Independent Auditor's Report

To the Plan Administrator and OhioHealth
Audit and Compliance Committee
OhioHealth Retirement Savings Plan (401(k))

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of OhioHealth Retirement Savings Plan (401(k)) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OhioHealth Retirement Savings Plan (401(k))

Notes to Financial Statements

1. Description of the Plan

The OhioHealth Retirement Savings Plan (401(k)) (the Plan) is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor is OhioHealth Star Corporation (the Company).

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan.

Contributions

The Plan is a defined contribution plan. All eligible employees (with limited exceptions) of the Company and any related entity that has adopted the plan as a participating employer are permitted to participate in the Plan by making deferrals immediately upon hire. Participants may contribute any portion of their salaries and wages to the Plan, subject to certain limitations as prescribed by the Internal Revenue Code (the Code). The Company makes per-pay matching contributions to the Plan equal to 50% of a participant's elective contributions for the payroll period, not to exceed 2% of the participant's compensation for those participants with less than twenty years of service (not to exceed 3% of the participant's compensation for those participants with twenty or more years of service). The Plan will receive rollover contributions from other qualified plans, including Roth rollover contributions.

After-tax Roth contributions may be contributed to the participant's account in addition to or in lieu of pre-tax contributions to meet the elective contribution amount for the year. The total participant contribution will be eligible for the Plan matching contribution.

The Company will also make a "true-up" matching contribution for each participant receiving per-pay matching contributions that is employed by the Company or a related participating employer on the last day of the plan year. The requirement to be employed on the last day of the plan year does not apply if the participant terminates employment during the plan year due to the participant's retirement, death, or disability.

The true-up matching contribution is calculated using the same allocation formula applicable to the per-pay matching contribution but taking into consideration plan year contributions (elective deferrals and catch-up contributions) and compensation.

Once employees begin contributing to the Plan, they are eligible for the employer matching contribution. Participants hired before July 1, 2016, vest or own the matching contribution upon deposit. Otherwise, participants hired on or after July 1, 2016, vest in the matching contribution after

1. Description of the Plan (continued)

being employed for three plan years during which the participant completes at least 1,000 hours of service.

Associates hired or rehired on or after January 1, 2012, are eligible for an Annual Retirement Contribution (ARC). The amount of the ARC is a percentage of the participant's compensation based on the combination of the participant's age and years of service, ranging from 2% to 5% of compensation. To be eligible to receive the ARC, a participant must meet the following requirements prior to January 1 of the year for which the ARC is made: the participant must (1) be age 20 ½ - years or older and (2) have completed six months of service. For those participants who satisfy the initial ARC eligibility requirements, they will receive an annual ARC allocation for a plan year if they are employed on the last day of the plan year for which the ARC is made and have completed 1,000 hours of service in that plan year. The requirement to be employed on the last day of the plan year does not apply if the participant completes 1,000 hours of service during the plan year and terminates employment during the plan year due to the participant's retirement or death. The ARC becomes fully vested after the participant is employed for three plan years during which the participant completes at least 1,000 hours of service.

Participants in the Plan have the option to open a BrokerageLink account through Fidelity. Participants can make regular and/or Roth contributions into the account. Through the BrokerageLink account, participants can invest in Fidelity mutual funds and non-Fidelity mutual funds available through Fidelity Funds Network. Participants may not invest in any other issue/security that may result in a prohibited transaction under the Plan. For further information, participants should refer to the Summary Plan Description for the Plan.

Participants can self-direct the investment of their accounts into various investment funds. The investments of all amounts in participants' accounts are participant-directed. Earnings on the investments are credited to each participant's account based on the number of shares owned by the participant. The participants are 100% vested in the amounts that are contributed by both the participants and the Company (except as described above).

Benefit Payments

In general, upon termination of service, the participant's account can be distributed in the form of a lump-sum payment or can be kept in a separate account within the Plan that is held by the trustee. Under the Plan as designed, participants are not subject to federal income tax on the pre-tax (*i.e.*, non-Roth after-tax) contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the Code. Withdrawals of pre-tax contributions by participants (including participants separated from the service of the Company for any reason) which are not rolled over into another qualified plan, or an individual retirement arrangement are subject to federal income tax (as applicable).

1. Description of the Plan (continued)

If a participant is not fully vested in the ARC or matching contribution on his or her termination date, the nonvested amount in his or her Plan account is forfeited. Forfeitures are used to pay reasonable Plan expenses or to reduce the Company's contributions for the plan year in which the forfeiture occurs, or any prior or future plan year, as determined by the Company in its discretion and in accordance with applicable legal requirements.

Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and the Code. Upon termination of the Plan, the participants become 100% vested in their account balances.

Party-in-Interest Transactions

The Plan invests in certain investments managed by Fidelity Management Trust Company (Fidelity) and The Lincoln National Life Insurance Company (Lincoln). Fidelity and Lincoln are service providers of the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA guidelines.

Participant Notes Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms range from one to five years or up to 20 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at 2% over prime on the first business day of the month before the loan is taken. Principal and interest are paid ratably through regular Automated Clearing House (ACH) payments. The Plan also has a financial hardship distribution option that allows participants to withdraw funds for emergency needs that qualify under the IRS rules for financial hardship withdrawals from Code Section 401(k) plans.

2. Significant Accounting Policies

Valuation of Investments

Investments are stated at fair value, except as noted below. The fixed annuity contract is considered benefit responsive and is valued at contract value. Contract value is the amount participants normally

2. Significant Accounting Policies (continued)

Valuation of Investments (continued)

would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals, and fees. Mutual funds are valued at fair value based on quoted market prices. See Note 6 and Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable is recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable is written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Fees for administrative services provided by Fidelity are deducted directly from each participant's plan assets. Other administrative expenses are borne by the Company, including external legal and accounting services. In addition, the Company provides internal accounting and administrative services to the Plan at no charge.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 22, 2026, which is the date the financial statements were available to be issued.

3. Certified Information

Fidelity and Lincoln held the Plan's investments and participant notes receivable and executed related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Fidelity and Lincoln.

4. Income Tax Status

The Plan is maintained via a preapproved volume submitter document sponsored by Fidelity Management & Research Company ("Fidelity Management"). Fidelity Management received an advisory letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the volume submitter plan is qualified under the Code. As an adopting employer, OhioHealth Corporation relies on the letter issued to Fidelity as to the qualified status of the Plan under Section 401(a) of the Code and the tax-exempt status of the related trust under section 501 of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator has indicated that it will take necessary steps, if any, to maintain the Plan's qualified status.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

6. Fair Value

Accounting Standards Codification (ASC) 820 clarifies the definition of fair value, establishes a framework for measuring fair value, and expands the disclosures for fair value measurements. ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Plan can access. Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the

6. Fair Value (continued)

related asset or liability. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Disclosures concerning assets measured at fair value are as follows:

Assets Measured at Fair Value at December 31, 2025

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Self-directed brokerage account	14,597			14,597
Total	**$ 40,687,297**	**$ -**	**$ -**	**$ 40,687,297**

7. Investment Contracts

The Plan has a benefit-responsive investment contract with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest will be credited daily on all contributions. The rate of interest credited each day, if compounded for 365 days, yields the effective annual interest rate in effect for the day. The guarantee that will be credited is an effective annual interest rate not less than the minimum guaranteed interest rate. Interest crediting rates are reviewed on an annual basis for resetting but may not be less than 1.70 percent.

As described in Note 2, because the contract is benefit responsive, contract value is the relevant measure attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spinoffs of a subsidiary) which cause a significant withdrawal from the Plan, (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (v) premature termination of the contract. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, and (iv) a material amendment to the agreement without the consent of the issuer.
