Independent Auditors' Report

The Plan Sponsor
Atlas Mobility 401(k) Plan (previously Atlas Lift Tech, Inc. 401(k) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Atlas Mobility 401(k) Plan (previously Atlas Lift Tech, Inc. 401(k) Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Plan Administrator approved the termination of the Atlas Mobility 401(k) Plan to be effective in November 2026. In connection with the termination, the net assets of the Plan will be distributed to participants and beneficiaries in accordance with the terms of the Plan document and applicable provisions of the Internal Revenue Code and ERISA. There is no material difference between financial statement value and liquidation value at year end. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Atlas Mobility 401(k) Plan (previously Atlas Lift Tech, Inc. 401(k) Plan) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Mobility 401(k) Plan's (previously Atlas Lift Tech, Inc. 401(k) Plan) ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlas Mobility 401(k) Plan's (previously Atlas Lift Tech, Inc. 401(k) Plan) internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Mobility 401(k) Plan's (previously Atlas Lift Tech, Inc. 401(k) Plan) ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

ATLAS MOBILITY 401(K) PLAN (PREVIOUSLY ATLAS LIFT TECH, INC. 401(K) PLAN)
Notes to Financial Statements
December 31, 2025 and 2024 (compiled)

1. Summary of significant accounting policies

The following is a summary of the significant accounting policies followed by Atlas Mobility 401(k) Plan (previously Atlas Lift Tech, Inc. 401(k) Plan) (the Plan) which is sponsored by Atlas Lift Tech, Inc. dba Atlas Mobility (previously Atlas Lift Tech, Inc.) (the Company). Effective October 1, 2025, the Plan was amended to change the name of the Plan to Atlas Mobility 401(k) Plan and the Plan Sponsor's name to Atlas Lift Tech, Inc. dba Atlas Mobility. The policies conform with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

a. Investments

Mutual funds are stated at fair value based on the quoted prices in an active market. Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on an accrual basis. Most investment options have management fees that reduce the overall return on assets. Net appreciation (depreciation) is inclusive of those fees.

b. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

c. Payment of benefits

Benefits are recorded when paid.

d. Investment and administrative expenses

Investment expenses and certain administrative expenses are paid directly by the Plan. The Company also paid certain administrative expenses. However, the Company retains the right to discontinue paying expenses, in which case the expenses will be paid by the Plan.

e. Income taxes

The Plan is utilizing a non-standardized pre-approved document sponsored by ADP, LLC. The document sponsor received a favorable determination letter dated October 6, 2020 from the Internal Revenue Service, which states that the Plan qualifies under the applicable provisions of the Internal Revenue Code.

1. Summary of significant accounting policies, continued

e. Income taxes, continued

The Plan has been amended since adopting the pre-approved document, however the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. As such, the Company is not required to obtain a tax determination letter specific to this Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements. However, the Plan is subject to examination; generally for a period of three years from filing its Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

f. Concentrations of risk

The Plan provides for various investment fund options, which in turn invest in any combination of mutual funds and other investments. Investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the changes in net assets available for benefits.

2. Description of plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions

a. General

The Plan, established January 1, 2019, is a defined contribution 401(k) plan covering employees with at least three months of service to the Company and who are age twenty-one or older. Employees may become participants following completion of the eligibility requirements. Effective July 1, 2024 the Plan was amended to change eligibility to 1 month of service with no age requirement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each participant may make salary deferral contributions up to 90% of compensation, not to exceed the maximum annual deferral limit set by the Internal Revenue Code. Catch-up contributions are permitted for participants age 50 and older. The Plan also allows participants to make rollover contributions. Effective July 1, 2024, the Plan was amended for employees to automatically enroll in the plan at a deferral rate equal to 3% of their compensation following completion of the eligibility requirements, unless they elect not to participate.

2. Description of plan, continued

b. Contributions, continued

Effective July 1, 2024, the Plan was amended to permit matching contributions. Participants are matched at 1% of a participant's compensation, not to exceed $1,000 during the Plan year and is calculated on each payroll. For the plan year ended December 31, 2025, the Company contributed $68,032 in matching contributions.

c. Vesting

Each participant is immediately vested in his/her salary deferral, catch-up, and rollover contributions, and any earnings or losses on those contributions. The remainder of a participant's account balance is vested based on years of service. Participants vest at 50% after one year of service, and 100% after 2 years of service. Effective July 1, 2024, the Plan was amended to change the vesting schedule to a two year graded schedule. Participants initially vest at 33%, 66% after 1 year of service, and are fully vested after 2 years of service.

Forfeitures may be used to pay plan expenses or reduce the employer's contributions. The forfeiture account balance was $42 at December 31, 2025. Forfeitures of $1,369 were used to pay Plan expenses in 2025. Forfeitures of $5,699 were used to reduce employer contributions in 2025.

d. Participant accounts

Each participant's account is credited with the participant's salary deferral, catch-up, and rollover contributions, Company matching contributions, and Plan earnings/losses. Plan earnings losses are allocated based on account balances, as defined in the Plan document.

Each participant directs the investment of his/her account into various investment options offered by the Plan through ADP Retirement Trust Services, LLC.

e. Payment of benefits

Each participant is entitled to Plan benefits equal to 100% of his/her vested account balance. Benefits begin upon the earliest of retirement age, termination of employment, total and permanent disability or death of the participant. Benefits may be paid in a lump-sum, substantially equal installments and partial withdrawals. Benefits are paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. The Plan permits hardship and in-service distributions under certain circumstances.

f. Loans

The Plan permits participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% which range from 4.50% to 9.50%. Principal and interest are paid ratably through payroll deductions.

2. Description of plan, continued

g. Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become fully vested in his/her account. See Note 8.

3. Information certified by the custodian (unaudited)

For the year ended December 31, 2025 the Plan's assets were held by ADP Retirement Trust Services, LLC (the Custodian). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Certified by Custodian

		2025
Mutual funds	$	1,373,971
Stable value fund		1,766
Notes receivable from participants		45,482
	$	1,421,219
Net appreciation in fair value of investments	$	158,001
Dividends and interest		39,656
Participant loan interest		1,740
	$	199,397

4. Fully benefit-responsive contract

The Plan entered into a benefit-responsive investment contract with MetLife Reliance Stable Value Fund (MetLife). MetLife maintains the contributions in a general account. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and applicable expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events that are not in the ordinary course of fund operations may limit the ability of the Plan to transact at contract value with the issuer. The plan is being terminated as discussed in Note 8. This may impact the Plan's ability to transact at contract value with participants.

5. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: valued at the net asset value (NAV) based on quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair value measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024 (compiled):

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 1,373,971	-	-	$ 1,373,971

	Assets at Fair Value as of December 31, 2024 (compiled)			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 944,375	-	-	$ 944,375

6. Party-in-Interest transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan Sponsor, Plan Administrator, Custodian of the Plan assets, record keeper, investment advisor and other service providers are considered parties-in-interest with respect to the Plan. Certain Plan investments are shares of mutual funds managed by the Custodian. The Plan issues loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest and related party transactions for which a statutory exemption exists.

7. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits in the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024 (compiled), respectively:

7. Reconciliation to Form 5500, continued

The following is a reconciliation of changes in net assets available for benefits in the financial statements to the Form 5500 for the year ended December 31, 2025:

Employee contributions receivable, current year		409
Employer contribution receivable, prior year		3
Changes in net assets available for benefits on Form 5500	$	458,136

8. Subsequent Events

Management reviewed the financial statements for subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Subsequent to the Plan year end, the Plan incurred a partial plan termination. The Plan Sponsor is working with ADP to ensure all impacted participants' distributions were processed as fully vested.

Additionally, the Plan sponsor has made the decision to terminate the Plan to be effective in November 2026. There is no material difference between financial statement value and liquidation value at year end. The Plan Sponsor is working with their TPA to fully vest all employer accounts.
