CNH Industrial U.S. Retirement Board
CNH Industrial U.S. Retiree Medical Savings Account Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CNH Industrial U.S. Retiree Medical Savings Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CNH Industrial U.S. Retiree Medical Savings Account Plan
Notes to Financial Statements

December 31, 2025 and December 31, 2024

1. Plan Description

The following description of the CNH Industrial U.S. Retiree Medical Savings Account Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was established on January 1, 2002 and is sponsored by Case New Holland Industrial Inc. (the Company or CNH). The Plan is a health and welfare plan designed to allow eligible employees to save for future retiree medical eligible expenses. The Plan's assets are held in a voluntary employees' beneficiary association (VEBA) trust. To be eligible to participate in the Plan, an employee must: (1) be at least age 45 or reach age 45 during the applicable Plan year; (2) have been employed on December 31, 2000, as a salaried employee of a participating company that offered retiree medical coverage on that date; and (3) be a United States citizen residing in the United States, a United States citizen residing outside the United States who is on a participating company's United States payroll, or a resident alien residing in the United States who is on a participating company's United States payroll. Employees who do not satisfy these requirements may participate solely with respect to an HRA Retiree Account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended to extend eligibility, beginning July 1, 2005, to certain active employees represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) (hired before May 14, 1998) and extend eligibility, effective January 1, 2006, to certain non-represented hourly active employees (who have future CNH retiree medical eligibility). This amendment also included special contributions for each group to be applied at stated times as detailed in the plan amendment.

Participants have the option to opt out of the Plan and waive all future benefits and reimbursements from their accounts. If participants choose to opt out of the Plan, any remaining notional balance in their accounts will be forfeited. This is also applicable for dependent spouses and children of participants.

Trustee

Empower Trust Company, LLC (the Trustee), is the Plan's trustee.

CNH Industrial U.S. Retiree Medical Savings Account Plan
Notes to Financial Statements (continued)

1. Plan Description (continued)

Funding Policy

Each year, eligible participants may contribute, on an after-tax basis, up to $2,400 to the Plan. Participant contributions accumulate tax-free earnings in the Plan. Participants will receive a matching contribution credit (MCC) from the Company equal to 50% of their contribution, with the maximum credit being $1,200 per year, plus interest at a rate based on the Moody's Corporate Bond Index at the end of each quarter. The MCC contributions and investment credits are made to a notional account established for each participant and are only available for distribution if a participant becomes eligible for retiree medical coverage through the Company. The Company funds employer contributions as needed.

Active eligible participants aged 50 and over receive an annual notional Company contribution (ACC) of $1,000. The Plan also provides for carryovers and automatic rollovers of certain unused participant HRAs earned in the Company-sponsored group health plan. Effective January 1, 2015, certain automatic rollovers will not be credited to participants' HRAs, and carryovers shall not be credited during an employee's period of employment. Instead, carryovers are allowed when an employee retires on or after age 55, with at least ten consecutive years of service.

UAW-represented participants are not eligible for MCC contributions, ACC contributions, carryovers, or automatic rollovers from HRAs.

The gross notional balance of the Company contributions to participants' accounts totaled $47,333,648 and $45,833,270 at December 31, 2025 and 2024, respectively.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and earnings, the employer matching contributions and interest credits, other Company contributions, and HRA credits, as applicable, and charged with distributions. The benefit to which a participant is allowed to claim is limited to the balance in the participant's account, provided the participant has met all the eligibility requirements.

CNH Industrial U.S. Retiree Medical Savings Account Plan
Notes to Financial Statements (continued)

1. Plan Description (continued)

Benefits Entitlement

Participants are always entitled to their contributions, plus actual earnings thereon, to use in accordance with the plan document. Participants become eligible for distributions of MCCs and other Company credits, plus interest credits, upon eligibility for retiree medical benefits through the Company's health and welfare plans. If a participant terminates employment or dies prior to becoming eligible for retiree medical coverage, the participant's Company account (MCC, other company contributions, and interest credits) will be forfeited. The Company maintains the right to amend, modify, or terminate the retiree medical benefit program. Such termination, if it would occur, will not have an adverse effect on employee contributions in the Plan.

Payment of Benefits

A participant (and/or spouse or dependent children) who becomes eligible to receive benefits under the Plan may apply for reimbursement of qualified health care premiums and qualified health care expenses. Amounts requested and not paid as of December 31, 2025 are $95,088. Reimbursements are made monthly, and benefits are not incurred until requested by the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Expenses

Administrative expenses of the Plan are paid by the Company, as provided in the plan document. No administrative expenses were paid from Plan assets during the year ended December 31, 2025.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

CNH Industrial U.S. Retiree Medical Savings Account Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value.

Mutual funds – Plan management reviewed the valuation with the plan administrators and determined the assets should be considered Level 2 due to monthly availability of the NAV and the categorization of underlying assets in the funds, which have observable inputs and therefore have a readily determinable fair value.

The following tables set forth by fair value hierarchy level, the Plan's assets carried at fair value:

	Fair Value Measurements at December 31, 2025			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	**$ 18,197,384**	**$ –**	**$18,197,384**	**$ –**
Total	**$ 18,197,384**	**$ –**	**$18,197,384**	**$ –**

	Fair Value Measurements at December 31, 2024			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 18,076,430	**$ –**	$18,076,430	$ –
Total	$ 18,076,430	**$ –**	$18,076,430	$ –

5. Plan Benefit Obligations

The amount reported as the postretirement benefit obligation represents the present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the Company at the date of the financial statements, adjusted for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, or withdrawal) between the valuation date and the expected date of payment. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their dependents and (2) active employees and their dependents after retirement from service to the Company.

Notes to Financial Statements (continued)

5. Plan Benefit Obligations (continued)

The actuarial present value of benefit obligations, as determined by the Plan's independent actuary, as of December 31, is as follows:

	2025	2024
Participants currently receiving benefits	**$ 35,364,000**	$ 34,339,000
Fully eligible active participants	**10,863,000**	11,217,000
Other active participants	**263,000**	15,000
Total plan benefit obligations	**$ 46,490,000**	$ 45,571,000

The changes in plan benefit obligations for the year ended December 31, 2025 are as follows:

Plan benefit obligations at beginning of year	$ 45,571,000
Increase (decrease) due to:	
Benefits accumulated	538,000
Interest	2,277,000
Benefits reclassified to amounts currently payable by the Company	(2,496,000)
Change in assumptions	222,000
Actuarial loss	378,000
Net increase	919,000
Plan benefit obligations at end of year	$ 46,490,000

Varies based on age, starting at 10% at age 55 for non-union (excluding Wichita), 20% at age 55 for union and Wichita non-union, to 100% at age 70.
Drawdown	Retirees are expected to draw down their account balance over 10 years from the valuation date.	Retirees are expected to draw down their account balance over 10 years from the valuation date.

5. Plan Benefit Obligations (continued)

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable.

The Plan's deficiency of net assets over benefit obligations at December 31, 2025 is expected to be funded by the Company on a pay-as-you-go basis.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become entitled to 100% of the participant contributions and earnings thereon in their accounts.

7. Income Tax Status

The trust funding the Plan has received an exemption letter from the Internal Revenue Service (IRS) dated November 23, 2004, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code) as a VEBA. The Plan and the trust are required to operate in conformity with the Code to maintain the tax-exempt status of the trust. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2022.

8. Subsequent Events

Management has evaluated subsequent events for the Plan through October 9, 2026, the date the financial statements were available to be issued.
