Independent Auditors' Report

To the Plan Administrator
TrafFix 401(k) Plan
160 Avenida La Pata, San Clemente, CA 92673

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of TrafFix 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2025. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by the state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that is agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

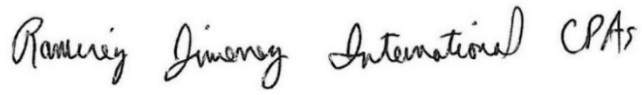

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditors' Report on the 2024 Financial Statements

The Plan's 2024 financial statements were audited by other auditors, whose report dated September 30, 2025 expressed an opinion, pursuant to ERISA Section 103(a)(3)(C), that (a) the amounts and disclosures, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

TrafFix 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of TrafFix 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by TrafFix Devices, Inc. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

Employees of the Company and any participating affiliates are eligible to make elective deferrals upon attaining age 20, with no minimum service requirement. Eligibility for employer matching contributions, including safe harbor matching contributions, and profit-sharing contributions requires attainment of age 20 and completion of one year of eligibility service, consisting of at least 1,000 hours of service during the applicable eligibility computation period. Nonresident aliens with no U.S. earned income, leased employees, and employees subject to the Plan’s union exclusion are excluded from participation.

Eligible employees enter the Plan for each contribution source on the first day of the calendar month coincident with or next following the date they satisfy the applicable age and service requirements.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or “rollover” into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Elective deferrals
- Roth deferrals
- Employer safe harbor
- Employer matching
- Rollover contributions
- Employer profit sharing

NOTE 1 – DESCRIPTION OF PLAN (continued)

Contributions (continued)

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the plan exempt from certain compliance testing requirements. The Company makes a safe harbor matching contribution of 100% of elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals between 3% and 5% of eligible compensation.

The Company may make discretionary profit-sharing contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution. Company contributions and Plan earnings or losses are allocated, and administrative expenses paid by the Plan are charged, to participant accounts in accordance with the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions, and related earnings. Vesting in discretionary Company matching and profit-sharing contributions is based on years of vesting service. Participants receive a year of vesting service for completing at least 1,000 hours of service during the applicable vesting computation period. Participants become 100% vested in these Company contributions if they are employed on or after their Normal Retirement Age or terminate employment because of death or disability.

Participants are always 100% vested in their safe harbor matching contributions. The following schedule presents the vesting percentages applicable to safe harbor matching, discretionary matching, and profit-sharing contributions.

Service Years	Safe Harbor	Discretionary Matching	Profit Sharing
< 1	100%	0%	0%
1	100%	20%	20%
2	100%	40%	40%
3	100%	60%	60%
4	100%	80%	80%
5	100%	100%	100%
6	100%	100%	100%

NOTE 1 – DESCRIPTION OF PLAN (continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used as follows:

- Reduce Company contributions
- Reallocate as Company contributions
- Pay administrative expenses

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $11,525 and $4,774, respectively. During the year ended December 31, 2025, no forfeitures were used.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The $50,000 limit is reduced by the excess of the highest outstanding loan balance during the preceding 12 months over the outstanding loan balance on the date the loan is made. Loans are evidenced by promissory notes and secured by the participant's account balance. The interest rate for a new loan is the prime rate published by The Wall Street Journal as of the last day of the preceding month, subject to applicable military service protections. Principal and interest are repaid through payroll deductions each pay period, generally over a period not exceeding five years. Loans used to acquire a principal residence may have repayment terms of up to 15 years. Participants may have a maximum of three loans outstanding at any one time.

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Benefits Paid to Participants (continued)

The following types of distributions are also allowed by the Plan:

- Hardship
- In-service
- Involuntary cashouts
- Rollover source withdrawal at any time

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Termination of the Plan

Although it has not expressed any intent to do so, the Company may discontinue contributions or terminate the Plan, subject to the Plan's provisions, ERISA, and applicable Internal Revenue Code requirements, including the requirements for reducing or suspending safe harbor contributions. Termination does not relieve the Company of contributions required through the termination date. Upon termination, affected participants become 100% vested in their accounts, and distributions will be made in accordance with the Plan and applicable requirements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Participant contributions are recognized when withheld from compensation. Employer contributions are recognized for the period to which they relate when amounts due to the Plan are established under the Plan's provisions and applicable employer authorization. Employer contributions due but not received at year end are reported as contributions receivable. The employer contributions receivable of $520,033 at December 31, 2025 represent the Company's profit-sharing contribution for 2025.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. A loan default resulting in a deemed distribution for income tax purposes does not, by itself, extinguish the participant's repayment obligation or result in removal of the receivable from the financial statements. A loan offset is recorded as a benefit payment when the participant's account is reduced to satisfy the outstanding loan in accordance with the Plan and applicable distribution requirements.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2025 and 2024, there were no amounts allocated to participants who had elected to withdraw from the Plan but had not yet been paid.

Subsequent Events

Subsequent events were evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the insurance carrier holding Plan assets under the group annuity contract.

	2025	2024
Investment values certified	$ 16,387,593	$ 13,194,854
Notes receivable from participants certified	$ 604,468	$ 503,065

	Year ended December 31, 2025
Investment income (loss) certified:	
Net appreciation (depreciation) in fair value of investments	$ 2,231,116
Interest income on notes receivable from participants	$ 37,737

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts

Pooled separate accounts are valued using the number of units held by the Plan multiplied by the unit values reported by John Hancock. The reported unit values reflect the fair value of the underlying investments and applicable account adjustments. The Plan's interests are classified within Level 2 of the fair value hierarchy because the significant inputs used in their valuation are observable, directly or indirectly. The Plan does not apply the net asset value practical expedient to these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1	$ -	$ -
Level 2		
Pooled separate accounts	16,387,593	13,194,854
Level 3	-	-
Total investments in the fair value hierarchy	16,387,593	13,194,854
Total investments at fair value	$ 16,387,593	$ 13,194,854

NOTE 5 – RELATED PARTY TRANSACTIONS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

NOTE 5 – RELATED PARTY TRANSACTIONS AND TRANSACTIONS WITH PARTIES-IN-INTEREST (continued)

The Plan holds investments under a group annuity contract with John Hancock Life Insurance Company (U.S.A.), which also provides recordkeeping services to the Plan. Accordingly, transactions involving these investments qualify as party-in-interest transactions. Participant loans also constitute party-in-interest transactions. Notes receivable from participants totaled $604,468 and $503,065 at December 31, 2025 and 2024, respectively. Related interest income totaled $37,737 for the year ended December 31, 2025.

During the year ended December 31, 2025, the Plan made direct payments of $107,049 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays certain other administrative expenses directly.

Investment-related expenses included in the investment options' expense ratios reduce the investment returns reported in net appreciation in fair value of investments. Under the Plan's investment arrangement, revenue sharing received by John Hancock from underlying funds is offset by corresponding subaccount credits. These net investment expenses are separate from the $107,049 of direct administration and investment advisory fees reported as administrative expenses in the statement of changes in net assets available for benefits.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – TAX STATUS

The Plan uses a preapproved plan document for which the Internal Revenue Service issued a favorable opinion letter dated June 30, 2020. The opinion letter addresses the form of the document and does not establish the Plan's continuing operational compliance. The Plan must operate in accordance with applicable Internal Revenue Code requirements to maintain its qualification under Section 401(a), and the related trust is exempt from federal income tax under Section 501(a) while the Plan remains qualified. After considering the identified operational matters, management believes that the Plan continues to satisfy the requirements for qualified status and that the related trust remains tax-exempt.

NOTE 7 – TAX STATUS (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits as of December 31, 2025 and 2024, and the change in net assets available for benefits for the year ended December 31, 2025, as reported in these financial statements, agree with the corresponding amounts reported in the Plan's Forms 5500.
