INDEPENDENT AUDITOR'S REPORT

Hawaii Dental Group, Inc. 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hawaii Dental Group, Inc. 401(k) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter – Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HAWAII DENTAL GROUP, INC. 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN

The following description of Hawaii Dental Group, Inc. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Hawaii Dental Group, Inc. (Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as well as certain provisions of the federal income tax laws. The Plan was amended and restated effective January 1, 2021.

All employees of the Company are subject to the following eligibility requirements:

- Age: 21
- Service: 1,000 hours in a 12-month period
- Status Exclusions:
  a. Members of collective bargaining agreement
  b. Leased employees

Effective January 1, 2024, long-term part-time (LTPT) employees who worked at least 500 hours in each of the previous three consecutive 12-month periods (two consecutive 12-month periods effective January 1, 2025) (starting with the 2021 plan year) and are at least 21 years of age are eligible to participate in the Plan. LTPT employees are not eligible for Company contributions.

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the plan year or the first day of the 7th month of the plan year.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the plan administrator, participants may be permitted to deposit or “rollover” into the Plan, distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE A – DESCRIPTION OF PLAN (Continued)

Contributions (continued)

Participants may make employee salary deferral contributions to the Plan up to the lesser of 100% of their eligible compensation or $23,500 in 2025 and $23,000 in 2024, adjusted annually for the cost of living. Participants who have attained the age of 50 may make additional annual contributions of $7,500 in 2025 and 2024. Effective January 1, 2025, participants who have attained ages 60 through 63 may make special catch-up contributions of $11,250. Total contributions to each participant's account may not exceed the lesser of $70,000 ($77,500 if age 50 to 59 and 64 and older, and $81,250 if ages 60 through 63) in 2025 and $69,000 ($76,500 if 50 and older) in 2024, or 100% of annual compensation, as defined. Excess contributions, if any, are refunded in accordance with provisions of the IRC.

The following contribution types are allowed by the Plan:

- Elective deferrals
- Roth deferrals (effective January 1, 2026)
- Employer discretionary matching
- Employer safe harbor matching
- Employer discretionary profit sharing
- Rollover contributions

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the plan exempt from certain compliance testing requirements. The Company makes "safe harbor" matching contributions from its own funds in an amount equal to 100% of the participant salary deferrals up to 3% of compensation plus 50% of the salary deferrals between 3% and 5% of compensation of all eligible participants who are not highly compensated employees (any employee who was at least a 5% owner at any time during the current or prior plan year, or had statutory compensation in excess of $160,000 and $155,000 in 2025 and 2024, respectively).

The Company may also make additional discretionary matching contributions that shall not exceed 4% of plan compensation and employee salary deferrals in excess of 6% of plan compensation (none in 2025 and 2024).

The Company may also make a discretionary profit sharing contribution to the Plan as determined by its board of directors based on a percentage of the elective deferrals made by eligible participants, up to the maximum amount deductible under Section 404(a) of the IRC (none in 2025 and 2024). To be eligible for the discretionary profit sharing contribution, the employee must be employed by the Company on the last day of the plan year. Contributions are funded as accrued.

NOTE A – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor and discretionary matching contributions; plus an allocation based on participant earnings or account balances of the Company's discretionary profit sharing contributions, and the Plan's net earnings; less an allocation of the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company discretionary matching and discretionary profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for 1,000 hours earned. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and profit sharing contributions.

Participants are always 100% vested in their safe harbor matching contributions. The following schedule is only applicable if the Company makes discretionary matching and/or discretionary profit sharing contributions.

Service Years	Safe Harbor	Matching	Profit Sharing
< 1	100%	0%	0%
1	100%	0%	0%
2	100%	20%	20%
3	100%	40%	40%
4	100%	60%	60%
5	100%	80%	80%
6	100%	100%	100%

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Termination of employment for reasons other than retirement, disability, or death results in a forfeiture of the nonvested portion of the participant's account balance. The Plan allows forfeitures of non-vested Company contributions to be used as follows:

- Restore eligible rehire forfeiture account balance
- Reduce Company contributions
- Reallocated as Company contributions
- Pay administrative expenses

For the years ended December 31, 2025 and 2024, there were no forfeitures of nonvested accounts. During the years ended December 31, 2025 and 2024, no forfeitures were used to restore forfeitures, reduce Company contributions, or pay for plan expenses. At December 31, 2025 and 2024, forfeited nonvested accounts amounted to $0.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the plan administrator and plan sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants, who are active employees, may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the plan administrator. The maximum number of loans that may be outstanding at any one time is two, and spousal consent is required if the participant is married. The notes receivable and related interest must be repaid within five years unless they are used to acquire a principal residence, in which case the repayment period may be extended to 15 years. Principal and interest are paid ratably through payroll deductions.

NOTE A – DESCRIPTION OF PLAN (Continued)

Benefits Paid to Participants

Upon termination of service, disability, death, or normal retirement (age 55), a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary. Lump sum payments will be made for balances of less than $1,000, unless elected otherwise. Balances between $1,000 and $5,000 will be rolled over to an IRA, unless elected to be received in a lump sum payment.

The following types of distributions are also allowed by the Plan:

- Hardship
- In service
- Involuntary cash-outs
- Qualified birth or adoption distribution
- Termination partial withdrawal
- Rollover source withdrawal at any time

Withdrawals

Active participants may withdraw all or a portion of their vested account balances as in-service distributions after attaining age 59-1/2, or as hardship withdrawals, by submitting a written application that is approved by the plan administrator. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Services (IRS).

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by officers or employees of the Company, who receive no compensation from the Plan. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

NOTE A – DESCRIPTION OF PLAN (Continued)

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonable possible that such estimates may change within the near term, and such differences could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive unallocated group annuity contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded when earned. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions Receivable

Contributions from plan participants and employer contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation. Contributions receivable are recognized for amounts due from the Company remitted to the qualified institution after plan year-end. The receivables are typically short-term in nature and are expected to be collected in full.

Management has evaluated the collectability of employer contributions receivable, and determined that no allowance for credit losses is necessary as of December 31, 2025 and 2024. The Plan considers the Company's historical payment experience, current and future financial condition, and the legally binding nature of the contribution obligation in making this assessment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded if the participant is no longer employed by the Company.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Expenses are recognized when the related liability is incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the related investments, as they are paid using investment earnings rather than a direct payment.

NOTE C – CERTIFICATION FROM QUALIFIED INSTITUTION

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (AUL), the qualified institution of the Plan.

	2025	2024
Investment values certified	$ 16,279,355	$ 15,141,518
Notes receivable from participants certified	$ 177,958	$ 143,652

	Years ended December 31	
	2025	2024
Investment income certified:		
Net appreciation in fair value of investments	$ 2,172,655	$ 1,616,390
Interest	$ 30,243	$ 25,564
Interest income on notes receivable from participants certified	$ 15,255	$ 9,066

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods described below may produce a fair value that may not be indicative of net realizable value or reflective of future fair values.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024. Investments valued using net asset value (NAV) are not included in the fair value hierarchy. There were no investments valued using Level 1, 2, or 3 inputs as of December 31, 2025 and 2024.

Pooled Separate Accounts

Pooled separate accounts are valued using the NAV of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based on the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. Participants may redeem their units in the pooled separate accounts daily with no redemption notice. There are no unfunded commitments for the pooled separate accounts.

NOTE E – UNALLOCATED GROUP ANNUITY CONTRACT

The Plan invests in the Stable Value Account investment choice of AUL's Group Annuity Contract, which is a fully benefit-responsive guaranteed investment contract (GIC). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

AUL's Stable Value Account investment choice has no stated maturity. Interest rates are reset annually on January 1st, during which a new interest rate is applied daily to the total outstanding balance of the investment. The rate of interest credited was approximately 1.75% and 1.50% for the years ended December 31, 2025 and 2024, respectively. The Stable Value account is backed by the general account assets of AUL. Due to the nature of the contract, the contract does not have specific underlying assets assigned.

The Stable Value Account investment choice is a nontradable obligation of AUL. Thus, the investment contract or proceeds cannot be assigned or sold to another party without the consent of AUL. The repayment of principal and interest credited to participants holding the investment is a financial obligation of AUL. The terms of AUL's group annuity contracts require all permitted participant-initiated transactions involving the investments to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying Plan such as withdrawals for benefits, loans, or transfers to other investment choices within the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established in a contract between the Plan and the contract issuer, which will not fall below 0%. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE E – UNALLOCATED GROUP ANNUITY CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Amendments to the plan documents (including complete or partial plan termination or merger with another plan).
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE F – RELATED PARTY TRANSACTIONS AND TRANSACTIONS WITH PARTIES IN INTEREST

A related party is any party who can control or significantly influence plan management or operating policies. Parties in interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator, investment managers, investment advisors, legal counsel, and plan auditor.

During the years ended December 31, 2025 and 2024, the Plan made direct payments of $6,211 and $5,802, respectively, to certain parties in interest for administration and investment advisory fees, as allowed by ERISA. The plan sponsor pays directly any other fees related to the operation of the Plan, which are not included in the Plan's financial statements.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Company operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan were to account for future losses or asset impairments, as the effect on the financial statements of the Plan from such changes in economic conditions are not presently determinable.

NOTE H – TAX STATUS

The plan sponsor adopted the Non-Standardized Pre-Approved Profit Sharing Plan which received a favorable opinion letter, from the IRS dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the letter. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024 and for the years then ended, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

NOTE I – SUBSEQUENT EVENTS

Management evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements, except as disclosed below.

The plan was amended effective January 1, 2026 to adopt certain provisions relating to the SECURE 2.0 Act.
