Independent Auditor's Report

Board of Trustees
North American Roofing Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North American Roofing Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting
We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on a modified cash basis of accounting, which is a basis of accounting other than U.S. GAAP. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, part IV, line 4a—schedule of delinquent participant contributions—modified cash basis for the year ended December 31, 2025 and Schedule H, line 4i—schedule of assets (held at end of year)—modified cash basis as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the North American Roofing Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on May 1, 2000, covering substantially all employees of North American Roofing Services, LLC (the Plan Sponsor or the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: All employees are eligible to contribute to the Plan upon reaching age 21. All participating employees are eligible for Company contributions upon reaching age 21 and achieving one year of service with 1,000 hours. Employees may enter the Plan immediately upon meeting the Plan's eligibility requirements.

Contributions: Participants may contribute any percentage of pretax annual compensation as defined by the Plan or designate all or a portion of elective deferrals as Roth elective deferrals, not to exceed $23,000 for calendar year 2025 ($30,500 for participants over the age of 50). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover contribution.

The Company contributes a matching safe harbor contribution equal to 100% of participant contributions up to 3% of participant's eligible compensation, plus 50% of the amount of participant contributions that exceed 3% but do not exceed 5% of participant's eligible compensation. Additionally, the Company may elect to provide a discretionary matching contribution and/or a profit sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Trustees. Any profit sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Company did not make any discretionary match or profit sharing contributions during the 2024 plan year.

Participant accounts: Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions and earnings or losses (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balances into various investment options offered by the Plan which are comprised of a self-directed option, target date fund options, a fully benefit responsive investment contract and other mutual funds.

Vesting: Participants are immediately vested in their contributions and the Company's matching safe harbor nonelective contributions, plus actual earnings or losses thereon. Vesting in the Company's discretionary matching or profit sharing contribution, if any, is subject to the following vesting provisions:

	Percentage
Years of service:	
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants: In accordance with plan provisions, participant loans are disallowed.

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability or retirement, a participant or beneficiary is eligible to receive a lump-sum amount equal to the value of the participant's or beneficiary's vested interest in his or her account. Mandatory participant distributions greater than $1,000 are rolled over directly into an individual retirement account. Mandatory participant distributions less than $1,000 are distributed directly to the participant account balances; greater than $7,000 are allowed to remain in the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures: Forfeitures from nonvested participant accounts may be used to reduce future Company contributions or to pay plan administrative expenses. Forfeitures included in net assets were $1,558 and $1,580 at December 31, 2025 and 2024, respectively. In 2025, $82 forfeitures were used to reduce Company contributions and $0 were used to reduce administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's accounts are maintained on a modified cash basis; therefore, the statements of net assets available for benefits and the statement of changes in net assets available for benefits reflect only cash received and disbursed. However, the Plan's investments have been adjusted to fair value as of December 31, 2025 and 2024. Receivables and payables and accrued contributions, investment income and expenses, which would be recognized under accounting principles generally accepted in the United States of America (U.S. GAAP) and which may be material in amount, are not recognized in the accompanying financial statements.

Use of estimates: The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts as contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees paid by the Plan include self-directed brokerage account fees, overdraft check fees and certain other trustee and service provider fees which are directly deducted from the participant's accounts.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee is complete and accurately related to the following assets and income. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets and income:

	December 31	
	2025	2024
Registered investment companies and self-directed brokerage account, at fair value	$ 4,537,246	$ 4,687,856
Common/collective trust, at contract value	978,100	393,968
Money market mutual fund, at fair value	252,032	233,689
Net appreciation in fair value of investments	631,961	-
Interest and dividend income	120,811	-

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

Investments valued at the net asset value (NAV) as practical expedient are not classified within the fair value hierarchy.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies, including money market mutual funds: Valued at the daily closing price, as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Plan investments held in the Fidelity BrokerageLink® may include mutual funds, common stock and Fidelity and External unit investments which are classified as Level 1 assets. Level 2 assets generally consist of interest-bearing and noninterest-bearing cash, limited partnerships and real estate investment trusts (REITs). The fair values of mutual funds and REITs are based on quoted prices in active markets. Cash is reported at carrying value which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,469,590	$ -	$ -	$ 4,469,590
Self-directed brokerage account	67,656	822	-	68,478
Money market mutual funds	251,210	-	-	251,210
Total assets in fair value hierarchy	$ 4,788,456	$ 822	$ -	$ 4,789,278

Note 4. Fair Value Measurements (Continued)

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,687,835	$ -	$ -	$ 4,687,835
Self-directed brokerage account	21	515	-	536
Money market mutual funds	233,174	-	-	233,174
Total assets in fair value hierarchy	$ 4,921,030	$ 515	$ -	$ 4,921,545

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availably of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain plan investments are managed and administrated by the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Expenses incurred by the Plan, including those of the trustee in the performance of its duties and fees for its services, are shared by the Plan and the Plan Sponsor. The administrative expenses paid by the Plan to the trustee were $41,967 for 2025. Certain employees of the Plan Sponsor provide administrative services to the Plan without reimbursement for their services from the Plan.

Note 6. Common/Collective Trust, at Contract Value

The Plan invests in the Putnam Stable Value Fund (the Fund), which is a common/collective trust sponsored by Putnam Advisory Company, LLC (Putnam) totaling $978,100 at December 31, 2025. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Previously, the Plan invested in the Galliard Stable Return Fund, which is a common/collective trust that is fully invested in the Galliard Stable Return Fund M (the Fund) and sponsored by Galliard Capital Management, LLC totaling $393,968 at December 31, 2024. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Common/Collective Trust, at Contract Value (Continued)

These contracts are deemed to be a fully benefit-responsive investment contracts and, therefore, are reported at contract value. Contract value is the relevant measurement for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate the permitted transaction under the terms of the Plan. Contract value reported to the Plan by Putnam, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

Note 8. Tax Status

By a letter dated June 30, 2020, the Internal Revenue Service stated that the volume submitter plan sponsored by Fidelity Management Trust Company qualifies under Section 401(a) of the IRC. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Non-exempt Transactions

During 2025, the Plan Sponsor inadvertently failed to deposit $1,392 of participant contribution deferrals within the timeframe as stated by DOL regulations. The Plan Sponsor intends to reimburse the Plan for lost interest in 2026.
