Mi Familia Vota 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Mi Familia Vota's 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mi Familia Vota's 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mi Familia Vota 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mi Familia Vota 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)© Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mi Familia Vota 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mi Familia Vota 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditors' Report (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

(1) Description Of The Plan

The following brief description of Mi Familia Vota 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Mi Familia Vota (the "Plan Sponsor") who have attained age 21 and completed 1,000 hours of service during a 12-consecutive-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

SECURE 2.0 Act

The SECURE 2.0 Act ("SECURE 2.0") was enacted on December 29, 2022, and includes various provisions affecting qualified retirement plans. The Plan Sponsor has implemented applicable provisions in accordance with their respective effective dates. As of December 31, 2025, the Plan document had not been formally amended to incorporate the applicable provisions of SECURE 2.0. The Plan Sponsor expects to amend the Plan document within the applicable amendment period.

Enhanced Catch-Up Contributions

Effective January 1, 2025, SECURE 2.0 increased the catch-up contribution limit for participants who attain ages 60, 61, 62, or 63 during the calendar year. The increased catch-up contribution limit is the greater of $10,000, as adjusted for inflation after 2025, or 150% of the regular catch-up contribution limit in effect for 2024. Accordingly, the increased catch-up contribution limit for 2025 is $11,250. The Plan operated in accordance with this provision during 2025.

Long-Term, Part-Time Employees

Effective January 1, 2025, SECURE 2.0 generally requires 401(k) plans to permit employees who complete at least 500 hours of service in each of two consecutive 12-month periods to make elective deferrals to the Plan, subject to applicable statutory requirements. The Plan operated in accordance with this provision during 2025.

Roth Catch-Up Contributions

Effective January 1, 2026, SECURE 2.0 requires catch-up contributions made by certain higher-paid participants to be designated as Roth contributions. For 2026, this requirement generally applies to participants whose wages, as defined for FICA

purposes, from the employer sponsoring the Plan exceeded $150,000 during the preceding calendar year. The applicable wage threshold is subject to cost-of-living adjustments. This provision was not effective as of December 31, 2025 and, accordingly, did not impact Plan operations during 2025. The Plan Sponsor expects to implement this provision in accordance with its effective date.

Contributions

Participants may elect to reduce their compensation and have such amounts contributed to the Plan as elective deferrals. Participants may designate their elective deferrals as pre-tax contributions, Roth contributions, or a combination thereof, subject to the provisions of the Plan and applicable limitations under the Internal Revenue Code ("IRC").

Participants may elect to defer compensation up to the maximum amount permitted by the Plan and applicable law. The annual limit on participant elective deferrals was $23,500 and $23,000 for 2025 and 2024, respectively.

Plan participants who are age 50 or older by the end of the calendar year may make catch-up contributions, subject to applicable Plan and IRC limitations. The regular catch-up contribution limit was $7,500 for both 2025 and 2024. As discussed under SECURE 2.0 Act - Enhanced Catch-Up Contributions, certain participants who attained 60, 61, 62 or 63 during 2025 were eligible for an increased catch-up contribution limit of $11,250.

The Plan permits the Plan Sponsor to make discretionary nonelective contributions in accordance with the provisions of the Plan. During 2025 and 2024, the Plan Sponsor elected to contribute 5% of eligible participants' compensation. Nonelective contributions are allocated each payroll period based on eligible compensation.

The Plan also allows rollover contributions, within IRC parameters, of part or all of a "qualified total distribution" received by a participant from a qualified plan of a previous employer. Rollover contributions into the Plan are 100% vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's nonelective contributions and Plan earnings (losses), and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts among the investment options offered by the Plan.

Notes Receivable From Participants

The Plan provides that participants may borrow a minimum of $500 up to the lesser of $50,000, subject to certain limitations, or 50% of their vested account balance. Participants may have one loan outstanding at any time. Loans are secured by the participant's vested account balance and bear interest at a rate equal to 2% above the prime rate in effect at the time the loan is issued. Loans are generally repayable through payroll deductions over a period not to exceed five years; however, loans used to purchase a participant's principal residence may have a repayment term of up to 30 years. Principal and interest payments are credited to the participant's account.

Vesting

Participants are immediately vested in their elective deferrals, including Roth and catch-up contributions, and rollover contributions, plus earnings thereon.

Participants also become fully vested in the accounts upon attainment of normal retirement age while employed, death or permanent disability, as provided by the Plan.

Vesting in discretionary employer nonelective contributions is as follows:

Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	100%

Effective February 1, 2026, the Plan was amended in which the employer contributions will become immediately vested.

Forfeitures

Forfeitures may be used to reduce employer contributions and pay Plan expenses in accordance with the provisions of the Plan.

Payment Of Benefits

At termination or retirement, participants may elect to receive their vested account balance in a lump-sum payment, substantially equal installments, or partial withdrawals of at least $500. Vested account balances of $5,000 or less may be distributed without participant consent. Effective February 1, 2026, the Plan was amended in which the threshold changed to $7,000.

A participant may withdraw all or any part of his or her vested account resulting from rollover contributions at any time.

Death Benefits

If an active participant dies, the participant becomes fully vested in accordance with the provisions of the Plan. The participant's account balance is payable to the participant's designated beneficiary.

Hardship Withdrawal

In certain situations, as defined in the Plan agreement and with approval of the Plan administrator, participants may make hardship withdrawals.

Administrative Expenses

Certain investment management, recordkeeping, administrative, and other Plan expenses may be paid from Plan assets. Certain participant-specific expenses may be charged directly to the applicable participant's account. The Plan Sponsor may also pay certain expenses on behalf of the Plan. Expenses paid directly by the Plan Sponsor are not included in the accompanying financial statements.

(2) Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use Of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of

assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Contributions Receivable

Employee contributions receivable arise from employee contributions that are withheld from employees' salary, but have yet to be remitted to the Plan by the Plan Sponsor. Additionally, employer contributions receivable arise from discretionary nonelective contributions that are to be remitted to the Plan by the Plan Sponsor for wages that have been previously paid to employees. The Plan estimates expected credit losses on contributions receivable based on relevant information available regarding collectability. Receivables are written off when deemed uncollectible.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded as all are expected to be collected. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate

valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund.

Common/collective trust funds: Common/collective trust funds are valued at net asset value ("NAV") as reported by the trustee or investment manager. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds, less their liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while

the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment Of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 13, 2026, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments and relate to investments measured by quoted prices in an active market.

(4) **Financial Data Certified By The Investment Company Administered Trust Fund**

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2025 and 2024. Accordingly, as permitted under such election, ADP Retirement Trust Services, LLC ("ADPRTS) has certified all financial data relative to the investment assets, transactions, and income for the year ended December 31, 2025 and Reliance Trust Company ("Reliance") certified such financial data for the year ended December 31, 2024.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2025 and 2024.

- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2025. The Plan's independent auditors did

not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Forfeited Non-vested Amounts

During the years ended December 31, 2025 and 2024, there were no forfeited amounts used to reduce employer contributions and administrative expenses to the Plan. As of December 31, 2025 and 2024, the forfeited nonvested accounts amounted to $90,005 and $60,567, respectively.

(6) Plan Termination

Although the Plan Sponsor intends to continue the Plan and to make regular contributions, the Plan Sponsor reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Plan Sponsor also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

(7) Income Tax Status

The Plan is an adoption of a regional prototype plan, under Automatic Data Processing "ADP", (the third party administrator of the Plan), which has received a notification letter from the Key District Director having jurisdiction with the Plan. The Internal Revenue Service permits the Plan Sponsor to rely on the notification letter. Therefore, the Plan Sponsor will not submit the Plan to the Internal Revenue Service for an advance determination as to whether the Plan meets the qualification requirements of section 401 of the Internal Revenue Code of 1986 with respect to the Plan's initial qualification.

The prototype plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan follows *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent

likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended December 31, 2025 and 2024, the Plan evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or which may have an effect on its tax status.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for years ending prior to December 31, 2022. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(8) Party-In-Interest Transactions

Certain Plan investments are managed by the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services also qualify as party-in-interest transactions.

The Plan also issues loans to participants, which are secured by the participants' vested account balances. These transactions qualify as party-in-interest transactions.

All party-in-interest transactions noted above are considered exempt transactions under ERISA regulations.

(9) Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in the U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may

be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
