We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Medical Group, PLLC Retirement Savings Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Northern Medical Group, PLLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Medical Group, PLLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Plan Description

The following description of Northern Medical Group, PLLC ("the Company") Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

During 2023, a separation agreement was executed between the Company and one of its divisions. As a result of the separation, in 2024 certain Plan participants opted to enter employment with the new company and terminate employment with Northern Medical Group, PLLC. During January 2024, a Plan transfer was executed whereby account balances in the amount of $3,596,321 were transferred to the Community Primary Care 401(k) Plan relating to those employees that began employment with the new company.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed at least 1,000 hours of service in twelve consecutive months and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective July 1, 2022, the Plan was amended to remove the 1,000 hour service requirement for eligibility for employee contributions. The 1,000 hour service requirement remains to meet eligibility for safe harbor and profit-sharing contributions.

Contributions

Subject to annual limitations established by the Internal Revenue Code ("IRC") each year, participants may contribute a minimum of 1% up to 90% of eligible compensation, as defined by the Plan. Participants who have attained age 50 by December 31, are eligible to make catch-up contributions. Beginning in 2025, participants ages 60 through 63 are eligible to make increased catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from qualified defined benefit or defined contribution plans (rollover).

The Company makes safe harbor contributions of 3% of eligible compensation, as defined by the Plan for eligible employees, regardless of whether they make elective deferrals.

The Company may make additional profit-sharing contributions at its discretion. The Company did not make any profit-sharing contributions during the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Plan Description (continued)

Vesting
Participants are immediately vested in their contributions and the Company's safe harbor contribution plus actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their account is based on continuous years of service. A participant becomes 20% vested after two years of service and vests 20% each year thereafter. A participant is 100% vested after six years of service.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate similar to that charged by commercial banks for similar loans. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in their account or payable in installments as defined in the Plan. In-service and hardship withdrawals are also permitted by the Plan. The Plan allows for mandatory distributions for terminated participants whose balance did not exceed certain limits as prescribed by the Plan document and IRC.

Forfeited Accounts
Forfeited non-vested account balances may be applied to reduce future employer contributions or to pay administrative expenses. For the years ended December 31, 2025 and 2024, unallocated forfeited non-vested amounts totaled $624 and $18,962, respectively. For the year ended December 31, 2025, forfeited balances of $16,451 were applied toward employer contributions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions, reducing the participant notes receivable balance, based upon the provisions of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of the IRC limits are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan allows certain administrative expenses to be paid from Plan assets, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Certain fees related to administration of participant accounts are charged directly to the respective accounts and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 Information Certified by the Plan's Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Except as noted below, information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan, ADP Retirement Trust Services, LLC.

Note 3 Information Certified by the Plan's Trustee (continued)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan, Reliance Trust Company.

The Plan's investments at fair value include a self-directed brokerage account with a balance of $422,978 and $359,759 at December 31, 2025 and 2024, respectively, and net appreciation in fair value of investments of $63,219 for the year ended December 31, 2025. This investment and its related investment income were not certified for the year ended December 31, 2025.

Note 4 Fair Value Measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4 Fair Value Measurement (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Self-directed brokerage account: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value fund that is comprised primarily of fully benefit-responsive contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to approximate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 19,110,870**	**$ -**	**$ -**	**$ 19,110,870**
Self-directed brokerage	**422,978**	**-**	**-**	**422,978**
Total assets in the fair value hierarchy	**$ 19,533,848**	**$ -**	**$ -**	**19,533,848**
Investments measured at net asset value (a):				
Stable value collective trust				**468,843**
Investments at fair value				**$ 20,002,691**

Note 4 Fair Value Measurement (continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,076,416	$ -	$ -	$ 17,076,416
Self-directed brokerage	359,759	-	-	359,759
Total assets in the fair value hierarchy	$ 17,436,175	$ -	$ -	17,436,175
Investments measured at net asset value (a):				
Stable value collective trust				452,372
Investments at fair value				$ 17,888,547

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's investments in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Calculate Net Asset Value
The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024.

	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Frequency (if currently eligible)	Redemption Notice Period
Stable Value Collective Trust					
Metlife Reliance Stable Value Fund 25053	**$ 468,843**	$ 452,372	N/A	Daily	30 days

Note 5 Party-In-Interest Transactions

A party-in-interest is defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, fees related to the administration of participant accounts and certain other administrative expenses are paid from Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest transactions.

The Plan's investments include a common collective trust managed by ADP Retirement Trust Services, LLC. ADP Retirement Trust Services, LLC. is the Trustee and ADP Retirement Services is the recordkeeper, as defined by the Plan, and are therefore parties-in-interest. Charles Schwab serves as custodian for the Plan's self-directed brokerage account and is therefore considered to be a party-in-interest.

Note 5 Party-In-Interest Transactions (continued)

For the year ended December 31, 2024, Reliance Trust Company was the Trustee and was therefore a party-in-interest.

The Plan makes loans to participants and therefore, these transactions qualify as a party-in-interest.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 7 Tax Status

The Plan is an adoption of the ADP, LLC Pre-Approved Profit Sharing/Money Purchase/CODA (Cash or Deferred Arrangement) Plan for which the IRS has determined and informed ADP, LLC by an opinion letter dated October 6, 2020 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.
