Independent Auditors' Report

To the Plan Administrator of the
Inventus Power 401(k)

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Inventus Power 401(k), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Inventus Power 401(k)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets all the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Inventus Power 401(k) and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate basis to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inventus Power 401(k)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Inventus Power 401(k)'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Inventus Power 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing

standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Inventus Power 401(k) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Inventus Power, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible to participate in the Plan on the first day of each month following one month of service and the attainment of at least 18 years of age. Prior employees of both ICC Nexergy, Inc. and Palladium Energy, Inc. are credited with service from the previous employer to determine eligibility for the Plan.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value collective trust fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a set deferral rate of 5% of compensation, unless they affirmatively elect not to participate. The Plan also provides that the Employer shall make a safe harbor matching contribution equal to 100% of the first 5% of an eligible participant's compensation that is contributed to the Plan. In addition, the Employer may make discretionary contributions in amounts determined by the Employer's Board of Directors; however, during 2025 or 2024 there were no such Employer discretionary contributions to the Plan.

Participant's accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based upon the participant's earnings or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their own contributions and the Employer's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their account, plus actual earnings thereon, is based on years of continuous service and is subject to the following vesting schedule:

Years of Service	Vesting
Less than 1	0%
1	20%
2	100%

For employees of Palladium Energy, Inc. who were hired prior to January 1, 2016, the above vesting schedule applies, except that such employees are 33% vested after one year of service and 100% vested after two years of service.

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In addition, participants may elect to receive hardship withdrawals, as defined in the Plan agreement.

Benefits are recorded when paid.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled to $2,313 and $1,090, respectively. Forfeitures from employer matching contributions will first be used to pay administrative expenses of the Plan and then be used to reduce future employer contributions. In 2025, forfeitures amounting to $0 were used to pay administrative expenses of the Plan ($8,065 in 2024). $510 and 0 forfeitures were used to reduce employer contributions in 2025 or 2024.

Note 2. Summary of significant accounting policies

Basis of accounting and use of estimates

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document. During the year ended December 31, 2025, delinquent loans reclassified as benefit payments were $47,859 ($9,004 for 2024).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4. Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan and as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are considered to be actively traded.

Investment measured at net asset value

The investment measured at net asset value (NAV) represents units in the Invesco Stable Value Fund, which is a stable value collective trust fund that invests in investment contracts and security-backed contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations would be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4. Fair value measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025:				
Mutual funds	$ 41,366,478	$ 41,366,478	$ -	$ -
Total investments in the fair value hierarchy	41,366,478	41,366,478	-	-
Investment measured at net asset value	1,134,925	-	-	-
Investments at fair value	$ 42,501,403	$ 41,366,478	$ -	$ -
December 31, 2024:				
Mutual funds	$ 33,689,929	$33,689,929	$ -	$ -
Total investments in the fair value hierarchy	33,689,929	33,689,929	-	-
Investment measured at net asset value	1,165,749	-	-	-
Investments at fair value	$ 34,855,678	$33,689,929	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

It is the policy of the Plan to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers into or out of Level 3.

Note 5. Related party transactions

Certain Plan investments were shares of mutual funds managed by Fidelity, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for administrative expenses were $18,424 and $28,141 for the years ended December 31, 2025 and 2024, respectively.

Certain other administrative expenses of maintaining the Plan are paid by the Employer on behalf of the Plan. These expenses, however, are not material to the financial statements.

A certain employee of the Employer has been appointed as Plan administrator for the Plan. This employee is also a participant in the Plan. The employee does not receive any compensation from the Plan for services performed as Plan administrator.

Note 6. Income tax status

The Employer has adopted a non-standardized pre-approved profit sharing plan offered by FMR LLC. The Internal Revenue Service has determined and informed FMR LLC by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 8. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of differences between these financial statements and financial information reported on Schedule H of Form 5500 as of and for the years ended December 31, 2025 and 2024.

	Dec. 31, 2025	Dec. 31, 2024

Net change in net assets available for benefits as presented in Schedule H of Form 5500	$ 7,612,525	$ 4,578,794

Schedule H of Form 5500 was prepared using the cash basis of accounting while these financial statements were prepared using the accrual basis of accounting.

Note 9. Subsequent Plan amendments

The Plan previously implemented mandatory provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and SECURE 2.0 (2023). Formal amendments to the Plan, as needed, are expected to be adopted prior to the deadline set by law or applicable regulations.

Note 10. Information prepared and certified by the trustee

The following information included in the accompanying financial statements, the notes to the financial statements, and the supplemental schedule of assets (held at end of year) was obtained from data that has been certified to as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Independent Auditors' Report

To the Plan Administrator of the
Inventus Power 401(k)

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Inventus Power 401(k), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Inventus Power 401(k)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets all the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Inventus Power 401(k) and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate basis to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inventus Power 401(k)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Inventus Power 401(k)'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Inventus Power 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing

standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Inventus Power 401(k) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Inventus Power, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible to participate in the Plan on the first day of each month following one month of service and the attainment of at least 18 years of age. Prior employees of both ICC Nexergy, Inc. and Palladium Energy, Inc. are credited with service from the previous employer to determine eligibility for the Plan.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value collective trust fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a set deferral rate of 5% of compensation, unless they affirmatively elect not to participate. The Plan also provides that the Employer shall make a safe harbor matching contribution equal to 100% of the first 5% of an eligible participant's compensation that is contributed to the Plan. In addition, the Employer may make discretionary contributions in amounts determined by the Employer's Board of Directors; however, during 2025 or 2024 there were no such Employer discretionary contributions to the Plan.

Participant's accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based upon the participant's earnings or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their own contributions and the Employer's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their account, plus actual earnings thereon, is based on years of continuous service and is subject to the following vesting schedule:

Years of Service	Vesting
Less than 1	0%
1	20%
2	100%

For employees of Palladium Energy, Inc. who were hired prior to January 1, 2016, the above vesting schedule applies, except that such employees are 33% vested after one year of service and 100% vested after two years of service.

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In addition, participants may elect to receive hardship withdrawals, as defined in the Plan agreement.

Benefits are recorded when paid.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled to $2,313 and $1,090, respectively. Forfeitures from employer matching contributions will first be used to pay administrative expenses of the Plan and then be used to reduce future employer contributions. In 2025, forfeitures amounting to $0 were used to pay administrative expenses of the Plan ($8,065 in 2024). $510 and 0 forfeitures were used to reduce employer contributions in 2025 or 2024.

Note 2. Summary of significant accounting policies

Basis of accounting and use of estimates

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document. During the year ended December 31, 2025, delinquent loans reclassified as benefit payments were $47,859 ($9,004 for 2024).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4. Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan and as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are considered to be actively traded.

Investment measured at net asset value

The investment measured at net asset value (NAV) represents units in the Invesco Stable Value Fund, which is a stable value collective trust fund that invests in investment contracts and security-backed contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations would be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4. Fair value measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025:				
Mutual funds	$ 41,366,478	$ 41,366,478	$ -	$ -
Total investments in the fair value hierarchy	41,366,478	41,366,478	-	-
Investment measured at net asset value	1,134,925	-	-	-
Investments at fair value	$ 42,501,403	$ 41,366,478	$ -	$ -
December 31, 2024:				
Mutual funds	$ 33,689,929	$33,689,929	$ -	$ -
Total investments in the fair value hierarchy	33,689,929	33,689,929	-	-
Investment measured at net asset value	1,165,749	-	-	-
Investments at fair value	$ 34,855,678	$33,689,929	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

It is the policy of the Plan to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers into or out of Level 3.

Note 5. Related party transactions

Certain Plan investments were shares of mutual funds managed by Fidelity, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for administrative expenses were $18,424 and $28,141 for the years ended December 31, 2025 and 2024, respectively.

Certain other administrative expenses of maintaining the Plan are paid by the Employer on behalf of the Plan. These expenses, however, are not material to the financial statements.

A certain employee of the Employer has been appointed as Plan administrator for the Plan. This employee is also a participant in the Plan. The employee does not receive any compensation from the Plan for services performed as Plan administrator.

Note 6. Income tax status

The Employer has adopted a non-standardized pre-approved profit sharing plan offered by FMR LLC. The Internal Revenue Service has determined and informed FMR LLC by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 8. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of differences between these financial statements and financial information reported on Schedule H of Form 5500 as of and for the years ended December 31, 2025 and 2024.

	Dec. 31, 2025	Dec. 31, 2024
Net assets available for benefits as presented in these financial statements	$ 42,891,656	$ 35,279,188

Net change in net assets available for benefits as presented in Schedule H of Form 5500	$ 7,612,525	$ 4,578,794

Schedule H of Form 5500 was prepared using the cash basis of accounting while these financial statements were prepared using the accrual basis of accounting.

Note 9. Subsequent Plan amendments

The Plan previously implemented mandatory provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and SECURE 2.0 (2023). Formal amendments to the Plan, as needed, are expected to be adopted prior to the deadline set by law or applicable regulations.

Note 10. Information prepared and certified by the trustee

The following information included in the accompanying financial statements, the notes to the financial statements, and the supplemental schedule of assets (held at end of year) was obtained from data that has been certified to as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
