Independent Auditor's Report

To the Plan Administrator of
Earthtones Design, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Earthtones Design, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Plan Description

The following description of the Earthtones Design, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to their respective Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Earthtones Design, Inc. and the following participating employers: Canyon Creek Custom Homes, LLC, Chambers Grove, LLC, Earthtones Maintenance, LLC, Earthtones Greenery, Inc. and MJ Crocker Company, LLC (collectively, the "Company"). The plan commenced effective January 1, 2008, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The plan was most recently amended and restated effective March 1, 2022, to comply with the latest rules and regulations.

Plan Custodian and Trustee

The Plan's assets are held by ADP Retirement Trust Services, LLC ("ADP" and the "Custodian"). Among other duties, the Custodian receives contributions, holds and invests fund assets in accordance with the directions of participants, and makes disbursements as directed by the Company. An officer of the Company serves as the Plan's Trustee.

Eligibility and Plan Entrance Date

Certain employees are not eligible to participate in the Plan, including those under collective bargaining agreements, residents of Puerto Rico, and non-resident aliens who receive no U.S.-source income. All other employees of a participating employer become eligible to participate in the Plan upon reaching the age of 21 and completing 12 consecutive months of service. Employees may enter the Plan on the first day of the calendar month beginning the month coincident with or next following satisfaction of eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of annual eligible compensation, as defined by the Plan, limited to the maximum amount permitted under applicable Internal Revenue Service (IRS) provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"), subject to approval by the Company. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions are invested in a designated balances fund until changed by the participant.

The Plan provides for Employer nonelective discretionary contributions and Safe Harbor Employer matching contributions for eligible participants. Effective January 1, 2008, for each pay period, the Company made Safe Harbor matching contributions equal to 100% of participant contributions of the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, up to a maximum of 4%. There were no Employer nonelective discretionary contributions made during 2025 or 2024.

Note 1 – Plan Description (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, Safe Harbor Employer matching contributions, Employer nonelective discretionary contributions, as well as allocations Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions and Safe Harbor Employer matching contributions, plus actual earnings thereon. Employer nonelective discretionary contributions vest at a rate of 20% per year beginning after the second year of credited service, becoming fully vested after six years of credited service.

Benefit Payments
Upon termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested account balance. If the vested account balance is less than or equal to $5,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their account in the event of a financial hardship as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½. All partial distributions are subject to a minimal withdrawal amount of $500.

Forfeited Accounts
As of December 31, 2025 and 2024, there were no forfeited nonvested amounts. Accordingly, no forfeited nonvested amounts were available or utilized to reduce employer contributions or pay administrative expenses during the year ended December 31, 2025.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the Prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly. A participant may only have two open loan at any time.

Note 2 – Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. Accounting policies conform to generally accepted accounting principles in the United States of America ("GAAP") and have been consistently applied in the preparation of the financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with GAAP.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. Delinquent participant loans are recorded as benefit payments on the basis of the terms of the Plan Agreement.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administration Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Tax Status

The Plan operates under a non-standardized pre-approved plan document sponsored by ADP, LLC. The pre-approved plan sponsor received an opinion letter from the IRS, dated October 6, 2020, which states the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Information Prepared and Certified by the Plan's Custodian

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Sponsor has elected the method of annual reporting compliance. Accordingly, ADP has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

December 31,	2025	2024
Investments at fair value	$ 1,801,219	$ 1,244,524
Notes receivable from participants	$ 44,145	$ 35,145

Year ended December 31,	2025
Net appreciation in fair value of assets	$ 213,893
Interest and dividends	$ 51,272
Interest income on notes receivable from participants	$ 3,315

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with related information included in the financial statements and supplemental information.

Note 5 – Related Party and Party-in-Interest Transactions

The Plan has notes receivable from participants at December 31, 2025. These receivables are all related transactions qualify as party-in-interest transactions and are exempt from behind prohibited by ERISA. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to services providers.

Note 6 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 **–** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 **–** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 6 – Fair Value Measurements (continued)

Level 3 **–** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Common Collective Trust Funds – Valued using the NAV provided by the fund administrator. NAV is used as a practical expedient to estimate fair value. Although the NAV's unit prices are quoted on a private market that is not active, the unit prices are based on underlying investments that are traded on an active market (market approach). There are also no restrictions on the NAV price or its equivalent. Participant transactions may occur daily, there are no unfunded commitments, and redemption frequency is immediate. There are no significant restrictions on participant redemptions; however, if the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025:			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,794,763	$ -	$ -	$ 1,794,763
Total investments in fair value hierarchy	$ 1,794,763	$ -	$ -	$ 1,794,763
Investments at NAV (a)				6,456
Total investments at fair value				$ 1,801,219

	Assets at Fair Value as of December 31, 2024:			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,239,057	$ -	$ -	$ 1,239,057
Total investments in fair value hierarchy	$ 1,239,057	$ -	$ -	$ 1,239,057
Investments at NAV (a)				5,467
Total investments at fair value				$ 1,244,524

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all remaining assets in the affected participants' accounts shall be distributed to the participants and beneficiates of the Plan in the order provided for by ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Subsequent Events

The Plan has evaluated all events and transactions that occurred through October 13, 2026, the date these financial statements were available to be issued.
