INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Green Products LLC 401(K) Plan And Trust
Chagrin Falls, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Green Products LLC 401(K) Plan And Trust** (formerly, Green Products, Inc. 401(K) Plan And Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of **December 31, 2025** and **2024**, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Green Products LLC 401(K) Plan And Trust's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended **December 31, 2025** and **2024**, stating that the certified investment information, as described in **Note C** to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Green Products LLC 401(K) Plan And Trust** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Green Products LLC 401(K) Plan And Trust's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Green Products LLC 401(K) Plan And Trust's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Green Products LLC 401(K) Plan And Trust's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying table of contents as of and for the year ended **December 31, 2025** are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

NOTE A – DESCRIPTION OF THE PLAN

The following description of the **Green Products LLC 401(K) Plan And Trust** (the "Plan") provides only general information. The Plan covers various companies managed under the umbrella of **Green Products LLC**. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Green Products LLC (the "Company", and plan "Sponsor") established the plan effective January 1, 2018 and has been amended on various dates, most recently April 1, 2022. The Plan is a contributory tax deferred plan established under section 401(k) of the Internal Revenue code and covers all employees of the company who have completed three months of service and have attained the age of eighteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan Administrator and is responsible for the day-to-day operation of the Plan. They designate other parties to perform certain duties.

The Plan's trustee is the **ADP Retirement Trust Services, LLC** for the year **ended December 31, 2025**, and **Reliance Trust Company** for the year ended **December 31, 2024**.

Name Change

The plan sponsor and administrator, **Green Products LLC** (formerly known as **Green Products, Inc.**), changed its name effective **October 1, 2025**, and formally amended the plan name to **The Green Products LLC 401(K) Plan And Trust** (formerly known as **Green Products, Inc. 401(K) Plan And Trust**).

Tax Status

The Internal Revenue Service has determined by letter dated December 31, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Company's contributions, and (c) Plan earnings. Each participant's account is charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined in the plan document.

Contributions

Participants may elect to contribute a portion of their pay each period to the Plan. Participants may contribute the lesser of **$23,500** and **$23,000** for **2025** and **2024**, respectively or **90%** of their compensation. If a participant reached age **50** in **2025** or **2024**, the participant contribute an additional "catch-up" amounts of up to **$7,500** or **$7,500** to the Plan, respectively. If a participant reached age **60,** but not yet **64** in **2025**, the participant contribute an additional "super catch-up" amounts of up to **$3,750** to the Plan, in addition to the "catch up" amount. Participants direct the investment of their contributions into various investment options offered by the Plan. These deferred contributions (salary deferrals) are not subject to federal or state income tax when the contribution is made to the Plan, instead they are taxed when paid from the Plan. A participant may also designate contributions as before-tax savings, after tax savings ("Roth"), or any combination of the two. Employees may revoke their election at any time during the year.

The Company makes matching contributions equal to the lessor of **100%** of amounts contributed by a participant, or **1%** of the participant's compensation. In addition, the Company has the right to make additional discretionary contributions to the Plan. There were no discretionary contributions made in **2025** or **2024**. These contributions shall be unrelated to any employee contributions made during the Plan year and shall be distributed to employees on a pro rata basis as of the end of the Plan year.

Vesting

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions portion plus actual earning thereon of their accounts is based on years of continuous service. In addition to the schedule below, participants will also 100% immediately vest in the case of death or total and permanent disability of a participant.

Participants are vested in Company contributions according to the following schedule:

Years of Service	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

Investment Options
Upon participation in the Plan, a participant may direct contributions in one or more of the investment funds provided under the Plan. Separate accounts are maintained for elective contributions, matching contributions and discretionary contributions. Participants may change their investment options at their own discretion.

Participant Loans
Participants may borrow from their fund accounts a minimum of **$500** up to a maximum of the lessor of **$50,000** or **50%** of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus **2%** (ranging from **5.25%** to **10.50%**). Principal and interest are paid ratably through monthly payroll deductions and interest is recognized as it is paid under GAAP. Loans are valued and measured at their unpaid principal balance. Related loan fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document. No allowance for credit losses has been recorded as of **December 31, 2025** and **2024**.

Payment of Benefits
On termination of service due to disability, retirement, or other reason, a participant (or their designated beneficiary) elects to receive benefits under the various options described in the plan documents including lump-sum payment, direct rollover options, partial distributions or a series of installment payments. amount equal to the value of the participant's vested interest in his or her account. Additionally, the Plan has provisions for an active participant to receive hardship withdrawals from his or her account, subject to limitations and restrictions. If any portion of the participant's vested benefit is attributable to Roth elective deferrals or Roth rollover contributions that portion may only be rolled over to a similarly designated Roth IRA or a retirement plan accommodates Roth accounts.

If the participant's vested account balance is **$500** or less (disregarding any rollover balance), then it may only be paid out in a single lump sum payment. If it is over **$500**, it may be paid in a single lump sum payment, or in installments over a period of not more than the participant's life expectancy, or on an ad-hoc basis.

Hardship Distribution
In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Forfeited Accounts
Forfeitures occur when participants terminate employment before becoming fully vested in employer contributions to the Plan. At **December 31, 2025** and **2024** forfeited non-vested accounts totaled **$9,211** and **$8,771**, respectively. Forfeited amounts may be used to reduce administrative expenses and then future employer contributions to the Plan. For the years ended **December 31, 2025** and **2024** there were **$-0-** and **$-0-** of forfeitures utilized to offset administrative expenses, respectively, and **$9,513** and **$5,472** of forfeitures utilized to offset employer contributions, respectively.

Plan Termination
Although it has not expressed any intent to do so, the Company, has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested, and the respective participant interest, net of any termination fees, will be distributed to each participant in accordance with the trust agreement.

NOTE D – FAIR VALUE MEASUREMENTS OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual funds: Valued at closing price reported on the active market in which the individual securities are traded. Mutual funds held by the plan are open-ended mutual funds that are registered with the SEC, actively traded and pricing is published daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of **December 31, 2025** and **2024**. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments Measured Using the Net Asset Value per Share Practical Expedient
In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of **December 31, 2025** and **2024**, respectively. There are no participant redemption restrictions for those investments; the redemption notice period is only applicable to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trusts	$ 9,776	n/a	Daily	none
Total	$ 9,776			

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trusts	$ 8,771	n/a	Daily	none
Total	$ 8,771			

Stable Value Collective Trust
A stable value fund that is composed primarily of synthetic and traditional guaranteed investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Transfers Between Levels
For years ended **December 31, 2025** and **2024**, there were **no** transfers between Levels 1 and Level 2 and **no** transfers in or out of Level 3.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – PARTIES-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services for the Plan, and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent of more of such employer or employee association, or relatives of such person. **ADP, Inc.** are the service providers. **Reliance Trust Company** was a service provider for the year ended **Decmeber 31, 2024**.

Reportable indirect expenses on the 5500 were paid to **ADP, Inc.** for various recordkeeping administrative services in the amount of **$17,350** and **$12,207** for **2025** and **2024**, respectively.

Certain administration functions are performed by officers and employees of the Company (who also may be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.
