INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Public Health Institute 403(b) Retirement Plan
Oakland, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Public Health Institute 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions and an agent on behalf of a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions and an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent of an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by qualified institutions and certified to by qualified institutions and an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent of an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Public Health Institute 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General: The Plan is a 403(b) plan covering substantially all employees of Public Health Institute (the Institute) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Institute is the Plan's sponsor and administrator.

Eligibility: Except for an excluded class of employees as defined in the Plan agreement, all regular full-time and part-time employees are eligible to make salary deferral contributions to the Plan. Employees who complete six months of service and work a minimum of 20 hours per week are eligible to receive employer contributions. Technical Advisors on a fellowship schedule (domestic and overseas) whose term and contract of employment do not exceed four years are immediately eligible to receive employer contributions beginning on the entry date following employment.

Contributions: Contributions to the Plan are made through employee deferrals on earned compensation as defined by the Plan. Participants may contribute on a tax-deferred and/or after-tax (Roth) basis up to the annual limitations prescribed by the Internal Revenue Code (the Code). Participants may also make rollover contributions representing distributions from other qualified plans. The Plan requires the Institute to make nondiscretionary contributions. These contributions are equal to 10% of each eligible participant's compensation. The Institute made contributions of $6,465,574 and $8,413,272 for the years ended 2025 and 2024, respectively.

Beginning January 1, 2024, employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. If automatically enrolled in the Plan, the pre-tax contribution rate will automatically increase by one percentage point each July 1, until the pre-tax contribution rate reaches 5% or the participant elects to stop future automatic annual increases.

Participants' Accounts: Each participant's account is credited with the participant's contributions and, if eligible, the Institute's contribution. Allocations are based on participant earnings or account balances, as defined. Accounts are charged with participant withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the balance in the participant's vested account. Participants direct the investment of their contributions and the employer nondiscretionary contribution into various investment options offered by the Plan.

Plan Assets Pledged as Collateral: Prior to January 1, 2022, participants were permitted to obtain loans directly from Teacher's Insurance and Annuity Association (TIAA). Adequate security is required and a portion of the participant's account serves as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity Account. The amount of Plan assets held as collateral for loans issued and outstanding to participants by TIAA was $52,854 and $140,085 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants: Participants may borrow from their plan accounts, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans used to purchase a primary residence can be repaid over 10 years. Loans for all other purposes must be repaid within 5 years. Principal and interest are repaid through payroll deductions. Interest rates are based on the prime rate plus 1%.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments: Upon termination of service due to death, disability, or retirement, the value of a participant's account is payable, at each participant's or beneficiary's option, in either a single lump-sum payment or as an annuity equal to the value of the participant's account balance. Active participants may also take distributions from the Plan upon attainment of 59 ½. In certain circumstances, participants may make “hardship withdrawals” as defined in the Plan.

Vesting: Participants are immediately vested in their salary deferrals and in employer contributions plus actual earnings thereon.

Plan Termination: Although there is no current intent to do so, the Institute has the right to terminate the Plan subject to the provisions of ERISA.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan such as recordkeeping and trustee fees are paid directly by the Institute and are excluded from these financial statements. The annual plan servicing fee is deducted from participant accounts on a quarterly basis. Certain transaction fees are charged directly to the participant’s account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan’s investments other than fully benefit responsive investment contracts are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan’s principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan’s fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(Continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan utilizes various investment instruments, including investment contracts. Investments, in general, are exposed to various risks, such as interest rate, liquidity, credit, and overall market volatility. These risks include global risks, such as a pandemic. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2026, which is the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and College Retirement Equities Fund (CREF), including TIAA as agent for TIAA Trust, N.A.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair value of investments:

Mutual funds – The fair values of mutual fund investments are based upon the closing net asset value (NAV) per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Variable annuities – The fair value of the TIAA Real Estate Account (a variable annuity pooled separate account) is based upon the closing NAV per share of the variable annuity on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

Traditional Guaranteed Investment Contracts – The Plan holds traditional guaranteed investment contracts that are not fully benefit-responsive due to certain liquidity restriction provisions of the contracts and, accordingly, are measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contracts is estimated by the insurance company that has issued the contract to the Plan, by discounting the projected cash flows based upon current yields for contracts with comparable durations and credit quality of the issuers (Level 3 inputs). The plan administrator reviews and evaluates the methodology and assumptions used by the contract issuer, including consideration of economic conditions and discussions with the issuer regarding the applicability of the specific level 3 measurement inputs to the Plan's investment contract, and review of current rating agency reports for the issuer.

There were purchases of $2,280,478 and $642,706 into and sales of $2,233,129 and $1,283,303 out of Level 3 investments during the years ended December 31, 2025 and 2024, respectively.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables present quantitative information about recurring Level 3 fair value measurements at December 31, and are as follows:

	As of December 31, 2025			
	Valuation Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Guaranteed investment contracts	$ 12,254,493	Discounted cash flow	Risk-adjusted discount rate applied	3.55% - 6.75%

	As of December 31, 2024			
	Valuation Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Guaranteed investment contracts	$ 12,207,143	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 6.75%

NOTE 5 - FULLY BENEFIT-RESPONSIVE TRADITIONAL INVESTMENT CONTRACTS

The Plan holds fully benefit-responsive traditional guaranteed investment contracts with TIAA that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract values represent contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

TIAA maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated annually based upon contract provisions, and it may not be less than 3%. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no conditions specified in the TIAA contract under which participant withdrawals and transfers would be restricted or made at a value other than contract value or the annuity or lump-sum benefit, as defined in the contracts. The contract does not provide any provisions that would allow TIAA to terminate the contract between TIAA and the participants.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated August 7, 2017 indicating that the volume submitter document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Code. Although the Plan has been amended from the original volume submitter, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and tax-exempt as of the financial statement date.

(Continued)

NOTE 6 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are issued by TIAA and CREF. These transactions qualify as party-in-interest transactions. Notes receivable from plan participants also qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Institute. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Institute. Fees paid by the Plan to the investment managers and recordkeepers also qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each contract.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 302,684,929	$ 276,385,529
Deemed distributions of participant notes receivable	(181,757)	(174,645)
Net assets per the Form 5500	$ 302,503,172	$ 276,210,884

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the net income reported in the 2025 Form 5500:

Increase in net assets available for benefits per the financial statements	$ 26,299,400
Change in deemed distributions of participant notes receivable	(7,112)
Net income per the Form 5500	$ 26,292,288
