Independent Auditors' Report

The Plan Administrator
Surgery Partners 401(k) Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Surgery Partners 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").**
- **the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Surgery Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was established to provide retirement benefits for employees of SP Management Services, Inc. (the "Plan Sponsor") and certain affiliated entities. The Plan covers substantially all full-time employees who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2025, 2024 and 2023, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan during 2025 and 2024. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Transferred Amount
Lubbock Heart Hospital, LP	Lubbock Heart Hospital, LP 401(k) Plan	6/11/2024	$ 22,334,141
Orthopedic Surgeon of Wisconsin, S.C	Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan	2/5/2025	$ 21,681,531
Innovative Pain Care, LLC	Innovative Pain Care, LLC 401(k) Plan	2/5/2025	$ 1,916,058
Sports Medicine and Orthopedic Center, S.C.	Sports Medicine and Orthopedic Center, S.C. Employees' Profit Sharing and 401(k) Savings Plan	2/13/2025	$ 9,173,056
GPDDC, LLC	GPDDC, LLC 401(k) Plan	3/3/2025	$ 2,157,519
Ridgewood Surgery and Endoscopy Center, LLC	Ridgewood Surgery and Endoscopy Center 401(k) Plan	3/3/2025	$ 487,933
JW Eye Associates, PA	JW Eye Associates, PA 401(k) Profit Sharing Plan & Trust	3/3/2025	$ 20,008,628
Great Falls Clinic	Great Falls Clinic Retirement Plan	3/3/2025	$ 42,614,983
Surgery Center of Pennsylvania, LLC	isolved 401-K Plan	3/14/2025	$ 13,342

(b) Contributions

Eligible participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth 401(k) contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limits.

The Plan Sponsor may decide to make a discretionary matching contribution to the Plan each year equal to an amount determined by the Plan Sponsor. To receive the discretionary match, participants must complete 12 months of service. The discretionary matching contributions totaled $14,161,250 and $10,262,969 in 2025 and 2024, respectively. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan Sponsor may make a profit-sharing contribution, as determined annually by the Plan Sponsor's management. To receive a profit-sharing contribution, participants must complete 12 months of service. There were no profit-sharing contributions made by the Plan Sponsor during 2025 or 2024.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor contributions, allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in Plan Sponsor discretionary contributions are based on years of continuous service. Participants' Plan Sponsor discretionary contributions vesting varies by type of matching contribution. Most Plan Sponsor discretionary contributions vest 20% after one year of service and 20% each year thereafter until they become 100% vested after five years of service, others vest over a six year period, 20% after the second year of service and 20% each year thereafter until they become 100% vested, others vest immediately.

(e) Notes receivable from participants

Each participant may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of his or her nonforfeitable account balance. The maximum length of a loan is five years unless the loan is related to a mortgage on a principal residence. The notes are secured by the balances in the participants' respective accounts and bear interest at fixed rates ranging from 4.25% to 10.50% at December 31, 2025, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant would be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor's discretionary contribution portion of their accounts. Such forfeitures are utilized to reduce Plan expenses or reduce the Plan Sponsor's future contributions to the Plan. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $934,505 and $1,480,177, respectively. Forfeitures of $1,234,197 and $536,527 were used to reduce Plan expenses and Plan Sponsor contributions in 2025 and 2024, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if a participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and notes receivable from participants are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net appreciation in fair value or contract value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value as reported by Fidelity Management Trust Company ("Fidelity"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for discussion of investment value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 14, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value or contract value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

(i) ***Mutual funds and money market fund*****: Valued at the net asset value ("NAV") of shares held by the Plan at year-end in an active market.**

(ii) ***Self-directed brokerage accounts*****: The self-directed brokerage accounts consist primarily of common and preferred stocks, exchange-traded funds, mutual funds, and fixed income securities. Investments are valued using quoted market prices in active markets for identical assets.**

(iii) ***Collective trust funds:*** **Stated at fair value based on the net asset value of the underlying assets owned by the trust. Net asset values are reported by the fund and are supported by the unit prices of actual purchases and sales transactions occurring as of or close to the financial statement date. Net asset value is a readily determinable fair value and is the basis for current transactions. The investment has no unfunded commitments and is redeemable with a 12-month notification period.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 181,858,243	$ -	$ -	$ 181,858,243
Money market fund	544,556	-	-	544,556
Self-directed brokerage accounts	19,797,785	-	-	19,797,785
Total assets in the fair value hierarchy	$ 202,200,584	$ -	$ -	202,200,584
Investments measured at NAV as a practical expedient (a)				367,770,611
Investments, at fair value				$ 569,971,195

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,877,513	$ -	$ -	$ 139,877,513
Money market fund	648,406	-	-	648,406
Self-directed brokerage accounts	170,641	-	-	170,641
Total assets in the fair value hierarchy	$ 140,696,560	$ -	$ -	140,696,560
Investments measured at NAV as a practical expedient (a)				256,693,156
Investments, at fair value				$ 397,389,716

(a) These investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments.

Description	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust fund	$367,770,611	$256,693,156	n/a	Daily	N/A

(5) Investment contract with insurance company

The Plan also holds a traditional benefit-responsive investment contract with an insurance company, Empower Annuity Insurance Company ("Empower"), totaling $11,348,431 and $12,183,629 as of December 31, 2025 and 2024, respectively. The Plan's contributions are maintained by Empower in general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting, but may not be less than 1.5%. The guaranteed investment contract does not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself did not receive a determination letter from the IRS stating that the Plan was qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and was therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulations to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions totaling $195,349 withheld in 2023, the funds were not remitted timely, and imputed lost earnings applicable to these contributions was contributed to the Plan in 2025.

(8) Party-in-interest transactions

Certain Plan investments include shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 589,096,579
Plan Sponsor contributions receivable	(1,497,407)
Participant contributions receivable	(1,441,519)

Deemed distributions excluded from transfers per Form 5500	-	(662,085)
Rollovers classified as transfers per Form 5500	121,268	122,728
Transfer into the Plan per Form 5500	$ 94,489,658	$ 47,058,757

(10) Risks and uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the financial statements.

(11) Subsequent event (unaudited)

During 2025, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan in during 2026. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Approximate Transferred Amount
Kansas Spine & Specialty Hospital, LLC	Kansas Spine & Specialty Hospital, LLC Savings Incentive Plan	2/2/2026	$ 24,315,000

Independent Auditors' Report

The Plan Administrator
Surgery Partners 401(k) Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Surgery Partners 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").**
- **the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Surgery Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was established to provide retirement benefits for employees of SP Management Services, Inc. (the "Plan Sponsor") and certain affiliated entities. The Plan covers substantially all full-time employees who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2025, 2024 and 2023, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan during 2025 and 2024. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Transferred Amount
Lubbock Heart Hospital, LP	Lubbock Heart Hospital, LP 401(k) Plan	6/11/2024	$ 22,334,141
Orthopedic Surgeon of Wisconsin, S.C	Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan	2/5/2025	$ 21,681,531
Innovative Pain Care, LLC	Innovative Pain Care, LLC 401(k) Plan	2/5/2025	$ 1,916,058
Sports Medicine and Orthopedic Center, S.C.	Sports Medicine and Orthopedic Center, S.C. Employees' Profit Sharing and 401(k) Savings Plan	2/13/2025	$ 9,173,056
GPDDC, LLC	GPDDC, LLC 401(k) Plan	3/3/2025	$ 2,157,519
Ridgewood Surgery and Endoscopy Center, LLC	Ridgewood Surgery and Endoscopy Center 401(k) Plan	3/3/2025	$ 487,933
JW Eye Associates, PA	JW Eye Associates, PA 401(k) Profit Sharing Plan & Trust	3/3/2025	$ 20,008,628
Great Falls Clinic	Great Falls Clinic Retirement Plan	3/3/2025	$ 42,614,983
Surgery Center of Pennsylvania, LLC	isolved 401-K Plan	3/14/2025	$ 13,342

(b) Contributions

Eligible participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth 401(k) contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limits.

The Plan Sponsor may decide to make a discretionary matching contribution to the Plan each year equal to an amount determined by the Plan Sponsor. To receive the discretionary match, participants must complete 12 months of service. The discretionary matching contributions totaled $14,161,250 and $10,262,969 in 2025 and 2024, respectively. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan Sponsor may make a profit-sharing contribution, as determined annually by the Plan Sponsor's management. To receive a profit-sharing contribution, participants must complete 12 months of service. There were no profit-sharing contributions made by the Plan Sponsor during 2025 or 2024.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor contributions, allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in Plan Sponsor discretionary contributions are based on years of continuous service. Participants' Plan Sponsor discretionary contributions vesting varies by type of matching contribution. Most Plan Sponsor discretionary contributions vest 20% after one year of service and 20% each year thereafter until they become 100% vested after five years of service, others vest over a six year period, 20% after the second year of service and 20% each year thereafter until they become 100% vested, others vest immediately.

(e) Notes receivable from participants

Each participant may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of his or her nonforfeitable account balance. The maximum length of a loan is five years unless the loan is related to a mortgage on a principal residence. The notes are secured by the balances in the participants' respective accounts and bear interest at fixed rates ranging from 4.25% to 10.50% at December 31, 2025, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant would be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor's discretionary contribution portion of their accounts. Such forfeitures are utilized to reduce Plan expenses or reduce the Plan Sponsor's future contributions to the Plan. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $934,505 and $1,480,177, respectively. Forfeitures of $1,234,197 and $536,527 were used to reduce Plan expenses and Plan Sponsor contributions in 2025 and 2024, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if a participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and notes receivable from participants are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net appreciation in fair value or contract value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value as reported by Fidelity Management Trust Company ("Fidelity"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for discussion of investment value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 14, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value or contract value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

(i) ***Mutual funds and money market fund*****: Valued at the net asset value ("NAV") of shares held by the Plan at year-end in an active market.**

(ii) ***Self-directed brokerage accounts*****: The self-directed brokerage accounts consist primarily of common and preferred stocks, exchange-traded funds, mutual funds, and fixed income securities. Investments are valued using quoted market prices in active markets for identical assets.**

(iii) ***Collective trust funds:*** **Stated at fair value based on the net asset value of the underlying assets owned by the trust. Net asset values are reported by the fund and are supported by the unit prices of actual purchases and sales transactions occurring as of or close to the financial statement date. Net asset value is a readily determinable fair value and is the basis for current transactions. The investment has no unfunded commitments and is redeemable with a 12-month notification period.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 181,858,243	$ -	$ -	$ 181,858,243
Money market fund	544,556	-	-	544,556
Self-directed brokerage accounts	19,797,785	-	-	19,797,785
Total assets in the fair value hierarchy	$ 202,200,584	$ -	$ -	202,200,584
Investments measured at NAV as a practical expedient (a)				367,770,611
Investments, at fair value				$ 569,971,195

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,877,513	$ -	$ -	$ 139,877,513
Money market fund	648,406	-	-	648,406
Self-directed brokerage accounts	170,641	-	-	170,641
Total assets in the fair value hierarchy	$ 140,696,560	$ -	$ -	140,696,560
Investments measured at NAV as a practical expedient (a)				256,693,156
Investments, at fair value				$ 397,389,716

(a) These investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments.

Description	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust fund	$367,770,611	$256,693,156	n/a	Daily	N/A

(5) Investment contract with insurance company

The Plan also holds a traditional benefit-responsive investment contract with an insurance company, Empower Annuity Insurance Company ("Empower"), totaling $11,348,431 and $12,183,629 as of December 31, 2025 and 2024, respectively. The Plan's contributions are maintained by Empower in general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting, but may not be less than 1.5%. The guaranteed investment contract does not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself did not receive a determination letter from the IRS stating that the Plan was qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and was therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulations to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions totaling $195,349 withheld in 2023, the funds were not remitted timely, and imputed lost earnings applicable to these contributions was contributed to the Plan in 2025.

(8) Party-in-interest transactions

Certain Plan investments include shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 589,096,579
Plan Sponsor contributions receivable	(1,497,407)
Participant contributions receivable	(1,441,519)
Net assets available for benefits per Form 5500	$ 586,157,653

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

Deemed distributions excluded from transfers per Form 5500	-	(662,085)
Rollovers classified as transfers per Form 5500	121,268	122,728
Transfer into the Plan per Form 5500	$ 94,489,658	$ 47,058,757

(10) Risks and uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the financial statements.

(11) Subsequent event (unaudited)

During 2025, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan in during 2026. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Approximate Transferred Amount
Kansas Spine & Specialty Hospital, LLC	Kansas Spine & Specialty Hospital, LLC Savings Incentive Plan	2/2/2026	$ 24,315,000

Independent Auditors' Report

The Plan Administrator
Surgery Partners 401(k) Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Surgery Partners 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").**
- **the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Surgery Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was established to provide retirement benefits for employees of SP Management Services, Inc. (the "Plan Sponsor") and certain affiliated entities. The Plan covers substantially all full-time employees who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2025, 2024 and 2023, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan during 2025 and 2024. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Transferred Amount
Lubbock Heart Hospital, LP	Lubbock Heart Hospital, LP 401(k) Plan	6/11/2024	$ 22,334,141
Orthopedic Surgeon of Wisconsin, S.C	Orthopedic Surgeons of Wisconsin, S.C. Retirement Plan	2/5/2025	$ 21,681,531
Innovative Pain Care, LLC	Innovative Pain Care, LLC 401(k) Plan	2/5/2025	$ 1,916,058
Sports Medicine and Orthopedic Center, S.C.	Sports Medicine and Orthopedic Center, S.C. Employees' Profit Sharing and 401(k) Savings Plan	2/13/2025	$ 9,173,056
GPDDC, LLC	GPDDC, LLC 401(k) Plan	3/3/2025	$ 2,157,519
Ridgewood Surgery and Endoscopy Center, LLC	Ridgewood Surgery and Endoscopy Center 401(k) Plan	3/3/2025	$ 487,933
JW Eye Associates, PA	JW Eye Associates, PA 401(k) Profit Sharing Plan & Trust	3/3/2025	$ 20,008,628
Great Falls Clinic	Great Falls Clinic Retirement Plan	3/3/2025	$ 42,614,983
Surgery Center of Pennsylvania, LLC	isolved 401-K Plan	3/14/2025	$ 13,342

(b) Contributions

Eligible participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth 401(k) contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limits.

The Plan Sponsor may decide to make a discretionary matching contribution to the Plan each year equal to an amount determined by the Plan Sponsor. To receive the discretionary match, participants must complete 12 months of service. The discretionary matching contributions totaled $14,161,250 and $10,262,969 in 2025 and 2024, respectively. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan Sponsor may make a profit-sharing contribution, as determined annually by the Plan Sponsor's management. To receive a profit-sharing contribution, participants must complete 12 months of service. There were no profit-sharing contributions made by the Plan Sponsor during 2025 or 2024.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor contributions, allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in Plan Sponsor discretionary contributions are based on years of continuous service. Participants' Plan Sponsor discretionary contributions vesting varies by type of matching contribution. Most Plan Sponsor discretionary contributions vest 20% after one year of service and 20% each year thereafter until they become 100% vested after five years of service, others vest over a six year period, 20% after the second year of service and 20% each year thereafter until they become 100% vested, others vest immediately.

(e) Notes receivable from participants

Each participant may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of his or her nonforfeitable account balance. The maximum length of a loan is five years unless the loan is related to a mortgage on a principal residence. The notes are secured by the balances in the participants' respective accounts and bear interest at fixed rates ranging from 4.25% to 10.50% at December 31, 2025, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant would be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor's discretionary contribution portion of their accounts. Such forfeitures are utilized to reduce Plan expenses or reduce the Plan Sponsor's future contributions to the Plan. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $934,505 and $1,480,177, respectively. Forfeitures of $1,234,197 and $536,527 were used to reduce Plan expenses and Plan Sponsor contributions in 2025 and 2024, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if a participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and notes receivable from participants are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net appreciation in fair value or contract value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value as reported by Fidelity Management Trust Company ("Fidelity"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for discussion of investment value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 14, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value or contract value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

(i) ***Mutual funds and money market fund*****: Valued at the net asset value ("NAV") of shares held by the Plan at year-end in an active market.**

(ii) ***Self-directed brokerage accounts*****: The self-directed brokerage accounts consist primarily of common and preferred stocks, exchange-traded funds, mutual funds, and fixed income securities. Investments are valued using quoted market prices in active markets for identical assets.**

(iii) ***Collective trust funds:*** **Stated at fair value based on the net asset value of the underlying assets owned by the trust. Net asset values are reported by the fund and are supported by the unit prices of actual purchases and sales transactions occurring as of or close to the financial statement date. Net asset value is a readily determinable fair value and is the basis for current transactions. The investment has no unfunded commitments and is redeemable with a 12-month notification period.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 181,858,243	$ -	$ -	$ 181,858,243
Money market fund	544,556	-	-	544,556
Self-directed brokerage accounts	19,797,785	-	-	19,797,785
Total assets in the fair value hierarchy	$ 202,200,584	$ -	$ -	202,200,584
Investments measured at NAV as a practical expedient (a)				367,770,611
Investments, at fair value				$ 569,971,195

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,877,513	$ -	$ -	$ 139,877,513
Money market fund	648,406	-	-	648,406
Self-directed brokerage accounts	170,641	-	-	170,641
Total assets in the fair value hierarchy	$ 140,696,560	$ -	$ -	140,696,560
Investments measured at NAV as a practical expedient (a)				256,693,156
Investments, at fair value				$ 397,389,716

(a) These investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments.

Description	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust fund	$367,770,611	$256,693,156	n/a	Daily	N/A

(5) Investment contract with insurance company

The Plan also holds a traditional benefit-responsive investment contract with an insurance company, Empower Annuity Insurance Company ("Empower"), totaling $11,348,431 and $12,183,629 as of December 31, 2025 and 2024, respectively. The Plan's contributions are maintained by Empower in general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting, but may not be less than 1.5%. The guaranteed investment contract does not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself did not receive a determination letter from the IRS stating that the Plan was qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and was therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulations to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions totaling $195,349 withheld in 2023, the funds were not remitted timely, and imputed lost earnings applicable to these contributions was contributed to the Plan in 2025.

(8) Party-in-interest transactions

Certain Plan investments include shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 589,096,579
Plan Sponsor contributions receivable	(1,497,407)

Transfer into the Plan per Form 5500	$ 94,489,658	$ 47,058,757

(10) Risks and uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the financial statements.

(11) Subsequent event (unaudited)

During 2025, the Plan Sponsor acquired various entities. As a part of these acquisitions, participant assets were transferred into the Plan in during 2026. The following table summarizes the activity:

Entity Name	Name of Plan	Transfer Date	Approximate Transferred Amount
Kansas Spine & Specialty Hospital, LLC	Kansas Spine & Specialty Hospital, LLC Savings Incentive Plan	2/2/2026	$ 24,315,000
