INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Southeastern Surveying and Mapping Corporation Employee Stock Ownership Plan

Opinion on the 2025 Financial Statements

We have audited the financial statements of Southeastern Surveying and Mapping Corporation Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 financial statements).

In our opinion, the 2025 financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the 2025 financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

Other Matters - continued

2025 Supplemental Schedule Required by ERISA - continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditors' Report on the 2024 Financial Statements

The 2024 financial statements of the Plan were audited by predecessor auditors whose report dated October 14, 2025, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2024 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Southeastern Surveying and Mapping Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Southeastern Surveying and Mapping Corporation (the Company) established the Plan effective January 1, 2018, and it operates, in relevant part, as a leveraged employee stock ownership plan (ESOP). It is designed to comply with the regulations of Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On January 1, 2018, the Plan purchased 400,000 shares of company common stock using proceeds of a loan (Note H) from the Company in the amount of $100,000 and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of 25 years by fully deductible contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights in allocated common stock (allocated) and common stock not allocated to employees (unallocated).

The Plan holds 100% of the outstanding common stock of the Company as of December 31, 2025 and 2024.

Eligibility

Employees are eligible to participate in the Plan after attaining age 21 and completing one year of service. Participants may enter the Plan on either the first day of the second month of the Plan year (February 1) or the first day of the eighth month of such Plan year (August 1) coinciding with or next following the date such employee met the eligibility requirements, provided said employee was still employed as of such date.

Effective May 30, 2025, the one year of service requirement was removed for eligibility and participants may enter the Plan on the employee's date of hire. For employees hired prior to May 30, 2025 and not already a participant in the Plan, provided they have attained age 21, the effective date for eligibility and entry in the Plan will be the later of January 1, 2025, or their date of hire.

Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are not eligible for an allocation of Company contributions or forfeitures for such year. However, if employment terminates due to normal retirement, death, or disability they will be eligible to receive an allocation regardless of hours worked or employment on the last day of the plan year.

NOTE A - DESCRIPTION OF PLAN - continued

Voting Rights

All stock held by the Plan is voted on by the Trustee. Each participant or his/her beneficiary is entitled, in certain instances, to exercise voting rights attributable to the shares of company stock allocated to the participant's account. Participants shall be entitled to direct the voting of allocated plan shares of stock with respect to any vote required for the approval and disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions prescribed by regulation. The Trustee is required, however, to vote for any unallocated shares on behalf of the best interest of collective plan participants and beneficiaries.

Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equals the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loans. There were obligated contributions of $5,478 in 2025.

The Company may contribute a discretionary amount which is allocated in the proportion that each participant's eligible compensation for the plan year bears to the total eligible compensation of all participants for the plan year. In addition, any amounts contributed by the Company to pay distributions from the Plan will be included as part of the Company's contribution. For the year ended December 31, 2025, the Company's Board of Directors approved contributions of $439,541.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of company common stock released from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning-of-the-year account balance to all participants' beginning-of-the-year account balance.

NOTE A - DESCRIPTION OF PLAN - continued

Vesting and Forfeitures

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company as follows:

Years of Vesting Service	
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures shall remain in the Plan and are deemed to be a Company contribution. Forfeitures shall be allocated to each participant's account based on a participant's eligible compensation relative to total eligible compensation. A participant must be employed on the last day of the plan year in order to receive an allocation. Forfeitures allocated to participants during 2025 totaled $13 in cash and 952 in shares of company common stock valued at $39,632.

Payment of Benefits

A participant generally may not withdraw any portion of his or her account balance while employed by the Company, except as otherwise permitted under the Plan or applicable law. All distributions are subject to applicable federal income tax withholding requirements unless the participant or beneficiary elects a direct rollover to an eligible retirement plan.

Distributions are made in cash or, if a participant elects, in the form of company common stock plus cash for any fractional share of common stock.

Upon attainment of normal retirement age, death, disability, or termination of employment, a participant becomes entitled to receive his or her vested account balance in accordance with the timing and form of payment provisions of the Plan. Participants who terminate employment for reasons other than death, disability, or retirement may elect to commence distribution of the vested portion of their account no earlier than one year after the close of the fifth Plan Year following the Plan Year in which termination of employment occurs. If the participant is subsequently rehired before commencement of distribution, payment will be postponed in accordance with the Plan.

Upon a participant's normal retirement, death or total and permanent disability, the participant becomes fully vested in his or her account balance. If elected, distribution of the account will commence no later than one year after the close of the Plan Year in which normal retirement, death or disability occurs. Benefits remaining after a participant's death are payable to the participant's designated beneficiary in accordance with the Plan's beneficiary provisions and required minimum distribution rules.

NOTE A - DESCRIPTION OF PLAN - continued

Payment of Benefits - continued

If the value of a terminated participant's vested account balance does not exceed $7,000, the participant's benefit will be distributed as soon as administratively feasible following the applicable distribution date. If a mandatory distribution greater than $1,000 is made and the participant does not elect either a direct rollover to an eligible retirement plan or payment directly to the participant, the distribution will automatically be rolled over to an individual retirement account or individual retirement annuity designated by the Plan Administrator.

Lump sum payments will be made for distributions of less than $7,000 and substantially equal monthly, quarterly, semiannual, or annual installments for distributions in excess of $7,000. Unless the participant elects a longer period in writing, distributions attributable to company common stock will generally be paid in substantially equal installments over a period not exceeding five years. For account balances attributable to company common stock in excess of $800,000, the installment period is extended by one additional year for each $160,000 (or fraction thereof) in excess of $800,000, up to a maximum additional five years.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put option price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The put option was not exercised during 2025.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of their investment in company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible employee over a six-year period. In each of the first five years, a participant may diversify up to 25% of the shares allocated to the participant’s account, minus any shares previously diversified. In the sixth year, the percentage changes to 50%. Qualified participants who elect to diversify receive a cash distribution.

Legislative Changes

The Setting Every Community Up for Retirement Enhancement 2.0 (SECURE 2.0) Act was signed into law on December 29, 2022. The SECURE 2.0 Act provisions aim to enhance retirement savings access and flexibility while helping participants manage financial needs. Plan management evaluated the key provisions available under the SECURE 2.0 Act. The plan document is required to be amended by December 31, 2026, per IRS Notice 2024-2, to reflect the applicable provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Risks and Uncertainties

The Plan's investments consist primarily of company common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. As of December 31, 2025 and 2024, company common stock represented substantially all investments of the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENT IN COMPANY COMMON STOCK

The estimated fair value of the Plan's investment in company common stock at December 31, 2025 and 2024 are as follows:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	128,000	272,000	112,000	288,000
Cost	$ 32,000	$ 68,000	$ 28,000	$ 72,000
Estimated fair value	$ 5,326,080	$ 11,317,920	$ 3,823,680	$ 9,832,320

During the year ended December 31, 2025, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in value by $2,988,000.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Company common stock	$ -	$ -	$ 16,644,000	$ 16,644,000

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Company common stock	$ -	$ -	$ 13,656,000	$ 13,656,000

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

NOTE D - FAIR VALUE MEASUREMENT - continued

Company Common Stock: Valued at estimated fair value as determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. Plan management accumulates data for the appraiser from the financial statements of the Company. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, comparable market information, and estimated fair value of company assets and liabilities.

The preceding method described produces a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to plan provisions. Upon termination of the Plan, the accounts of participants affected by the termination shall be fully vested and non-forfeitable. The Board of Directors shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account, if any, to the extent it determines such sale to be necessary to repay any outstanding loans.

NOTE F - CONCENTRATIONS OF CASH AND SECURITIES RISKS

The Plan maintains cash in financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). At times during the year ended December 31, 2025, the total of the Plan's cash balance may have exceeded the FDIC limit of $250,000. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

NOTE G - PLAN TAX STATUS

The Plan has not yet applied for a determination letter from the Internal Revenue Service. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE H - LOAN PAYABLE

In 2018, the Plan entered into a $100,000 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be repaid over a 25 year period. The loan bears interest at 2.59%. The balances of the loan payable as of December 31, 2025 and 2024 were $74,563 and $78,020, respectively.

The scheduled amortization of the loan for the next five years ending December 31, and thereafter, is as follows:

2026	$ 3,547
2027	3,639
2028	3,733
2029	3,830
2030	3,929
Thereafter	55,885
	$ 74,563

NOTE I - ADMINISTRATION OF ASSETS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

Company common stock is held by the Trustee of the Plan. The non-interest-bearing cash account is held by Truist Bank. These transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists.

Company contributions are held and managed by the Trustee, who invest cash, interest, and dividend income received and make distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which are reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the plan document. For the year ended December 31, 2025, the expenses of administering the Plan, mainly recordkeeping, trustee, valuation and audit fees, were paid by the Company.

The transactions noted above are exempt under Section 408 (b)(8) and are not prohibited by ERISA.

NOTE J - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
