Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Gulf Coast Restaurant Group, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

Opinion (continued)

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Item 4(a) - schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, Item 4(i) - schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA (continued)

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountants' Compilation Report on the 2024 Financial Statements

Management is responsible for the accompanying financial statements of the Plan which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended and, the related notes to financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the Association of International Certified Public Accountants. We did not audit or review the 2024 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statements.

NOTE 1 • DESCRIPTION OF THE PLAN

The following description of the Gulf Coast Restaurant Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2016, is a defined contribution 401(k) profit sharing plan covering eligible employees of Gulf Coast Restaurant Group, Inc. and its controlled subsidiary companies (the "Plan Sponsor" or "Company"). The eligible class of employees has changed since the Plan was established. The Plan restatement as of January 1, 2020, includes all managers, general managers, corporate office salaried individuals, key employees, and restaurant hourly employees of the Company who have completed thirty days of service; with no age requirement; are not leased employees; are not employees covered by a collective bargaining agreement; or non-resident aliens who do not receive any earned income from the employer which constitutes U.S. source income. A Plan restatement was effective February 18, 2022. The restated Plan is updated with required regulatory changes which include law changes related to the Bipartisan Budget Act of 2018 and the Tax Cuts and Jobs Act. The selections from the previous Plan Document carried forward to the 2022 restatement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined by the Plan document, subject to certain statutory limitations. Participating employees may contribute up to the tax law dollar limit ($23,500 for 2025 and $23,000 for 2024) of their compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions limited to $7,500 for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common and collective trusts, pooled separate accounts, and a guaranteed investment contract as investment options for participants. The Plan does not have automatic deferral amounts. Deferral of annual compensation is based upon the participant election if they choose to enroll. The Plan includes a discretionary match from the Plan Sponsor which has been equal to 50% of the first 8% of annual compensation that a participant contributes to the Plan since inception. The discretionary match applies to all eligible persons for the entire Plan year. The Plan also allows for qualified nonelective contributions from the Plan Sponsor for discretionary bottom-up contributions. These qualified nonelective contributions are allocated

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

only to non-highly compensated employees who were active participants at any time during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contributions and Plan earnings and is charged with an allocation of service and investment fees expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is determined as follows:

Completed Years of Service	Percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Participants also become 100% vested upon termination of the plan, upon reaching the normal retirement age of sixty-five years old, or upon disability or death.

Investment Options

Contributions to the Plan are invested in any of the investment funds available under the Plan provisions, in such proportions as directed by the participants. Participants may change investment options at any time via telephone or internet.

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts in an amount not to exceed their invested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates as determined by the financial institution and periodically re-evaluated by the Plan for reasonableness. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Hardship distributions are permitted from the participant’s vested account balance of participant contributions, employer contributions, and rollover contributions. The qualifying events and conditions of a participant’s heavy and immediate financial hardship are defined in the Plan agreement. Hardship distributions cannot exceed the amount of the participant’s financial hardship and may not be repaid by the participant. Due to the Bipartisan Budget Act of 2018, a participant is no longer required to have contributions suspended for six months following a hardship distribution.

The Plan administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan administrator must honor a qualified domestic relations order (QDRO). If a QDRO is received by the Plan administrator, all or a portion of the participant’s account balance may be used to satisfy the obligation.

Forfeited Accounts

Forfeitures, which generally result from employees withdrawing from the Plan prior to vesting in Plan sponsor contributions and earnings thereon, may be used to reduce the Company's contributions to the Plan or to reduce administrative expenses charged to participant accounts. At December 31, 2025 and 2024, forfeited non-vested accounts available to offset Plan sponsor contributions or reduce administrative expenses totaled $4,653 and $5,270, respectively. During December 31, 2025 and 2024, amounts totaling $5,197 and $6,210, respectively, were forfeited and used to reduce Company contributions during the year.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan including legal, accounting, and Plan administration.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value measurement of investments. It is at least reasonably possible that the significant estimates used will change within the next year.

Employee and Employer Contributions

Employee deferral contributions are recognized as additions to net assets on the date on which such employee deferrals would otherwise have been payable to the participant. Employer discretionary contributions are recognized as additions to net assets upon formal approval by the Plan Sponsor's Board of Directors. Employee rollover contributions are recognized as additions to net assets on the date transferred from other qualified plans.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation in the fair value of investments at year-end in the statements of changes in net assets available for benefits.

Management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Concentrations of Market Risks

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risk. The Plan assets include a significant amount of mutual funds, pooled separate accounts, and common collective trusts which invest primarily in marketable equity securities and fixed income securities. Accordingly, the performance of the investments is dependent on the equity and debt securities markets which involve price volatility. The Plan assets also include investment in a fixed annuity option fund, which invests primarily in fixed interest options. All guaranties are backed by the claims-paying ability of Principal Trust Company. The values of these contracts are sensitive to the ability of Principal Trust Company to meet guaranteed interest obligations. Additionally, the mutual funds, pooled separate accounts and common collective trust may invest in securities with contractual cash flows, such as asset-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

Subsequent events were evaluated by the Plan through October 14, 2026, which is the date the financial statements were available to be issued.

The Plan was amended effective September 10, 2026, to treat required minimum distributions as direct rollover distributions.

NOTE 3 • INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Pursuant to the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent accountants did not perform any auditing procedures with respect to the information certified by Principal Trust Company, the Trustee/Custodian, except for comparing the information to the related financial statements and supplemental schedule. All information included in the financial statements and the accompanying notes and supplemental schedule relating to investments, appreciation and depreciation of investments and interest and dividends were obtained from Principal Trust Company's certifications and are unaudited.

NOTE 4 • FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 • FAIR VALUE MEASUREMENTS (continued)

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective investment trust: Valued at NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Pooled separate accounts: Valued daily based on the market value of the underlying net assets in each separate account. The underlying net assets have observable quoted pricing inputs which are used to determine the unit value which is not publicly quoted.

The preceding methods may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

NOTE 4 • FAIR VALUE MEASUREMENTS (continued)

	Assets at Fair Value as of December 31, 2025

NOTE 5 • GUARANTEED INVESTMENT CONTRACTS

The Plan invests in a guaranteed investment contract ("GIC") issued by Principal Life Insurance Company (Principal Life) to the Principal Trust Company as custodian. The guaranteed investment contracts are fully-benefit responsive and are recorded in the financial statements at contract value. The GIC is considered a traditional GIC, as described below:

Traditional GICs are backed by the general account of the issuer. The Plan deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or fully compounded basis and paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will occur at contract value (principal plus accrued interest). The traditional GIC in the Principal Trust Company provides a contractually agreed upon crediting rate of interest over the term to maturity of the contract. The net crediting rate is 4.75%, effective annual rate, as of December 31, 2025. The rate resets semiannually.

Certain events limit the ability of the Principal Trust Company to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents; (ii) changes to Principal Trust Company's prohibition on competing investment options by participating plans or deletion of equity wash provisions; (iii) complete or partial termination of the Principal Trust Company or its merger with another Principal Trust Company; (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (v) unless made in accordance with the withdrawal provisions of the Principal Trust Company, the redemption of all or a portion of the interests in the Principal Trust Company held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specified identifiable group of employees from coverage under the participating

plan (such as a group layoff or early retirement incentive program), or the closing or sale of a subsidiary, employing unit or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the Plan with another plan, or the Plan sponsor's establishment of another tax-qualified defined contribution plan; (vi) any change in law, regulation, ruling, administrative or judicial position or accounting requirement, in any case applicable to the Principal Trust Company or participating plans, and (vii) the delivery of any communication to Plan participants designed to influence a participant not to invest in the Principal Trust Company. The Plan Administrator does not believe that the occurrence of any such market value event which would limit the Principal Trust Company's ability to transact at contract value with participants is probable.

Guaranteed investment contracts in the Plan permit the Plan sponsor to either liquidate or transfer the plan's interest with a 12-month advance notice or a 5% surrender charge, whichever the plan fiduciary chooses. The notification of the Plan's intent to terminate its interest may be revoked within 90 days of the receipt of notification, after which time, notice becomes irrevocable.

The Plan has one traditional GIC with a contract value of $55,172 and $12,527 for the years ended December 31, 2025 and 2024, respectively.

NOTE 6 • PARTY-IN-INTEREST TRANSACTIONS

Principal Life Insurance Company is contracted by the Plan to provide retirement plan processing services, and Principal Trust Company provides directed trust and custodian services collectively. Principal. Services provided for the Plan result in fees charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor. The Plan offers investments issued by affiliates of Principal. These affiliates receive fees related to the investment earnings or losses. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits. Party-in-interest transactions also include loans made to participants. Fees, other than new loan fees, paid to Principal totaled $40,005 and $31,147 for the years ended December 31, 2025 and 2024, respectively.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 • PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 • RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk.

NOTE 9 • INCOME TAX STATUS

The Plan executed an amended and restated non-standardized adoption agreement of the Principal Financial Group Pre-Approved for Savings Plan (Pre-Approved Plan) on June 8, 2022. The Pre-Approved Plan received a favorable opinion from the IRS on June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan is aware of an operational error involving the Plan's definition of compensation that may require corrective contributions to the Plan. The Plan Sponsor has engaged legal counsel and is working directly with the IRS to resolve the issue. At the present time, the Plan Sponsor's management and its counsel have estimated the amount of the corrective action to be approximately $594,000 and have recorded an employer contribution receivable accordingly. However, the Plan Sponsor intends to continue working with the IRS toward a resolution that preserves the Plan's tax-qualified status, upholds the Plan's position related to the definition of compensation and releases the Plan sponsor from the corrective action.

There were no uncertain tax positions identified related to the current year and the Plan has no unrecognized tax benefits at December 31, 2025 and 2024, for which liabilities have been established. The Plan recognizes interest and penalties, if any, related to unrecognized tax benefits as a component of income tax expense.

NOTE 10 • NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Plan remitted all employee contributions to the Plan, contributions of $5,277 were not remitted within the required time period for the year ended December 31, 2025. The Plan is working to correct the matter through the Voluntary Fiduciary Correction Program.

NOTE 11 • SECURE 2.0 ACT

On December 29, 2022, the Securing a Strong Retirement Act of 2022 ("SECURE 2.0") was signed into law. SECURE 2.0 has key effective dates which vary by provision. The plan has adopted and implemented all mandatory provisions to date with other provisions to be phased in over the next few years in accordance with applicable law and IRS guidance. Written amendments to the Plan to reflect these operational changes will be adopted at a later date.
