INDEPENDENT AUDITORS' REPORT

To Plan Management of

INDUSTRIAL POWER SOLUTIONS 401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of the ***Industrial Power Solutions 401(k) Profit Sharing Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDUSTRIAL POWER SOLUTIONS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the ***INDUSTRIAL POWER SOLUTIONS 401(k) PROFIT SHARING PLAN*** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is administered by a trustee and an administrator appointed by Industrial Power Solutions, LLC (the "Company"), the Plan's Sponsor.

A. General – The Plan was established in 2018 and is a defined contribution plan covering all employees of the Company who have attained the age of 18 and have completed one hour of service within a two month period. The Plan also allows employees to automatically defer 1% of pretax annual participant compensation, unless the participant elects an alternate salary deferral percentage or elects not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC").

In March 2026, the Plan Sponsor was acquired by Sundt Construction, Inc. In conjunction with the acquisition, the Plan was merged into the Sundt Companies, Inc. 401(k) Plan in August 2026.

B. Contributions – Participants may contribute up to 90% of their annual earnings, as defined in the Plan, on a pre-tax or after-tax basis in whole percentage increments. Roth elective deferrals are treated in the same manner as pre-tax elective deferrals for all Plan purposes. Contributions may be made to the Plan up to the maximum allowed by the IRC Section 401(k) limits.

Participating employees are eligible to receive employer matching contributions following the date the participant completes 500 hours of service in a six month period. If the service requirement is not met in the first consecutive period of months, the participant will be eligible upon meeting 1,000 hours of service during the Plan year.

The Company may make discretionary matching contributions to the Plan. For 2025, the Company elected to match participant deferrals equal to 50% of participant contributions up to the first 6% of deferrals. At its discretion, the Company may also make additional non-elective contributions to the Plan in amounts determined by the Company each plan year. Additional discretionary contributions may be made only for participants who have completed 1,000 hours of service during the latest accrual service period ending on or before the last day of the plan year and who were employed on the last day of the plan year. No additional discretionary contributions were made for 2025.

Rollover contributions are accepted by the Plan from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

C. Participant accounts – Each participant's account is credited with the participant's contributions, Company matching contributions, other discretionary Company contributions, and allocation of Plan earnings, and is charged with an allocation of investment management expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting – Participants are immediately vested in their voluntary contributions and any qualified non-elective contributions plus actual earnings thereon. Participants are 25% vested in all other Company contributions after the first year of Plan participation, 50% after two years, and 100% after three years. Participant accounts become 100% vested at the later of attainment of age 62 or the fifth anniversary of participation in the plan, or if the employee becomes disabled, or dies.

(1) Description of the Plan (continued)

E. Notes receivable from participants – Participants may borrow against their vested account balances a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A maximum of two loans may be outstanding at a time. Loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. The loans must be repaid in no less than quarterly installments over a period of five years unless the loan was used to purchase a personal residence upon which the five-year period may be extended at the discretion of the Plan administrator. Loans are considered a directed investment from the participant's account under the Plan. Notes receivable bear interest at the Prime rate plus 1%.

F. Payment of benefits – In general, distributions from the Plan will be made in one lump sum payment in cash. If the value of a participant's vested benefit is more than $5,000 on termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum payment amount equal to the value of his or her account, elect to roll his or her investment into another qualified plan or account, and in no event exceeding the life expectancy of the participant as determined at the time of distribution. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon one of the following:

a. Termination of employment
b. Death or disability of participant
c. Attainment of age 59½
d. Demonstrated hardship

G. Forfeitures – Forfeited employer matching contributions are available to pay administrative expenses, reduce or be reallocated as employer contributions, and restore previously forfeited amounts of eligible employees. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $10,979 and $6,612, respectively. Forfeitures were not used during 2025.

H. Administrative expenses – Expenses related to investment management fees are paid by the Plan. Certain expenses related to maintenance of participant accounts and Plan administration are paid by the Company.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

The Financial Accounting Standards Board ("FASB") sets accounting principles generally accepted in the United States of America ("U.S. GAAP") to ensure consistent reporting. References to U.S. GAAP are to the *FASB Accounting Standards Codification* ("FASB ASC").

Basis of accounting – The financial statements of the Plan are prepared using the accrual method of accounting in accordance with U.S. GAAP. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

(2) Significant accounting policies (continued)

Management's use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties – The Plan provides for various investment fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Subsequent events – The Plan's management has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

(3) Fair value measurement

FASB ASC 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(3) Fair value measurement (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2025 and 2024.

Money market fund: The money market fund offers one share class. Shares are bought and sold at closing net asset value per share, which is the price for all outstanding shares of a fund. Each share has a par value of 1/1,000 of a cent.

Pooled separate accounts: Investments in sub-accounts of the Plan's group annuity contract with John Hancock are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of net asset value ("NAV"), which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day and had no unfunded commitments as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following summarizes by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 11,479	$ -	$ -	$ 11,479
Pooled separate accounts*	-	-	-	1,428,066
Total investments at fair value	$ 11,479	$ -	$ -	$ 1,439,545

The following summarizes by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 7,896	$ -	$ -	$ 7,896
Pooled separate accounts*	-	-	-	675,363
Total investments at fair value	$ 7,896	$ -	$ -	$ 683,259

* Certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(4) Information certified by the Plan's custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company ("John Hancock"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Interest income on notes receivable from participants
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Certain Plan investments were held in funds managed by John Hancock and therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock by the Plan were for investment management and recordkeeping services and totaled $18,070 for the year ended December 31, 2025. In addition, fees totaling $5,314 were paid to a third party for investment advisory and management services for the year ended December 31, 2025.

(6) Tax status

The Plan has adopted a John Hancock Prototype Plan (the "Prototype Plan"). The Prototype Plan received an opinion letter from the IRS dated June 30, 2020, stating that the Prototype Plan was designed in accordance with applicable sections of the IRC. Management has not obtained an individual determination letter for the Plan. The Prototype Plan has been amended since receipt of the opinion letter. Management and the Plan administrator believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust remains tax-exempt at December 31, 2025. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

(7) Excess contributions refundable

The Plan is required to return contributions received during the year in excess of the IRC limits. At December 31, 2025 and 2024, amounts refundable by the Plan to participants for contributions made in excess of amounts allowed totaled $16,887 and $4,627, respectively. The amounts have been reflected as excess contributions refundable in the accompanying statements of net assets available for benefits and as a reduction of participant contributions in the accompanying statement of changes in net assets available for benefits.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 1,433,959	$ 695,424
Adjustment for corrective distributions payable	16,887	4,627
Net assets available for benefits per Form 5500	$ 1,450,846	$ 700,051

The following is a reconciliation of the net change in net assets as reported in the financial statements for the year ended December 31, 2025 to the Form 5500:

Net change in net assets per the financial statements	$ 738,535
Adjustment for corrective distributions payable (2024)	(4,627)
Adjustment for corrective distributions payable (2025)	16,887
Net change in net assets per Form 5500	$ 750,795
