Independent Auditor's Report

Plan Administrator
Renovo Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Renovo Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RENOVO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Renovo Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established March 1, 2010, thereafter fully restated effective January 1, 2022, by Renovo Solutions, LLC (the "Company" or "Plan Sponsor") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2023, employees of MultiMedical Systems, LLC were included to participate in the Plan.

b. Administration

The Plan is overseen by a committee (the "Plan Administrator") appointed by the Company. The Plan's custodian and third-party administrator were Matrix Trust Company ("Matrix") and One America/Voya Financial, respectively, through November 25, 2025. Subsequent to that date, the Plan changed its custodian and third-party administrator to Principal Financial Group ("Principal"). Principal has the power to administer the Plan and apply all of its provisions on behalf of the Company. The Company has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

Employees of the Company are eligible to participate in the 401(k) portion of the Plan upon reaching the age of 21 and completion of 3 consecutive months in which at least 1 hour of service is completed (except nonresident and union employees). Open enrollment occurs quarterly at which time eligible employees may begin participating in the Plan. Employees who meet the Plan's eligibility requirements are auto-enrolled in the Plan, and those who do not elect out of this auto-enrollment feature or do not change the pre-selected contribution election, have a contribution election of 3% of compensation (as defined by the Plan).

Effective January 1, 2023, the Plan's automatic enrollment feature was amended to increase participants' elective deferral rates by 1% of eligible compensation annually on the first day of each Plan year, up to a maximum deferral rate of 6% of eligible compensation.

Effective January 1, 2024, the Plan was amended to eliminate the eligibility requirements of one year of service and 1,000 hours of service for employer matching and nonelective contributions.

Effective April 15, 2024, the Plan was amended to require completion of 90 consecutive days of service for eligibility to receive all contribution types. Eligible employees enter the Plan on the date the applicable eligibility requirements are satisfied. The Plan was also amended to exclude interns, seasonal employees, and leased employees from eligibility to participate in the Plan for all contribution types. In addition, part-time and temporary employees were excluded from eligibility to receive employer matching and nonelective contributions.

Effective September 1, 2025, in connection with the transfer of the Plan from One America/Voya to Principal, the Plan was amended to eliminate the 90-day service requirement, allowing all new employees to participate in the Plan immediately upon hire.

d. Participant Contributions

Participants may defer up to 100% of their eligible compensation through pre-tax and Roth salary deferrals, subject to the IRC limit of $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Upon reaching the age of 50, eligible employees may make additional catch-up contributions limited to $7,500 for the years ended December 31, 2025 and 2024. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

Effective January 1, 2025, the SECURE 2.0 Act introduced an enhanced catch-up contribution for certain participants who attain ages 60 through 63 during the Plan year, as permitted under the IRC. For the year ended December 31, 2025, eligible participants may make catch-up contributions of up to $11,250 in lieu of the standard age 50 catch-up limit, resulting in a maximum total elective deferral of $34,750.

e. Employer Contributions

The Company matches 100% of the first 3% of eligible compensation deferred by a participant and an additional 50% of the next 2% deferred. The Company may also make additional profit sharing contributions to the Plan at the discretion of the Company's members, subject to the limits of the IRC. No additional profit sharing contributions were made during 2025 and 2024.

The Company may make a flexible matching contribution equal to a discretionary percentage and will determine the discretionary matching percentage, if any, to be contributed to the Plan each year at their sole discretion. All participants will share in the allocation of matching contributions regardless of service completed during the Plan year or employment status at the end of the Plan year. No additional flexible matching contributions were made during 2025 and 2024.

f. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Principal. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are fully vested at all times in their own contributions, any previously allocated safe harbor matching contributions, and the earnings thereon. Effective January 1, 2018, the Company replaced its safe harbor matching contribution with a vesting employer matching contribution. Participants vest in Company matching and profit sharing contributions, and the earnings thereon, at a rate of 20% for each year of service and are fully vested after five years of credited service. Participants also become fully vested upon death or disability.

h. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance or partial withdrawals or installments mandated as minimum distributions by the IRC. Account balances less than $5,000, excluding balances rolled into the Plan, may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator.

i. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

j. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended. The interest rate on participant loans is determined by the Company at a reasonable rate comparable with similar loans. The interest rate on outstanding loans at December 31, 2025 ranged between 4.25% - 10.50% and the loans mature through 2030.

k. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2025 and 2024, total forfeitures used to reduce employer matching contributions were $213,334 and $17,767, respectively. As of December 31, 2025 and 2024, there were $9,501 and $124,427, respectively, in unused forfeitures available to reduce future Company contributions or to pay administrative expenses.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Principal Guaranteed Option and the AUL Stable Value Fund, which are fully benefit-responsive investment contracts and are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

For the years ended December 31, 2025 and 2024, direct expenses totaling $110,410 and $71,577, respectively, were paid by the Plan. These fees represent transactional fees incurred that were allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

g. Revenue Sharing

The Plan has a revenue sharing agreement in place whereby fees earned by mutual fund companies are shared with the Plan based upon a percentage of assets under management and maintained in a separate ERISA account. These earnings are used for the benefit of the Plan to pay administrative expenses. For the years ended December 31, 2025 and 2024, revenue sharing earnings in the amount of $4,882 and $2,646, respectively, were included in the net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

h. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 14, 2026, the date the financial statements were available for issuance.

3. Investments

Plan investment assets are participant-directed and held by Principal as of December 31, 2025 and Matrix as of December 31, 2024. Participants can direct their accounts among various mutual funds, common collective trusts and a guaranteed interest contract.

a. Principal Guaranteed Option

The Plan invests in the Principal Guaranteed Option, a fully benefit-responsive investment contract issued by Principal Life Insurance Company. The contract is maintained in the general account of the insurance company and provides for the preservation of principal and the accumulation of interest at rates established by the issuer in accordance with the terms of the contract.

The contract is a fully benefit-responsive investment contract and is reported in the Plan's financial statements at contract value in accordance with U.S. GAAP. Contract value represents contributions made under the contract, plus earnings, less participant-directed withdrawals and administrative expenses.

The average yield credited to participants was 4.75% for the year ended December 31, 2025.

b. American United Life (AUL) Stable Value Account

On November 25, 2025, the Plan changed its recordkeeper and custodian from Matrix to Principal, and substantially all Plan assets were transferred to Principal. The Plan's investment in the OneAmerica Stable Value Fund remained with the prior provider because it was subject to a 12-month put period and, therefore, remained a Plan asset as of December 31, 2025. Upon expiration of the put period on November 24, 2026, the remaining assets are scheduled to be transferred to Principal. The contract value of the AUL Stable Value Fund was $239,124 as of December 31, 2025.

The AUL Stable Value Fund is a fixed general account investment contract issued by American United Life Insurance Company that provides for the preservation of principal and accumulated interest. The contract is backed by the general account assets of American United Life Insurance Company.

Under the terms of the contract, the issuer is obligated to repay principal and accrued interest at a stated crediting rate. Participants may generally direct withdrawals or transfers from the fund at contract value, subject to the terms and conditions of the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's investment in the AUL Stable Value Fund is considered a fully benefit-responsive investment contract and, therefore, is reported at contract value, which is the relevant measurement attribute for that investment under U.S. GAAP. Contract value approximates the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Similar stable value fund disclosures describe participant access to contract value and reporting of fully benefit-responsive investment contracts at contract value.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 Fair Value Measurements, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds
The mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the fair value hierarchy.

Common Collective Trusts
Valued at the NAV of units of a bank collective trust. The NAV is used as the practical expedient to estimate fair value and it is based on the fair value of the underlying investments. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,466,505	$ -	$ -	$ 2,466,505
Investments at NAV**:				
Common collective trusts				31,431,762
Total investments, at fair value				$ 33,898,267

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 25,279,956	$ -	$ -	$ 25,279,956
Total investments, at fair value	$ 25,279,956	$ -	$ -	$ 25,279,956

**Certain investments that are measured using the net asset value per share as a practical expedient have not been categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31, 2025 and 2024:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2025	2024		
Common collective trusts	$31,431,762	$ -	Daily	1 Day

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) and Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information contained in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividend income for the years then ended, was obtained from information certified as complete and accurate by the Plan's custodians. Investment information was certified by Matrix through November 25, 2025, and by Principal for the period thereafter. Management has obtained certifications from Matrix and Principal and has evaluated the certified information in accordance with the requirements of ERISA Section 103(a)(3)(C).

The classification of the investments into the appropriate levels (1, 2, or 3) as disclosed in Note 4 is not certified by the trustees and is the responsibility of the Plan’s management.

7. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments were managed by Principal for the year ended December 31, 2025 and by Matrix for the year ended December 31, 2024 and up until the transfer of assets. Accordingly, the investment transactions with both Principal and Matrix qualify as party-in-interest transactions.

Additionally, the Plan Sponsor is a party-in-interest to the Plan. However, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and the payment of certain Plan expenses in 2025 and 2024.

8. Tax Status

The Plan utilizes a Volume Submitter Profit Sharing Plan Document which received an opinion letter dated June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2025 and 2024.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all their accounts.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	2025	2024
Net assets available for benefits reported on the financial statements:	$ 34,723,125	$ 26,003,969
Less: Investment in AUL Stable Value Account not reported on Form 5500 **	(239,124)	-
Net assets available for benefits reported on the Form 5500	$ 34,484,001	$ 26,003,969

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended December 31:

	2025	2024
Net increase in net assets available for benefits reported on the financial statements	$ 8,719,156	$ 5,270,229
Net change in:		
Employer contributions	-	416,825
Participant contributions	-	107,636
Investment in AUL Stable Value Account not reported on Form 5500 **	(239,124)	-
Net increase in net assets available for benefits reported on the Form 5500	$ 8,480,032	$ 5,794,690

**The Plan's investment in the AUL Stable Value Account Series A group annuity contract, issued by American United Life Insurance Company, remained outside of Principal's custody as of December 31, 2025, due to a 12-month put period. Accordingly, the investment was not included in the Form 5500 prepared by Principal but is included in net assets available for benefits in the accompanying financial statements.
