Independent Auditor's Report

To the Trustees of the
Advance Trading, Inc. 401(k) Plan and ESOP
Bloomington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Advance Trading, Inc. 401(k) Plan and ESOP, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Advance Trading, Inc. 401(k) Plan and ESOP's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advance Trading, Inc. 401(k) Plan and ESOP and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advance Trading, Inc. 401(k) Plan and ESOP's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advance Trading, Inc. 401(k) Plan and ESOP's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advance Trading, Inc. 401(k) Plan and ESOP's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan:

The following description of the Advance Trading, Inc. 401(k) Plan and ESOP (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Advance Trading, Inc. (the "Plan Sponsor" or "Company" or "ATI").

On March 21, 2025, the Plan Sponsor finalized an agreement to sell essentially all of its assets in an Asset Purchase Agreement to another Introducing Broker company. The operations and employees of the Plan Sponsor will continue forward as a division of the new owner's operations in nearly the same manner as it has operated for forty-three years. The Plan Sponsor intends to terminate the Plan subject to the provisions of ERISA by December 31, 2026.

General

The Plan was established to provide retirement benefits for employees of the Company. Each eligible employee shall become a participant in the Plan on the enrollment date following the completion of one year of service in recognized employment. However, non-highly compensated employee participants are eligible to enter into Employee Deferral Agreements on their date of hire. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan contains an elective 401(k) deferred compensation component. Eligible participants may elect to contribute not less than 1% and up to 100% of their compensation, subject to limitations to the 401(k) components of the Plan. The Plan is subject to a non-discretionary, safe-harbor contribution of 3% of the participants' eligible compensation. To be eligible for the safe-harbor contribution, the participant must have attained age 21 and completed one year of service. The Company's contributions for the plan year ended December 31, 2025 were $183,540.

Rollover contributions from certain qualified plans for eligible employees are permitted under the Plan. There were $55 of rollover contributions received by the Plan during the plan year ended December 31, 2025.

Qualified Nonelective Contributions are Company contributions made as the Company deems appropriate. When made, these contributions are allocated to non-highly compensated employees who have either completed 500 hours of service during the Plan Year or are in recognized employment on the last day of the Plan Year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, and the earnings attributable to the participant's account.

Note 1 – Description of Plan – Continued:

Vesting
Participants are immediately vested in their 401(k) contributions, which also include rollover contributions, plus actual earnings thereon, as well as employer contributions. Due to participants being fully, immediately vested in employer contributions, there are no forfeited accounts as of December 31, 2025.

Plan Termination
The Plan Sponsor intends to terminate the Plan subject to the provisions of ERISA by December 31, 2026.

Distributions to Participants
Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum or in installments. Distributions may be deferred until the later of the participant's actual retirement date or the attainment of age 65, if the value of the distribution is not less than $1,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 73, unless the participant is not a 5% owner of the Company and is still employed by the Company.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to their vested account balance.

Participant Notes Receivable
Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest between 5.25% and 10.50%, which are commensurate with local prevailing rates and is pre-determined by the Plan's loan policy with interest rates based on the Wall Street Journal Prime Rate plus 2%, at the time the loan is originated.

Participant notes receivable are measured at their unpaid principal balance. Any accrued but unpaid interest is included in participant contributions receivable. Interest income is recorded on the accrual basis and related fees are recorded in the note receivable and paid out of the participant's account when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Note 2 – Summary of Accounting Policies:

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Note 2 – Summary of Accounting Policies – Continued:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held in a trust. The custodian values all investments at fair value except for the guaranteed investment contract, which is valued at contract value. The investment options consist of a guaranteed investment contract under a guaranteed benefit policy, pooled separate accounts of Principal Trust Company (Principal), mutual funds, and self-brokerage accounts.

The pooled separate accounts represent contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed-income securities that are slightly below investment grade, all of which are valued at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2025 and 2024 included $-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Note 3 – Tax Status:

The Plan, originally adopted during 1984, amended and restated effective January 1, 2017, obtained its latest determination letter during 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator and the Plan's Sponsor believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 – Investments:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments as shown in the accompanying statements of net assets available for benefits of $38,531,046 and $98,095,521 as of December 31, 2025 and 2024, respectively.
b. Total investment income (loss) as shown in the accompanying statement of changes in net assets available for benefits is $25,968,936 for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Guaranteed Investment Contract With Insurance Company:

The Plan has a benefit-responsive guaranteed investment contract with Principal Trust Company ("Principal"). Principal maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed by Principal.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2025 and 2024 was $3,727,792 and $10,934,267, respectively. The crediting interest rate is based on a formula agreed to with the issuer.

Note 5 – Guaranteed Investment Contract With Insurance Company – Continued:

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 – Fair Value Measurement:

The Plan has determined the fair value of certain assets and liabilities through application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

Transfers between fair value hierarchy levels are recognized at the beginning of the reporting period. There were no transfers between levels during 2025 and 2024.

The fair value of the employer securities is reflected in Level 3, and the valuation is based on the appraisal by an independent valuation firm. The value is based on the Company's operating results, history and nature of its business, conditions and trends in the economy, and the commodity contracts brokerage industry.

Note 6 – Fair Value Measurement – Continued:

The pooled separate accounts are investments in sub-accounts of the Plan's group annuity contract with Principal Life Insurance Company and are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day. The Plan had no unfunded commitments as of December 31, 2025 and 2024. Accordingly, these investments have been excluded from the fair value hierarchy.

Mutual funds listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active at the last transaction price before year end. Self-directed brokerage accounts allow participants to develop their own portfolios of individual stocks, bonds, mutual funds and other investment options.

Fair values of assets and liabilities measured on a recurring basis as of December 31, 2025, are as follows:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Employer securities	$ 18,997,470	$ -	$ -	$ 18,997,470
Self-directed brokerage accounts	18,593	18,593	-	-
Mutual funds	13,203,071	13,203,071	-	-
	32,219,134	$ 13,221,664	$ -	$ 18,997,470
Investments measured at NAV[(a)]:				
Pooled separate Accounts	2,584,120			
	$ 34,803,254			

Fair values of assets and liabilities measured on a recurring basis as of December 31, 2024, are as follows:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Employer securities	$ 20,558,760	$ -	$ -	$ 20,558,760

Investments measured at NAV[(a)]:				
Pooled separate Accounts	8,218,822			
	$ 87,161,254			

(a) In accordance with Subtopic 820-10 of FASB ASC 820 Fair Value Measurement, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the statements of net assets available for benefits.

See independent auditor's report.

Note 6 – Fair Value Measurement – Continued:

The reconciliation for all assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended December 31, 2025 and 2024 are as follows:

	For the year ended December 31, 2025				
Assets	Balance as of January 1, 2025	Investment Income*	Net Purchases and Sales**	Transfers	Balance as of December 31, 2025
Employer securities	$ 20,558,760	$ 31,680	$ (27,690)	$ (1,565,280)	$ 18,997,470

*Includes dividends and realized and unrealized gains or losses.
**Includes contributions, benefits paid to participants, and administrative expenses.

	For the year ended December 31, 2024				
Assets	Balance as of January 1, 2024	Investment Income*	Purchases and Sales**	Transfers	Balance as of December 31, 2024
Employer securities	$ 17,470,120	$ 3,088,640	$ -	$ -	$ 20,558,760

*Includes dividends and realized and unrealized gains or losses.
**Includes contributions, benefits paid to participants, and administrative expenses.

Note 7 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 – Related Party Transactions and Party-In-Interest Transactions:

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by various fund companies. Fees incurred by the Plan for investment management services related to those investments are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly some fees related to the plan's operations.

Note 9 – Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by applicable taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years prior to 2022 are closed.

Note 10 – Subsequent Events:

In June 2026, ATI received an updated fair market value of the company stock which decreased from $2,140 per share to $406.00 per share on the 8,874 ESOP shares outstanding as of December 31, 2025. The sharp decline in the company valuation was related to the March 2025 sale of assets to CIH and the large distributions of the majority of the sale proceeds out to its shareholders in April and October 2025. The sale significantly decreased the Company's annual revenue as well, which impacted the company valuation and ultimately the per share price.

The Company sent the updated share price information to Principal as soon as it was received and approved by the Board of Directors and Principal immediately updated the price per share to reflect the decrease in each participants company stock investment.

Except as described above, no other events have occurred subsequent to December 31, 2025 which would require accrual or disclosure in these financial statements. This evaluation was made as of October 13, 2026, the date these financial statements were available to be issued.
