Independent Auditor's Report

Plan Administrator
Crete Mechanical Group, Inc. 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Crete Mechanical Group, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, including in their role as agent as directed custodian for certain assets of the Plan, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

General

The following description of Crete Mechanical Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, which was established on September 1, 2021, and subsequently amended, is classified as a defined-contribution plan, covering all employees of Crete Mechanical Group, Inc. and participating employers ("CMG").

The participating employers include Crete Mechanical Group, Inc.; Control Solutions Inc; Centraire Heating & Air Conditioning, Inc.; Environmental Services of Charlotte, LLC (dissolved in May 2023; employees transferred to another participating employer) ; DesignBuild Mechanical LLC; Industrial Maintenance & Automation Inc.; CMG Nielsen Mechanical LLC; SAM Mechanical LLC; Facility Systems Services, LLC; IR Mechanical, LLC; Mechanical Systems & Services, LLC; ProTech Mechanical, LLC; TraMar Mechanical, LLC; Major Mechanical, LLC; Air Professional Associates; Dynaire, LLC; Piper Electric Co., LLC; Stuckey Electric Co d/b/a Stanmark Electric Co., LLC; S Mechanical, LLC; Reilly Electrical Contractors, LLC; Controlair Systems, Inc.; Metro Mechanical Services, Inc.; Crosby Communications, LLC DBA C2 Technology; AC Corporation; Crosby Electric Co., Inc.; General & Mechanical Services, LLC; Advanced Integrated Service, Inc., CMG VRA, LLC d/b/a Crete Building Services of Texas; Hometown Mechanical LLC; American Legacy Construction Group, Inc.; John's Service & Sales, Inc.; C&C Service, LLC; Amy C Enterprises, LLC d/b/a Foster Plumbing; Hartwig Mechanical, LLC; Hillard Electric; S & W Contracting Company, Inc.; Pro Star Energy Solutions, LLC; and Emerald Sd LLC.

All employees of CMG, which are age 18 or older and completed 6 months of service are eligible to participate in the Plan, except for the members of a union, certain nonresident aliens, and residents of Puerto Rico. The requirements for participation are the same to make elective deferrals and receive matching contributions.

The Plan's funds are held by Empower Trust Company, LLC, Empower Life & Annuity Insurance Company of New York (the "Plan Custodians" and "Trustees") (see Note 3). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute to the Plan a percentage or a specific dollar amount of their pre-tax or after-tax (Roth) annual compensation, as defined in the Plan, not to exceed Internal Revenue Code ("IRC") limits.

Employees of CMG are not automatically enrolled and there is no automatic escalation. The Plan includes a Safe Harbor provision. Under this provision, the Employer makes Safe Harbor contributions of 100% of deferrals up to 4% of participant's compensation, as defined in the Plan, measured on an annual basis. In addition, CMG may also make discretionary matching and other discretionary nonelective contributions to the Plan, which are determined on a year-to-year basis. No additional discretionary matching or other discretionary nonelective contributions were made during 2025.

Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Participant Investment Account Options

Upon enrollment in the Plan, a participant may direct their account balances among any of the Plan's investment options offered by the Plan. The Plan also offers a self-directed brokerage investment option. This option allows participants to choose from a wide variety of investments that were not pre-selected by CMG.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, employer contributions, allocations of Plan earnings, and is charged with an allocation of administrative expenses (if any). Participant contributions and employer matching contributions are allocated, at the participant's election, to investment funds held at the Plan Custodians. Participants may change their investment options at any time with certain exceptions.

Plan earnings are allocated based on the actual earnings of the respective participant's investments. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and Safe Harbor contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service.

CMG additional matching and discretionary nonelective contributions vesting is as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants also become 100% vested in CMG contributions when termination of employment is the result of death or total disability.

Matching contributions transferred to the Plan from Air Professional Associates vest as follows:

0-1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Matching contributions transferred to the Plan from S Mechanical Inc. Pension Plan are 100% vested upon the age of 59 1/2.

Matching contributions transferred to the Plan from General & Mechanical Services 401(k) Plan are 100% vested upon the age of 62.

Matching contributions transferred to the Plan from John's Service & Sales, Inc. 401(k) Plan, American Legacy Construction Group, Inc. 401(k) Plan, S & W Contracting Company, Inc. Profit Sharing Plan, C & C Service LLC 401(k) Profit Sharing Plan and Trust, and the Hillard Electric 401(k) Plan are 100% vested at all times.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of their vested account balance or $50,000 reduced by the highest loan balance in the previous 12 months. Participants may only have one loan outstanding at any given time. Loan terms range from 1-5 years, or up to 10 years for the purchase of a principal residence.

The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan administrator. At December 31, 2025, outstanding loans bore interest rates of 4.25% - 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment by reason of death, disability, a participant is entitled to the entire participant account balance, which includes all the vested employer contributions allocated to the participant's account and all gains or losses attributed thereto. Terminating participants may elect to receive a distribution of their vested benefits in the following forms of payment: lump sum, nonrecurring partial payment, installment payments (as a series of regularly scheduled recurring partial payments) or applied to the purchase of an annuity contract. The Plan calls for mandatory distribution for participants who incur a severance from employment before the normal retirement age as defined by the Plan and have an account balance less than or equal to $5,000. Amounts over $1,000 are subject to mandatory rollover. Benefits are recorded when paid.

As of December 31, 2025 and 2024, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

Forfeited Accounts

Forfeited balances of participants' non-vested accounts are used to reduce future CMG contributions or may be used to pay Plan expenses. There were unallocated forfeitures of approximately $138,000 and $160,000 at December 31, 2025 and 2024, respectively, that could be used to offset future Employer contributions and Plan expenses. During the year ended December 31, 2025, approximately $55,000 were used to offset Plan expenses and approximately $39,500 were used to reduce Employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from CMG are recorded in the year in which the employee contributions are withheld from compensation.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants before March 15, 2025.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Interest income is recorded when received. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Notes receivable from participants are reported at unpaid principal balance plus accrued but unpaid interest.

Administrative Expenses

Certain administrative expenses are paid directly by CMG at its discretion and are not reimbursed by the Plan. Investment fees, commissions, and related expenses are included in net appreciation of investments in these financial statements.

Subsequent Events

In preparing these financial statements, CMG has evaluated events and transactions for potential recognition through October 14, 2026, the date the financial statements were available to be issued.

Effective March 10, 2026, all assets were liquidated into the Summit Savings PEP (the "Successor Plan") and the Plan was terminated.

Note 3. Certification of Plan Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets and liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurement

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024.

	December 31, 2025			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds and Individual Brokerage	$ 127,351,669	$ 127,351,669	$ -	$ -
Common collective trust at NAV [(A)]	1,155,857			
Investments at fair value	$ 128,507,526			

	December 31, 2024			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds and Individual Brokerage	$ 107,881,334	$ 107,881,334	$ -	$ -
Common collective trust at NAV [(A)]	2,490,670			
Investments at fair value	$ 110,372,004			

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Mutual Funds (Including Self-Directed Brokerage Accounts)

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common Collective Trust

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Common collective trust funds	$ 1,155,857	$ 2,490,670	None	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan Custodians offer a fully benefit-responsive investment contract, which has the Empower Investments Fixed Account (the "EIFA") as the only underlying investment option. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer and is reset quarterly. During the years ended December 31, 2025 and 2024, the crediting interest rate for the EIFA averaged 1.60%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Withdrawals influenced by Employer-initiated events, such as reallocation of investments, may result in a distribution at other than contract value, and are subject to certain restrictions. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6. Transfer of Plan Assets from Other Plans

The following employee benefit plans from participating employers merged into the Plan during the 2025 Plan year. All participants in the listed plans were provided the option to have their account balance rolled into any qualified plan (including the Plan). An aggregate of approximately $3,047,000 was rolled into the Plan during the year ended December 31, 2025, and is included as a transfer on the statement of changes in net assets available for benefits.

Name of Plan Being Merged Into the Plan	Plan Adoption Date	Approximate Amount of Assets of Being Merged Into the Plan
Pro Star Energy Solutions, LLC Plan	February 24, 2025	$ 1,368,000
Emerald Sd, LLC Plan	June 17, 2025	247,000
American Legacy Construction Group, Inc. 401(k) Plan	April 30, 2025	1,432,000
		$ 3,047,000

The amounts above include participants' notes receivable of approximately $20,400.

Note 7. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments and notes receivable from participants are managed by the Custodians. As described in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers, including the custodian. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan for administrative services were $343,922 for the year ended December 31, 2025. These transactions qualify as exempt party-in-interest transactions under ERISA.

Note 8. Plan Termination

Although it has not expressed any intent to do so, CMG has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amounts credited to the accounts of all affected participants become fully vested, and the Plan assets shall be distributed in proportion to participants' respective account balances as of the date of termination.

Note 9. Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Empower Retirement, LLC. This prototype plan document has been filed with the appropriate agency. The IRS has determined and informed the document sponsor by a letter dated November 14, 2022, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the adopted and amended Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Non-Exempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Employer remitted all employee contributions to the Plan, contributions of $9,296 were not remitted within the required time period for the year ended December 31, 2025. The Employer remitted the 2025 delinquent contributions and related lost earnings in 2026.

Note 11. Plan Operational Failures

In 2024 and 2023, the Employer identified errors in the calculation of certain employee deferrals and the corresponding Employer safe harbor match for plan years 2021 through 2024. These errors constitute prohibited transactions under ERISA. In accordance with IRS guidelines, the Employer is required to correct the underfunding, including lost earnings, for affected participants.

Corrective contributions totaling approximately $117,600 were made to the Plan in 2023, 2024, and 2025, as follows:

2024 Plan Year Discovery
Errors affecting the 2024 plan year resulted in corrective contributions of approximately $7,600, representing 25% of missed employee deferrals and 100% of missed employer safe harbor match. These corrections were funded in 2025.

2023 Plan Year Discovery
Errors affecting plan years 2021–2023 resulted in corrective contributions of approximately $110,000, also representing 25% of missed employee deferrals and 100% of missed employer safe harbor match. These corrections were funded in 2023, 2024, and 2025.

Note 12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
