INDEPENDENT AUDITOR'S REPORT

Trustees
Nonin Medical 401(k) Plan
Plymouth, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nonin Medical 401(k) Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available for issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal-control related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Summary description of the Plan:

The following description of the Nonin Medical 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 1994, and most recently restated on January 1, 2022 for the Cycle 3 regulatory changes. There were no substantive changes to Plan provisions. The Plan is a defined contribution plan covering all domestic employees of Nonin Medical, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and includes salary deferral contributions permitted under Section 401(k) of the Internal Revenue Code (IRC). The Plan administrators are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings including monitoring investment performance.

Contributions:

The Plan permits eligible employees to voluntarily defer between 1% and 75% of their wages as a pre-tax or Roth 401(k) contribution up to limits determined by the IRC. Employees become eligible the first day of each month following 30 days after the date of hire. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The employer may make discretionary matching contributions to the Plan on behalf of all eligible employees. The employer's contributions are based on 50% of the amount contributed by the employees, up to 6% of their eligible compensation for the years ended December 31, 2025 and 2024. Participants direct the investment of their contributions into various investment options offered by the Plan. Employees were automatically enrolled with a salary deferral unless the employee elected not to participate in the Plan. The automatic salary deferral percentage was 6% of eligible compensation for 2025 and 2024. Contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, an allocation of the employer's discretionary match contributions and an allocation of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined.

Trust agreement:

The Plan's trustee maintains the employee and employer contributions in various investment accounts as elected by the participants.

Vesting:

The participants will always be 100% vested in their salary deferral accounts and are also 100% vested in their employer matching contributions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of his or her account or partial payments, as defined. For termination of service for other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

1. Summary description of Plan (continued):

Notes receivable from participants:

Loans to participants are permitted at the discretion of the Plan Administrator. Participants may borrow from a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates that range from 5.50% to 9.50%, which were determined at 1% plus the Prime Rate in effect on the first business day of the calendar month in which the loans were granted.

Hardship withdrawals:

Hardship withdrawals by participants are permitted for certain situations.

Forfeitures:

Forfeitures of nonvested employer contributions as well as excess employer contributions revert to the Plan and are used to reduce the employer's contributions and/or pay reasonable Plan expenses in the year in which the designated forfeitures occur.

2. Summary of significant accounting policies:

Use of estimates and basis of accounting:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract (which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends are automatically reinvested into the mutual fund from which they were distributed. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income on notes receivable from participants is recorded when it is earned. The allowance for doubtful notes receivable is evaluated using current year activity, historical trend information and specific identification. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document. No allowance for doubtful notes has been recorded as of December 31, 2025 and 2024.

Contributions:

Both employer and employee contributions are recognized as additions in the period in which employees' contributions are withheld from compensation.

2. Summary of significant accounting policies (continued):

Benefits paid to participants:

Benefits paid to participants are deducted from net assets available for benefits during the year in which the benefits are paid.

Administrative fees:

Fees for the Plan's administration may be charged to the Plan unless paid for by the employer. In 2025 and 2024, the following administrative fees were charged to the Plan:

	2025	2024
Recordkeeper	**$ 33,031**	$ 36,681
Investment advisor	**27,000**	27,000
Contract admin	**11,005**	17,500
Total administrative fees	**$ 71,036**	$ 81,181

Concentrations:

The Plan had one investment that made up 14.39% and 13.57% of the total investments at December 31, 2025 and 2024, respectively.

Forfeitures:

For the years ending December 31, 2025 and 2024, forfeitures of $0 and $27,158, respectively, were used to reduce employer contributions to the Plan and administrative fees. At December 31, 2025 and 2024, forfeitures of $2,654 and $0, respectively, were available. Forfeitures from the year ending December 31, 2025, relate to excess employer contributions.

Subsequent events:

Management has evaluated for subsequent events through September 3, 2026, the date the financial statements were available for issuance.

3. Investments certified by Empower Trust Company:

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, a qualified institution.

	2025	2024
Investments, at fair value	**$ 26,752,082**	$ 24,331,259
Fully benefit-responsive investment, at contract value	**1,820,442**	1,692,690
Notes receivable from participants	**207,319**	200,598

3. Investments certified by Empower Trust Company (continued):

Empower Trust Company also certified to the completeness and accuracy of the following for the years ended December 31:

	2025	2024
Investment income:		
Net appreciation in fair value of investments	**$ 2,344,935**	$ 1,792,192
Interest and dividends	**1,275,897**	1,365,416
Interest, group annuity contract	**-**	43,718
Interest income on notes receivable from participants	**19,378**	12,562

4. Fair value measurements:

Fair value measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value utilizing a hierarchy that prioritizes the valuation inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued):

Fair value measurements (continued):

The following is a description of the valuation methodologies used for assets measured at fair value, and there have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust - Measured at fair value using NAV per share as a practical expedient for the shares held by the Plan at year end. The NAV is determined in accordance with a valuation methodology adopted by the collective trust's trustee.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as measured on a recurring basis at December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments, measured at fair value, mutual fund	**$ 21,723,616**	**$ -**	**$ -**	**$ 21,723,616**
Investments, measured at NAV, common collective trust				**5,028,466**
				$ 26,752,082

	2024			
	Level 1	Level 2	Level 3	Total
Investments, measured at fair value, mutual fund	$ 22,890,332	$ -	$ -	$ 22,890,332
Investments, measured at NAV, common collective trust				1,440,927
				$ 24,331,259

5. Fully benefit-responsive investment:

As of December 31, 2025, the Plan includes the PIMCO Stable Income Fund, and as of December 31, 2024, the Plan included the Empower Investment Fixed Account – Series Class IV. The Plan was fully divested from the Empower Investment Fixed Account – Series Class IV as of December 31, 2025 and the related earnings and interest was immaterial to the Plan for the year then ended.

5. Fully benefit-responsive investment (continued):

The PIMCO Stable Income Fund II is a stable value fund that is designed to provide participants with current income, liquidity, and relatively low principal risk to balance more volatile investments in a diversified portfolio. It is a common investment trust that offers a full guarantee on principal and interest by PIMCO. The contract is synthetic and fully benefit-responsive. The average yield for the PIMCO Stable Income Fund II in 2025 was 4.42%.

The Empower Investment Fixed Account – Series Class VI is a fully benefit-responsive investment that provides full guarantee on principal and interest by the Empower (Issuer). The average yield for the Empower Investment Fixed Account – Series Class IV in 2024 was 2.70%.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract.

The contract value of the contracts are as follows:

	2025	2024
PIMCO Stable Income Fund II Founders	**$ 1,820,442**	$ -
Empower Investment Fixed Account – Series Class IV	**-**	1,692,690
Total fully benefit-responsive investments, at contract value	**$ 1,820,442**	$ 1,692,690

Certain events may limit the ability of the Plan to transact at contract value. Such events include withdrawals due to Plan sponsor actions. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract value are not affected. The Plan sponsor does not consider the occurrence of these events probable as of December 31, 2025, and through the date of this report.

6. Related party and party-in-interest:

The Plan held an annuity contract with Empower Annuity Insurance Company of America at December 31, 2024. Empower Trust Company LLC, a related entity, serve as the Plan's record keeper, custodian, and trustee, and therefore, those transactions qualify as party-in-interest transactions. Below are the Empower investments managed by Empower and therefore deemed party-in-interest:

	2025	2024
Empower T. Rowe Price Mid Cap	**$ 1,448,246**	$ 1,390,372
Empower Large Cap Growth Fund	**2,734,091**	-
Empower Mid Cap Value Fund	**1,002,069**	-
Empower Investment Fixed Account – Series Class IV	**-**	1,692,690

7. Plan termination:

Although it has not expressed any intent to do so, the employer has the right to amend or terminate the Plan, or any part of the Plan at any time subject to the provisions of ERISA. If the Plan were to be terminated no further contributions would be made to the Plan. All participant accounts are 100% vested.

8. Tax status:

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
