Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan for Employees of Community Housing Advocates, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan for Employees of Community Housing Advocates, Inc. to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the 403(b) Thrift Plan for Employees of Community Housing Advocates, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. Contributions to provide benefits under the Plan are made by plan participants. In addition, there are employer contributions made by Community Housing Advocates, Inc. (the Plan Sponsor or the Company). The Plan was originally established for employees of Mercy Housing and Shelter Corporation (Mercy). In 2018, Community Housing Advocates, Inc. (CHA) was established as a supporting organization for Mercy and My Sisters' Place, Inc. (MSP), with a common Board of Directors and executive leadership team serving all three entities. Following the formation of CHA, MSP's separate retirement plan was terminated, and its employees became eligible to participate in the Plan. In March 2020, CHA became the Plan Sponsor, and the Plan was renamed the 403(b) Thrift Plan for Employees of Community Housing Advocates, Inc., reflecting its coverage of employees of both affiliated organizations.

General

The Plan is a 403(b) defined contribution plan which covers substantially all employees. The Plan agreement was entered into and became effective December 1, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, the Plan changed from Mutual of America Life Insurance Company to Principal Trust Company as its trustee and record keeper. All plan assets previously held by Mutual of America Life Insurance Company were transferred to Principal Trust Company on March 25, 2024.

Eligibility

In order to be eligible for the employer match, employees must be age twenty-one or older.

Contributions

Plan participants may make discretionary salary deferral contributions, as defined in the Plan, subject to the limitations of the Internal Revenue Code (the Code). Upon becoming eligible, Plan participants are automatically enrolled at a 3% deferral rate, unless they choose a different percentage or to not defer. The Plan Sponsor matches 100% of each eligible employee's deferrals up to a maximum of 3% of the employee's annual compensation.

For the year ended December 31, 2025, employer elective matching contributions of $150,478, net of forfeitures applied, were remitted to the Plan. The employer contributions related to 2025 were funded by the Company throughout the year.

1. Description of Plan (continued)

Participants' Accounts

Each participant's account is credited with the participant's salary deferral contributions and allocations of any employer contributions and Plan earnings. There may also be administrative expenses charged, some of which may be based on the participant's transactions, as defined by the Plan. All contributions to the Plan are participant directed and are credited to participants' accounts when received by the Trustees of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in any salary deferral contributions made to their accounts plus actual earnings thereon. Vesting in the employer contribution portion of their accounts, plus actual earnings thereon, is based on years of service. A participant is vested according to the following schedule:

Less than 2 years of service	0%
2 years of service	25%
3 years of service	50%
4 years of service	75%
5 years of service or more	100%

Investment Options

A participant may direct contributions to any of the investment options offered by the Plan, as selected by the Plan Administrator in accordance with the Plan's investment policy, with various levels of risk tolerance. Participants may transfer their investments and modify the direction of future contributions among the various options.

Participant Withdrawals

Distributions, with certain exceptions defined in the Plan, may not be made earlier than the earliest of the date on which a participant has a severance from employment, dies, becomes disabled or attains age 65. Distributions are made in accordance with the terms of the Plan and the investment options in which the participant's individual account balance is invested. If a participant dies prior to receiving a distribution, the beneficiary is entitled to the total vested value of the account. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

1. Description of Plan (continued)

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and receive, or are deemed to receive, a distribution. Forfeitures are applied first to offset administrative expenses, then to reduce employer contributions, with any remaining balance being allocated to eligible participants. Forfeitures are allocated to eligible participants at the end of the year using the same methodology used to allocate employer matching and discretionary contributions. At December 31, 2025 and 2024, the Plan had $85 and $0 of unused forfeiture balances, respectively. During 2025, there were $25,928 of amounts forfeited which were used during 2025 to offset employer contributions in accordance with the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue all contributions and terminate the Plan subject to the provisions of ERISA. In the event of termination, Plan participants will become 100% vested in their entire account balances.

Participant Loans

Loans from the Plan are available to participants and are collateralized by a participant's account balance, with repayments made through weekly payroll deductions. Loans must be approved by the Plan Administrator, and a participant may have two loans outstanding at any time. Loans are issued for not less than $1,000 and are limited to a maximum of the lesser of 50% of a participant's vested account balance or $50,000. The interest rate will be based on the rates available for similar loans from commercial lending institutions, and range from 5.85%-8.5%. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Administrative Expenses

The Plan Sponsor pays certain Plan expenses, including legal, audit and certain investment advisory fees. Expenses of the Plan, to the extent they are not paid by the Plan Sponsor, may be paid out of the assets of the Plan provided that such payment is consistent with ERISA. Such expenses include, but are not limited to, fees incurred in connection with the payment of benefits, and certain professional and administrative fees. Expenses that relate solely to a specific participant may be assessed against such participant's individual account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, as further discussed in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan holds various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Unaudited Information - Certified by the Trustee

Information pertaining to the Plan's investments and notes receivable from participants included in the financial statements including the associated investment balances, interest and dividends, net appreciation / depreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee of the Plan, Principal Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

4. Fair Value Investments

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

4. Fair Value Investments (continued)

The following represents the valuation methods and assumptions used by the Plan to estimate the fair values of investments:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value, at December 31, 2025 and 2024, on a recurring basis are summarized below:

5. Income Tax Status

Effective June 28, 2013, the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) plans. The prototype Plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest letter in 2017 in which the Internal Revenue Service stated that the prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

6. Related Party and Party-In-Interest Transactions

Parties-in-interest, as defined under U.S. Department of Labor regulations, include Plan fiduciaries, service providers, the Plan Sponsor, and certain other related parties. Principal Trust Company, the Plan's trustee and recordkeeper, administers the Plan's investments and participant loans and is considered a party-in-interest. Additionally, the Plan Sponsor pays certain Plan expenses, including legal, audit, and investment advisory fees.

7. Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure through October 13, 2026, which is the date the financial statements were available to be issued.
