INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of Avis Rent A Car System, LLC Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Avis Rent A Car System, LLC Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Avis Rent A Car System, LLC Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Avis Rent A Car System, LLC Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avis Rent A Car System, LLC Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avis Rent A Car System, LLC Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avis Rent A Car System, LLC Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Form 5500, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General – The following brief description of the Avis Rent A Car System, LLC Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions. Effective January 1, 2025, the plan sponsor is Avis Budget Car Rental, LLC (the "Plan Sponsor"), a wholly owned subsidiary of Avis Budget Group, Inc. ("ABGI").

The Plan is a defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was originally sponsored by Avis Rent A Car System, LLC (the "Company"). The Plan relates to certain eligible employees of the Company. Effective December 31, 1998, the Plan was frozen and there has been no further accrual of benefits under the Plan. Participants with accrued benefits at that date continue to participate in the Plan.

State Street Bank and Trust Company (the "Trustee" or "State Street") is the Plan's trustee. Transamerica Retirement Solutions ("Transamerica") provides administrative, record keeping, actuarial, trust and custody services to the Plan. The Plan is administered by ABGI's Employee Benefits Committee (the "Plan Administrator"). Under the terms of a trust agreement between the Trustee and the Plan Sponsor, contributions to the Plan are deposited with the Trustee and maintained in a trust on behalf of the Plan. The Plan Administrator has granted discretionary authority to one or more investment managers appointed by the Plan Administrator.

In January 2025, the Plan transitioned to a 3(38) service model with Mercer (US) LLC and the Plan's trust services were transitioned from the single plan trust held by the Trustee via Transamerica Retirement Solutions to a master trust via the Trustee. In connection with the change in trust services, in February 2025, the Plan's assets were transferred to the Avis Budget Car Rental, LLC Pension Trust, a new master trust arrangement to be shared with other US domestic plans sponsored by Avis Budget Car Rental, LLC. The Plan Administrator formally requested the Avis Budget Car Rental, LLC Pension Trust receive tax exempt status from the Internal Revenue Service in accordance with applicable sections of the IRC.

Interest in Master Trust – The Plan's investment assets are held in a trust account at the Trustee and consist primarily of an undivided interest in an investment account of the Avis Budget Car Rental, LLC Pension Trust (the "Master Trust"), a master trust established by the Plan Sponsor and administered by the Trustee. Use of the Master Trust permits the commingling of the Plan's assets with the assets of the Avis Rent A Car System, LLC Pension Plan for Bargaining Hourly Employees, Budget Rent A Car System, Inc. Employees' Pension Plan, and AB Car Rental Services, Inc. Pension Plan for Bargaining Hourly Employees for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

Eligibility – All active employees in the Avis Retirement Plan for Salaried and Hourly Employees as of June 30, 1985 were eligible to participate in this plan. No new participants were enrolled in the Plan after June 30, 1985. Certain employees were transferred from the Avis Salaried Pension Plan (the "Salaried Plan") to the Plan as of December 31, 1998. No additional benefits accrue under the Plan beyond December 31, 1998. Prior to December 31, 1998, eligible employees commenced participation immediately after the following conditions were met: attainment of age 21 and the completion of one of year eligible service.

Vesting and Pension Benefits – Participants were fully vested after five years of service. Retirement benefits were determined under the formulas specified in the Plan, which at age 65 were equal to 1½% of the participant's final average compensation (average compensation during the highest five consecutive years of employment in the ten years preceding December 31, 1998) multiplied by the number of years of credited service (not in excess of 35 years) less $1^{3}/_{7}$% of the Social Security benefits for each year of credited service up to a maximum of 35 years. Compensation recognized for benefit purposes was limited to $150,000 per year. Participants may elect to receive reduced benefits for early retirement beginning at age 55. Such benefit is equal to the participant's normal retirement benefit but based on the participant's average final compensation and credited service as of the early

retirement date. The Plan provides certain benefits to disabled participants and certain benefits to spouses of vested participants who died prior to retirement.

Death and Disability Benefits – The Plan provides for certain benefits for spouses of vested participants who die prior to retirement or participants who become permanently disabled. A beneficiary of a participant who dies after completing ten years of vesting service is eligible to receive a qualified preretirement survivor annuity in an amount representing 50% of the participant's annual accrued benefit, as defined under the Plan. Payment shall commence as of the first day of the month following the month in which the participant died. Active employees who became totally disabled receive annual disability benefits that are equal to normal retirement benefits. The calculation for the average final compensation is based on the date the participant becomes totally disabled. However, the average final compensation of a participant who becomes totally disabled prior to December 31, 1994, included compensation and credited service between the date the participant become totally disabled and the disability retirement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Contributions – Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the Plan's financial statements.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Administrative expenses are paid by the Plan and include investment management, actuarial and custodial fees.

Investment Valuation and Income Recognition – Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians and insurance company. See Note 8 - Fair Value Measurements for a discussion of fair value measurements.

The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated investment gains and losses and administrative expenses.

Significant observable market inputs are used to value investments held directly by the Plan and those invested in the Master Trust and include purchases and sales of securities on a trade-date basis, interest income on the accrual basis, dividend income on the ex-dividend date and net appreciation/depreciation on gains and losses on investments bought and sold as well as held during the year.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (i) retired or terminated employees or their beneficiaries, (ii) beneficiaries of employees who have died and (iii) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of January 1, 2025 and 2024 is determined by actuaries from Transamerica and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. Had the valuations been done as of December 31, 2025 and 2024, there would be no material differences.

The significant actuarial assumptions used in determining accumulated plan benefits as of January 1, 2025 and 2024 are as follows:

Actuarial cost method:	Traditional Unit Credit
Retirement:	Based on a range from age 55-70
Mortality:	Based on the IRS Generational Mortality Table and the PRI-2012 Employee Tables with the Retiree and Contingent Survivor Tables for annuitants projected forward with Scale MP-2021 for all years at both January 1, 2025 and 2024.
Investment return:	6.00% and 6.25% net of investment and contract fees for the years ended January 1, 2025 and 2024, respectively.
Salary Increase:	Not applicable for the years ended January 1, 2025 and 2024.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of January 1, 2025 and 2024 is as follows:

	2025	2024
Vested Benefits:		
Participants presently receiving payments	$ 78,037,158	$ 77,858,614
Other participants	10,277,962	11,975,177
Total vested benefits	88,315,120	89,833,791
Non-vested benefits	—	—
Total actuarial present value of accumulated plan benefits	$ 88,315,120	$ 89,833,791

The changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2025 are as follows:

Actuarial present value of accumulated plan benefits at January 1, 2024	$ 89,833,791
Increase (decrease) during the year attributable to:	
Benefits paid	(8,583,873)
Interest	5,344,563
Benefits accumulated and actuarial (gain)/loss	206,918
Assumption changes	1,513,721
Net decrease	(1,518,671)
Actuarial present value of accumulated plan benefits at January 1, 2025	$ 88,315,120

4. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company makes contributions to the Plan on behalf of its participants in amounts determined by the Plan actuary necessary to fund benefits payable under the Plan only to the extent required by the provisions of Section 412 of the Internal Revenue Code (the “IRC”). The Company met the minimum funding requirements of ERISA for the years ended December 31, 2025 and 2024.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") determined and informed the Company by letter dated June 26, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt; therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

6. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee with information included in the Plan's financial statements and supplemental schedules.

7. MASTER TRUST (UNAUDITED)

The investments of the Master Trust at December 31, 2025 and 2024, respectively, are summarized as follows:

	2025	2024
Investments, at fair value:		
Common collective trusts	$ 128,146,171	$ —
Mutual funds	110,622,215	—
Total investments	238,768,386	—
Dividend receivable	2,434	—
Net assets held in the Master Trust	$ 238,770,820	$ —
Plan's interest in net assets of the Master Trust	$ 83,793,554	$ —
Plan's interest in net assets of the Master Trust as a % of the total	35 %	— %

The net investment income of the Master Trust for the years ended December 31, 2025 and 2024, respectively, are summarized below:

	2025	2024
Net realized and unrealized gain in fair value of investments	$ 19,984,533	$ —
Dividend and interest income	20,032	—
Total investment income of the Master Trust	$ 20,004,565	$ —

See Note 8 for the valuation methods used to value the underlying investments that are held by the Master Trust.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2025 and 2024, respectively:

	2025	2024
Level 1 Investments in the fair value hierarchy:		
Mutual funds	$ 110,622,215	$ —
Total investments in the fair value hierarchy	110,622,215	—
Investments measured at daily net asset value ("NAV")[(a)]:		
Common collective trusts	128,146,171	—
Total investments measured at NAV	128,146,171	—
Total Master Trust investments at fair value	$ 238,768,386	$ —

[(a)] In accordance with Subtopic 820-10, *Fair Value Measurements and Disclosures—Overall Subtopic*, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

8. FAIR VALUE MEASUREMENTS

The Plan measures certain financial assets and liabilities at fair value in accordance with FASB Accounting Standards Codification Topic 820, *Fair Value Measurements*, which requires the Plan to classify its investments into (i) Level 1, which refers to securities valued using quoted prices in active markets for identical assets, including the common stock of publicly traded companies and mutual funds with quoted market prices (ii) Level 2, which refers to securities for which significant other observable market inputs are readily available and (iii) Level 3, which refers to securities valued based on significant unobservable inputs. See Note 2 – Summary of Significant Accounting Policies for the Plan's valuation methodology used to measure fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to value the underlying investments of the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds are valued at the daily closing price of shares held at year end. Funds held are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds are deemed to be actively traded.

- Common collective trusts are valued at the NAV of shares held at year-end. The NAV is based on the value of the underlying assets owed by the funds, less liabilities and then divided by the number of shares outstanding. These funds have no unfunded commitments and allow for daily redemptions and contributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's directly held investments at fair value as of December 31, 2025 and 2024, respectively:

	2025	2024
Level 1 Investments in the Fair Value Hierarchy:		
Mutual funds	$ 2,994,181	$ 87,546,014
Total investments at fair value	$ 2,994,181	$ 87,546,014

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of levels 1, 2 or 3 other than the transfers to the Master Trust. As of December 31, 2025, the majority of the Plan's investments were held in the Master Trust. See Note 7 for the fair value hierarchy of the Master Trust's investments at December 31, 2025.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Pursuant to the service agreement between Transamerica and the Plan, Transamerica provided certain administrative services and is the custodian and record keeper of the investments within the single plan trust for the years ended December 31, 2025 and 2024, and therefore transactions with Transamerica and its affiliates qualify as exempt party-in-interest transactions. Transamerica also receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. The Plan incurred fees of $110,264 and $116,307 to Transamerica for the years ended December 31, 2025 and 2024, respectively.

A portion of the Master Trust's investments includes shares of a mutual fund and common collective trust accounts that are managed by the Trustee and an affiliate of the Trustee. Pursuant to the new service agreement between State Street and the Plan, State Street provides certain administrative services and is the custodian and record keeper of the investments within the Master Trust for the period February 4, 2025 through December 31, 2025, and therefore transactions with State Street and its affiliates qualify as exempt party-in-interest transactions. State Street also receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to State Street for its administrative services to the Plan. The Plan incurred net fees of $11,186 to State Street for the year ended December 31, 2025.

10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in order of priority determined in accordance with ERISA, applicable regulations thereunder and the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”). However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination, subject to a statutory ceiling on the amount of an individual’s monthly benefit.

Whether all participants receive their benefits, should the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. RISKS AND UNCERTAINTIES

Investments are made in various mutual funds and common collective trust accounts within the Master Trust and a mutual fund held directly by the Plan. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the Plan’s financial statements.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple funds covering multiple asset classes. Additionally, the investments within each fund are further diversified into varied financial instruments.

12. SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act 2.0. The SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the plan document accordingly. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. The Plan Administrator did not adopt any of the optional provisions for 2025 and accordingly, there was no material impact to the Plan's 2025 financial statements.

13. SUBSEQUENT EVENTS

Events were evaluated through October 14, 2026 for consideration as a subsequent event to be included in the accompanying financial statements for the year ended December 31, 2025 issued October 14, 2026. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in or adjustment to the financial statements.

Part V – Statement of Actuarial Assumptions/Methods

Plan Name: Avis Rent a Car System, LLC Pension Plan
EIN/PN: 06-0918165/003

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;

2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year). However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).

Part V – Statement of Actuarial Assumptions/Methods

Plan Name: Avis Rent a Car System, LLC Pension Plan
EIN/PN: 06-0918165/003

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;

2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year). However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).

Pre-Retirement Death Benefit	For vested participants, the amount paid to a surviving spouse is equivalent to the beneficiary portion of a 50% Joint and Survivor benefit. If eligible for early retirement, the benefit is calculated as if the participant terminated employment on his date of death. If not eligible for early retirement, the benefit is calculated as if the participant terminated employment on his date of death and survived until his earliest retirement date. The spouse may begin receiving this benefit on the earliest date the participant could have elected to retire. For a charge, the spousal death benefit survivor coverage can be increased to 100% or a participant may elect a non-spouse beneficiary with the survivor coverage at 50% or 100%. This requires an affirmative election.
Disability Benefit	In the event of a participant becoming totally and permanently disabled, the participant may elect to receive a benefit equivalent to the Normal Retirement Benefit, or Early Retirement Benefit, if eligible. Benefits for these purposes were frozen as of the freeze date. Individuals that became disabled prior to December 31, 1994 received continued accruals during the period of disability.
Normal Form of Payment	For married participants – 50% Joint and Survivor. For unmarried participants – Life Annuity.
Optional Forms of Payment	Life Annuity 50% Joint & Survivor 75% Joint & Survivor 100% Joint & Survivor 10 Year Certain & Life Social Security Level Income Option
Actuarial Equivalence	Mortality Table: UP84. Interest: PBGC rate for valuing immediate annuities in effect on January 1 of Plan Year.

Part V – Summary of Plan Provisions

Plan Name: Avis Rent a Car System, LLC Pension Plan
EIN/PN: 06-0918165/003

Plan Status	Frozen
Effective Date	April 1, 1957
Eligibility	Active employees who were members of the Retirement Plan for Salaried and Hourly Employees of Avis Rent A Car System, Inc. as of June 30, 1985. Former participants who are rehired are also eligible to participate in this plan.
Vesting Service	Continuous service as of December 31, 1975, plus Service from January 1, 1976 to severance measured in completed years and months, rounding down or up to whole months. Participants are 100% vested upon completion of 5 years of vesting service.
Credited Service	Service as of December 31, 1975 credited under the prior plan (including service previously excluded because of age greater than 55 before original date of hire), plus Service from January 1, 1976 to severance measured in completed years and months, rounding down or up to whole months. In general, no credited service will be taken into account after December 31, 1998. For participants active on that date and certain other individuals, an additional 2 years of credited service was added to their total.
Compensation	Total remuneration including bonuses (except for executive long term bonuses), severance and vacation pay but not including fringe benefits.
Average Final Compensation	High 5 consecutive out of last 10 calendar years of compensation prior to earlier of January 1, 1999, or date of termination/retirement.
Accrued Benefit	Annual benefit is equal to (1) minus (2) below: 1. 1-1/2% of Average Final Compensation times years of Credited Service not in excess of 35 (37 if two additional years were added) 2. 1-3/7% of Primary Social Security times years of Credited Service not in excess of 35 (37 if two additional years were added) Benefits were based on compensation frozen effective December 31, 1998.

Normal Retirement Date	First of the month on or following the attainment of age 65.
Normal Retirement Benefit	The participant's frozen accrued benefit as of December 31, 1998.
Early Retirement Date	The first of the month coincident with or following the attainment of age 55 and completion of 10 years of vesting service. Both criteria must be met prior to termination.
Early Retirement Benefit	Equals the Normal Retirement Benefit reduced by ¼ of 1% per month for each month retirement precedes age 62.
Vested Benefit Eligibility	Completion of 5 years of vesting service.
Vested Benefit	Accrued Benefit payable at Normal Retirement Date. Benefit may begin prior to Normal Retirement and as early as age 55 reduced by 5/12ths of 1% per month for each month retirement precedes age 65. However, for certain former We Try Harder, Inc. employees and those who were involuntarily laid off with at least 25 years of credited service, the reduction is the same as for the Early Retirement Benefit.
Late Retirement	Continued employment following Normal Retirement Date.
Late Retirement Benefit	Continued accruals benefit as benefits are suspended upon reaching Normal Retirement Date.

Pre-Retirement Death Benefit	For vested participants, the amount paid to a surviving spouse is equivalent to the beneficiary portion of a 50% Joint and Survivor benefit. If eligible for early retirement, the benefit is calculated as if the participant terminated employment on his date of death. If not eligible for early retirement, the benefit is calculated as if the participant terminated employment on his date of death and survived until his earliest retirement date. The spouse may begin receiving this benefit on the earliest date the participant could have elected to retire. For a charge, the spousal death benefit survivor coverage can be increased to 100% or a participant may elect a non-spouse beneficiary with the survivor coverage at 50% or 100%. This requires an affirmative election.
Disability Benefit	In the event of a participant becoming totally and permanently disabled, the participant may elect to receive a benefit equivalent to the Normal Retirement Benefit, or Early Retirement Benefit, if eligible. Benefits for these purposes were frozen as of the freeze date. Individuals that became disabled prior to December 31, 1994 received continued accruals during the period of disability.
Normal Form of Payment	For married participants – 50% Joint and Survivor. For unmarried participants – Life Annuity.
Optional Forms of Payment	Life Annuity 50% Joint & Survivor 75% Joint & Survivor 100% Joint & Survivor 10 Year Certain & Life Social Security Level Income Option
Actuarial Equivalence	Mortality Table: UP84. Interest: PBGC rate for valuing immediate annuities in effect on January 1 of Plan Year.
