Independent Auditor's Report

To the Retirement and Benefits Committee of
Kelley Drye & Warren LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Kelley Drye & Warren LLP Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: PLAN DESCRIPTION

The following description of the Kelley Drye & Warren LLP Retirement Savings Plan (the "Plan") (formerly, the Kelley Drye & Warren LLP Savings and Investment Incentive Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, administered by the Retirement and Benefits Committee of Kelley Drye & Warren LLP (the "Firm"), was established on January 1, 1984 to provide for a 401(k) option under Section 401(k) of the Internal Revenue Code ("IRC") as the Kelley Drye & Warren LLP Savings and Investment Incentive Plan. Effective December 31, 2002, the Kelley Drye & Warren LLP Savings and Investment Incentive Plan was renamed the Kelley Drye & Warren LLP Retirement Savings Plan and added a profit-sharing feature for partners and administrative staff.

Partners and eligible employees who have attained 21 years of age automatically become Plan participants and commence their basic 401(k) contributions. Partners and eligible employees become profit-sharing Participants on the January 1st, April 1st, July 1st or October 1st following the one-year anniversary of their date of hire and meeting applicable service requirements. A partner hired in the fourth quarter of the year becomes a profit-sharing participant one year from date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Elective Basic Contributions

Each year, participants may elect to contribute up to fifty percent (50%) of annual compensation, as defined, to the Plan on either a pre-tax or a Roth basis. In addition, the Plan provides an additional after-tax contribution option whereby participants may elect to make after-tax contributions of between one percent (1%) and fifty percent (50%) of compensation, as defined. Employees hired after September 1, 2007, who expressly do not enroll in the Plan or expressly do not elect a zero percent (0%) contribution rate within sixty (60) days of their date of hire, are automatically enrolled and deemed to have elected a pre-tax contribution rate of two percent (2%) invested in a retirement date targeted fund (effective April 1, 2017, this was changed to 3%). Combined elective contributions cannot exceed the annual maximum amount as permitted by the IRC. Participants who are making maximum contributions and have attained age 50 or older before the end of the Plan year, are eligible to make catch-up contributions on a pre-tax and Roth basis, as applicable, up to the maximum as permitted by the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Recurring Contributions

The Firm, on behalf of the participant, will contribute as of each pay period, an amount equal to three percent (3%) of each eligible profit-sharing Participant's compensation earned in the pay period.

Discretionary Annual Contributions

The Firm may, but is not required to, contribute an amount equal to a percentage of each eligible profit-sharing participant's compensation for the year.

Member Contributions

For each Plan year, the Firm may contribute an amount, determined by the Firm's Executive Committee, to all profit-sharing participants who are partners of the Firm, based on their applicable compensation.

Rollovers and Transfers

A participant may, with the consent of the Plan administrator, make transfers between the Plan and plans qualified under Section 401(k) of the IRC or individual retirement accounts upon the occurrence of the events described in "Payment of Benefits" below. Participants may also make transfers to the Plan of eligible rollover distributions from another qualified plan or individual retirement account, as defined in the Plan document.

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Accounts

An account is established on behalf of each participant. Each participant's account is credited with the participant's basic contribution and allocations of (a) recurring contributions, discretionary annual contributions, supplemental contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. In addition, specific fees may be charged directly to a participant's account for participant requested transactions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective basic contributions plus actual earnings thereon. Vesting in the Firm's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is one hundred percent (100%) vested after three years of credited service. Participants who have not completed three years of service are not entitled to a distribution of recurring or discretionary annual contributions.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their account balance, subject to the provisions set forth in Article XVI of the Plan. The loans are secured by the balance in the participant's account and bear interest at rates that range from three and one quarter percent (3.25%) to eight and a half percent (8.50%), which are commensurate with the Prime Rate as determined annually by the Plan administrator. Principal and interest are paid ratably through periodic payroll deductions over a period of time not to exceed five years. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant.

Payment of Benefits

Upon termination of service, death, disability, retirement, or other distributable event permitted under the Plan, a participant may elect to receive the value of his or her vested account balance in a lump sum payment, partial withdrawal, or installment payments under a systematic withdrawal plan, subject to the provisions of the Plan. In addition, the Plan permits hardship distributions, and other similar distributions, when certain conditions are met.

Forfeited and Unallocated Revenue Credit Accounts

At December 31, 2025 and 2024, forfeited non-vested and revenue credit accounts totaled $406,993 and $178,096, respectively. These accounts will be used to reduce future Firm contributions and Plan expenses. During 2025, Firm contributions were reduced by $107,281 paid from these accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Firm's Retirement and Benefits Committee determines the Plan's valuation policy utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Credits

If recordkeeping revenue received in connection with Plan services exceeds agreed-upon compensation, the Trustee can allocate amounts equal to such excess revenue to accounts of eligible participants or utilize the amount for eligible Plan expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan, which may include legal, accounting, trustee, recordkeeping and other administrative fees, are paid directly by the Firm and excluded from these financial statements.

Fees and expenses associated with participant requested transactions, including those related to the administration of notes receivable from participants and investment management services, are charged directly to the participant's account and are included in administrative expenses.

Asset-based investment operating expenses, including management and other fees, which are paid by all shareholders of an investment option are typically reflected as a percentage of the total assets invested in the option. These expenses are deducted from an investment option's assets and are included in net appreciation in fair value of investments.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AS COMPLETE AND ACCURATE

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2025 and 2024 and for the year ended December 31, 2025, was obtained from data that has been prepared and certified to be complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

	2025	2024
Investments, at fair value	$ 482,914,903	$ 435,692,870
Net appreciation in fair value of investments	$ 56,248,892	
Interest	$ 1,280,751	
Dividends	$ 15,872,253	

Notes receivable from participants of $1,510,993 and $1,350,690 at December 31, 2025 and 2024, respectively, and interest income on notes receivable from participants of $100,213 for the year ended December 31, 2025, have also been certified by the trustee.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common Collective Trust Funds

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money Market Mutual Funds

Money market mutual funds are investment mutual funds comprised of high credit quality short-term securities that aim to pay money market interest rates while maintaining a NAV of $1 per share.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Self-Directed Brokerage Accounts

Accounts that primarily consist of mutual funds, common stock, corporate and government bonds and certificates of deposit.

Certificates of Deposit

Certificates of deposit are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Common Stock

Common stock is valued at the closing price reported in the active market in which the individual securities are traded.

Corporate Bonds

Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing values on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

U.S. Government Securities

U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	INVESTMENTS AT FAIR VALUE AS OF DECEMBER 31, 2025			
	Level 1	Level 2	Level 3	Total

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust Funds	$ 97,653,637	$ -	Daily*	None

	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust Funds	$ 93,227,869	$ -	Daily*	None

*For further restrictions, please see above description in this note.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds, mutual funds or other investments managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Dividend income received by the Plan is net of fees charged to the mutual funds by the trustee or its affiliates. The investment fees of $106,278 incurred by the Plan during the year ended December 31, 2025 have been offset by the Fidelity Participant Revenue Credit program, whereby any credit in excess of Fidelity fees is accumulated by the Plan in a separate account. The credit of $294,776 received for 2025 is included in investment income.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7: TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Firm by a letter dated April 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or applicable state authority.

The Plan is subject to routine audits by taxing jurisdictions; In June 2026, the Internal Revenue Service selected the Plan for a random administrative audit for the 2024 plan year. The audit is on-going; however, the Firm believes the audit will be closed without required remedial action or penalty.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: SUBSEQUENT EVENTS

The Plan’s management has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.
