INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
WomenCare, Inc. 401(k) Plan
Scott Depot, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WomenCare, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or, when applicable, one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we**:**

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1 – DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

Plan Description: The following description of the WomenCare, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was adopted February 1, 2009 and restated January 5, 2015 to conform with the Pension Plan Protect Act (PPA restatement), is a defined contribution Plan covering all eligible employees of WomenCare, Inc., excluding leased employees. Employees are eligible to participate in the Plan beginning the first day of the month following employment. A participant is eligible to receive an employer match contribution upon completion of one year of service (1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer a portion of their compensation, as defined in the Plan document, limited to 90% of compensation and the maximum dollar amount allowed under the Internal Revenue Code. The Plan also allows for Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are permitted from other qualified Plans.

The Plan provides for Plan Sponsor contributions of two percent of the participant's annual compensation, as defined by the Plan documents. The Plan Sponsor may also contribute additional discretionary contributions each Plan year. These discretionary contributions will be allocated to participants in the ratio that each participant's compensation bears to the total compensation of all such participants. There were no such discretionary contributions for the Plan years ended December 31, 2025 and 2024.

Participant investment options: Each Plan participant has the right to direct all contributions and earnings of their account among investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts: Each participant account is credited with the participant's elective deferrals and any employer contributions. In addition, each participant's account is credited with their share of investment earnings and appreciation/depreciation in the value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Effective June 1, 2022, the Plan was amended to allow allocation of the amounts a service provider agrees to credit to the Plan in recognition of the service provider’s compensation for Plan services. The credit can be allocated to participant’s accounts on a pro rata basis and, to the extent an amount is a credit for float earnings of the Plan in excess of float expenses, such amount shall be allocated to an ERISA account from which the Administrator may pay Plan expenses.

Payment of benefits: Upon termination of service, death, disability, in-service withdrawals, attainment of age 59 1/2, or retirement; a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount and/or a rollover. The Plan also allows participants to withdrawal funds from their account if the participant has incurred a financial hardship.

Effective January 1, 2019, the Plan was amended to comply with the Bipartisan Budget Act of 2018. This amendment made several changes to hardship withdrawal rules such as eliminating the requirement that a participant obtain a Plan loan before requesting a hardship withdrawal, allowing earnings on elective deferral contributions as part of a hardship withdrawal, and eliminating the requirement that a participant suspend their contributions for 6 months after the receipt of a new hardship withdrawal.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service according to the schedule below:

Length of Continuous Service of Participant	Vesting Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants: Participants may borrow from their accounts for any purpose subject to a $1,000 minimum and a maximum amount which is the lesser of one-half of a participant's vested account balance or $50,000. Loans bear interest at a rate determined by the Plan Administrator based on prevailing industry loan rates. Loans must be repaid in level payments on at least a quarterly basis over a five year period (principal residence loans over a ten year period) through payroll deductions.

Forfeited accounts: Forfeited discretionary contributions will be used first to reduce administrative expenses and used to cover future employer contributions. Forfeited nonvested accounts totaled $15,031 and $5,822 as of December 31, 2025 and 2024, respectively.

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Mutual funds are valued at quoted market prices representing the net asset value of shares held by the Plan at year-end. Common collective trusts are valued at the net asset value per unit reported by the trustee or investment manager. The net asset value of each common collective trust is based on the fair value of its underlying investments, less its liabilities, and is used as a practical expedient to estimate fair value. Investments measured using the net asset value practical expedient are not classified within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis, and dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized changes in the fair value of investments held at year-end.

Investment income is reported net of investment expenses charged directly against the returns of the respective investment funds. Participants should refer to the applicable fund prospectuses or annual reports for additional information regarding investment fees and expenses.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3 – TAX STATUS

Effective February 1, 2009, the Plan adopted a non-standardized prototype Plan sponsored by the Fidelity Management Trust Company. The prototype Plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype Plan's qualified status. The prototype Plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

5 – INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee, Fidelity Management Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

The Plan's investment assets as of December 31, 2025 and 2024, are as follows:

	2025	2024
Mutual funds	$ 1,566,336	$ 1,009,061
Common collective trusts	8,435,050	7,220,604
Notes receivable from participants	155,885	171,565
	$ 10,157,271	$ 8,401,230

During the years ended December 31, 2025 and 2024, the Plan's investments, which consist principally of mutual funds and common collective trusts, (including gains and losses on investments bought, sold and held during the year) appreciated in value by $1,439,224 in 2025 and $889,558 in 2024. Interest and dividend income was $33,487

and $22,511 for the years ended December 31, 2025 and 2024, respectively. Interest income on notes receivable from participants was $13,431 and $12,536 for the years ended December 31, 2025 and 2024, respectively.

6 – FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC 820), Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1*:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing net asset value reported by the fund, which represents the price at which the Plan may purchase or redeem shares. Mutual funds are classified within Level 1 of the fair value hierarchy.

Common collective trusts: Valued at net asset value per unit as reported by the trustee or investment manager. Net asset value is used as a practical expedient to estimate fair value; accordingly, these investments are not classified within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

7 – PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During the years ended December 31, 2025 and 2024 administrative expenses for investment fees of $70,178 and $58,092, respectively, were paid to an entity considered to be a party-in-interest to the Plan. Administrative expenses for legal, accounting and other professional services are paid directly by the Plan Sponsor and are not charged to the Plan. In addition, certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9 – SUBSEQUENT EVENTS

The Plan’s management has evaluated events and transactions occurring after December 31, 2025, through the date of the Auditor’s Report, which is the date the financial statements were available to be issued. No significant events were noted requiring adjustments to or disclosure in the financial statements.
