INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Connor Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Connor Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Connor Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Connor Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Connor Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Connor Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Connor Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule Of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Connor Group, Inc. 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2025 and 2024

1. Description of Plan

The following brief description of Connor Group, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit-sharing plan covering employees of Connor Group, Inc. and its participating subsidiaries (the "Plan Sponsor"). The Plan was adopted with an effective date of January 1, 2007. Eligible employees begin participating in the Plan after one month of service. The Plan is intended to be a qualified plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Custodian and Administration of the Plan

The record-keeper of the Plan is Fidelity Investments. The Administrator of the Plan is the Plan Sponsor.

Fidelity Investments (the "Custodian") holds the assets of the Plan and acts as the Custodian and Trustee. Thirty-eight different mutual funds including domestic and international equity funds are available to participants. The Custodian holds all assets of the Plan in accordance with the provisions of the service provider contract with the Plan Sponsor. All assets of the Plan are in investment plan accounts of Fidelity Investments.

Contributions and Participant Accounts

Participants may elect to make both pre-tax and Roth salary reduction contributions, subject to an annual limit of the lesser of 100% of eligible compensation or $23,500 in a calendar year. Participant contributions may not exceed the limits established by Internal Revenue Service guidelines which were $23,500 and $23,000 for 2025 and 2024, respectively. Participants who are at least age 50 or will attain age 50 before the end of a calendar year are eligible to defer additional amounts ("catch-up contribution") to the Plan. The maximum catch-up contribution that one eligible participant can make was $7,500 and $7,500 in 2025 and 2024, respectively. Eligible employees may also contribute amounts representing distributions from other plans and certain IRAs. Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Plan provides for an automatic election to have pre-tax elective deferral contributions made at 3% of eligible compensation for newly eligible employees on their entry date. Participants are provided with an annual notice explaining the automatic election and their right to elect a different elective deferral amount, including the right to elect not to make elective deferral contributions.

The Plan also allows the Employer to make discretionary matching contributions and discretionary non-elective employer contributions to eligible participants. During 2025, the Employer made $1,750,815 of discretionary non-elective employer contributions.

1. Description of Plan (continued)

Vesting

Participants are always 100% vested in their accounts attributable to the elective deferrals including catch-up contributions and rollover contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. The Plan uses a three-year cliff vesting, where a participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of employment due to disability, retirement, or other separation from service, a participant may elect to receive a distribution of the vested portion of the account balance in a lump sum distribution or other distribution elected. If the participant dies, the employer's match is vested 100% and the account balance will be paid to the designated beneficiary or beneficiaries.

Forfeitures

If a participant terminates employment before being fully vested, the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are allocated as follows: 1) Forfeitures may first be used to pay any administrative expenses; 2) any remaining forfeitures will be used to reduce any matching contribution. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $654,060 and $262,859, respectively. Forfeitures totaling $446,875 were used to reduce matching contributions during 2025.

Contributions Receivable

The Plan records contributions receivable for any contributions owed to the Plan as of December 31, 2025, including those not yet remitted for any payroll prior to year end.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of $1,000 to a maximum of the lesser of $50,000 or 50% of their average vested balance over the past 12 months. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions. Loans to participants are classified as receivables from participants, measured at their unpaid principal balance plus any accrued interest and net of any allowance. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. As of December 31, 2025 and 2024, the notes receivable from participants had a balance of $623,953 and $409,588, respectively.

1. Description of Plan (continued)

Administrative Expenses

Certain expenses of operating the Plan were paid directly by the Sponsor, including administrative and audit fees of $13,000 in 2025, and are excluded from these financial statements. For the year ended December 31, 2025, the Plan paid $17,797 in administrative expenses to Fidelity, the third-party administrator, which are included in these financial statements. Fees related to the administration of notes receivable from participants, distributions, and self-directed brokerage accounts are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation of fair value of investments.

2. Significant Accounting Policies

Basis of Presentation & Use of Estimates

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and the changes in those net assets in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s investments in mutual funds and money market accounts are valued at fair value based on quoted market prices in active markets in which the investments are traded. The Plan’s self-directed brokerage accounts are comprised of common stock which is valued based on quoted market prices in active markets in which the investments are traded. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. Significant Accounting Policies (continued)

Recent Accounting Pronouncements

The Plan early adopted ASU 2025-05, Financial Instruments—Credit Losses (Topic 326), for the year ended December 31, 2025. This update amends existing CECL guidance under ASC Topic 326 by introducing a practical expedient for certain short-term receivables and permitting nonpublic entities to consider subsequent cash collections when estimating expected credit losses. Adoption of ASU 2025-05 did not have a material impact on the Plan's financial statements.

3. Information Prepared and Certified by Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by the Custodian:

a. Total investments as shown in the accompanying Statements of Net Assets Available for Plan Benefits of $90,114,310 and $67,961,990 as of December 31, 2025 and 2024, respectively.
b. Notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Plan Benefits of $623,953 and $409,588 as of December 31, 2025 and 2024, respectively.
c. Net investment income as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits of $14,586,241 for the year ended December 31, 2025.

Investment information is included in the Schedule H. Line 4i - Schedule of Assets (Held at End of Year) – December 31, 2025.

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Markets: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy, as of December 31, 2025.

Self-Directed Brokerage Accounts: Investments consist of cash, common stock, mutual funds, and other investments. These investments are reported at fair value based on quoted market prices and classified within Level 1 of the valuation hierarchy, as of December 31, 2025.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025.

4. Fair Value Measurements (continued)

	Fair Value Measurements Using:

Total assets at fair value	$ 67,961,990	$ -	$ -

5. Party in Interest Transactions

Certain Plan investments are managed by the Custodian and therefore qualify as party-in-interest transactions.

6. Income Tax Status

The Plan received a favorable determination ruling from the Internal Revenue Service, dated June 30, 2020, that it is a qualified plan under §401(a) of the Internal Revenue Code (IRC) and as such the Plan is exempt from federal income tax. Although the Plan has been amended since receiving the IRS determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Tax years subject to review include 2023 through 2025.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will have a 100% vested interest in their accounts. The Plan Administrator will facilitate distribution of account balances in single lump sum payments in accordance with Plan provisions.

8. Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2025 through October 14, 2026, the date these financial statements were available to be issued. During this period, the Company was not aware of any material recognizable subsequent events that require disclosure.
