Independent Auditor's Report

The Plan Administrator
OneSubsea Group Welfare Benefits Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OneSubsea Group Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the OneSubsea Group Welfare Benefits Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan provides group health benefits (medical benefits, including hospital, surgical, physician services, mental health, wellness, and vision care; dental benefits; prescription drug benefits; long-term care; flexible spending arrangements for health and dependent care; temporary and long-term disability), life insurance, basic accidental death and dismemberment insurance, and business travel and accident insurance, covering eligible full-time, part-time, and retired employees of OneSubsea LLC (the Company or Plan Sponsor) who enroll in the Plan, along with their eligible dependents and beneficiaries. OneSubsea LLC is a joint venture between Schlumberger Limited (SLB) and Aker Solutions. The Plan was established on January 1, 2024 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by an Administrative Committee, which is appointed by the Board of Directors of the Company. The Administrative Committee is responsible for general administration of the Plan.

The Finance Committee is appointed by the Board of Directors of the Company. The Finance Committee communicates to The Northern Trust Company (the Trustee) the funding policies and methods that have been established to carry out the objectives of the Plan.

Eligibility

Under the terms of the Plan, full-time employees and their dependents are eligible for coverage at the time of employment. Part-time employees and their dependents are eligible for coverage upon completion of a specified period of service. Retired participants and their dependents are eligible for coverage upon completion of at least 15 years of combined service with the Company and/or SLB after age 55. Only service rendered after age 40 counts toward determining eligibility for retiree health benefits and retiree cost-sharing requirements.

Entrants in the retiree health benefit portion of the Plan receive a defined contribution design (the DCRM). This design is a defined contribution approach that includes the following provisions:

- Participants are credited with a notional amount of $1,800 per year of service after age 40. These amounts will be put in a notional account that will be credited with 6% interest annually.
- Retirement eligibility is age 55 and 15 years of service after age 40.
- There are no retiree contributions required for participation.
- It is expected that retirees will be able to draw down their notional balance by up to 50% of the premium that the Company calculates for retiree coverage in that year.
- Participants who terminate prior to reaching retirement eligibility forfeit all credits in their notional accounts.

The benefits accrued are reported in postretirement benefit obligations in the statement of plan benefit obligations and statement of changes in plan benefit obligations.

Benefits

Insured Benefits

Metropolitan Life Insurance Company (MetLife) provides life and accidental death and dismemberment coverage under group insurance contracts. Hartford Fire Insurance Company provides business travel accident coverage under group insurance contracts.

Self-Insured Benefits

All other plan benefits are self-insured. Connecticut General Life Insurance Company (CIGNA) is the primary provider of administrative services in processing and paying medical, dental, vision, prescription drug, and other voluntary benefits claims. New York Life Group Benefits Solution (NYL) is the provider of administrative services in processing short-term disability and long-term disability claims.

Formulary Rebates

The Plan utilizes a pharmacy benefit manager (PBM), which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Benefit payments are based on claims submitted to and approved by CIGNA, NYL, MetLife, and Hartford Fire Insurance Company (collectively, the Administrators), which make payments directly to the medical service providers, dental service providers, participants, or selected beneficiaries. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Contributions

Contributions to the Plan include amounts received from the Company and amounts received or receivable from the participating employees and retirees. The Plan Document provides that (a) the Company and its affiliates make contributions based on benefit formulas derived by the Administrators and (b) employees and retirees make monthly premium contributions based on their benefit program elections.

Employees may contribute specified amounts, determined periodically by the Plan's actuary, Segal, to extend coverage to eligible dependents. The costs of the postretirement benefit plan are shared by the employer and retirees.

Retirees are assumed to pay the full retiree premium amount out of their accumulated account balance. Once the balance is exhausted, retirees can contribute 100%.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the use of management estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. The Plan follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). The Director of Trust Investments determines the Plan's valuation policies utilizing information provided by the investment managers and the Trustee.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers in or out of Levels 1, 2, or 3 for the years ended December 31, 2025 and 2024. See Note 7 for the disclosures required by ASC 820 with regard to Plan investments.

In determining the fair value of assets and liabilities underlying the Plan, various inputs and valuation methodologies are used, which are described in Note 7 together with other disclosures required by ASC 820. There have been no significant changes in the inputs or valuation methodologies used at December 31, 2025 and 2024.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on an accrual basis.

Net appreciation or depreciation in fair value of investments includes realized gains or losses on investments sold and unrealized gains or losses on investments held.

Benefit Payments

Benefits are recorded when paid.

Formulary Rebates

Refunds due from the Plan's PBM are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable on the statement of net assets available for benefits, with the offset being netted against participants' health claims paid.

During 2025, a portion of formulary rebates attributable to the Plan was held by the Schlumberger Group Welfare Benefits Plan (the Schlumberger Plan). As of December 31, 2025, this amount is $912,610, which is included in formulary rebates receivable on the statement of net assets available for benefits. The receivable was settled in 2026.

Claims Incurred but Not Reported

Plan obligations at December 31, 2025 and 2024 for health claims incurred by active participants but not reported are estimated based on formulas derived by CIGNA and evaluated by Segal, the Plan's independent actuary, and are reported in the accompanying statements of plan benefit obligations. Health claims incurred by retired participants but not reported at December 31, 2025 and 2024 are included in the postretirement benefit obligations.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Administrative expenses paid by the Plan include trustee fees, investment management fees, claims administration fees, consulting fees, audit and accounting fees, and actuarial fees. All other expenses of the Plan are paid by the Company.

3. Risks and Uncertainties

Due to various risks (e.g., interest rate, market, and credit risks) associated with certain investments, and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near-term that could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

4. Plan Termination

The Company anticipates and believes that the Plan will continue without interruption and intends to continue to fund the Plan but reserves the right to terminate the Plan at any time by written action of the Board of Directors, effective as of the date it specifies. In the event of the Plan's termination, the Company shall have no obligation under the Plan beyond paying the claims incurred. If the Plan is terminated, any net assets of the Plan shall be distributed to the participants in the order provided for by the Administrative Committee and as prescribed by ERISA. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

5. Postretirement Benefit Obligations

The amounts reported as postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to participants' service rendered as of December 31, 2025 and 2024, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefit obligations include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employer. The postretirement benefit obligations represent the amount that is to be funded by contributions from the Plan's participating employers and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligations is determined by an independent actuary, Segal, and is the amount that results from applying actuarial assumptions to historical claim cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following table represents the assumptions related to the annual rate of increase in the per capita cost of covered health care benefits:

Year	**2025 Trend (%)**	2024 Trend (%)
2024	**N/A**	7.25
2025	**8.00**	7.00
2026	**7.75**	6.75
2027	**7.50**	6.50
2028	**7.25**	6.25
2029	**7.00**	6.00
2030	**6.75**	5.75
2031	**6.50**	5.50
2032	**6.25**	5.25
2033	**6.00**	5.00
2034	**5.75**	4.75
2035	**5.50**	4.50
2036	**5.25**	4.50
2037	**5.00**	4.50
2038	**4.75**	4.50
2039	**4.50**	4.50

Administrative expenses expected to be paid by the Plan are included in the per capita cost of covered health care benefits. Administrative expenses are estimated to be approximately 2.50% (2.71% in 2024) and 0% (0% in 2024) of incurred claims for medical and prescription drugs. If the assumed medical trend rates increased by one percentage point in each future year, it would increase the postretirement benefit obligations, as of December 31, 2025 and 2024, by $660 and $580, respectively.

The following were other significant assumptions used in the valuations as of December 31, 2025 and 2024:

Weighted-Average Discount Rate

- 5.7% (5.25% in 2024)

Mortality

- Pri-2012 Headcount-Weighted Mortality Table with SSA-2024 and SSA-2023 Mortality Improvement Projection Scale for 2025 and 2024.

Retirement Rates

Retirement rates are applied only after the age of eligibility to retire is attained. Retirement rates are as follows:

Age (Years)	Rate (%)
55-58	7.0
59	9.0
60-61	12.0
62	25.0
63-64	20.0
65	100.0

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Medicare Subsidy

On December 8, 2003, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (the Act) for employers sponsoring postretirement health care plans that provide prescription drug benefits was signed into law. The Act introduced a prescription drug benefit under Medicare, as well as a federal subsidy to sponsors of retiree health care benefit plans providing a benefit that is at least actuarially equivalent to Medicare Part D.1.

Under the Act, the Medicare subsidy amount is received directly by the Plan sponsor and not the Plan. Further, the Plan sponsor is not required to use the subsidy amount to fund postretirement benefits and may use the subsidy for any valid business purpose. The postretirement benefit obligations as of December 31, 2025 and 2024 and the changes in the postretirement benefit obligations for the years ended December 31, 2025 and 2024 do not reflect any amount associated with the Medicare subsidy because the Plan is not directly entitled to the Medicare subsidy.

The amount of the Plan's postretirement benefit obligations is different than the amount disclosed by the Plan sponsor because the amount reported by the Plan sponsor is net of Medicare subsidy.

6. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Northern Trust Company, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments, accrued interest, and dividends receivable, and due to broker for securities purchased reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest and dividend income reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

- Investment transactions reflected on the supplemental Schedule H (Form 5500), Line 4j - Schedule of Reportable Transactions, as shown on the ERISA-required supplemental schedule.

7. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy discussed in Note 2, the Plan's investments at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Total Investment Assets, in the fair value hierarchy	$ -	$ -	$ -	$ -
Accrued income				1,200
Due to broker for securities purchased				(149,479)
Total				$ (148,279)

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,507,301	$ -	$ -	$ 1,507,301
Total Investment Assets, in the fair value hierarchy	$ 1,507,301	$ -	$ -	1,507,301
Accrued income				4,706
Due to broker for securities purchased				(51,431)
Total				$ 1,460,576

Valuation of Investments

Mutual Funds - Mutual funds are valued at quoted market prices (available to institutions and retail clients) that represent the NAV of shares owned by the Plan at year-end.

8. Tax Status

The trust established under the Plan (the Trust) to hold the Plan's assets qualifies as an exempt organization under Section 501(c)(9) of the Internal Revenue Code (IRC). The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service (IRS) dated January 8, 2026, stating that the Trust used to pay benefits is qualified pursuant to Section 501(c)(9) of the IRC. Plan management and tax counsel believe that the Trust is currently designed and operating in accordance with applicable provisions of the IRC.

As a result of the Plan's funding policy, the investment income from the Trust is subject to unrelated business income taxes. Payments for unrelated business income tax of $37,000 during the year ended December 31, 2025 is reported in administrative expenses in the accompanying statement of changes in net assets available for benefits.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by the Trustee. Fees paid to the Trustee by the Plan amounted to $90 and $1,258 for the years ended December 31, 2025 and 2024, respectively. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

The Plan is related to the Schlumberger Group Welfare Benefits Plan (the Schlumberger Plan) through common control. During the 2024 plan year, certain expenses of the Plan were paid by the Schlumberger Plan. Amounts related to expenses paid on behalf of the Plan during 2024 were reimbursed in 2025. As discussed in Note 2, the Plan had a receivable from the Schlumberger Plan of $912,610 related to formulary rebates attributable to the Plan as of December 31, 2025. The receivable was settled in 2026.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

December 31,		**2025**		2024
Net Assets Available for Benefits, per financial statements	**$**	**2,874,730**	$	4,523,994
Benefit obligations currently payable		**(3,029,440)**		(3,218,760)
Net Assets Available for Benefits, per Form 5500	**$**	**(154,710)**	$	1,305,234

The following is a reconciliation of total claims and insurance premiums paid per the financial statements to total benefit payments per Form 5500:

Year ended December 31, 2025		
Total Claims and Insurance Premiums Paid, per financial statements	$	14,184,515
Add: amounts payable at end of year		3,029,440
Less: amounts payable at beginning of year		(3,218,760)
Total Benefit Payments, per Form 5500	$	13,995,195

Amounts currently payable to or for participants, beneficiaries, and dependents are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

11. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events through October 14, 2026, the date on which the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures stated herein.
