Independent Auditor's Report

To the Plan Administrator
Muscogee Nation Gaming Enterprises 401(k) Plan
Tulsa, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Muscogee Nation Gaming Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Muscogee Nation Gaming Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Muscogee Nation Gaming Enterprises 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Muscogee Nation Gaming Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Muscogee Nation Gaming Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Muscogee Nation Gaming Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Muscogee Nation Gaming Enterprises 401(k) Plan
Notes to the financial statements

Note 1: Description of Plan

The following description of the Muscogee Nation Gaming Enterprises 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Muscogee Nation Gaming Enterprises, LLC (the "Enterprises" or the "Company") which opened October 1, 2001 as restated July 27, 2022. The Plan is managed by the Board of Directors of Enterprises (the Board). The Board serves as the overall manager of Enterprises' casinos, which include River Spirit, One Fire, Muscogee, Bristow, Checotah, Duck Creek, Eufaula, Holdenville, Coweta, and Okemah casinos (collectively, the Casino). Employees of the Casino are covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). BOKF, NA is the trustee of the Plan and also serves as the Plan's contract administrator.

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no material impact on the Plan. Plan management will determine the optional provision to elect in the future.

Contributions

A full-time employee of the Enterprises may begin participation in the Plan beginning on the first day of the month following the completion of 60 consecutive days of employment. Participants are eligible for the employer discretionary matching contributions after completion of at least 1,000 hours of service in a consecutive period of 12 months. Plan entrance dates for the employer discretionary matching contributions are January 1, April 1, July 1, and October 1.

The Plan permits eligible employees through a salary deferral election to make pre-tax contributions of any whole percentage of their eligible compensation from 1% to 80%, as defined by the Plan. The pre-tax contributions and their earnings are taxable at the time of distribution. On the first entrance date following the employee becoming eligible to make salary deferrals, the Plan will automatically enroll participants at a 3% deferral rate unless the participant specifically elects a different percentage prior to the automatic enrollment date. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions.

The Company makes discretionary matching contributions to the Plan as determined by the Board. Discretionary contributions for the year ended December 31, 2025 equaled 100% of employee contributions up to 5% of employee eligible compensation. Contributions are subject to certain limitations.

The Plan also provides for discretionary profit-sharing contributions to be made as determined by the Board. For the year ended December 31, 2025, there were no discretionary profit-sharing contributions made to the Plan.

Note 1: Description of Plan (Continued)

Participant Accounts

Participants have the right to direct the investment of their account balances, including their contributions and the Company's matching contributions, into any of the various investment options managed by and offered through BOKF, NA.

Participants have access to change their investment options daily over the phone or via an online portal.

Each participant's allocations of account is credited with the participant's contributions, the Company's discretionary contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or (losses) on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants are 100% vested in the discretionary employer matching contributions or profit-sharing contributions and the earnings thereon on a cliff vesting basis after three years of service, as defined. In the event of death or disability, the participant becomes 100% vested.

Notes Receivable From Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is $7,500 or 50% of the vested account balance. In the event of a principal residence loan, the maximum allowable loan is $25,000. The number of loans a participant may have outstanding at one time is one. All loans are secured by the balance in the participant's account and are repayable over a period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the maximum loan term is 15 years. Interest on loans is based on the National Prime Interest Rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon severance of service due to death, disability, retirement, or termination, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or a direct rollover to another eligible retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $7,381 and $15,373, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2025, forfeitures used to pay plan expenses were $90,026, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company, as applicable. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the employer matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Other Receivables

Other receivables consists of securities traded before month-end, but not settled (sales proceeds coming in or purchase payment going out) as of month-end, are reflected in the asset holdings list whether purchased or sold. In order to not overstate or understate the account's cash position which will not change until trade settlement, the Due to Brokers / Due from Brokers are liability/receivable accounting entries to reflect pending trades that have been executed, but have not settled as of December 31.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Company has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 3: Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at NAV provided by the administrator of the fund using NAV as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. NAVs are based on the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

Common stocks: Valued at the daily closing price as reported by the stocks. Common stocks held by the Plan are registered with the Securities and Exchange Commission.

Interest-bearing cash: Interest-bearing cash is made up of money market funds. Money market funds are valued at net asset value (NAV). The NAV is calculated daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 12,794,980	$ -	$ -	$ 12,794,980
Interest-bearing cash	3,027,394	-	-	3,027,394
Common stocks	1,788,623	-	-	1,788,623
Total investment assets in the fair value hierarchy	17,610,997	-	-	17,610,997
Investment assets measured at NAV (a)				48,389,806
Total investment assets at fair value				$ 66,000,803

Note 3: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 10,473,920	$ -	$ -	$ 10,473,920
Interest-bearing cash	2,449,897	-	-	2,449,897
Common stocks	1,697,484	-	-	1,697,484
Total investment assets in the fair value hierarchy	14,621,301	-	-	14,621,301
Investment assets measured at NAV (a)				40,164,679
Total investment assets at fair value				$ 54,785,980

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments with Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

Mixed income	58,014	n/a	Daily	30 Days
Total	40,164,679			

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, interest-bearing and non-interest bearing cash, and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by BOKF, NA, the Trustee of the plan.

Note 5: Party-In-Interest Transactions

Certain plan investments are units of collective trusts or shares of money market mutual funds managed by BOKF, NA or one of its wholly owned subsidiaries, Cavanal Hill Investment Management. BOKF, NA is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue-sharing rather than a direct payment.

The Plan paid $127,856 for fees related to general administration, record-keeping, and trust administration for services provided by the Trustee during the year ended December 31, 2025, which are included in administrative services.

Additionally, the Plan issues notes to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Company adopted a non-standardized pre-approved plan document hat has received an IRS Advisory Letter dated June 30, 2020, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Advisory Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the . The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
