REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Didion Milling, Inc. 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Didion Milling, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at year end) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Didion Milling, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan of Didion Milling, Inc. (the Company or the Employer) and was established effective September 1, 1982. The Plan covers substantially all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Two officers of the Company serve as the Trustees of the Plan. Transamerica Life Insurance Company (Transamerica Life) and Reliance Trust Company (Reliance Trust) served as custodians and Transamerica Life served as recordkeeper of the Plan through June 28, 2024, at which point Transamerica Trust Company (Transamerica Trust) and Transamerica Life became the custodians and Transamerica Life continued as the recordkeeper.

Eligibility

Employees are eligible to participate in the Plan on the first day of the month following the attainment of the eligibility criteria, which is defined as reaching the age of 18 and the completion of two months of service. Eligibility to receive safe harbor Company contributions is attained upon reaching the age of 18 and completion of six months of service.

Contributions

Participants can elect to contribute up to 100% of their eligible compensation as defined by the Plan, subject to certain limitations as defined within the Internal Revenue Code (IRC). These elective contributions are specifically allocated to the account of the individual participant. Participants may also make rollover contributions to the Plan. Safe harbor Company contributions are made by the Company equal to 100% of the participant's elective contributions that do not exceed 5%. Additionally, the Employer may make a profit-sharing contribution to the Plan at the discretion of Plan management. No such contribution was made for the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's elective contributions and an allocation of the safe harbor Company contribution and plan investment income. Allocations are based on participant compensation or account balances, as defined in the Plan agreement. The Plan allows participants to invest their account balances between or among separate investment funds established by the Custodians within the trust. A participant may change the rate of elective contributions and catch-up contributions on any day. Participants are subject to loan origination and annual loan maintenance fees.

Vesting

Participants are immediately vested in their elective contributions, including rollover amounts, plus actual earnings thereon, as well as the safe harbor Company contributions.

Payment of Benefits

Any benefits provided by the Plan are paid from the net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by their vested participant's account balance. The method of distribution will be determined by an election made by the plan participant. The participant can elect a lump-sum distribution or installment payments for a specified term as defined in the Plan

agreement. In-service distributions are permitted from the following accounts: elective contributions, including rollover amounts, contributions held in a participant's qualified non-elective contribution account, and safe harbor Company contributions.

Notes Receivable From Participants

The Plan allows loans to be taken out by plan participants. These loans are secured by participants' account balances. Each participant is allowed to have a maximum of one outstanding loan at any given time. Participants may borrow from their vested accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of his or her vested account balance. The term for repayment of the loan may not exceed five years, unless the loan qualifies as a primary residence loan. The repayment period for these loans may not exceed 30 years. Principal and interest is paid ratably through payroll deductions. The interest charged to the participant shall be at a rate equal to the federal prime rate in effect on the date the loan is made plus 1.00%. The interest rate on participant loans outstanding at December 31, 2025 and 2024 ranged from 4.5% to 9.5%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been consistently applied in the preparation of the accompanying financial statements follow:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Except for the Plan's group annuity contract (see Note D), the Plan's investments are held by the custodians and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain Plan expenses (such as investment-related fees and record-keeping fees) are recorded as an offset to investment income. Certain expenses associated with specific participant activity (such as participant loan fees) are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Plan groups plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily quoted net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds (CTFs) - CTFs are valued at the NAV of units of a collective trust is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,813,127	$ -	$ -	$ 15,813,127
Interest bearing cash	3,687	-	-	3,687
Total assets in the fair value hierarchy	$ 15,816,814	$ -	$ -	15,816,814
Investments at NAV [(a)]				10,670,063
Total investments				$ 26,486,877

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,984,373	$ -	$ -	$ 13,984,373
Interest bearing cash	2,975	-	-	2,975
Total assets in the fair value hierarchy	$ 13,987,348	$ -	$ -	13,987,348
Investments at NAV [(a)]				7,737,568
Total investments				$ 21,724,916

[(a)] Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments. Certain reclassification adjustments have been made to the previously reported table above to conform to the current year presentation.

NOTE D - GROUP VARIABLE ANNUITY CONTRACT

The Plan holds a group variable annuity contract with Transamerica Life totaling $734,544 and $776,687 as of December 31, 2025 and 2024, respectively. Transamerica Life maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The fund is fully benefit responsive.

The terms of the contract require all plan permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Contract value represents contributions made, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Participants direct the withdrawal or transfer of all or a portion of their investment at contract value, which approximates fair value based on observation of recent participant investments and withdrawals at contract value; however, if an event should occur, such as a significant decline in the creditworthiness of Transamerica Life, the group variable annuity contract may no longer be considered fully benefit responsive. The Company does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The following table summarizes the ratings for Transamerica Life per the report released on March 31, 2026:

	A.M. Best Company	Moody's Investors Service, Inc.	Standard & Poor's Ratings Services
Rating	A	A1	A+

The account is credited with earnings based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the investment choice.

NOTE E - INCOME TAX STATUS

The Company is a participating employer in the TransAmerica Volume Submitter Profit Sharing Plan with cash or deferred arrangement approved by the Internal Revenue Service (IRS). The Volume Submitter Plan obtained its latest advisory letter on June 30, 2020, in which the IRS stated that the Volume Submitter Plan, as then designed, was qualified under Section 401(a) of the IRC. The Company has determined that the Plan is eligible and has chosen to rely on the current IRS advisory letter. The Plan has been amended since the date of the advisory letter. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC in all material respects.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to the participants' accounts shall become 100% vested and all unallocated amounts shall be allocated to the accounts of all participants.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

All transactions between the Plan, the Trustees, the Company and the participants are considered party-in-interest transactions. The Plan held $110,866 and $27,037 in notes receivable from participants as of December 31, 2025 and 2024, respectively.

A majority of the costs of administering the Plan are paid directly by the Company, and are excluded from these financial statements. These costs include administrative costs and audit fees and are insignificant to the total net assets of the Plan.

Certain plan investments are managed by Transamerica Life or affiliates thereof. Transamerica Life is the recordkeeper as defined by the Plan and, therefore, any transactions with Transamerica Life qualify as party-in-interest transactions.

NOTE H - INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life and Transamerica Trust have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Interest bearing cash, investments, at fair value, the fully benefit-responsive investment contract, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The schedule of assets (held at end of year) as of December 31, 2025, as shown on schedule H, line 4(i).

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
