of November 6, 2025. Accordingly, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis of accounting as of December 31, 2025, in accordance with FASB ASC 205-30, *Presentation of Financial Statement - Liquidation Basis of Accounting*.

Under the liquidation basis of accounting, assets are stated at their estimated realizable values and liabilities are stated at their estimated settlement amounts, and the Company pays any costs through the completion of the liquidation. The accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 and the accompanying Statement of Net Assets in Liquidation as of December 31, 2025 have been prepared on the liquidation basis of accounting. The change in basis of accounting was applied prospectively and prior periods were not restated.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's ESOP committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 14, 2026, the date the financial statements were available to be issued. See Note 10 for relevant disclosures.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. The Plan changed its valuation technique as of December 31, 2025 as the Plan transferred all investments in company common stock to mutual funds.

Company common stock: Valued at estimated fair value based on an independent third-party appraisal using a combination of widely used valuation approaches, including the market and income valuation techniques. The appraiser considered inputs such as historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Companies assets and liabilities, along with a discount for lack of marketability where appropriate.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, all investments in employer company stock were sold and the proceeds were used to purchase mutual funds.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	2024	Principal Valuation Technique	Significant Unobservable Inputs
Company common stock	$ 8,635,464	Income	EBITDA, net income, weighted average cost of capital, discount rate, discount for lack of marketability

4. Investment in Common Stock

The Plan's investments in the Companies's common shares at December 31, 2024 are presented in the following table:

	2024
Number of shares	3,999
Cost	$ 1,716,971
Estimated fair value	$ 8,635,464

5. Related-Party and Party In Interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

The Plan previously invested in Companies common stock. These are related party and party in interest transactions. As described in Note 2, the Companies may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

6. Plan Termination

Effective November 6, 2025, the Company terminated the Plan. No new participants shall enter the Plan after this date. Each Participant who is an active Employee or is an inactive employee who has an accrued benefit under the Plan which has not been forfeited or distributed as of the termination date shall be fully vested in all accounts. No contributions shall be made under the Plan after the termination date. Any unallocated forfeitures shall be allocated to the accounts of the participants. No distributions shall be made in the form of employer securities after the termination date. If a participant received a distribution from the Plan during the current plan year prior to the closing based on the December 31, 2024 fair market value, the Company will contribute to such Participant's account an amount equal to the excess of the per share price of Employer Securities received by the Plan under the Purchase Agreement over the per share price determined by the 2024 valuation multiplied by the participant's vested shares that were paid. The Plan shall cease to be an ESOP and shall be converted to a profit sharing plan. As soon as administratively practicable following the Plan termination date, each participant who makes an election during the specified election window shall receive a single-sum cash distribution of 80% of their account in the Plan with the remainder to be distributed in a cash lump sum following the Company's receipt of a favorable Determination Letter and disbursement of the entire remaining balance owed to the Trust under the Purchase Agreement.

7. Tax Status

The IRS has determined and informed the Companies by a letter dated August 3, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter and the plan administrator has submitted an application for a new determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan investments consist primarily of mutual funds, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the value of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

Management of the Plan evaluated all events or transactions that occurred after December 31, 2025 through October 14, 2026, the date the Plan's financial statements were available to be issued.

The Plan made cash distributions of 80% of participant account balances for participants who made an election during the distribution window in May 2026.
