INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
SonarSource US, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of SonarSource US, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of SonarSource US, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SonarSource US, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SonarSource US, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SonarSource US, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SonarSource US, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the SonarSource US, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2025, and is a defined contribution plan covering employees of SonarSource US, Inc. (the "Company", "Sponsor", and "Employer"). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America who invest contributions and Plan earnings, provide certain recordkeeping services, and makes investment transactions as directed by Plan management. USI Consulting Group serves as the plan's third party administrator handling certain administrative services and annual ERISA compliance testing. Empower Retirement Services serves as the Plan's recordkeeper.

Eligibility

Employees who have attained age twenty-one and who are not bargaining employees or non-resident aliens are eligible to participant in the Plan after obtaining three months of service. An eligible employee may enter the plan on the first day of the month after all entry requirements have been met.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation as defined by the plan, subject to annual deferral limits allowed by law. The Plan also allowed for participants to make Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The plan provision also provides for safe harbor matching contributions equal to 100% of the participants contributions up to a maximum of 4% of eligible compensation. The plan also allows for additional discretionary employer matching or nonelective contributions. No additional discretionary employer matching or nonelective contributions were made for the year ended December 31, 2025.

Contributions are subject to certain internal revenue service limitations.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions as well as all employer contributions plus actual earnings thereon immediately upon entering the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate is set at 1% per annum above the Wall Street Journal Prime rate effective on the first business day of the month the loan is originated. Principal and interest are paid ratably through recurring payroll deductions. Loan terms cannot be extended beyond five years unless for a primary residence, in which case they may not extend beyond ten years.

Investment options

Upon enrollment in the Plan, a participant may direct employee and Plan sponsor contributions in any of the investment options that are offered by the plan.

Benefit payments

Benefit payments may generally be made to a participant upon the participant's retirement, death, disability, termination of employment, attainment of age 59 1/2, or upon incurring a financial hardship. Normal retirement age is 65. Benefits shall be paid to participants in an amount equal to the value of the participant's vested interest in his or her account in a single lump sum. Distribution of a deceased participant’s account will be made to the designated beneficiary.

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they or a beneficiary experience severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the participant’s pre-tax and roth elective deferral balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Receivable

Employee and employer contributions receivable represent unfunded payroll deferrals and empoyer safe harbor matching funds. Other employer contributions receivable represents amounts related to a provision for corrective employer contributions due to the plan for certain corrective actions related to missed deferral opportunities during 2025. Management has performed an assessment on all balances due to the Plan and has determined that all amounts are collectible. As such, no allowance for credit loss was deemed necessary.

Investment valuation and income recognition

Investments generally are reported at fair value but may also be reported at net asset value (NAV) or contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and NAV. The Plan administrator determines the Plan’s valuation policies utilizing information provided by the Plan’s custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit loss was deemed necessary as of December 31, 2025.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess contributions refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS or plan provisions are recorded as a liability with a corresponding reduction to contributions. Total excess contributions refundable as of December 31, 2025 were $43,228 and consisted of $9,846 in elective deferrals in excess of the IRC Section 402(g) elective deferral limits as well as $33,382 of excess funds remitted for employee deferrals due to be refunded to the Plan sponsor.

Payment of benefits

Distributions to participants are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees related to participant directed transactions are charged directly to participants' accounts and are included in administrative expenses. During the year ended December 31, 2025, approximately $29,372 of administrative expenses related to plan administrative services were charged and allocated to participant accounts, respectively.

Risks and Uncertainties

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2026. See Note 10.

NOTE 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the qualified institutions, under such regulation:

a) Investments, at fair value, included in the statement of net assets available for benefits at December 31, 2025.
b) Investment, at contract value, included in the statement of net assets available for benefits at December 31, 2025.
c) Notes receivable from participants included in the statement of net assets available for benefits at December 31, 2025.
d) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
e) Interest income on notes receivable from participants in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
f) All amounts included in Note 4, Fair Value Measurements.
g) All amounts included in Note 5, Fully Benefit-Responsive Investment.
h) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of input that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, which are:
    - Observable; or
    - Can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2025.

Mutual Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Signifiacnt Unobservable Inputs Level 3	Total
December 31, 2025				
Mutual funds	$ 15,145,264	$ -	$ -	$ 15,145,264
	$ 15,145,264	$ -	$ -	$ 15,145,264

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT

The Plan has entered into a traditional fully benefit-responsive investment held through a rider on a group annuity contract with Empower Annuity Insurance Company of America ("EAICA") with investments totaling $145,533 at December 31, 2025, respectively. EAICA maintains the contributions in their general account. The account is credited with earnings on the underlying investments and charged for participants withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The crediting rate was 2.70% as of December 31, 2025.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT (Continued)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contact value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to: (1) Termination of the contract; (2) spin-offs, divestitures, layoffs, or partial or total plan termination; (3) Retirement incentive programs; (4) Plan Mergers; (5) Plan Sponsor Bankruptcy; or (6) Liberalization of plan withdrawal or transfer rules. Management has determined that any such event is not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) Noncompliance with state or federal law, (2) a breach of material obligation under the contract, (3) failure to maintain assets of at least $25,000, or (4) Plan disqualification.

Participant transactions may be redeemed daily. Upon termination of the EAICA group annuity contract, the Plan sponsor may receive a lump sum payout with a market value adjustment or can receive payout based on the contract value. If the payout is based on the contract value EAICA may elect, at its option, to defer payments by either 12 months or 36 months, depending on certain market conditions. A 12-month put will apply if on the date EAICA receives notice of contract termination in good order the average of the three-year and five-year Treasury constant maturity rates is less than 300 bps above the lowest weekly average of the three-year and five-year constant maturity Treasuries over the previous 104 weeks from notice. A 36-month put will apply if on the date EAICA receives contract termination notification in good order the average three-year and five-year Treasury constant maturity rates is 300 bps or more above the lowest weekly average of the three-year and five-year constant maturity Treasuries over the previous 104 weeks from notice.

NOTE 6: TAX STATUS

The Plan sponsor has adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6: TAX STATUS (Continued)

Tax positions are recognized only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. Plan management has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken to require the recognition of a liability or disclosures on the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, which are the custodians of the plan and who are affiliates of the recordkeeper of the Plan and, therefore, these transactions qualify as party in interest transactions.

Empower Retirement Services provides administrative and recordkeeping services to the Plan. Fees paid by the Plan for these administrative services totaled approximately $26,000 during 2025.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9: PLAN TRANSFERS

The Plan Sponsor transitioned from the TriNet 401(k) Plan effective January 1, 2025 with the establishment of the Plan. Plan assets of $7,882,505 were spun off from the TriNet 401(k) Plan and transferred into the Plan on March 25, 2025.

Tidelift, Inc. was acquired by the Plan Sponsor and Tidelift 401(k) Plan was merged into the Plan resulting in $2,549,642 of assets being transferred into the Plan on August 20, 2025.

NOTE 10: SUBSEQUENT EVENT

In May of 2026 the Plan sponsor acquired Gitar, Inc. who sponsors the Gitar 401(k) Plan. The Gitar 401(k) Plan will be merged into the Plan effective as of November 6, 2026.
