INDEPENDENT AUDITORS' REPORT

Board of Trustees
AWB HealthChoice Employee Benefits Trust – Automotive Services
Olympia, Washington

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of AWB HealthChoice Employee Benefits Trust – Automotive Services, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025, and the related statement of changes in net assets available for benefits and changes in plan benefit obligations for the period from December 1, 2025 through December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of AWB HealthChoice Employee Benefits Trust – Automotive Services as of December 31, 2025, and the changes in its net assets available for benefits and changes in plan benefit obligations for the period from December 1, 2025 through December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AWB HealthChoice Employee Benefits Trust – Automotive Services and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AWB HealthChoice Employee Benefits Trust – Automotive Services' ability to continue as a going concern within one year after the date of the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AWB HealthChoice Employee Benefits Trust – Automotive Services' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AWB HealthChoice Employee Benefits Trust – Automotive Services' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

General

Since inception, AWB HealthChoice Employee Benefits Trust (the Consolidated Plan) has consisted of nine industry-specific plans with related subtrusts. The structure of the Consolidated Plan was amended effective December 1, 2020, from one which maintained subtrusts for each of nine participating industry groups to one having a separate trust for each industry group in anticipation of reporting the Consolidated Plan as nine separate plans on nine separate Form 5500's effective January 1, 2021. The AWB HealthChoice Employee Benefits Trust – Automotive Services (the Plan), effective December 1, 2025, is a continuation of a portion of the Consolidated Plan and its related trust arrangement.

The Consolidated Plan went into operation on January 1, 2014. Effective October 1, 2013, the Consolidated Plan established a trust (the Trust) and the Board of Trustees of the Consolidated Plan appointed U.S. Bank as custodian. The Trust was created and established to receive and to hold contributions of participating employers and serve as the conduit for payment of insurance premiums to the insurance companies that insure plan benefits and of other plan expenses.

Effective December 1, 2025, the Trust arrangement was amended to reflect that there are ten separate plans each of which will separately file for Form 5500 reporting purposes. The separate plans provide benefits for the following industry group classifications: manufacturing, professional services, retail & wholesale, hospitality, construction, agriculture, automotive, communications, technology, and transportation (collectively, the Successor Plans). The Consolidated Plan was renamed the AWB HealthChoice Employee Benefits Trust – Automotive Services and was assigned to be the Plan providing benefits to the Automotive industry group.

The Trust continues to receive and hold contributions for each of the ten plans in a single bank account with separate accounting for each of the Successor Plans. Trust assets are used for the exclusive benefit of the Plans' participants and beneficiaries and to pay expenses of the Plans.

The Plan is a fully insured health plan providing medical, life, dental, vision, short- and long-term disability benefits to and for eligible employees and dependents of employers who are members of the Association of Washington Business (AWB), and which operate within the Plan's industry group.

The Plan is a group insurance arrangement classified as a "Multiple Employer Welfare Arrangement" as defined by the Employee Retirement Income Security Act of 1974 (ERISA) and related regulations. The Plan is operated by AWB in coordination with the participating employers and through contracts with third parties. Each employer that participates in the Plan is the Plan administrator with respect to the coverage for its employees for purposes of ERISA. The Plan's trustees act as sponsor of the Plan for ERISA reporting purposes.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Administration

The Plan is administered by a Board of Trustees that is assisted by a contract administration organization and various professional service providers. Administrative expenses are borne by the Plan.

The Plan receives services under an agreement with Vimly Benefit Solutions, Inc. (Vimly), to act as a third-party administrator. Vimly performs the billing, collection, eligibility determination, benefit processing, recordkeeping, and reporting for the Plan.

Fees paid to Vimly totaled $208 for the year ended December 31, 2025, and are included in administrative fees in the statement of changes in net assets available for plan benefits. Administrative fees payable to Vimly as of December 31, 2025 totaled $208.

Employer Eligibility

To be eligible for participation in the Plan, an employer must meet the following criteria:

- Must be a member in good standing of AWB.
- Must be a firm, corporation, partnership, or proprietorship directly engaged in a business employing at least two eligible employees that work at least 20 hours per week. For dental coverage two is the minimum number of eligible employees.
- Must be classified in the Automotive industry. The employer determines the industry in which they operate by providing their North American Industry Classification System (NAICS) code on their application and renewal. It is then reviewed by the Plan for accuracy of classification.
- A minimum of 50% of enrolling employees must live and work in Washington State.

Employee Eligibility

The participating employer is responsible for defining the classification of employees eligible for benefits, within the parameters established by the Plan.

At a minimum, in order to be eligible for coverage, employees of the participating employer must meet all of the following qualifications:

- Employee must be paid on a regular, periodic basis through the participating employer's payroll system with wages reported by the participating employer for Social Security purposes (i.e., on Form W-2) or must be an owner working a minimum of 20 hours per week in the business.
- Employee must appear on the participating employer's quarterly report of wages filed with the State Employment Security Department (this does not apply to owners of the employer).
- Employee must meet the participating employer's criteria for full-time, regular status working a minimum of 20 hours per week; and
- Employee must satisfy the waiting period that the participating employer has specified on the Plan's Master Application for Insurance Coverage. The waiting period cannot exceed 90 days from the date of hire.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Employee Eligibility (Continued)

Eligible dependents include the employee's spouse or domestic partner and dependent children.

Eligibility for coverage under the Plan will terminate at the earliest of any one of the following: (1) the end of the calendar month in which the employee ceases to be actively employed by a participating employer, (2) on the last day of the calendar month in which an employer ceases to participate in the Plan, or (3) on the date the Plan itself terminates.

Continuation of health care benefits to employees who would otherwise lose those benefits due to certain events, as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA), normally applies to all employers employing 20 or more employees during a calendar year. Due to plan provisions, all participants in the Plan are COBRA eligible. The Plan provides these benefits on a self-pay basis if a participant loses coverage because they no longer satisfy the requirements for eligibility. The contribution amount is set by the Plan.

Retired employees and their dependents are not eligible (unless eligible for COBRA).

Contributions and Participation

To become and remain a participating employer in the Plan, the employer must contribute at least 75% of the coverage charge per eligible employee. This is the minimum employer contribution, but the employer may contribute up to 100% of the coverage charge. There is no minimum employer contribution requirement for dependent coverage. Dependent contribution percentage may not be higher than the contribution toward employee coverage. If the employee contributes to the cost of coverage, the employer must collect the funds and include the amount with the employer's remittance on one check to the billing administrator.

Accounting principles generally accepted in the United States of America require separate disclosure of employer and employee contributions. Each employer determines the cost allocation between employee and employer to provide benefits. Based on how the Plan is administered, it is not feasible to segregate between the source of the contributions and, consequently, that information is not disclosed in the accompanying financial statements.

The Plan provides a variety of options for medical, dental, vision, life, and short-term and long-term disability coverages. Contributions for the various insurance coverages are determined based upon the coverage chosen by the participating employer.

Based on how the Plan is administered, it is not feasible to segregate between the source of the contributions and, consequently, that information is not disclosed in the accompanying financial statements.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The Plan may be amended, restated, or terminated by AWB or the Board of Trustees at any time and for any reason. The Board of Trustees also reserves the right to increase the amount of employer contributions. In addition, participating employers may amend the eligibility rules for their employees, as long as any changes are consistent with the insurance contracts and any rules established by the Plan. Employers may also terminate their enrollment of the Plan at any time and for any reason.

In the event of termination of the Plan, the remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Interest-Bearing Cash (Included in Investments)

Interest-bearing cash, included in Investments on the statements of net assets available for benefits consists of a checking account which is held in the Trust and is insured by the Federal Deposit Insurance Corporation up to the limits prescribed by law. Trust cash balances may exceed such limits during the year. Management believes there is minimal credit risk related to its cash balances.

The balance of the Plan's interest in the Trust's checking account is based on the balance at the beginning of the year plus actual contributions and allocated interest income and loss, less actual premiums to carriers and related commissions, and allocations of other fees and costs which are shared amongst the Successor Plans.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable and Unearned Contributions

Amounts held in the cash account maintained by Vimly which relate to 2025 coverage for the Plan are recorded as pending transfers or contributions receivable as of December 31, 2025. Pending transfers represent funds received by Vimly, after the December transfer, through December 31, for each year-end. Amounts held in the cash account maintained by Vimly which relate to coverage subsequent to year-end have been excluded from these financial statements. Amounts remitted by Vimly which represent overpayments and other adjustments are recorded as unearned contributions as of December 31, 2025 and 2024. Contributions receivable recorded as of December 31, 2025 were considered fully collectible. The estimate for expected credit losses considers historical loss experience, current economic conditions, and forward-looking information, including factors such as payment history, employer financial condition, and labor trends. As of December 31, 2025, the allowance for credit losses was insignificant.

Premiums

Insurance premiums are paid to the insurance companies that insure the Plan benefits and are recorded when paid. Approximately 92% of premiums paid during the year ended December 31, 2025, were paid to Premera Blue Cross.

Premium Credits

Premium credits are related to assets that were transferred from another plan and are being used to reduce the participating employer contributions. See Note 7 for additional details.

Administrative Expenses

Administrative expenses are paid by the Plan through the Trust and include direct costs of Plan administration, plus an allocation of shared costs incurred by the Successor Plans. Shared costs are allocated using the Plan's proportionate share of contributions.

Benefit Obligations

Benefit obligations include any obligations for premiums due, but not paid, under insurance arrangements in accordance with accounting principles generally accepted in the United States of America. The Plan is fully insured. Therefore, there is no obligation for benefit claims that have been incurred but not reported by the insurance carriers.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status

The revenues received from participating employers do not represent taxable income. Investment earnings of the Plan in excess of deductible expenses are subject to income tax. The Trust reports taxable income as required by taxing authorities.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date which the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 3 FAIR VALUE INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025.

Money Market Mutual Fund – Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	$ 105,836	$ -	$ -	$ 105,836
Total	$ 105,836	$ -	$ -	$ 105,836

NOTE 4 RELATED PARTY TRANSACTIONS

Administrative Fees

In 2014, the Consolidated Plan entered into an agreement with Forterra, Inc. (Forterra), a wholly owned subsidiary of AWB. The Plan receives various administrative services under this agreement. The agreement was assumed by and renewed with the Successor Plans in 2021 and amended and restated in 2024.

The fees paid to Forterra by Vimly during the year ended December 31, 2025, totaled $857, which have been accounted for as indirect expenses and therefore not recognized as Plan expenses in these financial statements.

Agency Services and Commissions

In 2014, the Consolidated Plan entered into an agreement with ProPoint LLC (ProPoint), a wholly owned subsidiary of Forterra and licensed insurance agency in Washington State, to provide various services. The agreement was amended and restated in 2024.

The total fees paid to ProPoint by Vimly during the year ended December 31, 2025, were $2,401, which are accounted for as indirect expenses and therefore not recognized as Plan expenses in these financial statements.

NOTE 5 RISKS AND UNCERTAINTIES

The Washington State Office of Insurance Commissioner (OIC) has the authority to review and approve or disapprove large-group rate filings, including association health plans (AHP), on an annual basis. However, the carrier for the Consolidated Plan is a health services contractor, therefore filings are considered "file and use" which means they do not need to be approved in advance of going to market. Changes in healthcare reform legislation and the OIC rules and interpretations concerning AHPs could have an effect on future revenue.

The Plan provides for investment in a variety of investment securities. In general, investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 6 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for plan benefits per the financial statements to Form 5500 as of December 31, 2025:

Net Assets Available for Benefits per the Financial Statements	$	14,433
Less: Premiums Currently Payable		(6,168)
Net Assets Available for Benefits per Form 5500	$	8,265

The following is a reconciliation of changes in net assets available for plan benefits as reported on the financial statements to Form 5500 for the period ended December 31, 2025:

Net Increase in Net Assets Available for Benefits per the Financial Statements	$	14,433
Add: Plan Benefit Obligation - Beginning of Year		-
Less: Plan Benefit Obligation - End of Year		(6,168)
Net Income per Form 5500	$	8,265

NOTE 7 TRANSFER OF ASSETS AND LIABILITIES

Effective December 1, 2025, the AWB HealthChoice Plan (the "AWB Grandfathered Plan") was dissolved, and its remaining assets and related obligations were transferred to the Consolidated Plan. The transferred assets and obligations were allocated among the ten industry-based trusts based on the anticipated utilization of premium credits by employers that transitioned from the AWB Grandfathered Plan to the Consolidated Plan, with allocations determined according to each employer's respective industry classification.

The transferred assets and related obligations are included in investments and premium credit liabilities on the statement of net assets available for benefits. Premium credits subsequently applied to reduce participating employers' monthly contribution requirements are reflected in employer contributions in the statement of changes in net assets available for benefits.
