Independent Auditor's Report

The Retirement Plan Committee of
Bal Seal Engineering, LLC Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Bal Seal Engineering, LLC Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2025 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. As permitted by ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 1, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Bal Seal Engineering, LLC Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for eligible employees of Bal Seal Engineering, LLC (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

An employee becomes eligible to participate in the Plan upon attaining age 18 and completing one month of service.

Certain employees are excluded from participation in accordance with the Plan's provisions, including employees covered by a collective bargaining agreement, nonresident aliens with no U.S.-source earned income, residents of Puerto Rico, leased employees, reclassified employees, and employees of a related employer that has not adopted the Plan.

Entry Date

An eligible employee may enter the Plan on the first day of each month for elective deferrals and nonelective contributions and on the sixth day of each month for matching contributions, coincident with or next following satisfaction of the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pre-tax and/or after-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution equal to 100% of the participant's elective deferrals up to 3% of base compensation, plus 50% of the participant's elective deferrals on the next 2% of base compensation.

Effective for taxable years beginning on or after January 1, 2025, participants who attain ages 60 through 63 by the end of the taxable year are eligible for increased catch-up contribution limits as provided by SECURE 2.0. In addition, beginning January 1, 2026, participants whose prior-year FICA wages exceed the applicable threshold are generally required to make catch-up contributions on a Roth basis.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

Additional discretionary employer matching contributions and discretionary profit-sharing contributions may be made at the option of the Company's Board of Directors. During the year ended December 31, 2025, the Company did not make any discretionary employer matching or discretionary profit-sharing contributions to the Plan. The Company's contributions are invested as directed by the participants.

All contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor and discretionary matching contributions (Company's matching contributions), as well as allocations of the Company's discretionary profit-sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into any of the funds offered by the Plan. These funds include a variety of investment options with various objectives and degrees of financial risk. Participants may change their investment elections daily.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit-sharing contributions is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants are also fully vested upon reaching normal retirement age, death, disability, or Plan termination.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. General purpose loans have repayment terms ranging from one to five years. The loan interest rate, determined periodically, is set at the prime rate, as defined. Notes outstanding at December 31, 2025 and 2024 bear interest at rates ranging from 3.25% to 8.50%. Participants may have two loans outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum, installments, or an annuity amount equal to the value of the vested interest in the participant's account.

Forfeitures

Amounts forfeited from terminating participants' nonvested accounts, representing the nonvested portion of the Company's contributions and earnings, may be used to reduce employer contributions or to pay administrative expenses. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $3,045 and $8,100, respectively. During the year ended December 31, 2025, forfeited nonvested accounts totaling $4,711 were used to reduce employer contributions.

The Plan did not fully utilize the forfeiture balance carried forward from the prior year. According to the Plan Administrator, the remaining forfeiture balance was not used while the Plan was evaluating and implementing a process for the application of forfeitures. The Plan Administrator intends to use future forfeitures to reduce employer contributions to the Plan and pay eligible fiduciary and administrative expenses in accordance with the terms of the Plan once the process is implemented.

The changes in the Plan's forfeiture account balance for the years ended December 31, 2025 and 2024 are as follows:

	2025	2024
Balance, January 1	**$ 8,100**	$ 7,808
Forfeitures during the year	**144**	-
Earnings	**271**	317
Forfeitures used during the year to reduce employer contributions	**(4,711)**	-
Forfeitures used during the year to pay administration fee	**(759)**	(25)
Balance, December 31	**$ 3,045**	$ 8,100

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Contributions and Contributions Receivable

Contributions from plan participants and the Company's matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary profit-sharing contribution is recorded in the year in which a participant's compensation is earned.

Rollover contributions from participants are recorded based on the date the rollover contributions have been allocated to participant accounts.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Outstanding participant loans are maintained as notes receivable until a distributable event occurs, at which time any delinquent or defaulted loan balances are reclassified to distributions in accordance with Plan provisions.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation (depreciation) in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

NOTE 3 FAIR VALUE MEASUREMENT

Fair value is measured in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value (NAV) as a practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate account: Valued at the unit value reported by the insurance company, which is based on the fair value of the underlying investments held in the account. The unit value is not quoted in an active market, but is derived from observable market prices of the underlying investments. The pooled separate account does not have a finite life, unfunded commitments, or significant restrictions on redemptions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value measurement at December 31:

	2025			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**

Investments at fair value	$ 30,981,732	$ 50,876	$ -	$ 33,845,436

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers between levels of investment during the years ended December 31, 2025 and 2024.

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Collective investment trusts	**$ 3,664,288**	**N/A**	**Daily**	**N/A**

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trusts	$ 2,812,828	N/A	Daily	N/A

NOTE 4 GROUP ANNUITY CONTRACT

At December 31, 2025 and 2024, the Plan held assets in the MassMutual Capital Preservation Account (Capital Preservation Account) investment option, a fully benefit-responsive guaranteed investment account managed by Empower Annuity Insurance Company of America (EAICA), totaling $5,506,897 and $5,454,218, respectively. The Capital Preservation Account investment option is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the Capital Preservation Account group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the Capital Preservation Account investment option at contract value. Contract value represents contributions plus credited interest, less participant withdrawals and fees.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 FINANCIAL INFORMATION CERTIFIED BY CUSTODIANS

The Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, was obtained by management and agreed to or derived from information certified by Empower Trust Company, LLC (ETC) and EAICA (collectively, Empower), the custodians of the Plan as of and for the years ended December 31, 2025 and 2024. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by each of them related to the assets is complete and accurate as required by 29 CFR 2520.103-5. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have the Plan's audit performed in accordance with ERISA Section 103(a)(3)(C), and the audit did not extend to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Investment and participant loan activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024;
- Investment information disclosed in Notes 3 and 4 to the Plan's financial statements; and
- Investments and notes receivable from participants, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are held and managed by Empower. Empower is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to Empower of $69,409, which was not covered by revenue sharing. During 2025, administrative expenses on the Statement of Changes in Net Assets Available for Benefits were reduced by $67,552 from expense adjustment income. The Plan also made a direct payment of $67,552 to another party-in-interest for investment advisory services. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document for which the document provider received an IRS opinion letter dated November 14, 2022. The Plan has not received a determination letter specific to the Plan. The Plan Administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of liability (asset) or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025, the following investments individually represented 10% or more of the Plan's net assets available for benefits:

Description of Investment		Amount
Vanguard Target Retirement 2030 Inv	$	7,147,567
MassMutual Capital Preservation Account		5,506,897
Vanguard 500 Index Admiral		4,442,607

This is considered a concentration of investments and exposes the Plan to market and credit risks associated with the performance of these funds. Because the Plan's participants direct the investment of their account balances into various investment options offered by the Plan, the Plan's exposure to concentration risk may fluctuate from year to year based on participant elections and market conditions.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits as reported on the financial statements	**$ 43,781,029**	$ **40,652,487**
Less:		
Deemed distributions of participant loans	**(70,907)**	-
Net assets available for benefits as reported on Form 5500	**$ 43,710,122**	$ 40,652,487

The following is a reconciliation of the changes in net assets available for benefits for the years ended December 31, 2025 and 2024 as reported in the accompanying financial statements with that reported on Form 5500:

	2025	2024
Net increase in net assets available for benefits as reported on the financial statements	**$ 3,128,542**	$ 3,776,003
Add:		
Interest on deemed distributions of participant loans	**571**	-
Less:		
Deemed distributions of participant loans	**(71,478)**	-
Net increase in net assets available for benefits as reported on Form 5500	**$ 3,057,635**	$ 3,776,003

NOTE 11 NEW LAWS AND REGULATIONS

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (SECURE 2.0) became law. The law includes provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE 2.0 changed the retirement plan rules for long-term, part-time employees.

For plan years beginning on or after January 1, 2025, employees who complete at least 500 hours of service in two consecutive 12-month period must generally be permitted to make elective deferrals under the Plan.

NOTE 11 NEW LAWS AND REGULATIONS (CONTINUED)

In February 2023, the IRS issued proposed regulations addressing the use and timing of forfeitures in qualified retirement plans, on which plan sponsors may rely. The proposed regulations generally require forfeitures to be used no later than 12 months after the end of the plan year in which they are incurred. However, the transition rule also provides that any forfeitures that were incurred in any plan year beginning before 2024 are treated as having been incurred in the first plan year that begins on or after January 1, 2024, and, thus, must be used no later than December 31, 2025, for a calendar year plan (see Note 1). Forfeitures incurred during 2025 are required to be used by December 31, 2026.

Beginning January 1, 2026, participants whose prior-year FICA wages from the Plan Sponsor exceed the applicable threshold ($150,000 for 2026, based on the 2025 wages, as indexed for inflation) are generally required to make catch-up contributions on a Roth basis. Final IRS regulations issued in September 2025 generally apply beginning in 2027; for 2026, plans must apply a reasonable, good faith interpretation of the statute. The Plan implemented the Roth catch-up requirement effective January 1, 2026.

The Plan will continue to evaluate the impact of SECURE 2.0 and other regulatory developments. Management intends to implement applicable legislative and regulatory changes and execute any required plan amendments within the prescribed deadlines.

NOTE 12 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to October 14, 2026, the date the accompanying financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that required recognition or additional disclosure in the financial statements.
