Independent Auditor's Report

To the Administrative Committee of
The Leavitt Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Leavitt Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Leavitt Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than that which agrees to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Leavitt Corporation Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Leavitt Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Leavitt Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis) , other than that agrees to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note 1 - Description of the Plan

The following brief description of The Leavitt Corporation Retirement Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established as of October 1, 2007. The Plan is a defined contribution 401(k) plan structured under the provisions of Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan document has been amended from time to time, including an amendment effective January 1, 2025.

The Leavitt Corporation (the "Company") acts as Plan administrator and controls and manages the operation and administration of the Plan. An employee of the Company acts as Plan's trustee.

Through January 31, 2025, Voya Retirement Insurance and Annuity Company ("Voya") acted as the Plan's recordkeeper and custodian, and the Plan operated under a prototype plan sponsored by Ascensus ("Ascensus"), which also served as an advisor to the Plan.

Effective February 1, 2025, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") became the Plan's recordkeeper and custodian, and The MandMarblestone Group, LLC ("MandMarblestone") became the Plan's third-party administrator. The Plan assets previously held by Voya were transferred to Principal effective March 4, 2025.

Eligibility

All employees are eligible to participate in the Plan on the first day of the month following the date the eligibility requirements are satisfied.

Contributions

Eligible employees may elect to make both pretax and post-tax (Roth) contributions to the Plan subject to certain limits determined by law and the Plan document. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch-up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the Statements of Changes in Net Assets Available for Benefits as rollover contributions.

Company Contributions

The Plan provides for a safe harbor matching contribution equal to 100% of participants' elective deferrals, not to exceed 4% of eligible earnings. In addition, the Company may make discretionary matching contributions and discretionary profit-sharing contributions in accordance with the provisions of the Plan. For the year ended December 31, 2025, the Company made safe harbor matching contributions of $200,614. No discretionary matching contributions or discretionary profit-sharing contributions were made during 2025.

Vesting

Participants are immediately vested in their elective contributions, safe harbor contributions, employer discretionary matching contributions and profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts subject to certain limits determined by law and the Plan document. The loans are secured by the balance in the participants' account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Note 1 - Description of the Plan (continued)

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax contribution or vested company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon termination after vesting, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the company's safe harbor matching contribution, and allocations of (1) company discretionary contributions and profit-sharing contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions and Company contributions, including safe harbor, discretionary matching, and profit-sharing contributions, if any, among the various investment options offered by the Plan. The Plan offers a variety of investment options, including registered investment companies and pooled separate accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Year End

The Plan utilizes a December 31 calendar year end.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies are valued at quoted market prices. Pooled separate accounts are valued at quoted redemption values that represent the net asset value ("NAV") of units held at year-end. NAV is used as a practical expedient to estimate fair value. See Note 6 for further discussion and disclosures related to fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. See Note 7 for further discussion.

Investment earnings are composed of interest, dividends, and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and

Note 2 - Summary of Significant Accounting Policies (continued)

losses on investments bought and sold, as well as investments held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2025, and 2024, respectively.

Subsequent Events

For the year-ended December 31, 2025, the Company evaluated subsequent events for potential recognition and disclosure through September 23, 2026 the date of the financial statement issuance.

Administration of Plan Assets

Effective February 1, 2025, Principal Trust Company ("Principal") became the Plan's custodian. The Plan assets previously held by Voya Retirement Insurance and Annuity Company ("Voya") were transferred to Principal effective March 4, 2025. Plan assets are held by the custodian and managed in accordance with the provisions of the Plan. Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. In addition, the Company provides certain administrative services to the Plan at no cost to the Plan.

Note 3 - Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator obtained certifications from qualified institutions as to the completeness and accuracy of certain investment information presented in the accompanying financial statements and supplemental schedules.

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company provided certification with respect to the investment information presented as of December 31, 2025. Voya Retirement Insurance and Annuity Company also provided certification with respect to investment information for the period through December 31, 2025. The Plan's assets held by Voya were transferred effective March 4, 2025; accordingly, Voya held no Plan assets included in the Schedule of Assets (Held at End of Year) as of December 31, 2025. Voya also provided certification with respect to the investment information presented as of December 31, 2024.

Note 4 – Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. Therefore, transactions with these entities qualify as party-in-interest transactions. Through January 31, 2025, Voya Retirement Insurance and Annuity Company ("Voya") acted as the Plan's recordkeeper and custodian. Ascensus acted as an advisor to the Plan. Direct and indirect compensation paid to Ascensus during 2025 totaled $6,190. Morgan Stanley Smith Barney acted as an investment advisor to the Plan. Direct and indirect compensation paid to Morgan Stanley Smith Barney during 2025 totaled $30,098. Effective February 1, 2025, Principal became the Plan's recordkeeper and custodian, The MandMarblestone Group, LLC ("MandMarblestone") became the Plan's third-party administrator, and Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") became an investment advisor to the Plan. Direct and indirect compensation paid to MandMarblestone, Merrill Lynch, and Principal during 2025 totaled $5,630, $17,273, and $15,129, respectively. Other fees incurred by the Plan related to investment expenses may be included in net appreciation or depreciation of the fair value of investments. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 5 – Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

o Quoted prices for similar assets or liabilities in active markets;
o Quoted prices for identical or similar assets or liabilities in inactive markets;
o Inputs other than quoted prices that are observable for the asset or liability;
o Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2025, and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$7,299,153	$-	$-	$7,299,153
Pooled separate accounts*	-	-	-	282
Total investments at fair value	$7,299,153	$-	$-	$7,299,435

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	$-	$-	$-	$7,139,755
Total investments at fair value	$-	$-	$-	$7,139,755

Note 6 – Fair Value Measurements (continued)

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025, and 2024, there were no significant transfers in or out of Level 1, 2 or 3.

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits (modified cash basis).

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its practical expedient) as of December 31, 2025, and 2024:

Investment	Fair Value 2025	Fair Value 2024	Redemption Frequency and Notice Period	Unfunded Commitments
Pooled separate accounts	$282	$7,139,755	Daily, None	None

Note 7 - Group Annuity Contract-Guaranteed Interest Account

The Plan participated in the Voya Fixed Account through March 4, 2025. The Voya Fixed Account was a fully benefit-responsive investment and was reported at contract value in the Statements of Net Assets Available for Benefits (modified cash basis). The Statement of Changes in Net Assets Available for Benefits (modified cash basis) is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company ("Voya") was a general account evergreen group annuity contract. Voya maintained the contributions in a general account. Specific securities within the general account were not attributed to the investment contract with the Plan. The Plan owned a series of guarantees that were embedded in the insurance contract. The contractual guarantees were backed by the full faith and credit of Voya, the contract issuer. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer and included such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates were reviewed on a semiannual basis for resetting. The average earnings yield and average credit rate for 2025 were 2.09%.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Sponsor or other Sponsor event (e.g., divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Prior to the transfer of the Plan's assets from Voya, the Plan administrator did not believe that the occurrence of any such event that would have limited the Plan's ability to transact at contract value with participants was probable.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9- Tax Status of the Plan

The Plan utilizes a pre-approved plan document. The IRS has issued an opinion letter to the document sponsor stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Although the Plan has been amended since the issuance of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan and related trust are expected to continue to qualify for tax-exempt status. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10-Reconciliation of Form 5500 to the Financial Statements
