INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
YorkMG, LLC 401(k) Plan
East Elmhurst, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of YorkMG, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

• the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
• the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all amendments; administering the Plan; and determining that transactions presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records. For information included in the supplemental schedules that agreed to or was derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

• the form and content of the supplemental schedules, other than the information that agreed to or was derived from certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and

• the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

YORKMG, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

General.

The YorkMG, LLC 401(k) Plan (the "Plan") is a defined contribution plan sponsored by YorkMG, LLC (the "Company"). The Plan became effective January 1, 2004 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Administrator. The following description provides general information; participants should refer to the Plan document for complete information.

Eligibility.

Employees become eligible to participate in the Plan upon attaining age 21 and completing one year of service, defined as a 12-month eligibility computation period in which the employee completes at least 1,000 hours of service. Eligible employees enter the Plan on the first day of the first or seventh month of the Plan year (January 1 or July 1) coinciding with or next following the date the eligibility requirements are met.

Contributions.

Participants may elect to defer up to 100% of eligible compensation, subject to Internal Revenue Code limits, on a pre-tax or Roth basis. Participants who have attained the applicable statutory age may make catch-up contributions. Rollover contributions are permitted. The Company may make discretionary profit sharing and matching contributions on behalf of participants. For 2025, the Company’s contribution consisted of a profit sharing contribution equal to 3% of each eligible participant’s compensation plus a matching contribution equal to the participant’s elective deferrals, up to 3% of compensation. A participant must be employed by the Company on the last day of the Plan year to be entitled to the employer contribution. Compensation taken into account in computing employer contributions is limited as provided in the Plan document and the Internal Revenue Code. During 2025, employer profit sharing and matching contributions were $338,193 and participant contributions were $476,327.

Participant accounts.

Each participant's account is credited with participant and employer contributions and investment earnings or losses, and is charged with applicable administrative expenses. Upon enrollment in the Plan, participants direct the investment of their contributions among the investment options offered by the Plan and may change their investment elections at any time.

Vesting.

Participants are fully vested in elective deferrals, Roth contributions and rollover contributions. Employer matching and non-elective contribution accounts vest under a three-year cliff schedule and become 100% vested after three years of vesting service. Participants also become fully vested upon death, disability, normal retirement age or Plan termination, as provided by the Plan document.

Payment of benefits.

Benefits are payable upon termination of employment, death, disability, attainment of normal retirement age and other distributable events permitted by the Plan document. The Plan also permits certain hardship and in-service distributions. The Plan does not permit participant loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting.

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition.

Investments are reported at fair value. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net investment gain includes dividend income and realized and unrealized gains and losses on investments, net of investment-related expenses reflected in the value of the investments.

Contributions receivable.

Employer and participant contributions are recognized in the period in which the related compensation is earned. Amounts not remitted to the Plan as of year-end are recorded as contributions receivable.

Payment of benefits.

Benefits are recorded when paid, except that benefits approved for payment but unpaid at year-end are recorded as benefit claims payable (see Note 12).

Administrative expenses.

Certain administrative expenses are paid by the Plan. Expenses paid directly by the Company are excluded from these financial statements.

3. ERISA SECTION 103(a)(3)(C) AUDIT

Management elected to have the audit performed pursuant to ERISA Section 103(a)(3)(C). Capital Bank and Trust Company, the Plan's trustee and custodian, certified that the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, was complete and accurate. The certified investment information was used in preparing the financial statements and supplemental Schedule H, Line 4i. The auditor's procedures with respect to the certified investment information were limited as described in the independent auditor's report.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets or liabilities.

Level 2 - This level consists of inputs other than quoted prices in active markets for identical assets or liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability; and
- Inputs derived principally from, or corroborated by, observable market data through correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of unobservable inputs for the asset or liability. Level 3 inputs include management's own assumptions about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk.

The level in the fair value hierarchy within which a fair value measurement is classified is determined based on the lowest-level input that is significant to the measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value:

Mutual funds - Registered investment company shares are valued at the daily closing net asset value reported by each fund. These open-end mutual funds are registered with the Securities and Exchange Commission, publish a daily net asset value, and transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

There were no transfers between levels during 2025.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total

5. INVESTMENTS

The Plan's investments were registered investment company shares valued at $8,835,827 and $7,580,276 at December 31, 2025 and 2024, respectively. Net investment gain for 2025 was $1,195,116, including dividend income of $491,981 and net appreciation of $703,135.

6. FORFEITURES

In the event a participant terminates employment before becoming fully vested in employer contributions, the nonvested portion of the participant's account is forfeited. Forfeitures may be used to reduce future employer contributions and/or pay Plan administrative expenses, as permitted by the Plan document. During 2025, forfeitures of $9,960 were credited to the forfeiture account. The forfeiture account earned dividend income of $278 and net appreciation of $168, and no amounts were used during the year. The forfeiture account balance

was $10,424 and $18 at December 31, 2025 and 2024, respectively. During 2024, $654 was used to reduce employer contributions.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

At December 31, 2025, participant contributions of $3,510 had not been remitted to the Plan within the time period required by Department of Labor regulations. The amount is included in participant contributions receivable. The delinquent contributions, together with lost earnings, were remitted to the Plan during 2026, and the delinquency was corrected outside the Department of Labor's Voluntary Fiduciary Correction Program (VFCP). The late remittances constitute nonexempt prohibited transactions and are reported in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

8. RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the uncertainty related to changes in their value, it is at least reasonably possible that changes in these risks could materially affect participants' account balances and the amounts reported in the financial statements.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies affiliated with Capital Bank and Trust Company, the Plan's trustee and custodian. The Plan also pays recordkeeping and other service fees through the trustee platform. These transactions qualify as party-in-interest transactions under ERISA; however, they are covered by statutory or administrative exemptions from the prohibited transaction provisions of ERISA. The late remittance of participant contributions described in Note 7 constituted nonexempt party-in-interest transactions.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue contributions or terminate the Plan subject to ERISA. In the event of Plan termination, participants become fully vested in their accounts to the extent required by the Plan document and applicable law.

11. TAX STATUS

The Plan has adopted a pre-approved qualified plan document for which the Internal Revenue Service issued an opinion letter dated June 30, 2020. Although the Plan has been amended since adoption, the Plan Administrator believes the Plan continues to be designed and operated in compliance with the applicable provisions of the Internal Revenue Code and that the related trust continues to qualify as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and benefits paid to participants per the financial statements to the Form 5500 at December 31, 2025 and 2024 and for the year ended December 31, 2025. Benefits approved for payment but unpaid at year-end are reported as benefit claims payable in both the financial statements and the Form 5500; accordingly, there are no reconciling items.

	2025	2024
Net assets available for benefits per the financial statements	$9,019,724	$7,745,026
Reconciling items	-	-
Net assets available for benefits per the Form 5500	**$9,019,724**	**$7,745,026**

	2025
Benefits paid to participants per the financial statements	$713,363
Reconciling items	-
Benefits paid to participants per the Form 5500	**$713,363**

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 18, 2026, the date the financial statements were available to be issued. During 2026, the Company remitted the delinquent participant contributions of $3,510, together with lost earnings, as described in Note 7. Other than this matter, management is not aware of any subsequent events requiring recognition or disclosure in the accompanying financial statements.
