INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Village Family Services
403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Village Family Services 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Village Family Services 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Village Family Services 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Village Family Services 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Village Family Services 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Village Family Services 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of the December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The Village Family Service 403(b) Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Village Family Services ("the Village") as defined in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Village makes matching contributions equal to 100% of participants' elective deferrals, up to 4% of compensation, as defined in the Plan.

Each year the participants may contribute any percentage of their annual compensation, as defined in the Plan, up to the maximum permitted by the Internal Revenue Code. In addition, participants qualifying for age-based provisions may contribute additional catch-up deferrals. Participants with at least 6 years of service with the Village are also eligible to make special catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans.

Participants may make either or both of the following types of contributions to the Plan:

- Before tax contributions - deducted from salary before federal income tax is imposed
- Designated Roth contributions - deducted from salary after federal income tax is imposed

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Village's contribution and the Plan's earnings. Allocations are based on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Plan participants' contributions are fully and immediately vested.

continued

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the mutual funds or annuity contract investment options offered by Principal Life Insurance Company ("Principal"). Participants may change their investment options at any time. In addition, the Plan holds a small portion of assets with Equitable Financial Life Insurance Company ("Equitable"), primarily representing residual balances for terminated or former employees.

Payment of Benefit

Upon termination of service, a participant may elect to receive payments as: 1) lump sum distribution, 2) income under an annuity, 3) transfer to an individual retirement arrangement, or 4) purchase of a guaranteed lifetime annuity.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Certain investments are measured using net asset value per share, or its equivalent, as a practical expedient to estimate fair value.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets
Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs - estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relates to the element.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of and for the period presented. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risk associated with certain investment securities that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across various assets classes and the utilization of investment managers.

Other Income

During the year ended December 31, 2025, the Plan recognized other income of $10,129 related to forfeiture funds accumulated in prior years under the Plan's former AXA Equitable arrangement. These funds were transferred from Equitable to Principal and designated for payment of Plan expenses and/or employer contributions.

Subsequent Events

Management has evaluated subsequent events through October 13, 2026, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

continued

3. Notes Receivable from Participants

Participants may borrow against their account balances unless their investment option provides otherwise. Loans must be at least $1,000, with the maximum permitted by Internal Revenue Service ("IRS") regulations (generally, the lesser of $50,000 or 50% of the participant's vested balance). The maximum loan term is five years, or longer if used to purchase a primary residence. Loans are secured by the borrower's vested account balance, equal to the loan amount, and bear interest at a rate 1% higher than the general account interest rate. Repayment of principal and interest is made ratably through payroll deductions. Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Upon default or if employment terminates with an outstanding loan, the remaining principal and interest are treated as a deemed distribution in accordance with IRS requirements and reported as taxable income to the participant.

At December 31, 2025 and 2024, notes receivable from participants were $331,721 and $243,559, respectively.

4. Information Prepared and Certified by the Custodians

The plan administrator elected to have the Plan's audit performed in accordance with ERISA Section 103(a)(3)(C). Accordingly, the audit did not extend to the investment information prepared and certified by Principal and Equitable, except for the procedures required by generally accepted auditing standards applicable to an ERISA Section 103(a)(3)(C) audit.

The following summarizes the information certified by Principal and Equitable, the custodians of the Plan, as of December 31, 2025 and 2024.

	2025	2024
Certified by Principal		
Mutual funds	**$7,235,093**	$6,119,507
General account	**798,537**	763,533
	$8,033,630	$6,883,040
Certified by Equitable		
Pooled separate accounts	**$147,300**	$130,179
Guaranteed interest account	**6,512**	16,355
	$153,812	$146,534

During the years ended December 31, 2025 and 2024, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $758,142 and $518,629, respectively.

continued

5. Fair Value Measurements

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds in the fair value hierarchy	$7,235,093	$ -	$ -	**$7,235,093**
Investments measured at net asset value*				**147,300**
Total investments at fair value and net asset value				**$7,382,393**

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Mutual funds in the fair value hierarchy	$6,119,507	$ -	$ -	$6,119,507
Investments measured at net asset value*				130,179
Total investments at fair value and net asset value				$6,249,686

The fair value of mutual funds in the fair value hierarchy have been measured on a recurring basis using quoted prices for identical assets in active markets (Level 1 inputs).

* In accordance with Subtopic 820-10, certain investments, including pooled separate accounts managed by Equitable, are measured at NAV per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statement of Net Assets Available for Benefits.

6. Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investments	Fair Value as of December 31, 2025	2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$147,300	$130,179	n/a	Daily	12 months

7. Investments in Fully Benefit Responsive Investment Contracts

The following summarizes investments measured at contract value per share as of December 31, 2025 and 2024:

	2025	2024
General account - Principal	**$798,537**	$763,533

At December 31, 2025, the Plan held an investment in the Principal Guaranteed Option, a group annuity contract backed by the general account of Principal. The contract provides for guaranteed principal and a declared interest crediting rate of 4.75% as of year-end, reset semiannually, subject to a minimum guaranteed rate of 0.15%.

Participants may generally withdraw or transfer amounts at contract value, subject to certain restrictions on transfers to competing investment options. Certain plan-level events, including plan termination, may result in payment restrictions or early termination charges.

The investment qualifies as a fully benefit-responsive investment contract and is reported at contract value in the Statement of Net Assets Available for Benefits.

8. Equitable Guaranteed Interest Option

	2025	2024
Guaranteed interest account - Equitable	**$6,512**	$16,355

The Plan held an investment in the Guaranteed Interest Option ("GIO") issued by Equitable. The GIO is a fixed interest option within a variable annuity contract, backed by Equitable's general account. Interest is credited at rates declared monthly, subject to contractual minimum guaranteed rates.

The GIO value represents contributions and transfers into the option, plus credited interest, less transfers, withdrawals, withdrawal charges, and applicable administrative charges. Certain transfer restrictions and withdrawal charges may apply under the contract. The guarantees are based on the claims-paying ability of Equitable.

9. Related Party and Party-in-Interest Transactions

ERISA defines parties-in-interest more broadly than generally accepted accounting principles' related parties, encompassing all service providers to the Plan. Management identified no related parties that were not also parties-in-interest, and no material related party transactions occurred during the Plan year regarding compensation arrangements, expense allowances, or similar items.

continued

9. Related Party and Party-in-Interest Transactions, continued

Parties-in-interest transactions include those with Plan fiduciaries or employees, service providers, employers with covered employees, employee organizations with covered members, and persons owning 50% or more of such employers or employee associations, along with their relatives. Trustee transactions, including revenue sharing and fee offset agreements, as well as the Plan's payment of certain plan fees and expenses, qualify as parties-in-interest transactions. Administrative fees paid by the Plan to the trustee were $26,344.

The Plan's investment options include funds managed by Principal and Equitable or its affiliates. As custodians and recordkeepers, Principal's and Equitable's transactions qualify as exempt parties-in-interest transactions.

10. Plan Termination

Although it has not expressed any intent to do so, the Village has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

11. Tax Status

The Plan presently does not have a tax determination letter from the IRS since 403(b) plans currently are not required to submit plans to the IRS for determination. However, the plan administrator and the Plan's counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.
